Postage: 1cd/ 2cd \$3/ 3-5 \$8 Australia post has bucked the trend and increases prices at least 3-4 times a year. Don't worry about inflation. They will create inflation.

It is a little late but there was a lot to include and you will find that the **BOX SETS** listings are much more user friendly in their setting out. We are here between Christmas and New Year. Have no hesitation in calling over the holiday period. If you get the recorded message please leave a message.

There are a lot of fine new albums and I dare say the album of the year may come from one of these. Any questions? Please do not hesitate to ask. We look forward to hearing from you.

Wesley Dennis "Country Enough" \$28 Some artists don't make it easy for themselves do they? Wesley lives somewhere like Indiana and yet sells his cds ...or rather doesn't sell his cds...out of Canada. A great artist with a fine voice and more than a passing nod to the wonderful Mel Street. This is as good if not better than his two previous albums, "Wesley Dennis" and "Country to the Core". The first was on Mercury and the second was an independent with the same brilliant marketing strategy he employs on his latest. But who is he to be told. Wesley has written 7 of the album's 14 tracks and all are fine. I really like the witty "The Dog Won't Hunt". One of the non-Wes songs is "Brotherly Love" and he does an excellent version with Brian Mallery, another fine singer. His own "A Month of Sundays" is a classic and his voice owes more than a touch to Mel Street. It is hard to say but I didn't really like his version of Mel's big hit "Lovin' on Back Streets" as Wesley is joined by his mother on this track and whilst it may seem harsh to say it is about as good as the track Iris Dement had her mother sing on

her "Infamous Angel" album...in other words it isn't. But we should feel grateful we have this album. Normally I don't like songs that preach "how country" the singer or the song is but the title of the track is great as Wes does a career summary in song. Excellent stuff. And please, don't dally...a Wes in the hand is worth two in Canada....or something like that, in other words don't chance it is going to be around long.

Tim Culpepper "Pouring Whiskey on Pain" \$28 Some artists don't make it easy for themselves Part II. This may be album of the year but no thanks to the clowns promoting it. They essentially promoted it as if out...sending out bits to radio stations in the first half of the year yet it was only pressed October Again...take my word...this may be album of the year. He has a voice which is reminiscent of the likes of Mark Chesnutt and I would go as far as to say "One More For the Road" will remind a lot of Chesnutt's classic "Too Cold at Home". Many of the songs are by Elbert West, a fine artist in his own right BUT Tim is the vastly superior vocalist. In fact all 11 songs are originals and all have a very late 80s sound but them...they compare more than favourably with the best Ricky Van Shelton, Alan Jackson or Randy Travis had to offer. "Pouring Whiskey On Pain" is a song I thought I have heard before...maybe it is just *that* good. What a classic opening 4 lines that sets the scene perfectly:

I got a box-set of Hag, a 3-finger glass

And a bottle of dark 90 proof

To help chase away misery, by drowning her memories

But still I can't out-drink the truth

The honky tonk aspects couldn't be better. The album is a gem. Tim Culpepper is a star. 13 tracks of delightful and pure country.

Sweethearts of the Rodeo "Restless" Cold Trade Records Sisters Janis and Kristine Oliver (Janis of course was married to Vince Gill but has reverted to the maiden "Oliver") had great success in the early 90s when on Columbia with a jaunty style that approached rockabilly on many occasions. They then made a couple of bluegrass flavoured albums on Sugar Hill which were also well received. They have limited themselves to a single concert per year at the Bluebird cafe since then. They also had a clothing store in Hendersonville, Tennessee...not sure if they still do. Anyway the new album mixes elements of both BUT the title track is an all out cracker and could have easily been on their first album. Nashville guitar wiz Kenny Vaughan is featured throughout as is Al Perkins. Producer, Dave Pomeroy is also a much in demand bass player. Richard Bennett, one of the best guitarists going makes some fine contributions such as the almost Duane Eddy like intro on the opener "You Can't Hold Me Back". Great harmonies, in fact excellent throughout. Interesting the track "Maybe Tonight" is shown as a co-write between Janis Oliver and Vince Gill and can't help wondering when it was written. "Too Little Too Late" is a smacking little rockabilly number. For a change of pace "Hopeless Rose" is a ballad about a person of the same name. Co-writer is Jon Randall (now adding his real surname "Stewart" back on to his name). "Going to Kentucky" reverts to the uptempo style with some nice flourishes on dobro (Al Perkins). Nice album, a great album in fact and I would almost play a track from John Anderson's "Wild & Blue" for Vince Gill... "You Never Looked That Good When You Were Mine"...as Janis looks very hot!! Sorry, had to put that in!!

