2008 Albums of the Year TOP 10

1. Miss Leslie – Between the Whiskey & the Wine \$30 In the end a very easy choice. I would also rate this and Bobbie Cryner's self titled albums as the two best female albums we have ever had. This cd is great for 3 reasons: Songs/production/style. Miss Leslie wrote all the songs and a finer bunch of honky tonk songs you would not find anywhere. Originality is something so sadly lacking in today's music. The production by Ricky Davis, Leslie's husband is so wonderfully balanced and even though he has played on Dale Watson albums his performances reach a new height on this album. But Leslie has done what no woman has ever done and that is make an entire album in the style of George Jones. Whether up tempo or ballad she (seemingly) unwittingly captures the nuances of the great one. It is *that* good.

2. Joey & Rory – Life of a Song \$30 The more you play it the better it gets. It is an unplugged album but "unplugged" has never rocked more than on "Cheater Cheater" the fabulous track (among many) from this debut album. They harmonise with Don & Phil precision and write songs which always sound new & fresh. Nothing hackneyed. The Rory (the bloke) co-write with Catherine Britt "Sweet Emmylou" proves that whoever is picking Britt's songs for her should be sacked. An absolute must have. An absolute must have. It needed to be said twice!!

3. Scotty Campbell – “Smokin’ & Drinkin” \$30 Scotty is a Canadian but is firmly rooted in the Texas way of things and if (after hearing this gem) I told you he was Dale Watson’s first cousin you would make a strong mental association and not be surprised at all. I don’t think he is related BTW but hell he could be!! There is a great shuffle rhythm from bassist Peter Sisk and drummer Jack Diamond even on the ballads. Campbell has not written as much as on his previous albums but his contributions are the best. The title track and “Stumblin’ Round the Room” are as good examples of honky tonk music as you would ever hear. He is also credited with “Jeannie in a Bottle” and before someone says nay! (as I did), let me say that it is not the song recorded by the great Darrell McCall but a new killer boozy ballad. So good you wish he had done more originals. A great lyric and I think I even prefer it to the other “Jeannie in a Bottle”. 13 songs!

4. Claude Diamond – “On the Loose’ \$30 The third album from the man who but for the grace of God and (a self proclaimed) weakness for the perceived better things in life could have been revered like John Prine. In these quarters he is so revered. His songs are of the highest quality and his own interpretations are of the highest level. Many have the theme of bad luck running through them. For example on the hilarious “No Pink Cadillac” in which the singer seeks shelter in a pink Cadillac to avoid the wrath of a “dangerous man” who wanted him dead for fooling around with his wife. Just so happens the Cadillac was stolen. Talk about bad luck!! “Easier Than Mine” is about generational change. “Sweet Memory” is another example on the man down on his luck and has some great lines with delicious irony attached to them. “Sweaty Limbs & Tangled Sheets” needs no explanation but as far as cheatin’ songs go it is a classic. “He Knows About Me” is again full of wonderful self deprecating lines, and develops into Claude’s version of a gospel song. A wonderful songwriter with an equally great delivery. He is the musical equivalent of Robert Redford’s “The Natural”!!

5. Amber Digby – “Passion, Pride & What Might Have Been” \$30 The great Amber down at number five!! The competition is stiff. If you notice the above 4 are all writers and Amber has yet to develop in that area. That is not a criticism as nobody sings them like she does and the covers she does are simply without equal in the history of country music. A must have item.

6. Charlie Craig – “The Hitmaker” \$28 Responsible for Alan Jackson’s “Wanted” and Keith Whitley’s “I Wonder Do You Think of Me” and has a voice that is right up there with both artists. Apart from his own versions of these 2 gems every other song is of the highest ilk and demands covers.

7. Patty Loveless “Sleepless Nights” \$32 Covers, but with the great Patty in charge you know you are getting the best. As always pure

country and with featured duets with Vince Gill on the title track and Australian Jedd Hughes on "That's All it Took" you know it is quality all the way. But her vocal on the Porter/Dolly classic "The Pain of Loving You" is simply breath taking.

8. Jamey Johnson "That Lonesome Song" \$30 Second great album from the man with the wonderful deep voice. By the way we would like to tell you why he was dropped from his first major label but we need to think about the kiddies. "Somewhere Between Haggard & Jones" is a superbly clever song as are they all.

9 Hank Williams III "Damn Right Rebel Proud" \$32 His 4th country album is chock full of gems....from the laugh out loud "The Grand Ol Opry Ain't So Grand Anymore" to the scary (at first listen anyway) "Candidate for Suicide" this is a must. It comes in a clean version as well as the standard "explicit" version.
***We have one only Hank III "Damn Right" t-shirt XL for \$35. Don't worry t is new and still sealed.

