New and just in.

Hillside Records Country Song Roundup \$30 This is new recordings on the Hillside label with special guest and musical director in Justin Trevino. Justin is still on the Heart of Texas label and his 4 songs (of a very generous 21). I can't say I have heard Kenny Seratt before but that is mainly through lack of material available more so than anything else but lo & behold if he doesn't sound like Lefty, which is particularly weird on "Hank & Lefty Raised My Country Soul"!! He appears on 5 songs and none are less than sensational. What a voice!! Jerry Inman is also fine on three tracks. He was once voted the CMA's Best Newcomer of the Year. Well he is close to the best on this. The remaining songs feature Curtis Potter, Darrell McCall and Ray Sanders in various trios, duos and solo spots. These are different to the "Texas Dance Hall Music" cd. Curtis Potter, who recorded a duet album on step One with Willie Nelson, is a superb Ray price style vocalist (as if I had to actually tell Y & T regulars) and is grand on "January, April & Me". A must have cd and one where everyone will agree there are 21 gems. All are only on this cd!!

DVD Heart of Texas Records Proudly Present Ernest Tubb Record Shops Midnight Jamboree \$35 After the Grand Ol Opry would finish many of the cast would make the short walk across Broadway (the Nashville Broadway that is) to the original Ernest Tubb Record Shop where a small

stage was set up in the rear and they would do an encore if you like which was broadcast to radio. The shows still continue but are now at the Ernest Tubb Records Store in Music Valley Way rather than the original store. Occasionally the show will go on tour and this is how this dvd originates. Recorded in Brady, Texas in March 2009, this dvd offers 2 hours of some of the absolute gentry of country music, particularly the Yesterday & Today Records variety. There is Justin Trevino and Amber Digby (both together & alone), Darrell McCall (what a charismatic guy), Leona Williams, James Hand, Heather Myles, Frankie Miller, Big Bill Lister, Ferlin Husky etc. Then there are great contributions by the likes of Kimberley Murray, Rance Norton, Robert Mizzell (had one album by him a fair while back) and Mona McCall!! The band is under the direction of Justin Trevino. Just watch how Justin plays bass guitar. You would think you could go out and buy one and play with a similar level of dexterity; he just makes it look so darn easy!! The band also features the brilliant Dickey Overby on steel guitar and there are few if any better. There is a bonus interview with David McCormick who has been the owner of the ET Record Stores (and hence owner of Midnight Jamboree) for a long time. A very sad legacy of the final years of the great Justin Tubb (after whom Justin Trevino is named). Seeing Justin Trevino and Amber Digby perform "How's the World Treating You" is just mesmerising.

DVD + CD Sugarland Live on the Inside (only sold at Walmart stores in USA. NOT available elsewhere . The cd is an album of covers of such things as b52s "Love shack" plus other pop covers. The DVD has 16 tracks and over one hour of hits from their previous albums

Joey Allcorn "All Alone Again" \$30 This is the second cd by Joey and is right up to the quality of the previous "50 Years Too Late" which rated very highly in our 2006 Best of List. That album featured an appearance by Hank Williams III and indeed comparisons are apt between he and

Joey. Joey is probably a slightly lower register but leaves Hank III for dead as far as backing goes. The backing on this is even an improvement on the first. The opening track "Honky Tonk Ramblin' Man" is just a knockout. It features Chris Casello on guitar and steel guitar and he sounds like a one man Jimmy Bryant and Speedy West. He is joined by Hank Singer on fiddle and in places Chris Scruggs (son of Randy Scruggs & Gail Davies & a BR549 member) on guitar and the great Don Helms on steel guitar, in what is possibly his last recording. And just for good measure Lloyd Green drops in to lend a hand. "Lonesome, Lovesick Man" is classic. The songs are such a high quality that during our recent first ever garage sale (that was the special news from our last newsletter... it was basically by invitation and we will be having another prior Christmas. If you would like an invitation please let me know) we sold out of our first shipment. That was 15 copies and whilst it may be a tad short of a gold record it still is pretty good to sell straight off the bat to people listening to it for the first time. Truly, everyone wanted it and that is no surprise, as it is that good. All the material is of the highest standard. "Have At It Darlin'" is a great driving song. "Honky Tonk Hell" is the place where Joey sees as his final place for him and his ilk. Great references to the songs of Hank Williams, Johnny Cash, Ernest Tubb etc. Lloyd Green punctuates ever line with a mini solo. Uncompromisingly full on country throughout. Every song has a classic feel that you have to remind yourself all 13 have a 2009 copyright and are all Joey Allcorn originals. "Waiting by the Railroad Track" reminds a little of "Orange Blossom Special". You can see the train!! For a change of pace he even manages a Hank style yodel on the "All Alone Again", the album's concluding track. Album of the year? Well I give it ten out of ten and would even add half a star on to that due his facial resemblance to Curly of the Three Stooges. A must have for all. We have a handful of his earlier "50 Years Too Late" for \$30. There are no more once these go.

Leon Russell – "Best of Hank Wilson" \$30 Hank Wilson is Leon's country alter ego. The first album, "Hank Wilson's Back" was on Asylum Records back in the early 70s and was as important as the Nitty Gritty Dirt Band's "Will the Circle Be Unbroken" in introducing real country music to a new audience. The songs that were on that original album have been re-recorded by Leon for this venture. There are also 3 songs that are additions to his Hank Wilson album set list, they being "San Antonio Rose", "You Win Again" and "Ballad of Jed Clampett". There were 4 Hank Wilson cds altogether with the final one being the mid 90s "Rhythm and Bluegrass" which featured New Grass revival. I would suggest that even if you had all 4 you would be such a Leon nutter that you would want this for the bonus tracks and new recordings. "He Stopped Loving Her Today" is given a great reading and features Willie Nelson and whilst the album is pure country an exception is "Sixteen Tons" which owes a lot to Ray Charles. 22 tracks and well over an hour has Pete the Quaker rubbing his hands in great value joy. Leon is such a fine interpretative singer that it leaves you wanting more!

