Postage charges recently increased but we will keep them at this level for this newsletter.

This is our biggest newsletter yet. There is something for everybody. Please be early as some titles are a single copy only. This is very important for the \$5 cds and rarities section. Thank you for reading and please share it with someone else. Any questions? Please do not hesitate to ask.

Book of Lists Part II

Last newsletter I invited participation in this section of the newsletter and I am pleased to say I received quite a few replies, so following are a few. Again, we would invite contributions for future newsletters and especially welcome unusual lists. Let there be no bounds. May even do a few least liked lists.

Yesterday & Today Favourite Random 5 songs.

- 1) "Lillie's White Lies" by Martin Delray...refer rarities section under Martin Delray for a full rundown.

- 2) "Daddy Never Had a Chance in Hell" by Roger Springer Band. They only ever had one album and it is a gem. You will pick up a copy in our \$10 bin. It tells of the dad who used to drive his wife to church. At first he would wait in the car drinking his "Jim Beam from a sack" (what Americans call a brown paper bag). Then he would sit up the back, ostensibly to keep out of the cold outside. Then he began to move a little closer, supposedly because he was becoming a little hard at hearing...but then again "no one could explain about the tie". I won't spoil the ending. Photo finish with Martin.
- 3) "Jack & Lucy" by Hugh Moffatt (with Katy Moffatt). This is a long and brilliant look of the lasting relationship between Jack & Lucy. It starts as children & ends beyond the grave. They could have made a movie; no they *should* have made a movie about it. Once played it 15 times in a row.
- 4) "Icy Blue Heart" by Emmylou Harris from "Bluebird", on the basis that it is the greatest female country vocal I've heard, and could ever imagine hearing. John Hiatt wrote it.
- 5) "Murder on Music Row" by George Strait & Alan Jackson. As much as I like the song I like even better the fact it was seemingly over the head of the dimwits on Music Row who have turned mainstream country music into unlistenable pop rubbish. It gets stuck into them in no uncertain terms and every word in the song is true. The honchos were proven to be even dumber than we thought. Congratulations to writer Larry Cordle.

New & latest

W C Edgar "Old School Survivor" \$28 Great second album which is right up there with his wonderful debut, 'Alcohol of Fame'. All songs are by W C and he has very traditional values. "Old School Survivor" is an anti-Nashville rant which is right up there with some of the best of our hero Dale Watson. (I do wonder when someone is going to do an anti-Nashville song called "Shooting Fish in a Barrel!"). You have to admire WC's dedication..."Old School Survivor" is dedicated to "Rascal Flatts, Kenny Chesney, Corporate Radio and everyone else that's really screwed up Real Country Music as we know it." W C's voice reminds me of Marty Haggard, which is a compliment. It is that characteristic drop a la Lefty at the end of the line which is something to give goosebumps. He tackles the themes of honky tonk music as good as anyone out there and also does a top rodeo song, appropriately called "Rodeo Game", about the special breed of "hombre" who competes. "Dallas" is a real tear jerker, a great play on words about the custody of his son. The Cosmic Cowboy, sentimental old fluff that he is has even rated it up there with the David Oxford classic "Don't Tell the Babies", the highest accolade you can get. All I can say it God Bless W C Edgar!!

Josh Turner "Live at the Ryman" Crackerbarrel exclusive \$30 Josh is one of the few of the new breed I actually like. Great deep voice. It was appropriate that Scotty McCreery rode to success on "American Idol" with a cover of his deep voiced "Your Man". This cd is now finished its limited edition and I have a mere 6 copies. It features a mix of his original songs and covers and it is appropriate that he puts a great spin on a couple of Merle Haggard numbers. His own "Loretta Lynn's Lincoln" is given a slightly more traditional treatment than on his album and that works very well. There is hope out there yet.

Billy Yates "Just Be You" \$28 Billy almost had an album out on Curb, and almost had an album out on Sony. His songs have been widely covered from George Jones (several but notably "Choices" & "I Don't Need Your Rockin' Chair") to Adam Harvey ("Eye of the Beerholder"). But he loses nothing in comparison. Great voice and has maintained ability to write songs that are instant classics. You get the feeling you have heard things like "My Daddy Was a Chevy Man" before. For our Nordic friends, the "On My Way(The Norway Song)" is both amusing though the Swedish Cowboy says he would have liked it better had it been Sweden in the title! "Our House of Love" is a great traditional take on a broken relationship. Classic country. "What Goes Around" is a shuffler. "A Mother's Love" is a great song which brought a tear to my eye. Great new album.

George Jones "Ragged But Right: The Starday Years Plus" \$40 86 tracks 3cds This is a new UK set, nicely presented which has many tracks finding their way to cd for the first time. The notes by Dave Penny are excellent and although only 16 pages there is not a wasted word and it is interesting to read that his initial success was almost by accident when Sonny Burns didn't turn up for a recording session and George had to dub his own voice on "Why Baby Why" and the rest is history. What stands out is the quality of George's writing. "Why Baby

Why", "Yearning", "Tall Tall Trees" (written with Roger Miller), "Colour of the Blues" all carry George's Name and "Rain Rain" is shown as a co-write with the Big Bopper...J P Richardson. George's brief "rockabilly" career (as "Thumper" Jones is also covered. Some tracks were released on Mercury records but were still Starday recordings. A must have item for this legend's earliest and groundbreaking work. Roughly 50-50 as far as Starday & Mercury credits go. Very nice four-fold cover, with many rare photos of the fresh faced young man with a crew cut.

Amber Digby – "Live at Swiss Alp Hall" \$28 (Heart of Texas) Well this is good news and bad news time. As indicated in last newsletter this was coming out on a dvd as well , and it supposedly still is , but they (as in Amber and husband Randy Lindley) are experiencing production problems with the dvd and at best will not be out until August. Some have held off buying the cd on that basis and all I can say is you are missing out on a truly wonderful album. At a smidgeon under 80 minutes and 26 tracks (Pete the Red Quaker...please note) there is great value. The band is superb with her step-father Dicky Overbey again proving himself to be one of the best steel guitar players ever. Also Amber is backed by Randy Lindley on lead and a great addition to the band in Damian O'Grady who previously appeared with Miss Leslie (when Randy was married to the equally grand Miss Leslie). He adds a new dimension and even contributes a couple of fine lead vocals: Bill Anderson' s honky tonk classic "I'll Go Down Swinging" and the classic jukebox romper "A Dime at a Time". So good that a solo album down the tracks has to be on the cards. She does a bracket of duets with the incredible Justin Trevino. Justin also doubles on rhythm guitar and harmony throughout. Amber shines on everything she does, but I love in particular "Just in Case", a Hugh Moffatt song in the honky tonk tradition that was a hit for Ronnie Milsap. Amber has done much more than redo songs from her albums, often a fault with live albums. Do yourself a favour. She is my favourite female singer. And this is a wonderful addition to her catalogue.

Moe Bandy – "Picture in a Frame" \$30 Was out of print for a long time and now back for a very limited run on his own label. Has a mix of new & re-recorded songs. Be quick though. Moe Bandy is very popular.

Alison Krauss & Union Station "Paper Airplane" bonus track version \$30 Exclusive to US Target stores, this edition has 6 bonus tracks, 3 studio tracks "These Days" (not the Jackson Browne song), "A Place Outside" and "Frozen Fields plus 3 live songs "We Hide & Seek", "Faraway Land" and "Everytime You Say Goodbye".

Emmylou Harris "Hard Bargain" cd + DVD version \$25 Apart from the album we also get 6 dvd tracks from the album "Six White Cadillacs"/ "Goodnight Old World"/ "Home Sweet Home"/ "Darlin' Kate"/ "Big Black Dog" / "The Road".

Bill Anderson – "Country Family Reunion Presents "Bill Anderson's 50th Anniversary Celebration" 5 DVDs \$110 The Country Family Reunions is excellent but they charge a premium price. This is great as Bill talks, chats and sings with many members of the Country Music Hall of Fame. He provides anecdotes and sings the songs that made him one of the very top Music City songwriters ever.

Grandpa Jones "Makes the Rafters Ring" \$28 Omni Contains two of his Monument albums: "Makes the Rafters Ring"/ "Yodelling Hits" which are supplemented by extra tracks from the albums "Sings Real Folk Songs", "Grandpa Live" and "What's for Supper" to give a whopping 32 tracks in all. Some of the

songs are re-recordings of earlier King recordings and are improved in the Monument remakes.

Stonewall Jackson "The Lonesome in Me" \$28 Omni The Bear Family set covered the period up till 1967 so this 1970 album (with supplementary tracks) is unique to this cd. He is not generally known as a full on honky tonker but he hits the mark time and time again. "Morals of a Man" is a song about the woman left holding the baby who knows all about the 'morals of a man'. The backing is laid back and I don't know if it is coincidence but some of this reminds of Johnny Paycheck's great Little Darllin' label output. Pure country music with absolutely no outside influence. But again moralising is something that Paycheck didn't really go for, whereas "Better Days for Mama" certainly is, sung from the point of view of a woman's jailed son, who realises at the grave side that mama has finally reached the better days. Actually "Booze Plus Blues" was on the Bear Family box, but was included on the "Lonesome In Me" album because of its thematic connection. The supplementary tracks include "The House of Bottles & Cans" the last of this cds' generous 28 tracks. A classic drowning your sorrows romp. Recommended.

Gene Watson "Memories to Burn/ Starting New Memories" 2 on 1 Hux UK \$30 This excellent new UK 2 on 1 release finally sees the fabulous Carmen oncd. There was a woeful video of extremely poor quality from Church Street Station which featured Gene doing "Carmen" and I don't know how many times I was asked for that track over the years but it was more than once or twice(!). These 2 albums from 1986 & 1987 offer further evidence as to why Gene is one of the very best country singers ever.

Gene Watson/Rhonda Vincent "Your Money & My Good Looks" \$25 This gets a double wow. A full on duet album from Gene & Rhonda. I am trying to work out how Rhonda could be rich..., then again that may be a reference to Gene. They trade vocals in true duet fashion and revive a couple of old Gene numbers and superbly so. They also do a great take on "Til the End" a classic Vern Gosdin ballad which set the tone for his solo career on Columbia. That was Vern & Emmylou, this is Gene & Rhonda!! They do a mix of covers as well as some new songs including Larry Cordle's "It Ain't Nothing New". Rhonda has of course been a mainstay in bluegrass but has ventured regularly into the country arena and in fact made 2 albums for Warner Brothers in the early 90s. But a top vocalist can adapt and that is what she does, with a certain understated charm that few can match. The country duet lives!!!

Riders in the Sky "Thirty Years: The Cowboy Way Live in Concert" DVD \$28 75 minutes + 19 tracks. First ever dvd. Stunningly entertaining and with a great feel for traditional cowboy music. Ranger Doug and co have a great entertaining show which has everything from yodelling (Ranger Doug is a great Roy Rogers' style yodeller) to humour.

Don Gibson "Look Who's Blue /O Lonesome Me" 2 on 1 \$30 Don Gibson had a lot in common with Willie Nelson (or maybe that should be vice versa) in that he was a brilliant writer who was also a brilliant interpreter of other people's works. The second of the two albums on this cd may be the greatest singer-songwriter album ever...you'd probably have to compare it with Kristofferson's first, it is that good with "I Can't Stop Loving You" / "Blue Blue Day"/ "Oh Lonesome Me" and "It's Too Soon to Know" just for starters...he wrote the 1st & 3rd of these on the one day!! Whilst the second album did contain his own "Just One Time" it was his interpretations of such classics as "It Only Hurts for a Little While" and the classic "Lonely Street". Track after brilliant track on this UK cd.

Wilburn Brothers – “In Harmony” 3cd box \$45 Doyle & Teddy’s work has been very hard to get, so this excellent 3 cds is great to have. Has 3 full albums: “Wilburn Brothers”/ “Side By Side”/ “Living in God’s Country” plus a bunch of singles and other rare tracks. 52 tracks altogether/

Joe Ely – “Satisfied at Last” \$28 First album in a while from a third of the Flatlanders and their most successful high profile member. Butch Hancock provides a song that will possibly be the most popular, a modern day pseudo western song, “Circumstance” that could have been in A Clint Eastwood spaghetti western. “Not that Much Has Changed” has some nice Spanish flavoured guitar that was so appealing on “Letter to Laredo”. Every track has a slightly different style and acts if you like as a summary of his career.