10. Leona Williams- "New Patches" \$30 She continues to put out great album after great album and with the wonderful Justin Trevino at the helm and her own fabulous songs you know it is going to continue that trend.

Best Special Project

A tie between:

Always Lift Him Up: A Tribute to the Music of Blind Alfred Reed" \$30 West Virginia Hall of Fame legend who has a bunch of songs reflecting the morals and values of the Depression era. He only recorded 20 songs and this album covers 19 with great contributions from Tim & Mollie O'Brien, Kathy Mattea, Connie Smith, Charlie McCoy (a rare but great vocal), Ray Benson, Little Jimmy Dickens plus some fine West Virginia singers though actress Ann Magnuson is probably best on "Why Do You Bob Your Hair, Girls" which show Blind Alfred's values may be a tad on the prudish side.

Songs of the Year \$30 Only sold at the Crackerbarrel chain of stores and I can only say the proof of the greatness is in the listening. Why would you want to hear anyone apart from Vern Gosdin doing "Chiseled in Stone"? Well, Randy Travis changes all that. George Jones teaming with Dierks Bentley delivers a great version of "Murder on Music Row" and Trace Adkins knockout vocal on "Sunday Morning Coming Down" reminds us what a killer vocalist he is. Even the ultimate lightweights rise above their station. Jo Dee Messina is superb on Vince Gill's "When I Call Your Name" and talented new artists (eg Blake Shelton's "The Gambler") show all may not be as diabolical as we sometimes paint. But then again there are still the Taylor Swift's of the world (not on this thankfully) would prove otherwise.

Best Reissue

Hank Williams "The Unreleased Recordings" Time Life 3cdbox \$90

First of 3 sets. All are licensed from the estate of Hank Williams which specifically means Jett & Hank jnr Williams. These are the Mother's Best Flour shows which were recorded to 16" acetates and they actually sound better than the original MGM recordings. Further more there are tracks he never commercially recorded such as "Cool Water" and "Cherokee Boogie" plus excellent versions of his classics. This is the first of 3 boxes. Don't miss it.

NEW ARRIVALS

Bob Wills & the Texas Playboys "The Tiffany Transcriptions"

The Tiffany Transcriptions are simply the best Bob Wills recordings. Better than the Bear Family Columbia boxes, better than anything. There is an infectious joy about them that creates the best performances. There were also a different breed of musicians, some of who had come from a jazz background where improvisation was the order of the day and that worked well with Wills. Tommy Duncan on lead vocals was in a class of his own though Wills own vocals were a joy to hear especially on the call and response of "Four or Five Times". I have this idiotic idea that Bob sounds like Percy Kilbride (aka Pa Kettle) when he sings. I reckon it adds to the appreciation!! The main rhythm section was Bob's brother Billy Jack on bass and Johnny Cuvillo on drums. New musicians in this post war line up included Tiny Moore on electric mandolin (to save money he would only use one lot of strings and not two as is the case with mandolins) and sounded like a jazz guitarist. Lester "Junior" Barnard played in a down home bluesy style that obviously pleased Wills judging by his intros. Listen to his calls on the fantastic "Barnard Blues". Bob half improvises a vocal. My, he is having a great time. Herb Remington & Noel Boggs were extremely formidable steel guitar players. Whereas in the pre war period Wills had a number of horn men the chores were left mainly to Alex Brashear on muted trumpet. Alex's notes dart in and out like an Ali jab. Joe Holley is the main featured fiddler. Wills himself may have been "the best damn fiddle player" according to Hag but his involvement is more as band leader. Previously these were issued on Rhino as individual releases but have been expanded and remastered and assembled in this box set. All the covers of the Rhino cds have been nicely released in miniaturised versions. These were recorded in the 1946-47 period but the sound is sensational. It seems the 16" transcription discs must have been the ideal non-tape method of storing sounds, something echoed in the recent Hank Williams Mothers Best Unissued Recordings. The songs on this are a mix of Wills, standards of the day, big band, other swing band covers and more. I would call this a must have & have followed my own lead. One thing, do not say I like Bob Wills and the Texas Playboys except for the way Bob Wills interjects all the time. Not being generally of homicidal tendencies I believe I may change if someone presents me with that statement. Bob's interjections are such a wonderful integral part of the group it is like saying I like

Laurel & Hardy except for Laurel. It is just a no brainer situation. If you don't like Bob's interjections simply put you just don't like Bob Wills and the Texas playboys. I can remember an idiot reviewer in Country Music People actually making that idiotic statement. But then again that is not a real surprise for that magazine. \$210 10 cds in a box. 150 tracks none less than grand.