Johnny Paycheck "Nowhere to Run: The Little Darlin' Years 1966-1970" \$28 Johnny Paycheck was a self destructive, troublemaking nutter who in his very brief heyday (but represented in everything on this cd) was the greatest hard country singer ever and even made the likes of George Jones seem like a picture of sobriety in comparison. During the period of these recordings Paycheck was a touring member of George Jones' band, "The Jones Boys" and featured on some Jones' recordings. Under the

auspices of Aubrey Mayhew and backed by some of the greatest country musicians in Lloyd Green, Pete Wade, Jerry Smith and Buddy Spicer. Paycheck's recordings had a rawness that was his trademark. 8 of the songs on this album are previously unreleased and "Pint of No Return" has some classic wordplay. The cd "Real Mr Heartache: The little Darlin' Years" was issued on the Country Music Foundation label and had classics such as "(Pardon Me) I've Got Someone to Kill" and "He's In a Hurry (To Get Home to My Wife)" which were brilliant. Paycheck never tried to play the straight man. He was always erratic, even when recording for the Epic label in the 70s and 80s. But the honky tonk lifestyle and that of a self professed bad man found it way into songs with scary realism when Johnny Paycheck sang them. The 29 tracks on this include previously unissued gems and things that have not been on cd before such as "I'm a Coward", "Don't Tell My Wife", "I've Got Wine on My Mind", "Problem Solving Doctor", "There's No Easy way to Die", "If I'm Gonna Sink (I Might As Well Go to the Bottom)" etc etc. Paycheck didn't just sing them he lived them too and then some. Not surprisingly there are not the quantity of recordings of a Jones but what there is is equal to (at least) anything the great man ever released. This is simply a must have cd, every single one of the 29 tracks!!

Sonny Burgess "Have You Got a Song That I Like" \$30 The 3rd cd from "young" Sonny Burgess, as distinct from the Sun recording artist of the same name and it is every bit his best (but mind you there are a few inklings he may not be as young as previously thought). What is interesting is that he has opted to record other people's songs. In the words of the Swedish cowboy, the first track < "Beer-i-cide" is "a killer up tempo drinking song". The album however has a lot more reflective songs. The next song, "The Request" is cowritten by Dave Gibson (ex Gibson Miller Band) and has a great storyline. This like a couple of other songs on the album reminds of the style of Doug Supernaw, that great but "Johnny Paycheck crazy" artist of the mid to late 90s. Thankfully Sonny will not be "Committed to Parkview" as was our Doug, notably on the excellent "Every Now and Then", written by the Cosmic Cowboy's favourite Bobby Pinson. All in all an excellent album. High on the songs and no ditties. Before Nashville abandoned all vestiges of real country music this would have been a chart topper!!

This next review is courtesy of the Swedish Cowboy, a man of (generally consummate) good taste, and by him as the first batch went in a thrice and will be a week before I get more. Also, another purchaser the rascal from Warren, enthusiastically texted me to say it was potentially AOTY!! That is "Album of the Year". So courtesy of the S.C.

Weldon Henson "Tryin' To Get By" \$30 Hillbilly renegade Records 4329: This guy knows what he is doing. A real surprise! Only originals written by the singer! Ricky Davis on steel and generally excellent backing, but fiddle on only one track! Somewhere between Dale Watson and Dwight Yoakam or maybe between George Highfill and Moot Davis! A slight rock or rockabilly attitude! Really good modern country true to tradition!

Ed Bruce "The Tennessean/Cowboys and Dreamers" \$34

Charlie Louvin "Less & Less & I Don't Love You Anymore" \$34

Gene Watson "Reflections/Should I Come Home" \$34

Faron Young "Here's Faron Young/Occasional Wife" \$34

A series of excellent releases on the Hux label out of England. The Ed Bruce material is just so hard to get and as a singer there is none better.

Not too shabby in the writer department either. His "When I Die Just Let Me Go to Texas" was recorded by Tanya Tucker as "Texas (When I Die)". I love Ed's decidedly non western cowboy persona. Both albums are gems with the latter including "The Man Who Turned My Mama On". It is surprising he had not many hits. He is so darn good.

The Charlie Louvin cd includes his first two post Louvins album with the hits "I Don't Love You Anymore" and "Less & Less", the latter written by Roger Miller. The album also includes some great covers in "Once a Day" and "Just Between the Two Of Us". The second album featured a couple of Ed Bruce songs including the title track plus contributions from fine writers such as the highly underappreciated Justin Tubb. "You Finally Said Something Good" is as honky tonky as Charlie gets!

The first album on the Gene Watson cd was one of his most successful with 3 top tens (with "Farewell Party" being about the definitive Gene Watson track) whilst the second has two top tens including the fabulous word play of "Nothing Sure Looked Good on You". Suffice to say, Gene Watson is an absolute favourite among Yesterday & Today customers, and indeed owner!!

Faron Young's Mercury albums are impossible to get and apart from one fairly shoddy sounding cd his entire Mercury output is basically confined to scant hits collections. The first is full of great songs from the likes of Wayne Kemp and Jerry Chesnut (who wrote his biggest hit, the wonderful "Four in the Morning", as pretty a melody as ever written). Kemp wrote the hit "I Just Came to Get My Baby" and Chesnut "So Afraid". There is also the excellent b-side "Missing You Was All I Did Today". The second album had big hits with the title song and "If I Ever Fall in Love With a Honky Tonk Girl". Like I said this stuff is just not available anywhere!!

Shane Worley "Mister Purified Country" \$30 One of the greatest singers you would ever hear. A little like Mel McDaniel if any comparison is needed but decidedly his own man. The open "Two Beers Ago" was written for Vern Gosdin, but sadly just before Vern passed away from the after effects of a series of strokes. You could almost imagine it as an outtake of "Chiselled in Stone". In the overall scheme of independent releases it is not just an artist that stands out but more so producer and musician and songwriter, Mike Headrick. He has written 3 songs of which "Sweet Revenge" is a classic. He also was featured on that great cd by Lawrence Reynolds and no doubt pushed "Them Old Hank Williams Songs" toward Shane and what an inspired choice in doing so. Similarly the Mike Headrick song "The Right to be Wrong" was recorded by Leo Nelson (see our rarities) bin, though with a quicker tempo. What more can I say except the material and performances are of the highest order. Again this would have been a chart topper if the majors were still concerned with country music. But then again I feel selfish sometimes.