Laura Cantrell – “Kitty Wells Dresses” \$25 Diesel Only Great label that was responsible for the “Rig Rock” albums. This is a tribute to Kitty Wells, one of the first female country singers to make it big largely through country’s best answer song “It Wasn’t God Who Made Honky Tonk Angels”. Laura has been good in the past when she has chartered a straight country course and does so very well here. The album does classic Kitty songs such as ‘Making Believe” and somewhat landmark songs such as “I Gave My Wedding Dress Away”. Backing is excellent with assists from members of BR549 in Chuck Mead & Chris Scruggs (son of Randy & Gail Davies)

Kate & Anna McGarrigle – “Tell My Sister” 3cds \$45 Kate McGarrigle was married to Loudon Wainwright III and passed away last year. This 3 cd set covers their early Warner Brothers albums “Kate & Anna McGarrigle” and “Dancer With Bruised Knees”. Always rated 2 of the best female folk styled albums ever. The first includes Anna’s “Heart Like a Wheel” which was the title cut on perhaps Linda Ronstadt’s best album. It also includes a humorous song from future husband, Loudon, “The Swimming Song”. They do one French song on the first album and 3 on the second, which reflects their Canadian (Montreal) heritage. The second album even included a guest spot from Bill Monroe. These two albums have been remastered to and audiophiles will no doubt be happy with the result. The third cd is previously unreleased demo recordings and alternate versions etc.

Kitty Wells “Country Hit Parade/ Winner of Your Heart \$30 2 on 1 So much of Kitty’s classic work remains unissued that it is good that Hux label are finally getting to releasing some of the classic album output. These contain her first two albums. She was one of the first females to release albums.

Webb Pierce “Fallen Angel/ Cross Country” \$30 2on 1 Same applies with Webb; apart from the early recordings on Bear Family, and a few hits packages which in effect contain much the same songs. These 1961 & 1962 albums contain some of his strongest album work.

Bonnie Lou – “Friction Heat 1953-1958” \$25 Great 32 tracker that features some rockabilly oriented tracks such as the title song but also classic country songs such as “Just Out of Reach”, a great defining version, and “Have You Ever Been Lonely”. Her version of “Seven Lonely Days” not only preceded but outperformed that of Patsy Cline, certainly no mean feat.

George Jones “Who’s Gonna Fill Their Shoes /Wine Coloured Roses” 2 on 1 \$30 These have been virtually impossible to find, having had very short cds runs in the 80s. when cds first came out. The title track has as much relevance today as it did then. Incredibly necessary album. “You Never Looked That Good When You were Mine” (also done by John Anderson) is an out and out classic.

George could have sung the phone book at this point in his career. His voice was at its absolute peak and the songs were thrown at him. A must!

Chet Atkins/ Jerry Reed – Me & Jerry/Me & Chet 2 on 1 \$30 This has been out before and seemingly gets deleted with everyone wanting one. The interplay between the two is classic. These set the pattern for albums such as the excellent “Neck & Neck” with Mark Knopfler. Grab it while you can and you *should* get the one we have in the “RARITIES”. Two great guitarists who sing and charm. Sadly both are now deceased.

Moe Bandy/ Joe Stampley – Just Good Old Boys/ Hey Moe Hey Joe \$30 Two on one of the good time albums by Moe & Joe. They later released a live album which rehashed some of these but these are slightly more low key and easily better. So in effect these are their only two all original albums

Wanda Jackson – “Blues in My Heart/ Love Me Forever” \$30 Mouth watering pure country classics from Wanda’s fabulous Capitol output of the 60s. The albums came out in the reverse of the order here. “Love Me Forever” has a very sensuous looking Wanda on the cover whilst the second has a theme of the blues. Wanda’s best period.

Larry Jon Wilson “New Beginnings” Omni \$28 He shared a label with an equally deep voiced Kris Kristofferson and had previously been the home of Tony Joe White. You could combine a bit of Tony Joe’s voice with a little of Kristofferson, add a bit of folkiness and you would somewhat approach the sound of Larry Jon Wilson. Larry Jon also sounds like latterday hero Dallas Wayne. It is probably best to say savour this unique singer if you are a fan of the above mentioned artists and the likes of Mickey Newbury & Townes Van Zandt, 20 tks.

Kimmie Rhodes “Dreams Of Flying” \$25 There is a treat for long time Kimmie fans on this album. Check below in the rarities and you will see Kimmie first did “Just One Love” as a duet with fellow west Texas Joe Ely. Well lo & behold she joins with Joe once more for a great take on the Donovan classic “Catch the Wind”. In the hands of someone else taking a track at this slow a pace would have been a disaster but they pull it off with stunning ease. The rest of the tracks are from Kimmie’s hand. “Luh Luh Love” is a rare uptempo number and whilst it provides a contrast, it is the lilting Kimmie ballads we love best.

Rick Trevino In my Dreams/ Whole Town Blue WB \$25 2 on 1 Rick made 3 country albums for Epic and then after quite an absence had an album of all new material out in 2002, which was produced by Raul Malo of the Mavericks. It was a little like the Mavericks in style with a mix of upbeat Tex Mex-ish songs and stylish ballads. Well it seems that a second album was made shortly after and never released. Certainly it had nothing to do with the quality of the music as Rick was in fine form. So it is with kudos to Warner Brothers for releasing that second album as a two on 1 with the first. ‘Better in Texas’ is very much in the flavour of the Mavericks and pays homage to Rick’s heritage. And you would certainly not get a better play on words than in “Remember the Alimony”, an ode to a friend contemplating divorce. “Because of You” has a traditional country feel. Great to have the new album with the old one an added bonus.

Porter Wagoner Show 20 DVD set \$360 This is also available individually at \$25 per DVD but trust me you are going to want the lot. Great quality and each DVD has at least an hour & a quarter on it. There is a veritable who’s who on these. As an example Volume 1 has Norma Jean, Lefty Frizzell, Waylon Jennings, Hank Williams Jnr, Kitty Wells . Volume 2 features Bobby Bare, Dolly Parton, Roger Miller, Webb Pierce, Hank Snow, Faron Young and Stonewall Jackson and

so on with Volume 20 featuring Jeanne Pruett, The Kendalls, Eddy Raven, T G Sheppard etc. The quality is taken off actual archive tapes. Of course the great Porter is hard to beat both as a compere and performer.

Wilburn Brothers Show 4 DVD set \$90 Another must have set of DVDS with the show broadcast in colour from 1974. Volume One has Bill Monroe, Ernest Tubb, Sara & Maybelle Carter(!), resident guest Loretta Lynn and the likes of Tammy Wynette, Oak Ridge Boys. Volume 2 has Dave Dudley, Hal Rugg, George & Tammy (!), Waylon Jennings, Strinbean and so on. Volume 3 has Don Williams, Clyde Moody, Jean Shepard and so on. Around 8 hours all up.

Loretta Lynn - Just Loretta DVD \$25 36 songs taken from the Wilburn Bros Show. Over 80 minutes ofjust Loretta.

Del Reeves – Country Carnival DVD \$25 around 2 and a quarter hours with the likes of Jerry Reed, Bob Luman, Bobby Goldsboro, Tom T Hall, Skeeter Davis, Jeannie C Riley & so on.

Billy Walker Country Carnival DVD \$25 Over 2 hours with Jack Greene, Little Jimmy Dickens, Osborne Brothers, Hank Snow, Jimmy C Newman. Etc

Jake Hooker – One Man World \$30 with Bobby Flores on fiddle, Doug Jernigan steel, Hargus Robbins on piano, Pete Wade on lead guitar and of course Jake himself on upright bass. Tracks: One man World/ Don't That Beat All/ Get Some Loving Done/ Born to Love You/ Look Who's Foolin'/ I Wish I Felt This Way at Home/ Warm Red Wine(You're my Sunshine/ My Love/ That's Were My BabyFeels at Home/ The Ledge/ Welcome to My Lonely World/ What's Fort Worth

Wood Newton "Just for the Love Of It" \$30 See below in rarities under Martin Delray to read about this great artist. I only have the last 2 copies of this cd. Again I am hoping Wood will do another. It is like meeting an old friend.

Smithsonian Folkways

Folkways began as a label in the 40s and its survival was for a time uncertain until taken over by the Smithsonian Institute. All records that were released on the label are available as special edition cds. They sound excellent. The records on the label were often pressed on the worst quality vinyl and so these are a revelation. So we are carrying a few and anything you think may have been on Folkways is orderable.

Boggs, Dock "Legendary Singer & Banjo Player" \$25 Sixties recordings with anecdotes thrown in.

Greenway, John "Talking Blues" \$25 The talking blues was an early form of country song characterised by a set rhythm over which the singer told his tale. It was originated in the 1920s by Chris Bouchilion and this 1958 album collected songs from a number of sources and is said to have influenced Bob Dylan who implemented several on his early albums. 15 tracks in all.

McClintock, Harry K "Haywire Mac" \$25 This features not only McClintock singing songs he was famous for , most notably "Hallelujah I'm a Bum" (a favourite on Auntie Millie's pianola!!) and "Big Rock Candy Mountain" but also talks about them which is quite entrancing. He died in 1957. He talks about the history of "Big Rock Candy Mountain" and isn't overly kind to Burl Ives version of same.

McGee, Bobbie "Songs for the Working Women" \$25 The protest song is one of the mainstays of American folk and that is what we are given here. 13 songs, mainly from Bobbie (wonder what relationship there is to the Kristofferson standard. "Bread & Roses" has of course become a folk standard though its association with Joan Baez and her sister Mimi Farina.

New Harmony Sisterhood Band "And Ain't I a Woman" \$25 This is excellent harmony group which plays in a stringband style. Mainly about oppression of women in the work force ("Cotton Mill Girls"/ Working Class Woman") but also includes tales such as the epic "Amelia Earhart's Last Flight" and the ode to Isabella Baumfree who was known as "Sojourner Truth", the first women's abolitionist...and also adapted by the wonderful Katy Moffatt.

New Lost City Ramblers "American Moonshine & Prohibition" \$25 17 songs about Prohibition & intoxication. Headed by Pete Seeger's late brother, Mike Seeger and John Cohen.

New Lost City Ramblers "with Cousin Emmy" \$25 The rustic charms of the multi-instrumentalist and true character, Cousin Emmy. One of the greatest folk/bluegrass artists.

Phipps Family "Faith Love & Tragedy" \$25 Includes "Red Jacket Mine Explosion", "The Great Titanic" plus traditional numbers such as "I Never Will Marry" and "Unclouded Day".

A few Folkways specials...1 only of each.

Allen, Harley Across the Blue Ridge Mountains \$18 Bluegrass From 1983 including Josh Graves, Vassar Clements etc.

June

Arnold, Eddy - "Tears Broke Out on Me" \$32 30 tracks from Studio B with 29 mixed in Living RCA Stereo for the first time. Dates between 1958 and 1964 and includes 7 previously unreleased tracks. Musicians include Chet Atkins, Hank Garland, Floy Cramer etc. Has 10 Billboard charting hits making their first appearance on cd.

Burns, Sonny "Real Cool Cat: The Starday Recordings" \$32 The history of George Jones is intertwined with that of Sonny and Starday were prompting Sonny ahead of George. It is hard to believe that George had his first break because Sonny was an erratic hard drinking womanizer but that was the case. Includes 31 tracks with a 56 page book. Great songs including the prophetic "Satan's A-Waiting" and "Too Hot to Handle", His only worst enemy? Believe it.

Clooney, Rosemary & Perez Prado – "A Touch of Tabasco: The Velvet Lounge" \$32 George's aunty was married to Jose Ferrer who introduced Rosemary to the Latin style of Prado and this has a mix of Latin rhythms and all American songs given the Prado treatment.

Hawkins, Ronnie "The Ballads" \$32 30 tracks and over 80 minutes. Of course some are backed by the Band. Ends with his chart hit "Down in the alley"

Lee, Brenda Rocks! \$32 36 tracks over 80 minutes, 52 page book. She started with one of the best ever rockabilly tracks "Bigelow 6-200" when she was not even a teenager, and she was also responsible for the greatest Christmas rocker ever "Rockin' Around the Christmas Tree". And don't forget "Boogie Woogie Country Girl". Not to be missed....baby!

Prima, Louis with Sam Butera & Keely Smith "Jump Jive & Wail: the Velvet Lounge" \$32 Over 80 minutes and 30 tracks. He was one of the first major acts to set up base in Las Vegas.

Various

Diddy Wah Diddy: Ain't a Town, Ain't a City Rock N Roll and Hot Country from Jackson Mississippi Delta Records. \$32 Lots of obscure artists mixed with a few better known, the best known being Warner Mack. You'd have to like someone called Wendell Cool Cat Cannon!!

Stickbuddy Jamboree: Country Music From Delta Records \$32 30 tracks of regional hillbilly with a lot of lesser knowns interspersed with a few better known, such as Billy Byrd, Jimmy Swan & Mwarner Mack.

August

1. Bruce, Vin Dans la Louisianne \$32 early cajun said to have influenced Hank himself. 20 tracks 54 minutes

2. Gonna Shake This Shack Tonight: From the Vault of Sage & Sand Records \$32 74 minutes There are a lot of known artists such as Eddie Dean, Doye O'Dell (Town Hall Party), Jenks Tex Carmen, Whitey Pullen, Tex Atchison but Wally & Don, Jack Morris, Les York etc are what makes this so intriguing. This series empahasises the upbeat side of things.