T G Sheppard "Partners in Rhyme" \$35 2cds + full length dvd This is a fine line up. Great track with Jerry Lee Lewis "The Killer" plus George Jones, Willie Nelson, Merle Haggard, Lorrie Morgan, who took time out between weddings, a great "15 Rounds With Jose Cuervo" featuring Delbert McClinton, a great track with Janie Fricke called "Lonely on Lake Shasta" and even a studio duet with the late Conway Twitty. Mickey Gilley joins TG on the great "Wine to Remember Whiskey to Forget" (though the Cosmic Cowboy will no doubt exercise his right to dispute that title). 19 duets plus a lot of extras.

Dead! The Grim Reaper's Greatest Hits Ace UK \$32

Still Dead! The Grim Reaper's Jukebox Ace UK \$32

Two great volumes that feature a cross section of songs dealing with death, in such a way that they would be ideal companions to Bear Family's great "S*** Happens" cd. The same use of irony, coincidence and just sheer bad luck make both of these must haves. They are not all country tracks but there are enough country tracks to make it worthwhile even if you don't play any of the other songs on the cd BUT that would not be the case as they are well put together. On volume one we finally get a master recording of arguably the greatest of them all, Ferlin Husky's "Drunken Driver" (I still think of the great Stan Freberg's classic line on the parody of "Dear John" in which he implores "make it more country"... "a little more husky in the ferlin".) There is (also for the first time from a master) Jack Kittel's version of the Leon Payne classic "Psycho". Leon never officially recorded it but even so it is hard to imagine a better version than that of Jack. There are classic lines everywhere: "With this razor in my hand I remove my watch band". There is the classic crying wolf tale of "Mother, Mother I Feel Sick" as well as original versions of Jody Reynolds' "Endless Sleep" (more country and less rockabilly than the hit) and the UK hit "Terry" by Twinkle which would have been a country hit if it had been released in that market. The other well known tracks include Mark Dinning's "Teen Angel" (again from master tape), J Frank Wilson's "Last Kiss" and more. 24 in all

The second volume contains Vern Stovall's version of the oft covered "Long Black Limousine" and it is just grand. But there is a real obscurity that gets my vote and that is Elaine Arthur's "The Singing Star" which is about a gal from a small town in Okahoma who decides to try her luck in LA. Soon the money runs out so she has to get some work and takes on two jobs. The first sees her having to wear a a "little costume with no top" and the second sees her get a "job at night". She doesn't actually meet her maker

but the money she sends to her mother in Oklahoma keeps coming back with a note her daughter died in LA; obviously mum not approving of the less moral means of earning a living. Now, is it too late for Tanya Tucker to record a version?! Predictability is another element that enters into these songs especially on Cobey Carson's "Too Young to be a Widow" which sees her husband head off to the hot rod track to win a prize. Also includes Del Shannon's eerie "The Prom" and the Beverly Sisters prophetic "Flight 1203". Dickey Lee is also back with "Laurie". Another 24 tracks and as with all Ace releases the sound is just great!!.

Mitch Snow "Ballads, Blues & Texas Treats" \$30 Third album we have had and another superb one. 21 tracks running well over an hour. The album is on the RGO label which stands for producer Roy G Ownby who is responsible for every single song on this gem. Immediately Roy is elevated to the status of Bob Grady and Mike Headrick. This album has a greater emphasis on the Texas shuffle and a little bit of Tex-Mex finds its way in along the way. Mitch also plays all instruments on this album but it sounds like a full band and he gets a great rhythm throughout, something that is generally a downfall where one man plays all instruments. He has a great voice that reminds in parts of the likes of Ricky Van Shelton, Gene Watson and Marty Haggard. Anyone who has either of the previous two albums rest assured this is better.

Starline Rhythm Boys "Live at Charlie-O's World Famous" \$30 The Starline Rhythm Boys are what BR 549 promised but ultimately only succeeded in producing on the rare occasions (on cd anyway). Starline Rhythm Boys hit the mark 100% of the time and you get 74 minutes of the ultimate honky tonk music. They have a great sense of what is good. They don't try and overwhelm the audience; there is no substitute for good old fashioned entertainment. The originals are dispersed throughout the album. Al Lemery's "Drunk Tank" and Billy Bratcher's (the slap bass man & seemingly the main writer) 3 songs fit in seamlessly with the covers. The songs are drawn from a few areas and all meld together very well. Chuck Berry's "You Can't Catch Me" equals for country coolness the old Ernest Tubbs version of "Thirty Days". The album is produced by former High Noon man Sean Mencher who also contributes some guitar. 23 songs all up and the concluding Freddie Hart song "Drink Up & Go Home" rounds things off very nicely.