Lucas Hudgins "The World Left Is Mine" \$30 His previous album was fine but had a cover rivalling the first cover from Amber Digby's debut album as one of the worst we have ever had. Thankfully Amber's folks saw fit the reissue it with a cover befitting its greatness. Simply put you couldn't see anything but a blur which on closer inspection was a barroom scene. Thankfully that has been fixed and then some. The Texas shuffle is alive and then some. Credit must partially go to David Biller who acts as producer. He of course is one of the best guitar players in Texas, and is

featured on the best albums of Wayne the Train Hancock and Dale Watson. He released some great guitar albums with Jeremy Wakefield (Biller and Wakefield) and was a star on "Travis County Pickin'". He proves himself adept on steel guitar as well. "Your Heart Just Slipped My Mind" is a classic cheatin' song and is prefaced by the line "When your ring slipped off my finger". Great stuff. "More Whine" intersperses "whine" with the other "wine". "The Man Who makes Her Cry" sounds like a song you'd expect on a Vernon Oxford album but lo & behold you get a song which would have been right at home with the great Waylon Jennings. Uncanny in its Waylonish sound!! Great album and full marks this time as the cover is a knock up of one of those great late 50s Capitol label albums.

Leland Martin "Truckers for Troops" \$30 This guy looks uncannily like Trace Adkins, a great singer who has recorded some of the blandest and limpest songs we have ever heard. Leland is the opposite there!! This is the second truckin' album he has cut though there are 9 new songs with 3 favourites from previous albums to round it out to 12. "Truckers for the Troops" is about a guy who is on foreign duty, presumably Afghanistan or Iraq, and the hardships of doing so. "Grumpy Ol' Truckdrivers" is a pedal to the metal romp done as a duet with "Uncle R" who is seemingly not otherwise identified but it is a great track. "The Purple Bag" is unusual; he has hung the bag his liquor used to come in to his rear view mirror. Quite a moving story. "It holds all my memories, the good ones and the bad". A very nice song. "That Ol' Truck" is about a truck passed from a father to a son. "When Haggard Sings 'The Fightin' Side of Me'" is a patriotic number. "The Long Rider" is about the loneliness of the long distance truck driver. "400 Horses and Eighteen Wheels" is a downhome tale of a trucker who enjoys his craft. This guy has a loyal and deserved following.

David Frizzell & Shelley West "Very Best" \$28 The daughter of Dottie West was married to Alan Frizzell who also played in their band. When Shelley and Alan got into marital troubles the duet fell by the wayside. The huge hit "You're the Reason God Made Oklahoma" plus other top tens such as "Texas State of Mind" and "Another Honky Tonk Night Down on Broadway" saw them as one of country music's most popular acts. This collects 16 Viva songs in all on the excellent Varese label.

DVD Flatt & Scruggs – Best of the Flatt & Scruggs TV Show Vol 7
DVD Flatt & Scruggs – Best of the Flatt & Scruggs TV Show Vol 8
The charismatic Lester is the perfect compare and there is a good natured down home feel about them. Guest on the Vol 7 is Kentucky Slim. There is also a special feature explaining how they were able to get the deteriorated film restored to produce these excellent quality dvds. As always they include a gospel number here and there.

Orville Dollar "Traditional Sounds of Norville Dollar Now" \$30 Norville is a true veteran with a vocal style a tad like George Jones, particularly in the phrasing. Like Shane Worley it is on the excellent Country Discovery label, which is the baby of Mike Headrick, who also contributes 8 of the songs found here along with 1 from Bobby Atkins and 2 from Lawrence Reynolds, including the great "Haggard & Jones". Who can pick the subtle lyrical change he makes?? Great honky tonk.

Tanya Tucker "My Turn" \$30 Brand New album from Tanya features her interpretations of country classics but of course with the appropriate

Tanya sassiness you know it is gonna be good. Even more so that it is produced by Pete Anderson. Guests include Flaco Jimenez on "Is Anybody Going to San Antone", Jo-el Sonnier on "Big Big Love" and Rhonda Vincent who is the perfect foil for Tanya on the Eddy Arnold/Cindy Walker classic "You Don't Know me". Notes are by well know author Colin Escott

Liz Talley – "More Than Satisfied" \$30 The conception that female indie releases don't usually measure up to their male counterparts has been blown away again. Dottie Jack is firmly entrenched as Album of the Year favourite and Liz is knocking firmly at the door. "Bump Bounce Boogie" is a great swing opener, highly reminiscent of Carolyn Martin with the "Timejumpers". Then bang straight onto the second which is a duet with Tony Booth on "What We Don't Have", a classic "George/Tammy" style song from Billy Yates and Jerry Salley. Not a writer herself (apparently) she has some great songs from Melba Montgomery, Becky Hobbs and Leona Williams (2 from each in fact). "One Man's Angel" is a great cheatin' song with a great set of lines ("one man's angel, another man's fool".) An obscure Lacy J Dalton "You Can't Take the Texas Out of Me" is another little swing number. So 2 swing numbers, some great cheating songs, a classic duet. A must for this year's top 10 or higher. Then there is the witty cajun flavoured "Johnny Getting Out of Jail Barbeque". This is great.

Henson Cargill "On the Road: The Mega Years Plus" \$28 Second collection on the great Omni label which postdates his "Skip a Rope" period by ¾ years. His voice has taken on a slightly deeper tone. "1932" is a classic Great Depression tale, of a family making its way to California from the Dustbowl. No happiness here baby! Mother dies just as they cross the State line and Dad takes his life. The final line is chilling "Life was hell for us in 1932". Powerful!! "Oklahoma Hell" is another similar tale. A moral tale in 3 ½ minutes. Black gold....Texas tea (maybe that should be Oklahoma tea??). Red Stegall's "Picking White Cotton" is a bluesy number. "Pencil Walks on The Wall" is in one sense the story of Jim and his growing up, from when he was a boy through growing up stages but then Jim gets called up...you can guess the rest...that's all that is left...the pencil marks on the wall. 26 tracks and of those 3-4 covers may be the only ones that don't measure up. A consummate story teller who likes to add a little morality here and there. Great.