3. Little Richard Rocks 31 tracks 72 minutes \$32

4. Mack, Warner Baby Squeeze me \$32 38 trcaks and over 80 minutes

5. Prisonaires & Marigolds Only Believe: Unissued and Rare Nashville Vocal Group Recordings \$32 inc. 11 Prisonaires songs recorded at the Tennessee State Penitentiary where they were "incarcerated" They of course wrote "Just walkin' in the Rain!"

6. Story, Carl & the Rambling Mountaineers: Bluegrass Gospel and Mountain Music 4 cds + 112 page book \$180 5 ½ hours 134 tracks. Inc. 25 previously unissued. Covers 1947-1959

7. Tillotson, Johnny The Outtakes 2cds 58 tracks 160 minutes \$58 I am personally looking forward to this. On the cd "All the Early Hits & More" there is an outtake of "Poetry in motion" in which Johnny cracks up after a dynamic sax solo from Boot Randolph. The recording quality on that was stunning!! Many are in stereo whereas the original releases were not. Bound to be a lot of fun. And the Nashville A team shines!!

8. You Oughtta See My Fanny Dance: Previously Unissued Western Swing 1935-42 31 tracks and over 80 minutes including some of the best known artists such as Roy Newman, Al Dexter, Ocie Stockard, Adolph Hofner and unbelievably Bob Wills! But it also includes Slim Harbert, Leon Selph, Dick Reinhardt and the Hi flyers!!

Rarities Section

It is superfluous to use it here because they all are but if you see the abbreviation OOP in the rest of the newsletter it means OUT OF PRINT, in other words no longer available. These are very hard to find BUT most significantly all great. They are here because of that.

Atkins, Chet/Jerry Reed Sneakin' Around \$30 Great album that followed on Chet's equally great effort with Mark Knopfler & earlier albums with Les Paul & Merle Travis. Lots of good time humour and some great guitar.

Ball, David David Ball \$28 This was going to precede "Thinkin' Problem" and in their wisdom RCA didn't release it. A pity as it is very good with originals & covers. A must for David Ball fans, and isn't that just about everyone??

Bellamy Brothers Rebels Without a Clue \$30 Their MCA album from 1988 was their best with the title track, "Fountain of Middle Age", "The Courthouse" & "Andy Griffith Show" being just some of the classics. This is perhaps the only album they made like this...where every track hits the mark.

Berry, Benny Standing Here Alone \$48

Berry, Benny Some Things Never Change \$45

Berry, Benny Mama's Rockin' Chair \$40

Berry, Benny When the Trains Still Ran Through Dixie \$40

Hawk Records from Northern Ireland was the company that released Oklahoman Benny's first 4 albums. Everyone who was a Merle Haggard fan loved Benny. He had a similar timbre in his voice and was ably backed by a team led by Mike Headrick, a picture of whom is hung on the Swedish Cowboy's wall and to whom the (highly religious) Swedish Cowboy says a prayer of thanks every night. Benny also is the recipient of our greatest EVER independent artist award. Others may disagree but they are entitled to be wrong. Every one of these is nothing less than brilliant, especially for fans of Merle Haggard.

Bogguss, Suzy/Chet Atkins Simpatico \$20 Extra special price. One of Chet's last albums and one of Suzy's best, if not the best. A must have. Highlights are many but personally can't go past the fabulous Johnny Cash song "I Still Miss Someone" and Elton John's "Sorry Seems to Be the Hardest Word". Wonderful song with Chet showing why he is so revered, great guitar "Two Shades of Blue" may be better with a hint of accordion.

Boone, Larry Down That River Road \$35 As good as it gets. A great songwriter & singer he reminds of George Strait in the late 80s! Superb, Mrs Johnson. Includes his "Everybody Wants to be Hank Williams" with the almost scary refrain ..."but nobody wants to die" ..

Brown, Roger – Rodeo Boogie \$35 Had a wonderful 5 tracker on MCA which had superstar written all over it but MCA never went on with it. This is his one full

length album, a combination of swing a la Junior Brown I guess and honky tonk with a real Texas feel. Still hoping for another.

Browne, Jann Tell Me Why \$30 1990 gem long OOP As well as being a cracker singer she is a great writer with the highlight being "Louisville". Emmylou guests.

Browne, Jann It Only Hurts When I Laugh \$25 Her 2 Curb albums (this and the one previous) were both crackers but she was and is a west coast artist with an affinity for the music of Buck Owens and I guess she was hard to promote out of Nashville. Emphatically great and Heather Myles fans would adore Jann.

Cartwright, Lionel Lionel Cartwright \$30 Was nominated as one of 1989's 3 best new artists along w. Clint Black and Garth Brooks. He loses absolutely nothing in comparison. Whilst a stunning songwriter Paul Overstreet's "Like Father Like Son" is a knockout.

Cash, Tommy Let An Old Racehorse Run \$28 12 track indie on Playback inc 2 duets with Jeannie C Riley, who we are told turned Tommy's life around (along with the lord). Don't you just love liner notes!!

Conlee, John Fellow Travellers (16th Avenue) \$35 This gem had a short release as the label went out of business. Big voice of Conlee is unmistakable and great songs on this Bud Logan produced gem.

Crickets T-Shirt \$30 Great late 80s album featuring Gordon Payne (a close compatriot of Waylon Jennings) on vocals & guitar with original Crickets alumni Jerry Allison and Joe Maudlin. Great commercial sound...in the sense it is catchy as well as being excellent. Don't confuse that with the "commercial" as used to describe today's country music...which in reality is best described as brain dead. Highly sought due to the presence of Paul McCartney. Nice semi rockabilly meets country feel.

Cryner, Bobbie Bobbie Cryner **once only special price****\$30** I always say this gem is the best album by a female we have ever had & (until Miss Leslie came along) the only time I have heard a female sing like George Jones. Very much like Melba Montgomery to these ears. Wonderfully produced by Carl Jackson, it also includes a great duet with Dwight Yoakam on the classic "I Don't Care", a classic for Webb Pierce. Still as good as it gets.

Curless, Dick – The Drag 'em off the Interstate Sock It To Em Hits of Dick Curless \$35 Razor & Tie's great 21 track best of highlighting the deep deep voice of the king of the truckers. Of course it includes his them song "Tombstone Every Mile" but I love the track from one of the all time great albums "Live at Wheeling Truck Driver's Jamboree" and that is "Chick Inspector".

Curtis, Sonny No Stranger to the Rain \$30 Sonny Curtis was an original Cricket...yes with Buddy Holly...who is also a great songwriter and singer. As a writer he wrote the title track, of course a massive hit (biggest in fact) for Keith Whitley, part of the 5 in a row #1 singles Keith had and also CMA Song of the Year, when such an accolade really meant something. He also wrote "I Fought the Law" plus several hits for Buddy Holly. Also a fine singer. This was a UK only release from 1990.

Dalton, Lacy J – Survivor \$40 This rates as her very best album which is really saying something given the overall quality. Her version of Guy Clark's "Old Friends" ranks as one of the best recordings ever!!! "Hard Luck Ace" makes reference to both Waylon & Janis Joplin. A magical album. As good as it gets.

Daniels, Clint Clint Daniels \$40 _This was typical of the mid to late 90s. Great albums which were shelved whilst the overall standard went down. This was eagerly awaited and would have been on Arista. Alas it was never released. A great bunch of musos and all bar three songs were by Clint. When I tell you the other songs were by Larry Cordle & Dean Dillon you know it is special. This has full booklet and back graphics, something I have never had except with this.

Davies, Gail – The Other Side of Love \$30

Davies, Gail – Pretty Words \$28 one of our favourites and certainly in the very top echelon of Nashville female writers and singers. Wrote 8 of the songs on the

self produced capitol album. Vince Gill guests. The second is front 1989 and was produced by Jimmy Bowen.

Davis, Joey "Love Songs, Waltz's True Stories & Lies" \$40 The spelling may be a bit out but 17 superb honky tonk tracks are as good as it can go. "Barroom Hall of Fame" may be the best Everybody loves this album.

Delray, Martin Get Rhythm \$48 This is absolutely one of the best albums we have ever had and whilst the title track features Johnny Cash joining Martin in a sensational duet, I have no reservations in saying Martin's version of the Wood Newton song "Lillie's White Lies" is the best album track on any album we have ever had. The fact the rest of the album is nothing less than great makes this a must have. Trivia: Martin's real name is Mike Martin and he is a professional tennis coach. We still await his third album. Recently I had the pleasure of seeing Wood Newton perform at the Bluebird Café. It was one of their famous "in the round" songwriter's nights and included Jerry Salley, who was very good but Wood absolutely stole the show. Not only did he do "Lillie's White Lies" and put a wonderful spin on it, and also dedicated it to me(!) he also did the song which was a hit for David Ball, "Riding With Private Malone". His preamble was so wonderfully filled with emotion that there was not a soul in the Bluebird who was not similarly touched. He is also a man of many talents. His photograph adorns the Townes Van Zandt "Flying Shoes" album cover. I am trying to talk him into releasing a cd with them on.

Delray, Martin What Kind of Man \$28 Second of only 2 albums by a man whose real name is Mike Martin and is now a top tennis coach. Great deep voice and also a great guitar player. Stunning version of Steve Earle's "Sometimes She Forgets". This should be in every collection.

Dillon, Dean Slick Nickel (Capitol) \$75 Your girl just dropped her ring on Bondi Beach. You don't know where. But you would have more chance of finding it is 5 minutes than finding one of these. What a great album. Apart from his own stunning songs (including the very personal "Father Son & Holy Ghost") he does a wonderful version of Del Shannon's "I Go to Pieces". But his own "You Sure Got this Old Redneck Feelin' Blue" as covered by the excellent Billy Hardwick Jnr (see below) and a co-write with Paul Overstreet, "Still Got a Crush on You" are as good as it gets. Come to think of it so is the whole album!!

Dunn, Holly Across the Rio Grande \$38

Dunn, Holly Holly Dunn \$38

Dunn, Holly Cornerstone \$38 Holly Dunn's first 3 albums on the MTM label were definitely her best with the self titled one containing her biggest hit in "Daddy's Hands", the second "Cornerstone" maybe her best with 2 stunning tracks in "Strangers again" & a delightful version of Jim Croce's "Lovers' Cross" whilst the final MTM album had her delightful version of the title song, also done by Reba, but Holly wins!! All 3 albums are delightful.

Earle, Steve The Hard Way \$20. Includes "Billy Austin" a wonderful tale of a condemned man. Followed his "Copperhead Road" album.

Eddy, Duane That Classic Twang \$40

Eddy, Duane The Twang's the Thang/ Songs of Our Heritage \$40 Bear Family had the rights to the Jamie catalogue (Eddy's original recording label) and these two are acknowledged as the best sounding Duane Eddy albums. The former features 15 songs in true stereo for the first time. Now out of print.,

Flatt, Lester Anthology \$45 2cds This was issued by RCA Japan and features 40 of Lester's excellent immediately post Flatt & Scruggs work. As with most Japanese releases it was a once only run. If you want an alternate you have to go to the complete Bear Family box set.

Ford, Tennessee Ernie with Glen Campbell Ernie Sings & Glen Picks. \$30 Great album which features Tennessee Ernie accompanied by the acoustic guitar of Glen Campbell, who largely does not sing, except "where I can't help myself". Ernie's baritone is superb throughout. Great choice of songs including the

Kristofferson trio of "Nobody Wins", "Loving Her Was Easier", "For the Good Times".

Freberg, Stan Capitol Collectors Series \$20 21 tracks. The sound and presentation is stunning. Collects the best of Stan's musical parody tracks plus his "Green Christmas" tracks.

Frickie, Janie Labor of Love \$28 This 1989 CBS release was one of her best two with the highlight being stunning version of Steve Earle's best song, "My Old Friend the Blues".

Frizzell, Lefty "That's the Way Loves Goes: The Final Recordings of Lefty Frizzell" \$45 We used to say you can also get these tracks on the Bear Family box set but that is also out of print. Lefty's voice was in amazing shape here.

Gaddis, Ron Chip Off the Old Block \$40 Ron was for many years the bandleader for George Jones and he was the guy who duetted with George on live versions of "No Show Jones". He was also the first husband of Lorrie Morgan; now that is a lot of water under the bridge story. Obviously there was no lasting acrimony as Lorrie joins him on "All Day All Night Thing", a great song. The all out honky tonker "I Fell Off the Wagon" features his former boss, The Possum himself and Porter Wagoner joins on "When the Shiny Silver Eagle meets the Great Speckled Bird". As you might expect there is more than a little George Jones influence. Hard to believe this is Ron's lone album, A superb one too.

Gosdin, Vern Alone \$35 This is the album which followed his majestic "Chiselled in Stone". This is mainly ballads, that reflect the break up of a relationship, something of which Vern is said to have had a lot of practice, I guess that has had a lot to do with his continual promotion of young protégés! It may be the greatest crying in your beer album ever!!