Curtis Potter – "When the Neon Lights Come On" \$30 One day someone is going to do an album with Ray Price, Johnny Bush, Darrell McCall, Curtis Potter, Tony Booth and have Ray Pennington along as a special guest. They should call it ..."So You Think You're Confused". Basically these guys do all sound different but are firmly rooted in the honky tonk style of the master, that being Ray Price. Curtis' great new cd is a mix of songs recorded in the 80s (but not on his previous cds) plus some new recordings and honestly the title song with both Justin Trevino and Jake Hooker in

cahoots is goose bump stuff all the way!! "I Need Help", another of the new songs can be seen as a video. The 80s recordings are from the Hillside label and feature the crème de la crème such as Johnny Gimble, Pig Robbins and Buddy Emmons.

Merrill E Moore "The House of Blue Lights" \$32 This is a new UK compilation featuring the 50s Capitol artist at the peak of his form (33 tracks all recorded between 1952 & 1957). No-one pounded the keyboards harder than Merrill (who regularly & literally wear out the pianos on which he played). The piano playing is amazingly dexterous. The tracks on here are all on the Bear Family 2 cd set but honestly this is a must have if you don't have the Bear Family. He intersperses classics such as "House of Blue Lights" and "Down the Road Apiece" with his great originals.

Thom Shepherd "Turning Point" \$30 This fine songwriter was responsible for the David Ball gem "Riding With Private Malone" and is a fine singer too. The 16 tracks on this cd have great variety with some ballads crying out for a George Strait cover "the Only Way He Knew How", whilst a duet with Lisa Shaffer "Your Secret's Safe with Me" is a cheatin' song. The uptempo songs also have major label cover ...but with class....written all over them.

Johnny Bush "Lillies White Lies" \$30 This will be here when you get this. But I would want it just for the fact that the title track is one of the best ever country songs and has to my reckoning only been recorded by the writer Wood Newton, the great Martin Delray & Bill Arwood, who's version is more obscure than a \$5 steak. 15 tracks all up and none seem like commonplace. A must!

the Soft Cell smash "Tainted Love" through Barbie Gaye's original of "My Boy Lollipop" and Carson & Gaile's "Something Stupid". Don't forget Joe Jones "California Sun" and Sunny Dae & the Knights original of "Rock Around the Clock". Then there are real obscurities (you mean these weren't??) such as The Wild Ones version of "Wild Thing", The Raindrops "Hanky Panky" and Yvonne Fair's "I Found You (which James Brown adapted to "I Got You" Waaaaaaa...well that's what he said!)

Classic Rarities

Being out of print is not always a recommendation to buy but every one on this list does have a strong recommendation of quality attached to it. They are also hard to get and that is what sets them apart. These just don't turn up everyday. I have indicated the number of each title I have next to it where I have more than one. No number only one copy. I have been collecting these over a period of time and some will just not reappear ever let alone in the near future

15 tracks. Has 2 duets each with Jan Howard & Mary Lou Turner as well as the single "Country DJ". |
| Anderson, John | Wild & Blue (WB) \$25 His 3 rd & best album includes a duet with Emmylou. |
| Axton, Hoyt | Spin of the Wheel (DPI) . Perhaps his last album and one of the best with 9 originals, 2 covers of his mother's songs (inc. a great version of "Heart-Break Hotel") + 3 other covers \$28 |
| Barker, Aaron | w. Curtis Wayne "Straight from Horse's Mouth" (2 copies) \$28 BSI label. Both are famed songwriters as well as great singers. 12 tracks inc. the 2 big Barker tracks "Baby Blue" and "Love Without End Amen" plus the Curtis Wayne monsters "Love Bug" and "Next In Line" (both co-writes with Wayne Kemp). Also includes co-writes with Dean Dillon & Whitey Shafer. 10/10!! |
| Bellamy Brothers | Rebels Without a Clue (MCA1988)
(3 copies) This Jimmy Bowen album is easily their best with superb songs such as the title track and "Fountain of Middle Age" which fit nicely with their classic "Old Hippy". Also in a similarly witty nostalgia mode are "The Court-House" and "Andy Griffith Show". \$30 |
| Beverly Hillbillies | s/t The movie was only just. I mean how could anyone emulate TV's funniest character, Max Baer Jnr's Jethro Bodine |

or even come close for that matter. But the soundtrack was & still is a ripper with new artists (1993 vintage) doing classic country songs. Joe Diffie's "White Lightning" and Lorrie Morgan's "Crying Time" are just two of the best. Mind you I thought Erika Eleniak was terrific as Elly-Mae. \$25

Johnny Bond Very Best (Varese) \$35 17 tracker & the only place you will get "Hot Rod Lincoln" & the hilarious "Ten Little Bottles". Also includes a couple of excellent rockabilly tracks.