Leslie Thom – High Maintenance \$30 Another fine lady singer who is making a total lie out of the fact that up until recenty female indies have not measured up. "I'll Take the Fifth" is great honky tonker from Becky Hobbs. Fiddles by Bobby Flores and production by Bill Green!! "I Love Texas More Than You" is a swing duet with Ray Benson, wittily sung by Leslie. Two more Becky Hobbs songs keep things rolling along nicely. But she shows she can handle a ballad as well with "What Do I Do With Me Now", a nice waltz. Yes, I ma going to have to change my way of thinking and then some!!

Rick Shea "Shelter Valley Blues" \$28 Californian who has been greatly influenced by Merle Haggard, more so in emulating the style rather than the voice, which is very good. There are songs that you would swear were Hags, but are not. "Shelter Valley Blues" has a similar structure to some of Hag's 80s Epic recordings. Guests include Heather Myles and a couple of the members of Los Lobos who feature on the great Tex Mex track "Sweet Little Pocha". Shea was on the 3rd edition of "Town South of

Bakersfield" which we have liberally quoted as a guide to all things great in country music.

Al Perkins Big Dog 3 \$25 They get their name from the Hank Williams' classic "Move It on Over", notably the line "Move over little dog, the big dog's moving in". Al Perkins has worked with a lot of west coast country rock acts including Gram Parsons, Stephen Stills, Manassas and was a member of Emmylou's Nash Ramblers. His former boss lends a hand on "You and Me" and it is interesting that former Sweetheart of the Rodeo vocalist, Kristine Arnold, makes a comeback and is featured on "Born to Believe" and "She Came Along". Last I heard she was working in a clothing store with her sister (and fellow "Sweetheart") Janis Gill. There is a variety of styles even though you'd classify this as a country rock album...though 2 songs do rock. Other vocal guests include Brigitte DeMeyer who has made her name singing bluegrass tinged folk in Europe

Due Very Soon (end August early-mid September)

This first one is very exciting but it will be a mainstream release so I won't be getting it, but "John Fogerty – Blue Ridge Rangers Ride Again" will certainly be on my own shopping list, though I would not suffer the rubbish that are locally made cds...better get a couple after all!!

****Gene Watson – A Taste of the Truth \$30** New album on Shanachie
If he isn't everybody's favourite vocalist he must run a close second!!

****Billy Yates – Bill's Barber Shop \$30** quite prolific and great writer. Have heard an advance and it is one of his best. He was a barber before making it in the music industry, so consider it to be biographical to a certain extent. A great singer as well as writer.

****James Hand – Shadow on the Ground \$30** We had better not award that Album of the Year just yet as methinks that place may be meant for James, one of the greatest honky tonk singers ever, a co-hort of Dale Watson and much more. An all new James Hand album is a major event at Yesterday & Today Records.

****Larry Gatlin & the Gatlin Brothers – “Pilgrimage” \$30** The Gatlins won me with their overwhelmingly immodest intro many years ago on the “Bill Monroe & Friends” album which went something like “We would charge a lot of people a lot of money just to walk across the street but we would do it all for free for you”...now I thought that was nice and I also think this will be a big album as it will feature “Johnny Cash Is Dead & His House Burned down” which may be this year’s answer to “Who’s Gonna Fill Their Shoes”. Incidentally “Pilgrim” was J R Cash’s nickname for Larry....wonder what John Wayne called him??

Various

Plantation Gold 2cdis 58 tracks \$35 from the Plantation label including the huge hit “Harper Valley PTA” by Jeannie C Riley. Amazing array including superstars and big names such as Webb Pierce and Jeannie C Riley, rather obscure but still known artists such Little David Wilkins, Lawton Williams, James O’Gwynn, through to relative unknowns such as Tokyo Matsu (one of the first Branson performers as well as a fine proponent of Japanese country) and Rod Hart (yes “C B Savage”), through totally unknown artists (and these are the best in many ways) such as Trooper Jim Foster and Margaret Lewis (who does a bizarre answer to “Honey’ which she sings from the beyond. A fabulous set, and hard as it may seem many of the tracks are previously unreleased. BUT that guy who always bugged me for “Groovy Grubworm” still hasn’t called ,even though I answer the phone with expectation.

BEAR FAMILY NEWS

These will be in around first week in September. Please order early to avoid missing out.

This is a very exciting one:

Sons of the Pioneers and Roy Rogers (King of the Cowboys) Complete Recordings 1934 to 1943 6 cd + 160 page book \$240 182 tracks which collect all the STUDIO recordings of both the Original Sons of the Pioneers and then when he went solo the recordings of Roy Rogers. Clocks in around 8 ½ hours. Of the 182 songs 52 are previously unissued recordings. All the original Sons of the Pioneers classics are here including "Tumbling Tumbleweeds" "Roving Cowboy" "Cool Water" along with all the Farr Brothers classic instrumentals. Roy's first solo turn was "Cowboy Night Herd Song" and includes the other gems such as "Black Sheep Blues" and "Hadie Brown" (what a yodeller!) and even has some early Christmas songs. They co-existed for quite a while but over the years the sheer power and magic of these original recordings could not be emulated. Each song is written about by Doug Green of Riders in the Sky, one of the foremost western song authorities. Spectacularly necessary and 10 years in the making.

Johnny Horton – "Gonna Shake This Shack Tonight: Take Me Like I Am" \$32 33 tracks which are only available in the Johnny Horton box set. The previously issued "Rockin' Rollin; Johnny Horton" singlecd is not duplicated in any way. It also is a great way to get a single cd of Horton rarities. Includes a previously unissued rockin' version of "Candy Jones". Best known track is probably "First Train Heading South".

Pat Boone – Rocks \$35 34 tracks which may have a bit more roll on them than rock but they are uptempo and often include covers of some of the best black R & B of the day which didn't get played on commercial radio. Such tracks include "At My Front Door", "Money Honey" a seemingly out of place "Fat Man" plus a cover of Roy Brown's "Good Rockin; Tonight" and "Havin' Fun spo Dee O Dee" (his image didn't allow the "Drinkin' Wine" bit).