Gosdin, Vern The Voice \$35 His mid nineties album which showed there was still a lot of life in the old boy....maybe due to that ever present (and ever changing!!) protégé. The opening track "Chip Off the Chip of the Old Block" is a great career summary and has been done with great aplomb by Ron Gaddis. Equally great is the Vern co-write "Back in the Swing of Things", which has been widely recorded but Vern's version is probably the best...heck it is the best!!

Grand, Gil Famous Last Words Never actually released. \$20 has partial graphics & have just acquired the only one I have ever had with full graphics **\$35**

Greene, Jack The Jolly Green Giant \$38 20 MCA & Decca tracks long deleted. Only time the originals have been on cd. Inc. 3 duets with Jeannie Seely. This came out on the Edsel label out of the UK. Good notes by John Lomax III

Haggard, Merle Capitol Collectors Series \$25 20 tracks. The best single cd of Merle at his best. As a guide the Capitol Collectors series of releases were simply the best sounding and compiled of any label,

Haggard, Merle His Greatest And Best \$25 MCA collection which is very well compiled and features his great tribute to Tommy Collins, "Leonard", one of his best ever songs IMO!

Hardwick, Billy Too Country \$25 A great singer and writer's only album. Like Dean Dillon somewhat vocally and does a stunning version of Dillon's "You Sure Got This Ol' Redneck Feelin' Blue". For those of us hoping for a follow up album I think we can now stop holding our breath A+ Consistently rated in fans favourite cds. Apparently walked in the record company and they signed him on the spot.

Harms, Joni Hometown Girl \$35 Joni's original Capitol album. Very hard to get. Joni has carved out a career for herself singing western oriented songs and this holds up remarkably well, perhaps as production by Jimmy Bowen and song choice are both first class.

Harris, Emmylou Last Date \$40 On defunct Eminent label & has 2 bonus tracks. Arguably her best touring version of the Hot Band with Barry Tashian as her band leader and "Gram Parsons' " duet partner. Nice slip sleeve over jewel case.

Hobbs, Becky All Keyed Up \$25 Best ever female honky tonk album, with the best track being "Jones on the Jukebox". Becky is the consummate show gal.

Whilst known for her rompers the ballad "She Broke Her Promise" is superb as well. Originally on the MTM label

Homer & Jethro America's Song Butchers: The Weird World of Homer & Jethro. \$30 Great humour and equally fine musicianship. Apparently they were originally billed by their real names till some guy forgot who they were & on the spur of a moment said..."Here are Homer & Jethro" and it stuck. They created a niche with their parodying of hit songs which featured equally fine musicianship, especially Jethro Burns on mandolin 20 track on Razor & Tie. OOP

Horton, Steven Wayne Steven Wayne Horton \$28 Capitol album from 1989 was sadly his one & only. What you get is a great upbeat album a la Marty Stuart "Hillbilly Rock" but better.

House, James James House \$35 Debut album was well received in all quarters but didn't do much chart wise...hence he only had a 2 album run on MCA plus an album later on Epic...believe me the MCA were better. Still sounds good especially the first single "Don't Quit Me Now" and the upbeat "Lucinda".

House, James Hard Times for an Honest Man \$40 His second MCA album was even better than his first self titled album & is very very hard to get.

Husky, Ferlin Capitol Collectors Series \$40 This is a wonderful cd. The entire Capitol Collectors Series is a must and though repeating myself represents an artist's best output. 20 tracks

Jackson, Stonewall & Friends A Tribute \$35 23 track tribute with a virtual who's who guests list...just to rattle off some: Grandpa Jones, Little Jimmy Dickens, The Whites, Riders in the Sky, Hal Ketchum, John Conlee, Joe Diffie, Porter Wagoner, Paulette Carlson, Alison Krauss, Connie Smith...come to think of it may be easier to mention who is not there!!! Now out of print. Special mention to the track featuring Connie Smith, "Standing Invitation"...what a singer.

Jackson, Larry The Blue Highway \$45 Hard to believe he only had two albums. The superb songs are matched by the superb production and voice. Not a honky tonk album but essentially one of losing in love and Larry sounds very convincing. The title track is a stopper. I have mentioned this before but speaking to someone who knew Larry, I enquired "Do you think he'll have a third album", to which he replied "Only if he wins the lottery, but now he can't afford to buy a ticket!"

Jansen, Frank You're a Phone Call I Need to Make \$45

Jansen, Frank My Way or the Highway \$40

Jansen, Frank Lolene \$20 The box set, so to speak; 3 great albums and maybe hope for more. I know there are several who rate the title song of the first as one of the greatest album tracks ever, and I am not going to argue. Stunning. All 3 are a must.

Jenkins The Jenkins **special****\$25** Record companies are in general a brainless bunch as proved by the fact this album didn't get a release. It is a gem and featured a mother & two daughters. Sound is superb with a reminder of the Judds & McCarters. **\$35** with postcard and dvd pack. **\$10** not full graphics.

Jones, David Bridges \$30 Was his only album and again hard to believe. Hard core honky tonk which features the fabulous Manuel Brothers, Abe & Joe, who of course toured with that Merle Haggard bloke. Unrelenting superb honky tonk highlighted by the upbeat "I Found a Honky tonk Angel" and the pseudo tearjerker "The Tears Outweigh the Whiskey". As a guide this is how things happen in the independent world of country music. They bring out an album but it doesn't get the exposure, I tried to tell somebody once that he was privileged to own a David Jones album because there simply weren't many of them. Try as I might I could not convince him that Jones was not as well known as Merle Haggard or George Jones..."but he is as good"...no argument there...a classic case of "there but for the grace of God go I".

Jones, George Friends in High Places \$30 All duets including Emmylou Harris, Randy Travis, Vern Gosdin (wow!!), Buck Owens, Ricky Van Shelton and more, but hard to beat "IF I Could Bottle This Up" with Shelby Lynne.

Jones, George Wine Colored Roses \$45 1986 album is very very hard to find on cd and includes classic Jones on "The Right Left Hand" & surprise duet with Patti Page.. "You Never Looked That Good When You Were Mine" and "Ol' Frank"
Jones, George Alone Again/Grand Tour \$40 2 on 1. "Alone Again" is only available here & is rated one of his very best albums.

Jones, George One Woman Man \$35/\$30 Personal favourite. "Place in the Country" is one of his best unknown songs. Right up there with "He Stopped Lovin' Her Today" & with the delicious irony he only gets his wish when he is buried! Also includes his hit "Yabba Dabba Do" which is an amazing song about a guy getting tanked (something on which George had done a lot of research) drinking out of an Elvis decanter of Jim Beam and from a Fred Flintstone glass, which previously held jelly beans. Now if you think that sounds bizarre you are right but George pulls it off. Because Hanna Barbera made Epic change the title to "The King Is Gone" I offer 2 copies...\$35 with "Yabba Dabba Do" and \$30 with "The King is Gone"....same song, just an enforced change of title on the latter.

Jones, George You Oughta Be Here With Me \$35 This was the last album he did for Epic & it may be his best. Superb songs & he is in absolutely wonderful voice. "Hell Stays Open All Night Long" is about a guy driven away from a relationship. "I Sleep Just Like a Baby" is wickedly witty with the refrain..."I wake Up every Hour & I Cry". I thought George perhaps in the overall schme of things has done too many novelty songs. Not so here...these are the wittiest of the lot.

Jones, George The Rock: Stone Cold Country 2001 Radio Special \$35 these are one offs and a must for fans of George, with conversations with the great man and the likes of Alan Jackson and Brad Paisley.

Jones, George The Battle/Memories of Us \$35 Out of print two on one cd on Koch. Albums date from 1976 and 1975 respectively.

Jones, George Cup of Loneliness: The Classic Mercury Years 2clds \$55

Jones, George Don't Stop the Music \$45 Two out of print albums both out of print with very little duplication. The second actually is chronologically the first with Starday recordings leading on to Mercury. There was a close link between the labels with both featuring George's rawest hard core honky tonk. 22 tracks on "Don't Stop the Music" and 48 on the double cd.

Kane, Keiran Find My Way Home \$20 Rare post O'Kanes album.

Kelley, Noah Red Roses After the Rain \$15 (Asylum) Never out, which is a pity as it was very good Produced by Kyle Lehning too. 10 tracks. Advance cd with no graphics

Kemp, Wayne One Song at a Time \$30 One of the best honky tonk writers is a shamefully under-recorded singer as well.

Kendalls 20 Favorites \$35 The Kendalls made one album for Epic where they went and re-recorded their hits. The result was even better than the originals with the highlight being Royce's lead on "Pittsburgh Stealers".

Logan, Josh Somebody Paints the Wall \$55 One off major label on Curb and released 1988. Find a copy now? Yeah, try it. A gem of an album which sees Josh as the embodiment of the spirit of Mel Street...has there ever been a better proponent of the cheating song...a staple of country music. Simply put NO! The title song is also covered by George Jones on the wonderful "You Oughtta Be Here With Me"...get them both...they are that good.

Logan, Josh Something Strange \$45 Bob Grady label...just when you think you'd never hear of Josh again he pops up on Bob Grady's wonderful label with a couple of wonderful Mel Street covers, best being "Hell Yes I Cheated"...the way Josh sings the refrain..."And I'd Do it Again" would have Mel smiling down from above (or may that would be up from somewhere else!)

Logan, Josh Gentle Rain \$30 Another unexpected and out of print honky tonk

Lyda, Jacob Three Times the Charm \$30 Great indie album with the great indie producer Mike Headrick in tow.

McCarters The Gift \$30 Impossible to get debut.

McCarters Better Be Home Soon \$20. Hard to believe they only ever had 2 albums. This billed as "Jennifer McCarter & the McCarters" features a stunning take on the Crowded House song. Has slight bluegrass leanings & great songs.

McDaniel, Mel Rockabilly Boy \$35 As an ad precursor to the review, Mel passed away recently from cancer. There is no better song than "You Can't Play the Blues in An Air conditioned Room"!!!!

McDaniel, Mel Country Pride \$35 Great album on the defunct DPI label from 1991, and I believe the last album of new material for Mel. Great album including Mae Axton's "If I Live to Be A Hundred I'll Die Young" and the fabulous "Annual Blount County Snuff Dipper's Ball" Not a Tom T Hall song but sounds like it could be, doesn't it.

McEntire, Reba Oklahoma Girl 2cds 40 Mercury tracks. Double cd case with attractive slip sleeve & book **\$28** (on sale****) Her best & most country. Have one without slip case **\$20.** Both the full 40 tracks. A far cry from today's diva...this is real! So good in fact that I would defy anyone to readily pick the artist. This is how we like it.

McQuaig, Scott Scott McQuaig \$35 Haven't given up hope of a second but won't hold my breath. And whilst Scott wrote 5 songs on this album, all of which are great his version of "My Friend the Bottle" is as good as that other ode to the inanimate object, Johnny Bush's version of "Bottle Bottle". Certainly vintage George Strait fans will (pardon the pun), lap this up.

McRight, Alecia For Love's Sake \$25 rare independent album from the wonderful Alecia Nugent. Not sure if "Nugent" is married/single/ married again or divorced name but this is a great album prod. by Carl Jackson.

Martin, Mario Keep it on the Country Side \$48 This along with the above Mel McDaniel cd was on the now defunct DPI label...now defunct is probably incorrect as it was defunct back then. Produced by James Stroud the amazing thing is that Mario was only 17 at the time. I still think about how this could be his only album. A 17 year old is so darn convincing when he sings honky tonk songs. How could that be.. I don't know. Still as stunning and as perplexing (in the sense of where is he now??) As a footnote I would compare him to Scotty McCreery, the winner of American Idol, who I predicted as the winner from his audition. As good as Scotty is, he will not match this album, given the nature of the type of music they record now. And it is superbly produced by James Stroud to boot.

Martin, Sonny I've Always Been Country \$38 Great indie with the saddest song ever on it. "Rock A Bye Baby" makes Little Jimmy Dickens' "Raggedy Ann" seem jolly! Great deep voice to boot.

Martin, Tony I'll Meet You in Texas \$30 Bob Grady Records Wonderful Merle Haggard inspired gem produced by Mike Headrick. Don't miss out on this out of print gem.

Mensy, Tim "Stone By Stone" \$28 1990 release by a stunning vocalist, guitarist and songwriter, responsible for all tracks on this Epic label gem

Miller, Roger Best of Volume One: Country Tunesmith \$48 This gem focusses on Roger's own versions of songs that were hits for others. As such the 20 tracks are ultra rare & essential. They include "Tall Tall Trees", "Don't We All Have the Right", "Husbands & Wives", "Half a Mind" etc. Not hits for Roger which makes it even better & rarer..

Miller, Roger Best Of Volume Two: King of the Road \$30. Best single cd of his hits. Long OOP. Great companion to the previous cd.

Moffatt, Katy Greatest Show on Earth \$22 Taken of the market a Ringling Bros objected to the title. Superb album & purists will need this version. It was later reissued as "Evangeline Hotel".

Montgomery, Melba/ Norma Jean First Ladies of country 22 tracks \$28 Only place you'll get Melba doing "No Charge".