Larry Boone Swingin' Doors Sawdust Floors \$30
Down That River Road \$35
One Way to Go \$25
2 copies of each. First 2 on Mercury & last on Columbia. First is very much George Strait style with original version of "Beyond the Blue Neon". Second has "Everybody Wants to Be Hank Williams" a classic and the 3rd has a great ballad selection, "It wouldn't Kill Me" was covered by others But Larry is best. All great esp. if you like Strait & Ricky Van Shelton.

Browne, Jann It Only Hurts When I Laugh \$35 2copy
Perky west coast gal who had 2 albums on Curb which are both superb. This 1991 features great covers & Browne originals. If you like Heather Myles...

Conlee, John Blue Highway \$28 16 track comp. of MCA material which largely avoids the hits.
Fellow Travellers \$30 16 Avenue label went bust so this was around for about 5 minutes. Highlight the wonderful "Hopelessly Yours" (not to be confused with the doctor analysing a tropical disease who told the patient his progress was "Hopelessly Yaws".)

Cook, Elizabeth Elizabeth Cook \$28 First album which was a pure country true independent.

Cryner, Bobbie Bobbie Cryner \$35 (3 copies) Until Miss Leslie's 2008 album of the year this was the only time I had heard a gal sing like George Jones. This is probably the best ever female country album released during my years in business. Dwight duets "I Don't Care".

Curless, Dick The Drag 'Em Off the Interstate Sock It To 'em Hits of (Razor & Tie) \$35 21

- great truckin' tracks from Tower & Capitol labels.
- Dalton, Lacy J** Survivor \$40 an amazing album; easily her best & that is saying something given the overall quality. Her version of Guy Clark's "Old Friends" ranks as one of the Best recordings ever!!!
- Davies, Gail** Pretty Words \$25 The ubiquitous Jimmy Bowen was in a class of his own at the end of the 1980s. All songs by Gail inc. "I Don't Know Why" which was renamed "Tell Me Why" & was title track of Jann Browne's debut. Top cd.
- Davis, Jimmie** Country Music Hall Of Fame \$28 OOP gem featuring 16 tracks inc. the 1934 original of "Nobody's Darlin' But Mine" & 1938's "It Makes No Difference Now" and of course 1940's "You Are My Sunshine" & "Sweethearts or Strangers"
- Delray, Martin** Get Rhythm \$40 1990 Atlantic
What Kind of Man (2 copies) \$28 1992
Now a professional tennis coach. The first commands twice what I have on it (and in US \$) due largely to Johnny Cash duetting on the title track but "Lillie's White Lies" is the standout; a brilliant song with everything great about country music being in bucket loads. Both albums are a must.
- Edwards, Stoney** "Poor Folks Stick Together: The Best" \$35 Like Charley Pride he was an African American singing in a genre where they were a distinct minority. What made Stoney so great was the quality of the songs inc. "Hank & Lefty Raised My Country Soul" & the Amazing "Two Dollar Toy (Has Made a Million Dollar Daddy Out of Me)". His superb voice is highly reminiscent of Merle Haggard. 20 tracks.
- Edwards, Stoney** Just for Old Time's Sake \$90 An impossible find independent album from about 1990.
- Ethel & the Shameless** Hussies Born to Burn 1988 \$30
Another Jimmy Bowen production from 1988 featuring the fabulous Kasey Jones who came steamin' & a rollin' down under in 2008. Sassy female honky tonk with lots of wit esp. on tracks such as "One Night Stan".
- Ford, Tennessee Ernie** Capitol Collectors Series \$35 (2 copy)
This series is simply the best offering by all the artists who are featured

on it. This 29 track Ernie cd features all the country boogies, the big hits ("Sixteen Tons" "River of No Return" "Mule Train" etc) plus some great duets w. Kay Starr, Ella Mae Morse etc.

Frickie, Janie
 After Midnight \$25 (2 copies)
 Labor of Love \$28 (2 copies) Her 3 albums where she adapted the phoenetic spelling of her real name "Fricke" were her best. "Labor of Love" saw her include songs from Steve Earle & Katy Moffatt & is not to be missed.