Justin Tubb "Gonna Shake This Shack Tonight: Pepper Hot Baby" \$32 should be much more highly represented in the reissue stakes. One of the greatest songwriters Nashville had to offer. He had a big hit with Goldie Hill on "Looking Back to see" and there are 4 duets with Goldie. There is also a duet with Roger Miller on "Mine Is a Lonely Life". Roger and Justin co-wrote "Walking Talking Cryin' Barely Beatin Broken Heart" which was a hit for Johnny Wright and then a big hit for Highway 101 in the early 90s. There are 32 tracks. His RCA albums are some of the best country music ever recorded; I do hope Bear Family release them down the track but for now this is a good start.

Freddie King "Taking Care of Business 1956-1973" 7cd + 104 page hardcover book \$270 Called the Texas cannonball he was one of the greatest blues guitarists and Eric Clapton said "Of all the people I've played with he was the most stimulating". His song "Hideaway" was recorded by both Clapton and Stevie Ray Vaughan. 168 tracks 9 hours plus playing time. His final recordings were on Leon Russell's Shelter Records.

Louie & the Lovers "Complete Recordings" \$32 A Tex mex obscurity which was produced by Doug Sahm and Tom Dowd of Atlantic Records fame. Lou Ortega then spent time after the demise of the group playing with Sam in various versions of the Sir Douglas Quintet.

Sweet Soul Music Series

This is part of the deluxe series in which Bear Family presents the Soul Hits of a particular year and analyses them with a whopping 96pg book.

29 scorching Soul Classics 1966 \$38 79 minutes

30 Scorching Soul Classics 1967 \$38 over 80 minutes.

29 Scorching Soul Classics 1968 \$38 79 minutes +

28 Scorching Soul Classics 1969 \$38 over 80 minutes

24 Scorching Soul Classics 1970 \$38 over 85!! Minutes.

The thing about this series is that Bear Family have ensured they have the original version in the best quality sound.

Rarities There are many one off items. They are all out of print and generally unavailable anywhere so please if just sending for them either list alternates or call first to reserve them.

Axton, Hoyt

Spin of the Wheel (DPI). Perhaps his last album and one of the best with 9 originals, 2 covers of his mother's songs (inc. a great version of "Heart-Break Hotel") + 3 other covers \$28

Austin, Chad

All My Dreams \$25 It some times happens that a record company sends out some advance copies of an album and yet never releases the thing. This is from 1999 and is very good on the Asylum/Elektra label. Other artists on this list who are in the same boat are Radney Foster, Michelle Poe & Jeff Thompson all of them musts.

Barker, Aaron

w. Curtis Wayne "Straight from Horse's Mouth" (2 copies) \$22 BSI label. Both are famed songwriters as well as great singers. 12 tracks inc. the 2 big Barker tracks "Baby Blue" and "Love Without End Amen" plus the Curtis

- Wayne monsters "Love Bug" and "Next In Line" (both co-writes with Wayne Kemp). Also includes co-writes with Dean Dillon & Whitey Shafer. 10/10!!
- Bogguss, Suzy/Chet Atkins **Simpatico Liberty (1994) \$35** A classic with great interplay especially on "Sorry Seems to Be the Hardest Word" and the delightful "Two Shades of Blue". It has a great down home feel esp. when Chet & Suzy share a duet.
- Larry Boone **Swingin' Doors Sawdust Floors \$30**
Down That River Road \$35
One Way to Go \$25
 First 2 on Mercury & last on Columbia. First is very much George Strait style with original version of "Beyond the Blue Neon". Second has "Everybody Wants to Be Hank Williams" a classic and the 3rd has a great ballad selection, "It wouldn't Kill Me" was covered by others But Larry is best. All great esp. if you like Strait & Ricky Van Shelton.
- Browne, Jann **It Only Hurts When I Laugh \$35**
 Perky west coast gal who had 2 albums on Curb which are both superb. This 1991 features great covers & Browne originals. If you like Heather Myles then Jann is a must. They go quickly.
- Cash, Tommy **25th Anniversary Album \$35** 1990 gem with guests including Johnny Cash (on 2 songs incl. 1 on which George Jones also appears) and Mr George Jones is also on the highly pertinent "Hank & George & Lefty & Me". Connie Smith duets on "We've Got Love".
- Conlee, John **Blue Highway \$28** 16 track comp. of MCA material which largely avoids the hits.
Fellow Travellers \$30 16 Avenue label went bust so this was around for about 5 minutes. Highlight the wonderful "Hopelessly Yours"
- Cryner, Bobbie **Bobbie Cryner \$35** Until Miss Leslie's 2008 album of the year this was the only time I had heard a gal sing like George Jones. *This is the best ever female country album released during my years in business.* Dwight duets "I Don't Care".
- Dalton, Lacy J **Survivor \$45** an amazing album; easily her best & that is saying something given the overall quality. Her version of Guy Clark's "Old Friends" ranks as one of the best recordings ever!!! "Hard Luck Ace" manages to tie Waylon Jennings with Janis Joplin.
- Dalton, Lacy J **Crazy Love \$30** Lacy's follow up to the above gem had a great version of Van Morrison's classic as the title song but the highlight was unquestionably "Little Boy Blue" a superb ballad written about her son. Goose bumps!

Davis, Joey Love Songs Waltz's (sic) True Stories & Lies \$35 Rated an all time indie top 10 with 17 superb tracks. From 1989. Pure honky tonk & gem after gem.

Delray, Martin What Kind of Man \$30 1992 Atlantic
Now a professional tennis coach. The fact that country music could think they could let this wonderful vocalist walk away is nuts is scary. Check out Hugh Moffatt's "Life of a Minor Poet" for a rare appearance. Wonderful.

Emmons, Buddy Steel Guitar Jazz \$30 Originally released on Mercury in 1968 and a limited cd reissue OOP

Ethel & the Shameless Hussies Born to Burn 1988 \$25
Another Jimmy Bowen production from 1988 featuring the fabulous Kasey Jones who came steamin' & a rollin' down under in 2008. Sassy female honky tonk with lots of wit esp. on tracks such as "One Night Stan".