Morgan, George Room Full of Roses: the George Morgan Collection Razor & Tie OOP \$35 Has a rare duet with Lorrie. Out of print 19 tracker on the Razor

& Tie label and only alternate to the huge Bear Family box. Razor & Tie were a great label.

Morse, Ella Mae Capitol Collectors Series \$28 Mixed her styles from big band to country

Nelson, Leo Under Neon Lights \$55 Want to know my all time favourite independent, yeah not one of but the top spot?? This is it. Great album produced by Bob Grady with assist from the great Mike Headrick. 12 great tracks with a duet with Bill Arwood on the title track. I think on reflection a 3 way tie with Ron Sweet and Arnold Sanford is in order. Alas both Ron & Arnold have gone and heaven knows where Leo is?? To me the jewel is how easy Leo sings. Marsha Britton contributes harmony vocals. This one autographed by Leon "To Ted"...you can be Ted by default. Favourite tracks? Start at the beginning and stop at the end. BUT, if pushed "Mama Did Raise One Fool After All" and "Under Neon Light", the duet with Bill Arwood are superb.

Nelson, Leo Heavy for You \$45 This was Leo's debut and like the second copy of the previous album is signed "To Ted", so be Ted for a day. It isn't quite as good, but that is probably due to the fact it wasn't produced by Mike Headrick. The producer, Steve Brown contributes a couple of songs which are probably the best, but believe it or not Leo does a sensational job of "Desperado".

Nelson, Willie A Horse Called Music \$35

Nelson, Willie Born For Trouble \$35

Nelson, Willie Promiseland \$35

Nelson, Willie Island in the Sea \$25

Nelson, Willie Who'll Buy My Memories: The IRS Tapes \$55 single cd

Nelson, Willie Who'll Buy My Memories: The IRS Tapes \$48 2cds

Four of Willie's very best CBS albums. The former is one I remember selling to a customer who swore he never liked Willie, would never buy a Willie cd. Well guess what he bought this and changed his mind on the spot. "Nothing I Can Do About It now", the jaunty opener from Beth Nielsen Chapman and "If I Were a Painting" co written by Skip Ewing could not be more different style wise but are equally stunning. The following "Born for Trouble" also starts out with a jaunty Beth Nielsen Chapman song "Ain't necessarily So" and actually has none of Willie's own songs on it. But they are a great bunch and there are two more by Neilsen-Chapman plus the super "I Don't Have a Reason to Go to California Anymore" by Hank Cochran & Billy Don Burns'. Promiseland features "Living in the Promiseland" the excellent David Lynn Jones' song and Willie's guitar playing is prominently featured throughout. "Island in the Sea" was on cd for a very short time.

As far as the IRS Tapes go, Willie had two versions out,...we have one of each. The first was a single cd that was offered only as a phone order. When CBS released it they made it a double cd...unnecessary as it fitted easily on one cd. BUT what they did change was the slogan on Willie's t-shirt. Well they didn't change it they airbrushed it away. The slogan was very appropriate considering Willie's laid back persona; "Shit Happens"...so (shock horror) this may be considered the raunchy cover. BTW both versions are out of print. So the question is do you want "Shit Happens" or don't you??

Nelson, Willie "The Hungry Years" \$100 This is also autographed on the cd by Willie, dated 1996. When people rang up to order the original issue of "IRS Tapes" they were offered another cd of all new material..that was this gem. But with a mindset that they were ringing up for the IRS Tapes and that is what they wanted not many were sold. It has 15 tracks. "The Hungry Years" and "Solitaire" are both Neil Sedaka songs and Willie does a superb job on them, with an arrangement reminiscent of "Always on My Mind". A lot of the rest are covers; quite a few country standards such as "Detour", "Ragged But Right" etc BUT the

highlight is the stunning "When I Stop Dreaming", a great Louvin Brothers song performed as a duet with Emmylou Harris. If you had to rank both these duet champions "duets" it would rank in the top 3 they have collectively appeared on. It is that good. Two Willie songs are just great, "Your Memory Won't Die" and "She is Gone".

Newbury, Mickey Winter Winds \$45 This takes the "Nights When I Am Sane" album and adds 6 tracks and also takes away 4 tracks. Newbury is considered the consummate live artist and his fans will no doubt concur. ALL OF THE NEWBURY cds are OUT OF PRINT.

Newbury, Mickey Lulled By the Moonlight \$45 17 tracker of mainly new material on the defunct Mountain Retreat label.

Newbury, Mickey It Might As well Be the Moon \$50 2cds This contains the album "In a New Age" plus a 70 minute + live concert on the second cd recorded in San Francisco. Great sound.

Newbury, Mickey An American Treasure \$35 2cds This is a 2 disc audio biography that you might hear on a radio show, with a narrator describing, interviewing, and playing snippets of songs. Running time is well over 2 hours.

Norma Jean Best of Norma Jean \$45 The purists rate Norma as one of the greatest ever country singer and this album on Collectors choice is out of print. Actually most Collectors Choice albums will go that way as the label has been taken over and very few will stay in print.

O'Kanes O'Kanes \$40

O'Kanes Tired of the Running \$30

O'Kanes Imagine That \$20 Superb duo of Jamie O'Hara & Keiran Kane. Wonderful songs with a touch of bluegrass. The debut self titled is almost impossible to get.

Owens, Buck Hot Dog \$30

Owens, Buck Kickin' In \$30

Owens, Buck Act Naturally \$40 His 3 comeback albums the latter is very hard to get as it features the likes of Emmylou, & Ringo (who did vocal on the Beatles' version of 'Act Naturally' & duets here).

Oxford, David David Oxford \$65 There has only been one and there appears to be little chance of another, but despite hope being minimal there is still some hope. This is superb with a mix of honky tonk, cryin' in beer ballads and just plain great songs "1-800 Wine" is pure honky tonk whilst the Cosmic Cowboy, a sentimental old fluff if ever there was one, closes his annual community radio father's day show with Oxford's "Don't Tell the Babies". As far as production goes this is stunning. The great Bobby Flores is present throughout. And Michael Morales who apparently performed strictly in a Spanish market is great on acoustic guitar. David had talks with major labels apparently but was disillusioned when he was told he didn't have the right image. Damn, why didn't he get angry and produce a box set. Even that would not be enough. A gem gem gem!!

Parker, Billy & Friends \$38 Two albums on the one cd as issued by Bear Family, but it is now out of print. Originally recorded in 1982, the line up is great with the likes of Cal Smith, Darrell McCall, Ernest Tubbs and Webb Pierce being just some of those who serve as his duet partners. 21 tracks in all.

Paycheck, Johnny "The Real Mr Haertache: The Little Darlin' Years" CMF \$55 The fact is that Johnny Paycheck not only preceded George Jones as the best hard country singer he also provided the main influence for George. He was promoted as an outlaw singer in the seventies but those recordings do not compare with this 24 tracker which is simply perfection. "Apartment Number Nine" was written by Johnny as was the amazing "Pardon Me I've Got Something to Kill" and the ultra dramatic "It's a Mighty Thin Line Between Love & Hate".

Paycheck, Johnny Survivor \$30 His last hurrah, out of print w. the highlight "I Can't Quit Drinking". Also issued as "I'm a Survivor" (\$25)

Pennington, R/Buddy Emmons Swinging by Request \$35

Going Out Swingin' \$35
Swing & Other Things \$40
In the Mood For Swingin' \$30

Ray Pennington was honcho of Step One Records, a Nashville independent label which had a wonderful roster. He was also a fine Ray Price inspired vocalist & as many steel players would say Buddy Emmons is the best ever. The Step One House band, so to speak, was none too shabby with Rob Hajacos on fiddle, Bobby All on acoustic guitar and Bunky Keels on piano. This has 21 tracks & Clinton Gregory is an excellent vocalist on 2 tracks. They are a mix of vocal & instrumentals, with "Little Brown Jug" featuring some extraordinary steel from Mr Emmons. The second cd is equally great and includes Curtis Potter as a guest on 2 tracks. "Swing & Other Things" is a great 21 tracker which sources the songs from country, jazz & pop sources. The final cd is very rare but has a small sticker mark on the front cover.

Price, Ray Heart of Country Music \$60 This is Ray's personal favourite of all the albums he made and why wouldn't it be as he interprets 20 country classics Ray Price style, which means as good as you are ever gonna hear them Even then it is impossible not to go past his version of "Is Anybody Going to San Antone" as one of the greatest songs you have ever heard. The "Hall of Fame " cd is actually new recordings so not sure how the name came about but the recordings are stunners all.

Reeves, Jim Live at the Opry \$25 The Country Music Hall of Fame label and only time this 20 tracker has been on cd. Now out of print.

Rhodes, Kimmie Angels Get the Blues \$45 Heartland label 1989 Excellent cd that preceded "West Texas Heaven" Kimmie even does some great up tempo numbers such as "Invitation to the Blues" with Johnny Rodriguez on backing vocals. Jimmy Day plays great steel and Texas legends John Reed and Jesse Taylor are great on guitar. "Just One Love" appeared later on the Willie album of the same name as a duet with Willie but this earlier version has Joe Ely lending his distinctive vocals...just as good if not better with Jack Clement contributing some nice dobro. Also has the earlier version of "I Just Drove By" which is given an ultra simplistic backing which makes Kimmie's beautiful voice shine. Jimmy's steel enters slowly for a lovely touch. BTW Jack's "I Know One" is superb.

Rich, Charlie Pictures & paintings \$35 His wonderful last album on Warner Brothers is just as much jazz and blues as country. Shown with a lighted cigarette we wonder if it was perhaps lit with the same lighter he set fire to the envelope with when he announced John Denver as Male Vocalist of the year in the early 70s!

Ritter, Tex Capitol Collectors Series \$38 25 tracks in this great series. Has all you need if you only want one disk! Blood on the Saddle/

Deck of Cards/ Hillbilly Heaven/ Just Beyond the Moon. Brilliant selections

Robertson, Kathy At the Cantina \$38 guests including Bonnie Owens and Leona Williams who feature on "Leona". Also has Chris Gaffney & Katy Moffatt & Rosie Flores & Big Sandy. Kathy first appeared on the Town South of Bakersfield cd. Her albums are next to impossible to find now. Always great.

Rogers, Roy Tribute \$25 Roy's final hurrah was indeed a fitting one with great duets and Roy was in fine voice. He yodelled surprisingly well especially on the opening "That's How the West was Swung" in which he was joined by the Kentucky Headhunters. Equally fine is "Little Joe the Wrangler" with Emmylou and another yodelling gem, "When Payday Rolls Around" with Ricky Van Shelton.

Ryle, Curt Life Time Guarantee \$35 With Mike Headrick in charge you know this is going to be good and you are not disappointed. Curt is responsible for most songs including "Mirrors Don't Lie" which was also recorded by Gene Watson. But Curt's own version loses nothing in comparison.

Sanford, Arnold That's Why I Sing This Way \$55 Many rate this the *best* indie ever and they are certainly on the right track. The first 10 songs are from the great Max D Barnes, including the title cut which was also recorded by Daryle

Singletary and as good as it was it was no match for Arnold's original version. 12 tks in all. Simply stunning crying in your beer album. Hell...it is probably the best ever. "Not Enough Jack Daniels in This World" has you believing Arnold truly lived the life he sings about and sadly he has passed on so this stand alone cd is it, unless a miracle happens.

Sears, Dawn What a Woman Wants to Hear \$20 WB 1990 album Great traditional feel. She appears on the dvd of the Timejumpers and her solo career was probably curtailed by being a member of Vince Gill's touring band for a while.

Shafer, Sanger D "Whitey" I Never Go Around Mirrors \$35 10 tracker by the writer of many of Lefty Frizzell hits who also sounds a lot like Lefty. He of course was responsible for the title song and does a top version of "Does Fort Worth Ever Cross Your Mind". The rest are great honkytonkers that should be as well known as these two.

Shafer, Sanger D "Whitey" So Good So Long \$35 The opener "All My Ex's Live in Texas", written by Whitey is of course a classic but to me the jewel is "Heaven Was a Drink of Wine", which was done superbly by Hank Cochran on an lp called "With a Little Help From My Friends". Well friends, Whitey does even better. An absolute drinking song classic "...tonight I went to hell ...and heaven was a drink of wine". Can't get better honky tonk singing than this.

Simpson, Red The Man Behind the Badge/ Roll Truck Roll \$30 Great UK two on one cd with two classic albums on one cd...the former has the original version of "Highway Patrol", since covered of course by Junior Brown.

Smith, Sammi Best \$25 Now out of print

Smith, Sammi Here Comes That Rainbow Again \$30 Rare independent album on the Playback label. The title track is of course a Kris Kristofferson track. Now, let me see...Sammi had a bit of success with Kristofferson songs, didn't she?? You will need help to make it through the night if you don't know the answer to that one!!

Smith, Russell This Little Town \$30 Great solo album Amazing Rhythm Aces vocalist. All great and what a voice.