Gaddis, Ron
 Chip Off the Old Block \$35 This has vanished off the planet. Ron was George Jones band leader and also first husband of Lorrie Morgan (there's one for the "Rich List" tv show...a list of Lorrie's husbands). He is a major talent in his own right. The title track was covered by its writer Vern Gosdin on "The Voice" cd. This album features guest appearances from former boss George Jones ("I Fell Off the Wagon") Ex wife Lorrie Morgan ("All Day All Night Thing") and Porter Wagoner ("When the Shiny Silver Eagle Meets the Great Speckled Bird"). A real gem.

George, Sonny
 Truckin' Country \$30 14 original songs from a great deep voiced artist in a similar style to his classic live album ("Inside Tennessee State Women's Prison"). A great cd.

Gosdin, Vern
 Alone \$35 Hard to get follow up to the superb "Chiselled in Stone". This is pure crying in your beer ballads all the way. None more full of self pity than "Alone" itself. Just brilliant.

Haggard, Merle
 Capitol Collectors Series (3 copies)
 Simply the best single cd anthology of Haggard's best work. \$25

Hardwick, Billy Jnr
 Too Country \$30 Only album and a true gem. With a voice a tad like Dean Dillon he wrote 8 of the 10 songs and all have instant classic. Whenever I played this someone bought it. It is that good.

Hobbs, Becky
 All Keyed Up \$30 Wrote every song on the album in which "Jones on the Jukebox" (a co-write with Mack Vickery And Don Goodman) is the classic female honky tonk track.

House, James
 James House \$30 (1989)
 Hard Times for an Honest Man \$30 1990

- Husky, Ferlin **Mainly original songs. Both top notch. Capitol Collectors Series \$35 See the comments for Merle Haggard & Ernie Ford. This 20 tracker has the hits "Gone", "A Fallen Star" & "Wings of a Dove". Superb sound too.**
- Jansen, Frank **Lolene \$28 Second cd producec by Mike Headrick. Sold a stack but gone Now apart from this**
- Jones, George **You Oughta Be Here With Me \$35 In the overall scheme of things George has not made a lot of albums where every song is superb. To the contrary many albums are riddled with hokey novelties. Not this one though. From 1990 I would rate it the strongest overall selection of songs George has ever had on one album. The title track was from Roger Miller's superb "Big River" whilst "I Sleep Just Like a Baby" is the closest it gets to a novelty but clever wordplay overrides. 10/10**
- Jones, George **Friends in High Places \$30 Duet album with all songs recorded specifically. Includes Ricky Van Shelton, Vern Gosdin, Randy Travis, Ricky Skaggs etc but the highlight is probably his duet with Shelby Lynne on the Paul Overstreet song "If I Could Bottle This Up". She could have been anything.**
- Jones,George **The Battle/Memories of Us (Koch) \$30 Two 70s album on single cd.**
- Jones, George **Live at Dancetown USA \$55 Amazing album superbly recorded which was on Ace UK label but has been deleted 10 years or so, 26 tracks and over an an hour running time and in great stereo sound. Like the Ernest Tubb below (also from 1965!) this is amazing and George runs through things he has written ("Window Up Above"/ "Ragged But Right"/ "Accidentally on Purpose") as well as songs by Dickey Lee ("She Thinks I Still Care") Harlan Howard, Melba Montgomery etc. Although not a regular "Jones boy" Buddy Emmons joins the band for this set. Also Don Adams (not Max Smart!) acts as the leader of the Jones' Boys & duets with George on Melba Montgomery's "We Must Have Been Out Of Our Mind" as well as a couple of his own leads.**

Just remembered the classic Jones' line "We're gonna take a short liquor-mission I mean intermission"!!

Kane, Keiran Find My Way Home \$30 rare post O'Kanes pre Kane-Welch album.

Lauderdale, Jim Planet of Love \$28 First album from 1991 on Warner Brothers.

Logan, Josh Somebody Paints the Wall \$60 Superb 1988 Curb album. He embodies the spirit of the wondrous Mel Street. Amazingly good album.

Louvin, Charlie 50 Years of Making Music \$30 Early 90s album with superb guests including Waylon, Charlie Daniels, Tanya Tucker, Melba Montgomery, George Jones etc but the best is Willie on "This Darn Pen" and most people agree it is one of the very best duets Willie ever did.

Lyda, Jacob Three Times the Charm \$30 Here We Go Again \$30 Amazing fresh faced vocalist and these 2 albums from Bob Grady Records capture the honky tonk style superbly.

McCarters The Gift \$35
McCarter, Jennifer & McCarters Better Be Home Soon \$25 (2 of each) equally as good but the first is very very hard to get. Jennifer McCarter was given top billing on the second but the harmonies are the same & slight bluegrass tinged songs are ace!