Ford, Tennessee Ernie Capitol Collectors Series \$35
This series is simply the best offering by all the artists who are featured on it. This 29 track Ernie cd features all the country boogies, the big hits ("Sixteen Tons" "River of No Return" "Mule Train" etc) plus some great duets w. Kay Starr, Ella Mae Morse etc and the gospel "His Hands". Brilliant variety.

Freberg, Stan Capitol Collectors Series \$35 We will try & include all in this series where possible. The best Freberg compilation includes his classic takes on "A Dear John Letter" (including that great line "Make it more country...a little more husky on the ferlin"). 21 super tracks.

Frickie, Janie After Midnight \$25
Labor of Love \$28 Her
3 albums where she adapted the phoenetic spelling of her real name "Fricke" were her best. "Labor of Love" saw her include songs from Steve Earle & Katy Moffatt & is not to be missed.

George, Sonny Truckin' Country \$30 14 original songs from a great deep voiced artist in a similar style to his classic live album ("Inside Tennessee State Women's Prison"). A great cd.

Greene, Jack The Jolly Greene Giant \$38 Issued on Edsel but deleted 10 years, it is the only cd of his original Decca & MCA recordings (Any others are not original but re-recordings). 20 tracks inc. 3 w. Jeannie Seely.

Haggard, Merle Capitol Collectors Series Simply the best single cd anthology of Haggard's best work with all the classics and more \$25 Best sound.

Haggard, Merle 5:01 Blues \$35 1989 cd long out of print. Includes the great Hag/Freddie Powers co-write "Wouldn't That Be Something" and a

cover of the song made famous by Don Gibson, "Sea of Heartbreak"

Hall, Tom T Songs from Sopchoppy \$25 Tom's comeback to Mercury including the classic "Shoes & Dress That Alice Wore" which is simply one of his finest ever efforts.

Hardwick, Billy Jnr Too Country \$30 Only album and a true gem. With a voice a tad like Dean Dillon he wrote 8 of the 10 songs and all have instant classic. Whenever I played this someone bought it. It is that good.

Harris, Emmylou Last Date \$35 This is the deleted reissue on Eminent with a nice slip jacket (a sleeve that goes over the jewel case) plus it has the rare bonus tracks "Another Pot of Tea" & "Maybe Tonight".

Hobbs, Becky All Keyed Up \$30 Wrote every song on the album in which "Jones on the Jukebox" (a co-write with Mack Vickery and Don Goodman) is the classic all time female honky tonk track.

Honeys Capitol Collectors Series \$40 This is the group which features Brian Wilson's future wife Marilyn Rovell and is produced by Brian Wilson who uses his Spector influence to produce a Ronettes' style. "Raindrops" is a superb take on the Spector sounds and includes great original songs and select covers. Very rare!!

House, James James House \$30 (1989)
Hard Times for an Honest Man \$30 1990
Mainly original songs. Both top notch.

Husky, Ferlin Capitol Collectors Series \$35 See the comments for Merle Haggard & Ernie Ford. This 20 tracker has the hits "Gone", "A Fallen Star" & "Wings of a Dove". Superb sound & notes too.

Jansen, Frank My Way or the Highway \$28 Second great cd
Sold a stack but gone now apart from this.

Jones, George You Oughta Be Here With Me \$35 In the overall scheme of things George has not made a lot of albums where every song is superb. To the contrary many albums are riddled with hokey novelties. Not this one though. From 1990 I would rate it the strongest overall selection of songs George has ever had on one album. The title track was from Roger Miller's superb "Big River" whilst "I Sleep Just Like a Baby" is the closest it gets to a novelty but clever wordplay overrides. 10/10

Jones, George Friends in High Places \$30 Duet album with all songs recorded specifically. Includes Ricky Van Shelton, Vern Gosdin, Randy Travis, Ricky Skaggs etc but the highlight is probably his duet with Shelby Lynne on the Paul

Jones, George Overstreet song "If I Could Bottle This Up". She could have been anything.. Live at Dancetown USA \$55 Amazing album superbly recorded which was on Ace UK label but has been deleted 10 years or so, 26 tracks and over an an hour running time and in great stereo sound. Like the Ernest Tubb below (also from 1965!) this is amazing and George runs through things he has written ("Window Up Above"/ "Ragged But Right"/ "Accidentally on Purpose") as well as songs by Dickey Lee ("She Thinks I Still Care") Harlan Howard, Melba Montgomery etc. Although not a regular "Jones boy" Buddy Emmons joins the band for this set. Also Don Adams (not Max Smart!) acts as the leader of the Jones' Boys & duets with George on Melba Montgomery's "We Must Have Been Out Of Our Mind" as well as a couple of his own leads. Just remembered the classic Jones' line "We're gonna take a short liquor-mission I mean intermission"!!

Kane, Keiran Find My Way Home \$35 rare post O'Kanes pre Kane-Welch album.

Kemp, Wayne One Song at a Time \$35 A rare album by this great honky tonk songwriter & singer inc. "The Fireman" and "Don't Send Me No Angels".

Logan, Josh Somebody Paints the Wall \$55 Superb 1988 Curb album. He embodies the spirit of the wondrous Mel Street. Amazingly good album.

Louvin, Charlie 50 Years of Making Music \$30 Early 90s album with superb guests including Waylon, Charlie Daniels, Tanya Tucker, Melba Montgomery, George Jones etc but the best is Willie on "This Darn Pen" and most people agree it is one of the very best duets Willie ever did.

Lyda, Jacob Here We Go Again \$30 Amazing fresh faced vocalist and this album from Bob Grady Records capture the honky tonk style superbly. Indie wiz Mike Headrick produced.

McCarters The Gift \$40 Wonderful debut inc. great Carl Jackson & Jennifer McCarter track "Letter from Home".

McCarter, Jennifer & McCarters Better Be Home Soon \$25 equally as good but the first is very very hard to get. Jennifer McCarter was given top billing on the second but the harmonies are the same & slight bluegrass tinged songs are ace!