Spinks, Kelly Kelly Spinks \$30 Great Texas honky tonk singer and fiddler. Think of Bobby Flores and you won't be disappointed. Kelly is just as good.

Springfield, Bobby Lee All Fired Up \$35 Great honky tonk with rockabilly feel. Includes the original "Hank Drank". Bound to be an only album, which is a shame. One fellow described how Bobby had a "slight" mental problem.. "he done climbed over the White House fence..he was gonna visit him a President"

Stanley, Ralph Saturday Night And Sunday Morning 2cds \$38

Stanley, Ralph Clinch Mountain Country 2cds \$38 Both are now out of print. Also check out "Clinch Mountain Sweethearts" in the bluegrass section to get the great trifecta. The first of these 2 has 31 tracks..one cd of religious and one cd of non religious songs. Guest include Dwight Yoakam (on quite a few tracks), George Jones, Alison Krauss, Vince Gill, Ricky Skaggs, Emmylou, Bill Monroe etc. The second has 36 tracks and features all these (except Bill Monroe) as well as Vern Gosdin, Junior Brown, BR549, Porter Wagoner, Joe Diffie and many more. Great defining albums that are a must have.

Starr, Lucille The French Song \$30 Expanded 17 tracker, now out of print. And yes these are all original recordings.

Swan, Billy Like Elvis Used to Do \$30 A great album and as great concept. Billy takes 14 Elvis songs and does every one differently to how the King did them. Personal favourite is "Blue Moon of Kentucky" in which Billy merges "Blue Moon" with the Bill Monroe song. Very clever.

Sweet, Ron Ten in Tennessee \$55 Fabulous indie. He has a classic country drawl deliver which is especially fabulous on "I Play Haggard", a great song in which he uses titles of well known Haggard songs to spell out the message. He also can handle the uptempo songs such as the title song and wraps his voice wonderfully around Vern Gosdin's "Baby That's Cold". Magic.

Taylor, Chip **Chip Taylor's Last Chance \$40** Wesley Voigt, brother of actor Jon and uncle of Ms Jolie, records under the name of chip Taylor. This is a stunning album long out of print on cd. Hard to separate the tracks but best is probably "101 is Cashbox" which tells of Chip's own version of "Angel of the Morning", a song which of course was a huge hit for Merrilee Rush (and the Turnabouts). It was written by Chip and let's say his own version didn't quite set the charts alight. A sensational album, I won't spoil it by telling you more but just make sure you get it. Only one copy in last 8-10 years.

Thompson, Hank **Capitol Collectors Series \$25** 20 great Capitol tks including "Blackboard of My Heart", which rarely pops up. Again, you can do worse than aspire to get every cd issued in this series.

Thompson, Jeff **Jeff Thompson \$40** No, not Thommo, but a fine singer who was going to have the first album release on the Arista country label but the album never came out. Has a style reminiscent of Ricky Van Shelton with a great deep voice. Does a superb version of "The Greatest Man I Never Knew", a hit for Reba, but Jeff wins hands down!! Equally grand is the wonderful "It's a Good Thing I Don't Love You Anymore", with a superb lyric and the upbeat "Today is Elvis' Birthday".

Thornton, Marsha Maybe the Moon Will Shine. Second of only 2 is equally good. Gets away from Patsy influence. **\$25**

Tubb, Ernest **Live 1965 \$28** OOP on Rhino 1965 was a vintage year for live recording and this captures ET at the Texas Troubadours at their absolute peak. His band included both Jack Greene & Cal Smith.

Turner, Robbie **"Man of Steel" \$40** Robbie Turner was the steel guitar player for both the Highwaymen and Waylon Jennings (at the end of his career). What makes this so great are the guests. Waylon joins on the great "Women from Memphis" and Willie's classic "Night Life" features both Willie & Johnny Paycheck and Jessi Colter reprises "I'm Not Lisa. BUT what will knock anyone's socks off is Johnny Cash's "Steel Guitar Rag"....I don't know what Cash was on but everyone will want some....ebullient, fun, mad, and absolutely fabulous. 15 tracks and just under an hour.

Wagoner, Porter **Greatest Hits \$28** Great compilation on Pair label (all original RCA recordings) Top selection includes "Rubber Room". 20 tracks

Wall, Chris **No Sweat \$28** Great Texas artist's album from way back in 1991, on the Tried & True label through Ryko, Great Texas honky tonk again everyone who hears...does like.

Wall, Chris **Tainted Angel \$30**

Wall, Chris **Cowboy Nation \$28** Last chance...don't miss out.

Watson, Gene **The Good Old days \$30** Step One with a superb selection excellently produced by Ray Pennington who also contributed 4 Songs. Like all Step One releases this is out of print.

Watson, Gene **In Other Words \$40.** This was a hard to get (even at the time) cd on the Broadland label. All 10 songs are on this album only and include "Old Porch Swing", "Class Reunion" (also done by Oak Ridge Boys & John Conlee) and the rather upbeat "She's no Lady"

Watson, Gene **Uncharted Mind \$30** Step One gem, which includes Gene's version of the Curt Ryle gem "Mirrors Don't Lie" and if you don't think Gene is one of the greatest ever country vocalists you will change your mind when you hear his version of "You Gave Me a Mountain". Wow!!

Whitley, Keith **I Wonder Do You Think of Me \$35.** The album he had just finished when he died. One of the greatest ever country vocalists. Deep rich voice with his own nuances. Pity the wonderful honky tonk songs were lived out so tragically with his alcohol overdose. He was seemingly taking over from Randy

Travis as country's premier vocalist and had the unheard of 5 number one country singles in a row.

Whitley, Keith Kentucky Bluebird \$35 15 tracks not on his other albums. Augmented with some historical and rare clips.

Whitley, Keith Tribute \$25 A gem put out by his label 5 or so years after he so tragically died. BUT for the Whitley fans it is not just other artists interpreting Whitley (all quite superbly I may add, especially Alan Jackson, Joe Diffie and Mark Chesnutt) but also includes 4 great previously unissued Whitley songs including a superb duet with Lorrie Morgan on "I Just Want You".....a must.

Wild Rose Listen to your Heart \$28

Wild Rose Breaking New Ground \$28 two great albums by talented gal group led by Pam Gadd & Wanda Vick

Williams, Hank Rare Demos First to Last \$25 CMF

Young, Faron Live Fast Love Hard: Original Capitol Classics 1952-1962 \$28 Country Music Foundation label

Young, Faron & Ray Price Memories That Last \$28 Great cd which was on the great Step One label. Excellently produced by Ray Pennington, who actually duets with Faron on one of the tracks, seems Ray Price's master vocal had a tape glitch. Fine stuff

Various

Are You From Dixie Great Country Brother Teams of the 1930s \$35

Something Got a Hold on Me: A Treasury of Sacred Music \$30 These were part of the short-lived RCA Heritage Series and they were all superb. I have all three myself and if you want 1930s country in its best sound these are they. The first features the Blue Sky Boys version of the oft covered title song as well as their wonderfully sad original of "I'm Here to Get My Baby Out of Jail". Also includes likes of the Dixon Brothers, Allen Brothers, Monroe Brothers, Delmore Brothers etc.

The second is my favourite though both are equally essential. It has the original versions of classic gospel songs that have been performed over and over but never as heartfelt as here. On that front Grady & Hazel Cole's "Tramp on your Street" will bring goosebumps. A P carter takes a rare lead on "Something Got a Hold on Me" and the Dixon Brothers may have been grammatically incorrect but who cares as they nail "I Didn't Hear Nobody Pray". Again, the sound on all three is stunning.

Big Rig Hits Volume 1 1939-1969 \$35 This is a superb cd, of course out of print put out by the Country Music Hall of fAme in association with Diesel Only Records. It starts with what is acknowledged as the first true truck driving song with Cliff Bruner's "Truck Driver's Blues", which incidentally features Moon Mullican on vocals. Great & rare tracks galore. 20 all together. Love the Town Hall Party staple Doye O'Dell version of "Diesel Smoke, Dangerous Curves". Extremely well compiled.

Heart of Texas Country \$35 Great 21 tracker with all new songs recorded for this album. Great bunch includes Justin Trevino, Ron Williams ("Truckloads & Trainloads"), Leona Williams, Dave Kirby, Big Bill Lister etc.

Mamas Hungry Eyes Tribute to Merle Haggard with John Anderson, Alan Jackson, Clint Black, Vince Gill, Lorrie Morgan etc **\$25** Vince's version of "The Farmer's Daughter" may be his best ever vocal.

Next of Kin Soundtrack \$70 The Swedish Cowboy favourite songs list appeared in last newsletter of his selection was George Jones "Pyramid of Cans" ONLY on this. What a drinking song it is..."I drink from cans & stack 'em...in a pyramid so high as a monument to how I feel since she told me goodbye". Sheer poetry. The rest is great with Ricky Van Shelton shining on the ballad "Hillbilly Heart" and the Sweethearts of the Rodeo wonderful on the rockabilly "Paralysed". But George...how great and again I bow to the Swedish Cowboy's good taste. Not quite as good as my own but not bad just the same.

Town South of Bakersfield Volume 1 & 2 \$28

The town they are referring to is of course Los Angeles and all the artists on this cd got their start playing in LA, mainly at the Palomino Club. Sadly the Pal as it was known closed in 1995 supposedly due to fire regulations which, having had the pleasure of being there once was probably true. It now apparently is a banquet hall specialising in Eastern cuisine. Was always a rather dodgy area. But through those doors came the greatest country artists and the last lot lose nothing in comparison to the greats. All the tracks on these are unique to this album. It is the unknowns that rule for me. Whilst Vol 1 has Jim Lauderdale, Jann Browne, Lucinda Williams, Jeffrey Steele etc it is Re Winkler (pronounced Ray Winkler) with Anne Harvey and Ree Van Vleck who rule on the Buck Owens song. "Mister Love". Similarly Volume 2 boasts Dwight!, Billy Swan, Rosie Flores with Albert Lee, George Highfill etc it is the Eddys "Big Big Love" that rules.

White Country Blues 1926-1938 A Lighter Shade of Blue \$30 2clds 48 tracks of white country blues starting with Frank Hutchison and including the Carlisle Brothers, Charlie Poole, Roy Acuff (with the great Clell Summey aka Cousin Jody on slide). Great notes.

Haley, Bill From Western Swing to Rock d. \$30 94/48 One of the best yodellers, then some great hillbilly boogie through to his classic Comets. Those who haven't heard his stunning yodelling will be pleasantly surprised.

Hamilton, George IV To You & Yours from Me & Mine c. 6cds + 88pg hard cover book. \$150 Bear Family as new, but there is slight ding in the box. The set covers his ABC and RCA recordings. His ABC recordings are great. Many came from the pen of the great John D Loudermilk. They were in a pop country style and he even made some great rockabilly tracks. "Everybody's Body" which has great slap bass is one of my favourite rockabilly tracks. But "If You Don't Know I Ain't a Gonna Tell You" is equally grand. He also does some great Ricky Nelson style songs. They actually fit in well with the pure country sides. "Abilene" is just one of many of the great tracks. Excellent production by Chat Atkins and superb studio musos. He also showed an adept hand at Bakersfield style country which may surprise many. Whopping 170 tracks. Take advantage of this great deal.

Harris, Emmylou Songbird:Rare Tracks & Forgotten Gems 4cds + dvd Rhino \$80 This is out of print, so don't miss out. It is stunningly grand. 78 tracks including 12 previously unreleased plus a 200 page cloth both hard cover book. The book is one of 2..the other containing the cds & dvd. These go in a cloth covered slip case. Nice? It is a thousand times more than that. Remastered.

Harris, Emmylou Portraits 3cds Reprise b. \$48 24 pg book 61 tracks including the one I believe is one of the greatest female vocals ever..her version of John Hiatt's "Icy Blue Heart". Some nice unreleased tracks including "When I Paint My Masterpiece", "Casey's Last Ride", "Dimming of the Day", "And I Love You so" etc

Hoosier Hot Shots Everybody Stomp d. \$30 100/36 The country Spike Jones.

James, Sonny Young Love: Complete Recordings 1952-1962 6 cds + book c. Bear Family Great set. 144 tracks 60 page book. One of the best country singers who would often cross over to the pop charts. Hard to believe "Young Love", his biggest was almost ignored...it was the b side of a single he was covering and then was originally the b side of his subsequent release. He briefly left Capitol and recorded for RCA where he hit big with a vocal version of "Apache", the track instrumentally covered by the Shadows.

Jim & Jesse The Old Dominion Masters c. 4cds Pinecastle \$58 101 tracks Great collection of 70s and 80s recordings, at their peak.

Jones, George The Essential Sony Legacy b. 2cds \$28/\$30 (sealed copy) 32 page book 44 tracks. Is the first edition as it lists "Yabba Dabba Do" as that (not "The King IS Gone" as it had to be amended to)

Jones, George "The Hits Then Till Now" a. \$35 3cds Time Life Excellent 60 track cross label set with glossy 44 page book with many rare photos and colour lp cover reproductions. Notes by Colin Escott.