Time Jumpers "The Time Jumpers" \$28 I have always offered Vince Gill's "The Key" as an example of how good major label country music can be, even in the rank pop driven times of today. It does go back a bit now (1998) but Vince has on the 3-4 tracks he is featured as lead vocalist actually made this a mini-Key if you like. Stunning Nashville sound recreated. I'd even go as far as saying "Three Sides to Every Story" is (hard to believe) better than anything on "The Key". BUT..there is more. Vince is one of 4 vocalists. The delightful Dawn Sears, her husband Kenny Sears and Ranger Doug Green (of Riders in the Sky) provide wonderful variety in the vocal department and the instrumentation from the likes of Kenny Sears and Joe Spivey on fiddle and Paul Franklin on steel is faultless and thrilling....they actually do solos...and not the 3 second variety

that major label artists throw in to suggest they are performing country music. Their previous "Live at Station Inn" had slightly different personnel (I do miss wonderful vocalist Carolyn Martin) and was more a western swing album, whereas this is a country album with just a little swing thrown in. If you are serious about REAL country music this cd is for you.

Leona Williams "By George" \$28 Old George is the song that leads off Leona's George Jones tribute cd, a great Leona original which leads to 13 classic George Jones covers. Leona has been referred to by no less a person than George himself as the best female vocalist going and her interpretations are just grand.

Janis Martin "Banco Sessions" ~~\$28~~ \$20 Janis was one of the rockabilly greats, a contemporary of Wanda Jackson & in every way as good. This is her last project completed before her sudden death in 2007 and the session was produced by Rosie Flores, who states her biggest influences as Janis & Wanda. Top notch performances all the way with a great band including the fabulous T Jarrod Bonta on piano and Dave Biller on guitar. There are some quite bluesy tracks but she also does some classic rockabilly including "Wild One (Real Wild Child)"..the Johnny O'Keefe track and gets its origins 100% correct. There is some pure country as well. Nice album all the way with fine notes.

James Hand "Mighty Lonesome Man" \$28 First in a while and lo and behold his best yet. So good and with every track bar one written by our hero. If Norman Wade, Vernon Oxford and co are your favourites you can guarantee James Hand will be too. Most of the songs are of medium tempo but it is the wonderful story song "Old Man Henry" that many will turn to and why wouldn't you. It is somewhat unusual. Over 5 minutes long but you become riveted from the outset. It is very much like the opening bit of "He Stopped Loving Her Today" in the sense that song had a very long intro before reaching the chorus...except that James doesn't have a chorus. It is brilliantly carried off and whilst with the Jones comparison even sounds a bit like George. Is it a true story?? The album has great instrumentation with some of the best Texas has to offer...Bobby Flores/ Alvin Crow/ Cindy Cashdollar/ Earle Poole Ball. I think James will be lining up for album of the year.

Kal Fields Shane Worley)/ Kowbelle "Our Red Cross" \$20 It features songs all by writer Lou Ross....perhaps for a songwriter project. What elevates this is that "Kal Fields" is actually **Shane Worley** so take advantage to get this new Shane Worley for a song. The title song is about the tornados that struck Chattanooga (just south of Nashville) in 2011 and the random way they choose their victims. Lou Ross is not as good a songwriter as Mike Headrick, Shane's usual mentor but worthwhile nonetheless. Though with that I will say Shane elevates the album beyond what another vocalist would have and there is one fine honky tonk.