McDaniel, Mel Rockabilly Boy \$30 1989 Capitol gem with some superb tracks inc. "Reverend Luther & The Madam" and "You Can't Play the Blues in an Air Conditioned Room", a huge personal favourite.

McEntire, Reba Oklahoma Girl \$40 2cds 2ith booklet & slip case. 40 Mercury tracks when she was a real country artist.

McQuaig, Scott Scott McQuaig \$30 Again an album with Jimmy Bowen hallmark and superb as you may expect. Where did he go?? Dave Loggins "My Friend the Bottle" is a classic honky tonk song.

Mandrell, Barbara No Nonsense \$25 The Key's in the Mailbox \$25 Sweet Jiminy!! Both superb Bowen production jobs from 1990 & 1991 respectively.

Martin, Mario Keep it One the Country Side \$60 Ok, this is the greatest mystery I have ever contended with. This superb 1991 album featured great songs and a great singer who reminds of Ricky Van

Mensy, Tim	Shelton but was only 17 at the time!!! Everybody loves this and it is as rare as they come. James Stroud produced. Stone By Stone \$25 1990 CBS album by equally fine writer, singer & guitarist. Nice Bob Montgomery production.
Moffatt, katy	The Greatest Show on Earth \$28 This was the original issue but was Withdrawn when Ringling Brothers Claimed ownership of the title. It is The best folk country album we have ever had; Katy & Tom Russell have never done a true duet album but this is a worthy substitute!!
Moffatt, Katy	Midnight Radio \$25 A close second And Katy & Tom actually do a true Duet on "Hank & Audrey". Wow!!
Montgomery, Melba	And Norma Jean: First Ladies of Country. A compilation not duets. 12 by Norma Jean and 10 by Melba inc. the amazing "No Charge" \$28 (2 copies)
Morse, Ella Mae	Capitol Collectors Series \$35 21 tracks with a big band R & B flavour but also country. Best ever "Cow Cow Boogie"
Mowrey, Dude	Honky Tonk. \$28 Young dude, Dude has the look of a 15 year old (he is older) but what a voice & a superb Jimmy Bowen production & choice of songs.
Nelson, Willie	A Horse Called Music \$35 1990 The Promiseland \$30 1986 Two of Willie's absolute best both out of print for years.
Newbury, Mickey Frisco	Mabel Joy \$30 In a New Age \$30 both out of print. Fine but decidedly eccentric artist.
O'Kanes	Tired of the Running \$38 Second & best album from Keiran Kane & Jamie O'Hara is also hardest to get. Blind accordionist Jay Spell is superb.
Paycheck, Johnny	Survivor \$30 (2 copies) Nearing the end of his career this indie cd is as fine as anything he ever did.
Poe, Michelle	Just One of the Boys \$40. Hard to believe this perky blonde's album was never released.
Price, Ray	Sometimes a Rose \$25 His last CBS album highlighted by the superb "Not a Dry Eye in the House"
Rabbitt,Eddie	Jersey Boy \$25 Ten Rounds \$25
Ragged But Right	Radio Romance \$28 early 90s gems Great Country String Bands of the

1930's \$30 18 tracks superbly remastered & featuring likes of Riley Puckett, Gid Tanner, J E Mainer etc
Rausch, Leon Close to You: A 20 Song Salute to the Music of Cindy Walker. Although known as arguably Bob Wills best post Tommy Duncan vocalist this also has more than western swing. What a superb bunch of songs too. \$25
Robertson, Kathy Hillbilly Down: To Roy Nichols With Love \$30. Rather eccentric West Coast singer who has assembled a superb bunch including James Intveld, Rick Shea, Katy Moffatt & MerleHaggard!!
Sahm, Doug SDQ 98 \$55 A blink & you will miss it gem as the record company went out of business shortly after release. It is right up there with his "Return of Wayne Douglas" cd and he keeps it pretty much country all the way. Great version Tom Russell's "St Olav's Gate"
Sahm, Doug Return of Wayne Douglas \$30 what a Gem...what a man,
Sasaki, Hank Songs from My Heart \$28. certainly a unique artist. Saw him do "Cowboy from Japan" and I got goosebumps. That'll teach me to stand so near the air-conditioning duct. Great!
Schneider, John You Ain't Seen the Last of me \$35 As we say, looks like a pretty boy & sings with the best of them. Jimmy Bowen produced.
Scott, Jack Capitol Collectors Series \$35 See comments on other volumes this series. A true must have,
Sears, Dawn What a woman Wants to Hear \$28 1991 gem. Great tracks all. Went on to be Vince Gill's touring support.
Seeley, jeannie Greatest Hits on Monument \$25 Inc. the monster hit "Don't touch Me"
Shafer, Whitey I Never Go Around Mirrors \$30
Shafer, Whitey So Good So Long \$30 Classic songwriter is also a classic Lefty style vocalist.
Shaver, Billy Joe Restless Wind 1973-1987 \$30 18 classics Razor & Tie. A must.
Simpson, Red Best Country & Western Truck Drivin' Singer \$30 Wordy title but 20 classic out of print Capitol tracks including "I'm a Truck" & "Highway Patrol". Not much diff 'tween Red & JuniorBrown.
Staley, Karen Wildest Dreams \$28 Half a surprise as