Judds The Judds Collection 3cd RCA a. \$30 28 page. Slightly longer at 30cm than the regular book style box. Nice denim box with gold embossed "J" on the front 44 tracks including some unreleased.

Lewis, Jerry Lee "A Half Century of Hits" a. \$35 3cds Time Life Great 3 cds 66 track cross label set which misses out on very little and even includes some unissued tracks. All the Sun favourites including the famous discussion between Jerry Lee & Sam Phillips on religion. Includes Jerry Lee's first recording from 1952 (age 16) which sees him doing a Lefty Frizzell song as well as a JLL instrumental. Includes all his great country hits. Notes by Colin Escott. Superb lot of photos.

Louis L'Amour Collection e. \$45 Not sure if this is in the right section!! It is actually a 4 cd set featuring 7 stories of the great western writer, Louis L'Amour, all read by Willie Nelson and the first cd, which features the story "riding for the Brand" not only has Willie as narrator but has the Highwaymen playing the parts. Now the box is definitely different. It is 4 jewel cases housed inside a wooden box, like a pine fruit box. Real wood, but it is open at the top, which doesn't really matter. The title of the set is branded on the box. You won't see this much I can assure you!!

McCall, Darrell The Real McCall c. Bear Family 5 cds + book c. Bear Family. \$120 Wonderful singer with a classic Ray price influenced voice, but with a style all his own. Still going strong today. He got his start in Nashville playing bass for Faron Young and others. He landed in Hank Jnr's band where Hank Jnr hit #1 with his "Eleven Roses". He recorded an album on Columbia with Buddy Emmons on steel and had a charting duet with Willie on "Lilydale" and gained a reputation as the singer's singer. Waylon referred to him as one of his favourite singers. As a singer of hard core honky tonk based music...there is simply none better. 36 page book, 142 songs

McEntire, Reba 50 Greatest Hits e. \$30 3cds Very nicely presented in what appears to be a leather outer box. It isn't but they did a great job on it. Sealed. This leather outer box houses the cds and book in a fold out package.

Miller, Roger King of the Road: Genius 3cd +49 page book. One has some marks on the box and one cd a little loose. Other box is like new. \$38 and \$58 Respectively.

Monroe, Bill And His Bluegrass Boys 1950-58 e. JSP 97 tracks \$30. Nice 4cds in jewel cases with cardboard slip case. Great coverage of his classic period at a must have price.

Monroe, Bill The Essential Bill Monroe & His Blue Grass Boys 2cd b. \$22 40 tracks which feature the earliest tracks of Flatt & Scruggs. Also includes passing alumni such as Mac Wiseman, Chubby Wise etc.

Nelson, Willie The Complete Atlantic Sessions 3cds e Rhino/Atlantic \$45 sealed. Nice set with 13x13x3 flip top box with some of his best work. I have gone on record as saying "Phases & Stages" is his best album and not only do we get the remastered version we get 9 bonus tracks. Also 12 bonus tracks of the excellent "Shotgun Willie" album including his great version of a song that later was covered by Keith Whitley, "Sad Songs & Waltzes". The third is a live performance at the Texas Opry House and mention must be made of his insane guitar work on the medley of "Bloody Mary Morning/Take Me Back to Tulsa" which actually came about by accident when they were jamming and the great Johnny Gimble started to play a little of the famed Bob Will's tune. Willie's guitar on this track is just amazing.

Nelson, Willie One Hell of a Ride 4cds Columbia Legacy e. \$50 100 tracks plus 100 page book. A true career spanning set across all labels. Starts and ends with the appropriate "When I Sing My Last Hillbilly Song", the first his very first recording from 1954 and the last a new 2007 version recorded for the box. The box measures 14 x 25 cm and has a leather look jacket in which the book and the separate 4cds in their own jacket slide in.

Owens, Buck "The Collection" Rhino b. \$50 sealed **\$40** not sealed. Great 62 track 3 cd set with a superb selection. Literally all the hits and more. Great book with mainly coloured ultra rare photos. Now out of print so don't miss out.

Poole, Charlie The Essential d. 80/24 \$25 Could have been as big as the Carter Family or Jimmie Rodgers but he only sang so he could pay for his bootlegging operations. Yep, you have to love the guy.

Reeves, Jim And Friends:Radio Days Vol 2 c. Bear Family 4cds + book. \$55 Great special. 24 page book. The guests include Jimmy Dean, Faron Young, Carl Butler, Louvin Brothers etc, 109 tracks.

Rich, Charlie Lonely Weekends: Sun Years 1958-1962 3cds + book c. Bear Family Great bargain. As new. 44 page book paints the story of an often difficult customer.

Stanley Brothers "Definitive Collection (1947-1966) a. \$35 3cds Time Life Super 60 tracks with 40 glossy book with notes by bluegrass authority Gary Reid. Forward by Ricky Skaggs. Many rare colour photographs and reproductions of album covers.

Strait, George Strait Out of the Box b. 4cds MCA \$40 Most know that his "Beyond the Blue Neon" is one of my top 5 country cds. Then George was superb. Every album and song was a classic. So this is a must set. Great 76 page full colour book plus some unissued tracks such as his duet with Frank Sinatra which was left off Sinatra's "Duets" album. George can still cut it as "Murder on Music Row" and "Twang" show but someone has a lot to answer for his predictable antiseptic output of the last 12 or so years that thankfully occurred after this box

was issued. 72 pure country gems....yes even the one with the Chairman of the Board (that's Frank by the way)

Torok, Mitchell Mexican Joe in the Caribbean Bear Family c. 4cds \$90 24 page 111 tracks. Had a number one hit with the oft covered "Caribbean" and had a wide ranging style that encompassed even a little rockabilly.

Tubb, Ernest The Texas Troubadour d. \$28 100/48 Traces his rise as a Jimmie Rodgers inspired singer to being the king of the honky tonks with "Walking the Floor Over You".

Twitty, Conway The Rock & Roll Years c. Bear Family 8 cds + Book \$160 60 page book. This is Conway's MGM and Sun recordings. He always had a country style even when he was rocking out. "It's Only Make Believe" (which was also a latter hit for Glen Campbell) saw him hit the ground running at MGM. Top of the Billboard singles charts. Like Bob Luman his vocal style perfectly lent itself to country music and songs such as "Lonely Blue Boy" were certainly the real deal.

Various: Blazing Bluegrass d. \$30 103/52 First 3 cds are the classic artists Bill Monroe/Flatt & Scruggs/ Stanley Brothers. 4th cd Best of the Rest.

Various: Bluegrass Bonanza d. \$30 109/40 Each covers a different period. Disc one) Early stringband 1927-38 Disc Two) Monroe Legacy 1935-45 Disc Three) Early Bluegrass 1944-50 Disc Four) Classic Bluegrass 1944-50. a Must.

Various: Boppin' Hillbilly to Red Hot Rockabilly d. 118/68 \$30 Traces the hillbilly roots of rockabilly. If you don't grab it you are nuts!

Various: Doughboys, Playboys & Cowboys d. \$30 99/44 The subtitle Golden Years of Western Swing says it all. Great sound. Wonderful cross section which shows there was much more to Western Swing than Wills & Brown.

Various: Fonotone Records:Frederick Maryland \$80 Dust to Digital e. Another stunning concept packaging, this in the shape of a cigar box. It is the story of Joe Bussard and his Fonotone label. Many would have seen the documentary "Down in the Basement" about this eccentric collector of 78s..I was a bit taken back by the sight of Joe scrubbing a precious 78 with a scrubbing brush (the type you'd clean a floor with). This has 131 tracks of Country, blues & bluegrass on his Fonotone label plus 160 page bound book, postcards, bottle opener (!), etc all in the cigar box. A must for fans of old timey music.

Various: From Where I Stand: the Black Experience in Country Music 3cds WB/CMF \$45 e. Packaged to resemble a paper back book. The book is in an outer slip jacket. The inner book features a 60 page book housed on one side and 3 cds housed on the other. 60 tracks which start with early black performers such as Deford Bailey and various String bands through to of course Charley Pride, Stoney Edwards, O B McClinton and a fine inclusion in Aaron Neville's version of the George Jones classic "Grand Tour".

Various: Next Stop Is Vietnam: The War on Record 1961-2008 c. Bear Family 13 cds + 300page+ book. \$280 brand new. Over \$100 off. The content is not all country but that is the primary style. Over 300 tracks and not to mention the great content of the book. Guaranteed the postman will know he is carrying something special as this weighs 4kgs.Don't miss out on this very special historical set. A 14th cd is actually a cd rom with all the lyrics. A truly amazing work, a long time in preparation.

Various: Roots of Bob Dylan d. but note 3cd+dvd 60 cd tracks/24pg book. Explores Dylan's folk, blues & country influences. The dvd "Talkin' Bon Dylan" is a great bonus.

Various: Rounder Records Story \$40 e. Rounder 4cds covering the 70s/80s/90s/2000s Certainly one of the most eclectic labels. Cds are in mini lp style sleeves in a 13x13cm flip top box. 100 page 87 tracks. Country, bluegrass, folk, blues, cajun etc. Nice set.

Various: Stompin' Swingers & Western Swingers d. 100/52 \$30 Second great volume of Western Swing on Proper. See Doughboys, Palyboys etc just above for the first volume. Again shows it wasn't just Wills & Brown.

Various: Swinging Hollywood Hillbilly Cowboys 4cds e. Proper \$30 This is the older style Proper box with 4 jewel cased cds inside a solid cardboard slip case along with a comprehensive 64 page book with great notes by Adam Komorowski. During the 40s Capitol Records (out of Hollywood) began and also many artists began recording in Los Angeles as distinct from New York and other Eastern areas. This 114 tracker is beauty with great tracks ranging from Arkie Shipley's "Hot Rod Race" (from whence came "Hot Rod Lincoln" through the Wayne the Train sound-a-like (maybe it is the other way around!!) Gene O'Quinn through stars of west coast country such as Merle Travis, Hank Thompson, Johnny Bond, Wesley Tuttle and many more.

Various: The Victory Collection: The Smithsonian Remembers when America Went to War. 3cds b. \$45 24pg book. This has other things on it apart from country music but what it does have you will not find are 9 of Carson Robison's wonderfully emotional heart on your sleeve anti-Axis rants including "Hitler's Letter to Mussolini" and "Mussolini's Letter to Hitler", which despite the seriousness of the situation are wonderful period comedic gems. CD 1 & 2 have 45 tracks whilst cd #3 is a collection of radio broadcasts gathered to give documentary on the war. There is a small knock on the side which does not effect contents.

Various: With My Little Ukulele in My Hand d. 104/48 \$30 Covers a number of styles including country but also features Cliff Ukulele Ike Edwards, Hawaiian, and even one cd of the great George Formby!!

Wagoner, Porter The Thin Man from The West Plains: The RCA sessions 1952-1962 c. Bear Family \$90 4cds, 112 tracks, 36 page book. From his start on the Ozark Jubilee to being the enduring Grand Ol Opry legend.

Williams, Hank Jnr Living Proof: The MGM Recordings 1963-1975 3cds b.

\$58 includes 24 page book Great set with massive 82 tracks. Starts with his early ultra traditional material and concludes with tracks from his pivotal "Hank Williams Jnr & Friends" album, which hinted at the outlaw style he would develop when he moved to Warner Brothers. The songs on this set are great. Love the Darrell McCall song "Eleven Roses" which was a huge hit and the songs about his father such as "Hank", "Living Proof" and of course "Standing in the Shadows" are chilling. A must have set, very hard to get.

Williams, Hank III Collector's Edition Curb e. 4 cds \$45 Actually collects his first 3 albums in a collectors hinged lid tin. Has 1)Rising Outlaw 2)Lovesick, Broke & Drifting and 3)Straight to Hell (2cds). Seems he may have finished recording in this style.

BOOKS (h=hardcover p=paper/soft cover)

Country

"A Heartbeat and a Guitar: Johnny Cash and the Making of Bitter Tears"
h. 279pg \$20 Antonio D'Ambrosio The most important album in Cash's career (arguably of course) was "Bitter Tears" in which he sang (mainly) the songs of Peter LaFarge, the wonderful Indian songwriter responsible for the wonderful "Ballad of Ira Hayes". As such it is a book about LaFarge and Cash. Excellent coverage from a social and musical point of view. I still rate LaFarge's original "On the Warpath" album as one of the most powerful I have heard.

"At Carter Stanley's Grave: Musings on Country Music & Musicians" by Ed Morris p. 218 \$18 This is an excellent new book by former Billboard editor Ed Morris. No subject is sacred but the most fascinating is the one about the mental disintegration of Mel Street and his tragic but seemingly inevitable suicide. The one on Rhonda Vincent's boobs is a bit lighter. This is actually for sale as a digital download but a small quantity have to be printed to satisfy copyright and these are 4 (that is all) of those. I bought these directly from Ed and he has written a dedication in the front of each.