Jamey Johnson "Living for a Song: Hank Cochran Tribute Album" \$25 Jamey is one of the few true voice of true country on a major label today. BUT whilst he is there there may be hope that the sheer awfulness of Taylor Swift and co will just go away and vanish off the face. 16 duets (or tri-ets...when there are 3 involved.) Includes Haggard, Emmylou, Ray Price, Willie, Bobby Bare, etc The final track actually features Hank himself. Jamey has a respect for the traditions as well as being somewhat a rebel. Emmylou joins Jamey on "Don't Touch Me" which was a hit for his then wife, Jeannie Seely. George Strait joins for a rare duet on "The Eagle", the title of one of Waylon's Epic label albums. Great to hear Leon Russell on "Way to Survive", which also features Vince Gill. If only there were a dozen more like him!!

My Darling Clementine "How Do You Plead" \$28 This is stunningly good but with a twist. Some tracks perfectly capture the essence of Gram Parsons' two albums with

Emmylou Harris, "Reserved For Me & You" in particular is just grand. It is all original songs as well mainly written by Michael Weston King and several by Lou Dalglish and several co-writes. She (Lou) in the solo parts sounds a little like a powerful voiced version of Olivia Newton-John...and I mean that in a very complimentary way. He (Michael) comes across as a little like a more country version of Elvis Costello. Now the twist...they are English. Country Music People called this the greatest English country album ever and whilst that magazine is famed for gross exaggeration and overpraise that is *not* the case here. It is that good. Nice packaging and 15 tracks. There are classic duets featuring classic country songs that sound as though they were from the classic period of country music. It would be hands down album of the year except it came out end of 2011 and whilst the Swedish Cowboy would excuse his way around that one I won't. I'd just say it is good as anything that has been released in the past 5 years.

Tea Goans "That's Just Me" \$28 This has the classic Nashville sound and Tea is a wonderful vocalist female vocalist. Reminds a little of likes of Marsha Thornton, Mandy Barnett and for those that bought Amy Francis it will also have great appeal. Style + substance. Who would have ever thought Kristofferson's "Nobody Wins" as a vehicle for the Nashville sound ...stunning actually. This is a mix of originals and covers. Larry Gatlin's "I've Done Enough Dying today" may be the best track, as Tea wrings every bit of emotion out of it. A touch of strings adds to the Nashville sound. A wonderful wonderful song. Byron Hill's "The World's Biggest Fool" shows her upbeat side, where she reminds a bit of Dawn Sears. "That's Just me Loving You" is a duet with Jamie Dailey, a member of Bluegrass Hall of Famer Doyle Lawson's group but this is pure country. He should make a country album as he is superb on this. So friends, an album with a lot of variety and a great singer doing the hours.

Red Jenkins 'Cheatin' Heart Motel" \$30 featured track "Drink My Wife Away"...of course a David Allan Coe song (with Miss Leslie)...we have our Swedish Cowboy and this is another Swedish Cowboy who has made a wonderful duet album, produced by Texan Bill Green, a fine artist in his own right. Honestly the duet partners reads like a list of Yesterday & Today Records favourite artists...Tony Booth, Johnny Bush, Billy Mata, Jake Hooker, Justin Trevino, Darrell McCall, Amber Digby, Bobby Flores etc. Final track is a little different...a tribute to Doug Sahm, performed with Doug's long time cohort Augie Meyers. 18 tracks in all. Red really doesn't have much trace of an accent at all, even if he is a herring chomper. He actually used to record as "Redneck Jenkins". We have 5 of his albums available. The others are:

1. Neon Bible: The Texas Hoonky tonk Testament \$39
2. The Bartender \$30
3. Hank & Jack \$30
4. Trucker's Paradise \$30

Will Bannister "Turn Back Time" \$28. His previous album was popular and this is even better...much better. He has a wonderful slightly adenoidal voice and is also an excellent writer having been responsible for 10 of the 11 songs, the exception being the title track, credited to Colt Banister so assumedly all in the family. The wonderful Texas steel guitar player Tommy Detamore is in great touch. The two favourite tracks both have place names in the title, "She's Somewhere in Texas Tonight" and "I Wonder Who's in Denver", the first uptempo and the latter a great one to feature Will's very distinctive drawl. He is the type who would have been a real star in the early 90s, at least as far as the majors go. "Fiddle Man" is a jaunty conclusion to a great album.