half produced by Jimmy Bowne and half by Tony Brown. Includes the upbeat "He Thinks He's James Dean"

Springfield, BobbyLee All Fired Up \$35 An absolute rip snorter. Crazy man who apparently got arrested for climbing over the White House fence in order to visit the President, presumably Ronny Regan. But his honky tonk style which includes the original "Hank Drank" is grand. Also includes a brilliant version of Eddy Arnold's "What's He Doing in My World" with intro by Eddy himself!!

Sweet, Ron Ten in Tennessee \$40 A member of our Indie Hall of Fame. Ron's lone album is full of honky tonk gems of the highest order. 10 tracks ranking with the best Norman Wade, Vernon Oxford, Johnny Paycheck or whoever you would like to mention. However "I Play Haggard" which cleverly alludes to Merle's songs to paint a picture of the complete honky tonk dead beat is the equal of any track recorded in our favourite sub-genre.

Thompson, Jeff Jeff Thompson \$50 This was going to be the first Arista country cd even before Alan Jackson's "Here in the Real World" but it was never released which is hard to believe. Great voice and songs of which "The Greatest Man I Never Knew" precedes Reba's by several years and absolutely kills it dead. Semi rockabilly feel on several of the uptempo songs. Great all the way.

Marsha Thornton Maybe the Moon Will Shine Tonight \$30 Excellent 2nd cd & better than the self titled first (which goes for nearly twice as much mainly due to its Patsy Cline stylings). Less Patsy & more Marsha!

Tubb, Ernest Live in 1965 \$28 A gem of a live show which apart from being superbly recorded is also a great way to hear ET at his peak. It is like being in the audience. 20 tracks and a great band with Cal Smith & Jack Greene.

Tyson, Ian Old Corrals & Sagebrush \$25 (long out of print Bear Family issue 70 great mins

Wagoneers Stout & High \$35

Wagoneers Good Fortune \$35

1st & 2nd from 1988 & 1989 by this great Texas group featuring Monte Warden. If you like the Mavericks up tempo stuff

You will love these.

Wagoner, Porter In Person \$35 (Koch) Out of print. 17 tracks & it features Norma Jean.

West, Speedy & Jimmy Bryant For the Last Time \$28 Very hard to find Step One label.

Whitley, Keith I Wonder Do You Think Of Me \$35
 Kentucky Bluebird \$30
 Tribute Album \$25
 He had the world at his feet with a voice as good as anyone has ever had but a blood alcohol reading of .470 saw him die as the first of these albums was completed. Still a landmark cd with honky tonk songs galore which were sadly not just part of the guise. If you fail to be moved by "Tennessee Courage" when you consider his history then there is something wrong. Kentucky Bluebird is compiled from a bunch of sources and includes a couple of historic snippets. A must though. The Tribute album has a great cast performing Whitley songs & includes Alison Krauss' massive hit "When You Say Nothing at All". Also includes 4 otherwise unavailable Whitley songs including a duet with Lorrie Morgan.

Wild Rose Breaking New Ground \$25
 Wild Rose Straight & Narrow \$28
 Wild Rose Listen to Your Heart \$30
 Fantastic upbeat all gal group with Pam Gadd on lead vocals & Wanda Vick on guitar & just about everything else. Kind of a bluegrass supergroup playing Hard core country....superbly.

Williams, Tex Vintage Collection \$35 20 tracks and includes what was Capitol Records first million seller (any genre) in "Smoke Smoke Smoke That Cigarette. Includes The Western Caravan many of whom Had a co-existence with Spade Cooley.

Honky Tonk Classics Mainly independent and a lot out of print. They are all classics. Nothing pretty or sassy just dealing with the true elements of country music, things which have a certain taboo to the mental midgets who dictate what is supposed to be (but obviously isn't) "country music". All these are \$20 unless noted. By the way if you see something more than \$20 in here grab it without hesitation.