McDaniel, Mel Rockabilly Boy \$35 1989 Capitol gem with some superb tracks inc. "Reverend

Luther & The Madam" and "You Can't Play the Blues in an Air Conditioned Room", a huge personal favourite.

McEntire, Reba Oklahoma Girl \$40 2cds with booklet 40 Mercury tracks when she was a real country artist. Great selection.

McQuaig, Scott Scott McQuaig \$30 Again an album with Jimmy Bowen hallmark and superb as you may expect. Where did he go?? Dave Loggins "My Friend the Bottle" is a classic honky tonk song.

Mandrell, Barbara The Key's in the Mailbox \$25 Sweet Jiminy!! Superb Jimmy Bowen production job from 1991 w. Harlan Howard title song.

Moffatt, katy The Greatest Show on Earth \$28 This was the original issue but was Withdrawn when Ringling Brothers Claimed ownership of the title. It is The best folk country album we have ever had; Katy & Tom Russell have never done a true duet album but this is a worthy substitute!!

Moffatt, Katy Midnight Radio \$25 Out of print on defunct Watermelon label. Almost on par With the previous

Montgomery, Melba And Norma Jean: First Ladies of Country. A compilation not duets. 12 by Norma Jean and 10 by Melba inc. the amazing "No Charge" \$28 (2 copies)

Morse, Ella Mae Capitol Collectors Series \$35 21 tracks with a big band R & B flavour but also country. Best ever "Cow Cow Boogie"

Nelson, Leo Under Neon Lights \$55 Want to know my all time favourite independent, yeah not one of but the top spot?? This is it. Great album produced by Bob Grady with assist from the great Mike Headrick. 12 great tracks with a duet with Bill Arwood on the title track.

Nelson, Leo Heavy for You \$35 An earlier but not as good as the previous, but IMO nothing is!!

Nelson, Willie A Horse Called Music \$35 1990 Born for Trouble \$35 two great Willie albums which are both out of print. The 2nd has no songs written by Willie but features classics from likes of Hank Cochran, Beth Nielsen Chapman & Mack Vickery.

O'Kanes O'Kanes \$40 Their stunning debut with classics "Oh Darlin'" and the bluegrass like romp "Oh Lonesome You". Long long deleted.

O'Kanes Tired of the Running \$38 Second album from Keiran Kane & Jamie O'Hara is also hardest to get. Blind accordionist Jay Spell is superb.

O'Kanes Imagine That \$25 Third and final cd from 1990.

Owens, Buck Hot Dog \$35 Kickin' In \$35 Buck Owens comeback albums

both of which are out of print and very hard to find at all.

Parker, Billy And Friends \$38 OOP Bear Family oop which Had 2 lps worth on a single cd. The first is a duet album called "Something Old Something New" whilst the latter featured Billy alone on "The Last Country Song". On the former he is joined by Cal Smith, Webb Pierce, Darrell McCall Jack Greene and more.

Pennington, Ray + Buddy Emmons "Swinging from the 40s Through the 80s" OOP \$35 Step One release which was originally a 2lp set. Pennington is a great Ray price style vocalist. 22 tracks.

Poe, Michelle Just One of the Boys \$30. Hard to believe this perky blonde's album was never released.

Price, Ray Sometimes a Rose \$25 His last CBS album highlighted by the superb "Not a Dry Eye in the House"

Randall, Jon Cold Coffee Morning \$45 never released & a top album with a duet with then wife, Lorrie Morgan "Knowing You're There" plus "Reno & Me" with not just Willie in cahoots but Emmylou as well!! A true and exceedingly rare item as only a few advances were ever released.

Rausch, Leon Close to You: A 20 Song Salute to the Music of Cindy Walker. Although known as arguably Bob Wills best post Tommy Duncan vocalist this also has more than western swing. What a superb bunch of songs too. \$25

Ritter, Tex Capitol Collectors Series \$38 Tex actually toured here in the very early 70s and Laurie Allen told me of Tex's rather unusual way of snorting when he spoke. Sadly Tex passed on not long after the tour. This cd is the best ever individual cd with his hits "High Noon" (it was he who was featured in the movie), the classic "Blood on the Saddle" and his great version of "Deck of Cards" and "Hillbilly Heaven". There is also the hard to find "Just Beyond the Moon". 25 tracks in all. Superb sound.

Robertson, Kathy Hillbilly Down: To Roy Nichols With Love \$30. Rather eccentric West Coast singer who has assembled a superb bunch including James Intveld, Rick Shea, Katy Moffatt & Merle Haggard!!

Rodriguez, Johnny Gracias! \$40 Fabulous album on Capitol. Released late 80s and included his last charting single, "I Didn't Every Chance That I Had".

Sahm, Doug SDQ 98 \$55 A blink & you will miss it gem as the record company went out of business shortly after release. It is right up there with his "Return of Wayne Douglas" cd and he keeps it pretty much country all the way. Great

version Tom Russell's "St Olav's Gate" & "Ballad of Davy Crockett" Includes his great colleague Augie Meyers.

Sahm, Doug Return of Wayne Douglas \$30 what a gem...what a man. His last.

Sandefur, Brandon Brandon Sandefur \$35 Another of the classic independents we have carried with classic honky tonk such as "Hell Just Froze".

Schneider, John You Ain't Seen the Last of me \$35 As we say, looks like a pretty boy & sings with the best of them. Jimmy Bowen produced.

Sears, Dawn What a woman Wants to Hear \$20 1991 gem. Great tracks all. Went on to be Vince Gill's touring support.

Seekers Capitol Collectors Series \$30. I wonder how an Australian folk pop group could have the absolute best selection of their work on a US out of print compilation BUT IT IS TRUE! Best selection and sound and the notes even tell how Bruce Woodley came to write "Red Rubber Ball" with Paul Simon.

Shafer, Whitey I Never Go Around Mirrors \$30

Shafer, Whitey So Good So Long \$30 Classic songwriter is also a classic Lefty style vocalist. The former includes his versions of "Does Fort Worth Ever Cross Your Mind" (and the title song) whilst the latter has perhaps even a better selection with original version of "All My Ex's Live in Texas", "That's the Way Love Goes" and the superb "Heaven Was a Drink of Wine" for starters!!