"Behind the Grand Ole Opry Curtain: Tales of Romance & Tragedy" h. 403 pg Robert Oermann \$25. The dean of Nashville writers. Like the Ralph Emery book below this is endlessly entertaining. Great chapters on Johnny Paycheck & Deford Bailey in particular.

"Bill Haley: Father of Rock & Roll" p 896pg Otto Fuchs \$30 No that page number is not a mistake. Haley is essentially a country boy who became the founding figure of rock & roll from the white perspective at least. Of course his tragic last years are covered and Otto interviews many of those who were intertwined in the career of Bill Haley and the Comets.

"Brooks & Dunn – The Honky Tonk Truth" p 144 pg M B Roberts. \$8 Large style book which covers their rise & rise up to 2001.

"Country Music Records A Discography 1921-1942" Tony Russell p. 1183pg pages! \$40 The author documents ever hillbilly/old-timey record. Amazing research and detail. Was compiled by Russell and late Bob Pinson of Country Music Foundation. Take for example an artist such as Vernon Dalhart who not only recorded for different labels but also used many aliases, all covered herein.

"Country Music Trivia" p. 190pg Brian Mansfield Includes interactive cd \$8 Over 1000 questions...and yes..answers

"Family Tradition: Three Generations of Hank Williams" Susan Masino h. 257pg \$25 Brand new release. The parts on Hank Jnr and Hank III (Shelton) are extremely informative. Good bit about Hank Jnr's horror accident .

"Fortunate Son: The Unlikely Rise of Keith Urban" p. 312pg Jeff Apter \$10

"Good Natured Riot: The Birth of the Grand Ole Opry" Charles K Wolfe h. 312pgs \$20 Focuses on all the performers and how they were drawn together and its role in American society. Legendary fiddler, Jimmy Thompson, the first performer is seen as quite a character who didn't mind a drop..or two..or three..

"Grand Ole Opry Picture History Book: 75th Commemorative Edition" p \$10 180pg nice large size glossy. Gives a complete bio on the many members at that time (2000) and has many behind the scenes photographs.

"Grand Ole Opry Picture History Book" p 184 pg \$10 2001 edition

"Hank Williams: Snapshots from the Lost Highway" Colin Escott h. \$30 208 pg 26 x 26cm Came about through a chance meeting with Hank's surviving sister and Marty Stuart and subsequent opening of Hank's archives to him. So what you have is essentially the greatest coffee table style book on Hank Williams that you could ever imagine and then some. Archival information including Hank's hand written lyrics is produced. Great yarns brilliantly related by Escott. A must.

"Hatch Show Print: The History of a Great American Poster Shop" h \$20 188 pg 26 x 26 cm. Includes a dust jacket that can be removed opened and framed. The cover is printed as well, so it is not just a plain cover if you choose to do so. Now owned by the Country Music Foundation it is still in operation. Originally the plates were all hand carved. An integral part of Nashville and country music history.

"Jerry Lee Lewis: Lost & Found" h 208 Joe Bonomo \$15 Concentrates on his music as well as the man (of course) with a focus on "Greatest Live Show on Earth" album and his career as a country singer supreme.

"Johnny Cash: The Biography" Michael Stressguth h. 334 pg \$20 A great book which completely overshadows the Cash autobiography. Recommended.

"Kristofferson: The Wild American" p. 262pg Stephen Miller \$20 Very comprehensive coverage of the perplexing Kristofferson...well I find him that way. Great account of his struggles before making it and of course his famed helicopter landing on Johnny Cash's property and how Cash would throw the demos that were coming from Kristofferson into the lake. A funny bit June Carter was seconded to get Cash to listen..he did and said they are good and then still proceeded to throw them into the lake.

"Lost Highway: the True Story of Country Music" Colin Escott h. \$15 192 pg. One of the best and certainly most prolific, this was the book based on a television documentary series (no it has not been issued on dvd). Great pictures including the celebrated Charlie Rich burning the card announcing John Denver Entertainer of the Year. Wonder if anyone would have envisaged that compared to today's Nashville roster, Denver & Olivia Newton John were like Hank Williams and Kitty Wells.

"Meeting Jimmie Rodgers: How America's Original Roots Music Hero Changed the Pop Sounds of a Century" Barry Mazor h. 376pg \$25 Barry Mazor writes in an engrossing style and covers a lot of new ground examining the continued influence and reach of Rodgers' music. It extends to virtually ever major country artist (nice bit on Haggard) and he even examines curiosities such as the Fendermen's "MuleSkinner Blues", a classic indicator that not all songs are immediately identifiable as belonging to the Rodgers' catalogue. Recommend this.

"Music City Babylon: Inside the World of country Music" h. 331pg Scott Faragher \$15 Johnny Paycheck, Ricky Skaggs, David Allan Coe, Knetucky Headhunters etc....some of the people you will meet...you will never forget their stories.

"Music City Reader 2005: Great Writing on Country Music & Bluegrass" edited by Randy Rudder, foreword by Doug Kershaw p. 218 pg \$10 Includes "Iris Dement: All That Living Will Allow", "Kris Kristofferson: The hemingway of Songwriters" "The Ghostly Ones: How Gillian Welch & David Rawlings Rediscovered Country Music", "Dwight Yoakam: Hillbilly Redux" etc

"No Depression: Instruments of Change Bookazine # 77" p 144 \$8 With the demise of the magazine the editors decided they would try a flasher version, glossy paper, coloured photographs etc...not quite a book but more than a magazine. This one sold out. Among the many articles there is a great one on country music's premier studio bass player, Bob Moore, as well as an interview with Chris Hillman by Barry Mazor.

"Pickin' on Peachtree: A History of country Music in Atlanta Georgia" p 298pg Wayne W Daniel \$22 Traces the history from Old Time Fiddler's Conventions through the rise of radio WSB and beyond. Traces artists such as Blue Sky Boys, Martha Carson, artists you normally do not see.

"Public Cowboy # 1: The Life & Times of Gene Autry" h. 406 pg Holly George-Warren \$25 Great account of Gene, the actor, singer, tycoon and playboy....well I mean Annie Oakley (Gail Davies) was a good sort.

"Redneck Woman Stories From My Life" Gretchen Wilson h. 202pg \$10 with dvd This is also autographed by Gretchen Wilson, who enjoyed incredible success early in the millennium

"Rednecks & Bluenecks: The Politics of Country Music" h. 301pg \$18 Great coverage from Blind Alfred Reed in the late 20s through to recent times and the infamous Dixie Chicks anti-George W stance.

"Restless Giant: The Life & Times of Jean Aberbach & Hill & Range Songs" p 305pg Bar Biszick-Lookwood \$18. Publishing ginat who published music recorded by Elvis Presley, Sons of Pioneers and many others. Gives the run down on Colonel Tom Parker...and doesn't pull any punches.

"Rosanne Cash: Composed" Rosanne Cash h. 245 \$18 Rosanne's new autobiography.

"Shania Twain: The Biography" p. 370 pg Robin Eggar \$5

"Sign of Life: A Story of Family Tragedy Music and Healing" h. 230 pg Hillary Williams \$10 Holly Williams and Hillary are daughters of Hank Williams Jnr....different mother to Hank III. This tells the story of Hillary's recovery from a motor accident which almost claimed her life. Hank Jnr did the foreword and there are many references to her family especially half brother Shelton..HankIII.

"Sing It Pretty: Bess Lomax Hawes: A Memoir" p. 178 \$10 Sister of Alan Lomax and a member of the first family of folk music.

"Sotheby's 'Property from the Estate of Johnny Cash & June Carter Cash' Auction September 14-16 2004 p 320 pg \$60 This is an actual auction catalogue of the auction with every lot in it, with estimates etc. It is printed in

absolutely the best quality gloss paper imaginable. Large 21 x 27 cm size. You can check the results on the Sotheby's web site. Interesting that personal items went for much more than estimates eg a letter from Ronald Reagan to Cash had a top estimate of \$1200 but went for \$2700. If you don't want to get it from me the Johnny Cash Web Site has one for \$150. Fascinating item I really want myself!!

"Starday Story: The House That Country Music Built" h. 266pg \$28 Nathan D Gibson with Don Pierce. The Starday label is intrinsically entwined with the career of George Jones but also with the likes of Red Sovine, Cowboy Copas, In its own way Starday pioneered many aspects and apart from the personnel it offers insights into all aspects of the recording industry. BTW Nathan Gibson is the same Nate Gibson who has an excellent cd in the "uptempo honky tonk/ rockabilly section.

"Tao of Willie Nelson" Willie Nelson p 184 pg \$8 Hilarious book on Willie's philosophies on life, and his attitude "don't sweat on the small stuff". Lots of anecdotes and jokes. He of course covers the troubles with the IRS. Laugh out loud bits all through.

"View from Nashville" Ralph Emery with Patsi Bale Cox. 320pg h. \$25 This is a fabulous book. Great anecdotes that are endlessly interesting. To give you an idea it includes a rare interview with Colonel Tom Parker, the story behind the Roy Orbison Mick Jagger feud, the fight over Conway Twitty's estate, Loretta's secret admirer Buck Owens, Johnny Horton's message from beyond the grave, Ray Charles' country roots etc. Very easy read but be warned don't plan to do anything else as it will trap you.

"Willie Nelson: An Epic Life" Joe Nick Patoski h. 567 pg \$25 The best bio yet on the great man. Willie has had his share of tragedies and the book shows how he overcame them with the Willie humour and tenacity.

"Willie Nelson Sings America" Stephen Opdyke \$35 p 472 To find a new copy of this out of print gem is amazing. It gives a thorough run down of Willie's recordings, but the author has included many hitherto unknown anecdotes as well. What is great about this is that the author has been extremely thorough so he writes about things such as "Peace in the Valley: The Gospel Truth Collection" with Jnr as well albums such as "Just One Love" on Justice which usually get overlooked for much lesser quality items. Wonderful coverage of Willie's many duets. This is an absolute must believe me.

Non Country

"Baby Let's Play House: Elvis Presley & the Women Who Loved Him" h. 684 Alanna Nash \$22 "A fascinating look into the personal life of one of the world's greatest performers"

"Bayou Underground" p Dave Thompson 247pg \$10 Explores the music, life and lore of New Orleans.

"Bob Dylan Encyclopedia Updated & Revised edition" Michale Gray p.756pg \$28 Every album, recording, bootleg, everyone who ever knew him and how they knew him, all set out and well written. All you ever wanted to know about Bob.

"Bob Dylan- The Essential Interviews" edited by Jonathan Cott h. 445pg

Published by Rolling Stone magazine/ from 1962 to 2001. Some very straight and informative and some a tad on the weird side...but that is Bob.

"Bob Dylan Complete Discography" Brian Hinton p. 464 pages \$22 Great music book, squat size which you could slip on the cds shelves. I still reckon "Self Portrait" is a greatly underrated album an also rate the outtake album "Dylan". The author rates neither but who gives a rats!! A must have though.

"Don Felder- My Life in the Eagles 1974-2001" Don Felder w. Wendy Holden 340p h. \$25 Great look at the Eagles and the man who was responsible for their biggest hit in "Hotel California" and for establishing their credentials as a major rock band but was unceremoniously dropped. Another book full of great anecdotes and recommended for fans of the West Coast rock scene.

"Gospel Side Of Elvis" p. 167pgoe Moscheo advance copy \$8

"Got a Revolution: The turbulent Flight of Jefferson Airplane" by Jeff Tamarkin p 408 \$15 In depth coverage of the trials & tribulations of Jefferson Airplane and the san Francisco rock scene in general.

"Nearest Faraway Place: Brian Wilson, the Beach Boys and the Southern Californian experience. Timothy White H. 416pg Beach Boys, Jan & Dean, Byrds etc. I like the author's description of Mike Love...golden haired but unignorably balding!

"Read the Beatles: Classic and New writings on the Beatles, Their Legacy & Why They Still Matter" p. 364pg Great collection of articles about the Beatles from their early days to their breakup. Nice bit from Newsweek recorded 2 years after Lennon's murder when McCartney was turning 40. Over 50 pieces about the group which put daylight second.

"Signed Sealed & Delivered: The Soulful Journey of Stevie Wonder" h. \$18 337 pgs Raised in poverty and abused by an alcoholic father to the multi Grammy award winning superstar.

UPTEMPO HONKY TONK / Rockabilly CDS

This is a new sub listing which I have decided to incorporate following an umpteenth Dale Watson concert in Sydney which indicated the audience did include a large number of rockabilly fans who offered large support to Dale. Incidentally Dale was as great as ever and particularly chatty (mainly about the diabolical Tiger Airlines who had "misplaced" his new Tompkins' guitar), and I would put this down to the fact promoter, Big Karl, had been offering Dale lots of fermented liquids in order to placate his charge. Hard to believe Dale just gets better. **BY THE WAY IF YOU NEVER HAVE BOUGHT A DALE WATSON ALBUM YOU NEED TO CHANGE THAT.** He is Merle Haggard meets Johnny Cash. Yes...that good.