Shaver, Billy Joe "Old Five & Dimers Like me" \$30

Shearer, Charlie Salt of the Earth \$30 One of his best and his first, both out of print on cd.

Shearer, Charlie Breakin' Out \$30 another classic indie with Curt Ryle adding great support on the songs & instrumentation.

Simpson, Red Best Country & Western Truck Drivin' Singer \$30 Wordy title but 20 classic out of print Capitol tracks including "I'm a Truck" & "Highway Patrol". Not much diff 'tween Red & Junior Brown.

Smith, Russell This Little Town \$35 Solo album from the voice of the Amazing Rhythm Aces. Great selection.

Spinks, Kelly Thank God for Cowboys \$35 Superb Texas fiddler and vocalist.

Staley, Karen Wildest Dreams \$22 Half a surprise as half produced by Jimmy Bowne and half by Tony Brown. Includes the upbeat "He Thinks He's James Dean"

Springfield, Bobby Lee All Fired Up \$35 An absolute rip snorter. Crazy man who apparently got arrested for climbing over the White House fence in order to visit the President, presumably Ronny Regan. But

his honky tonk style which includes the original "Hank Drank" is grand. Also includes a brilliant version of Eddy Arnold's "What's He Doing in My World" with intro by Eddy himself!!

Stone, Hank In a Texas Honky Tonk \$30 Great Glen Sutton title song & 12 gems more including a duet with Johnny Bush.

Thompson, Hank Capitol Collectors Series \$30 Again the best sounding and best selection. 20 tracks include his gems "Wild Side of Life" with a nice bit of studio talk added in for good measure plus other gems such as "Six Pack to Go", "Blackboard of My Heart" etc. 20 in all.

Thompson, Jeff Jeff Thompson \$50 This was going to be the first Arista country cd even before Alan Jackson's "Here in the Real World" but it was never released which is hard to believe. Great voice and songs of which "The Greatest Man I Never Knew" precedes Reba's by several years and absolutely kills it dead. Semi rockabilly feel on several of the uptempo songs. Great all the way.

Thompson, J W Songs for Real People \$45 We speak of the truly great independents. This is decidedly one of them. "Jesus Loves Cowboys" is just 1 of 16 gems. Darn witty too and J W's great deep drawl is seemingly the product of a few honky tonks....where you could imagine the crowd were kep back by wire.

Marsha Thornton Maybe the Moon Will Shine Tonight \$30 Excellent 2nd cd & better than the self titled first (which goes for nearly twice as much mainly due to its Patsy Cline stylings). Less Patsy & more Marsha!

Wagoneers Stout & High \$28

Wagoneers Good Fortune \$28
1st & 2nd from 1988& 1989 by this great Texas group featuring Monte Warden.
If you like the Mavericks up tempo stuff
You will love these.

Whitley, Keith I Wonder Do You Think Of Me \$35
He had the world at his feet with a voice as good as anyone has ever had but a blood alcohol reading of .470 saw him die as this album was completed. Still a landmark cd with honky tonk songs galore which were sadly not just part of the guise. If you fail to be moved by "Tennessee Courage" when you consider his history then there is something wrong.

Wild Rose Straight & Narrow \$28
Fantastic upbeat all gal group with Pam Gadd on lead vocals & Wanda Vick on guitar & just about everything else.
Kind of a bluegrass supergroup playing

- Williams, Tex hard core country....superbly.
Vintage Collection \$35 20 tracks and includes what was Capitol Records first million seller (any genre) in "Smoke Smoke Smoke That Cigarette. Includes The Western Caravan many of whom had a co-existence with Spade Cooley.
- Young, Steve Solo/Live. \$30 1991 release on the defunct Watermelon label. Very hard to get.
- Various artists
Are You From Dixie Great Country Brother Teams of the 30s \$30 Superb compilation on RCA with sound that could have been recorded yesterday. Features the Monroe Brothers (Bill & Charlie), the Delmores, Blue Sky Boys, Dxon Bros etc.
- Beverly Hillbillies s/t The movie was only just. I mean how could anyone emulate TV's funniest character, Max Baer Jnr's Jethro Bodine or even come close for that matter. But the soundtrack was & still is a ripper with new artists (1993 vintage) doing classic country songs. Joe Diffie's "White Lightning" and Lorrie Morgan's "Crying Time" are just two of the best. Mind you I thought Erika Eleniak was terrific as Elly-Mae. \$25
- Mamas Hungry Eyes A Tribute to Merle Haggard \$25 OOP Major label tribute is grand. Clint Black sounds more like Merle than Merle on "I Take a Lot of Pride in What I Am" and it may seem like heresy but I reckon Vince Gill's "Farmer's Daughter" is possibly better even than Merle's. Also has Emmylou, Alan Jackson, Lorrie Morgan Randy Travis. John Anderson, Willie etc!!
- Red Hot + Country A benefit album for victims of Aids sees a bunch of great artists performing some true classics. Johnny Cash is superb on Dylan's "Forever Young" whilst Mark Chesnutt shows himself to be the best new singer of his era on the Tommy Collins (via Merle Haggard) song "Goodbye Comes Hard to Me". Highlight however is the Mavericks with Duane Eddy & Carl Perkins on "Matchbox".
- Rig Rock Deluxe A Musical Salute to the American Truckdriver \$28. 16 tracks with Buck Owens ("Will There Be Big Rigs in Heaven"), Junior Brown & Red Simpson together (Nitro Express), Shaver (Mother Trucker) Kay Adams with BR549 (Mama Was a Rock) 16 gems!!

Classic Country Artists

- Bare, Bobby 20 Greatest Hits \$15
- Bare, Bobby Singin' In the Kitchen/This I Believe + bonus 2 on 1. One of his most popular albums plus his gospel album + bonus tracks. 28 songs!\$20
- Butler, Carl & Pearl Family Affair \$20 15 tracks + 4 tracks of

Brown, Milton & brownies	Daddy of Western Swing 4cds \$30 Johnny & Jonie Mosby (Koch reissue)