Darrell McCall, Tony Booth & Curtis Potter "Survivors II" \$28 This is second cd on Heart of Texas label. How can you not love it?? One selection will be familiar to a lot of you and that it is a cover of the favourite track by Billy Mata, "If This Was Texas", a track so amazingly catchy that you would wonder why it wasn't a big hit. Mind you I will warn you, you may wake up in the night and find it going round in your head. Their

voices are similar but easily identifiable so it is fun to try and pick out who is doing what. Most of the album is high on the shuffles. The Swedish Cowboy's learned thoughts: "We live in fantastic times! If this had been issued 30 years ago it would have been the album of the century, but nowadays we are spoiled by Heart Of Texas Records and Justin Trevino with albums of this caliber every month or two. This is much better than *Hot Texas Country* by McCall & Bush and *Texas Dance Hall Music* by Ray Sanders, McCall and Potter, and those albums were the best we had ever heard when they were issued some 30 years ago" Suffice to say "Heart of Texas" is also our favourite label,

Tony Booth "Old School" \$28 Wonderful singer influenced by Ray Price and Buck Owens and always great and this, his latest on Heart of Texas label is no exception. There are 4 songs co-written by Dave Lindsay and Tony tends to shy away from overly familiar covers and this is no exception. I had never heard Jim Reeves do "Little Old Dime" (something not in his usual style you'd expect from Jim). We are even treated to a duet with Willie on Willie's tune "How Long Is Forever". Tony is a terrific singer and has a very distinguished look...could be the hillbilly president if they had such an inkling.

Ronny Elliott "I've Been Meaning to Write" \$25 First in a while from this Florida based artist, a favourite of many Yesterday & Today Records customers over the years because of his unique style. Someone hearing him for the first time may say there's a bit of Johnny Cash, a bit of Tom Waits etc but we'd say it was 100% Ronny. Great story songs none better than "Handsome Harry the Hipster" the story of 40s singer Harry Gibson. Always great.

Kelly Spinks "Right Out of this World" \$28 You wish hard enough for anything and it comes. I was telling Big Bad John that another album from Kelly Spinks would be grand and lo & behold here it is. His voice has deepened a little and it is pretty safe to say he bears more of a resemblance to Mark Chesnutt than ever especially on the wonderful "Who's the Stranger at Our Door". Cheating and barroom songs are in prominence and he handles them superbly. Just for the traditionalists he nails Stony Edwards' wonderful tale of "almost being a heel" on "Two Dollar Toy". Then it is back to "Barmaids & Barstools" and a great workout on "Texas Fiddle Man", which I think was done by the great Alvin Crow. As good as his previous two albums were, I would say this was better.

Karen Collins "No Yodelling on the Radio" \$28 Classic honky tonk. The title song is a lament about the changing passage of time and its effect on music. "Mama's in a Honky Tonk Downtown" features band member Geff King, who was a member of the great indie group Honky Tonk Confidential. Great song in which he tells his kids all about their errant Mama. This is just a great cd. "I'm a Walkin' Advertisement for the Blues" is very Loretta Lynn inspired and you can't get much more of a recommendation than that. The great "Salvation Saloon" is classic honky tonk. Great album with good songs.

Gary P Nunn "One Way or Another" \$28 Very popular Texan with his own unique style. Has lot of fans hooked on it. Does story songs intertwined with Texas two steps. Formerly with Jerry Jeff Walker and over the years has more than held his own with his ex boss!

Sleepy LaBeef "Rides Again" DVD \$35 First ever dvd recorded in Nashville in 2012 under the direction of Dave Pomeroy features 17 performances interconnected by recaps and anecdotes of his career.

Leyla Fences "Itty Bitty Twang Twang" \$28 Not sure whether the title is approved or not but Leyla is the real deal, a genuine honky tonker with a rustic quality that really compares to the first couple of Miss Leslie albums, though Leyla cracks a smile or two so she is one up on the sombre one. There is a lot of humour, "Trophy Wife" being about the surgically enhanced numbers. Lots of upbeat stuff but she also has a few ballads.

The "Next Time" has classic country written all over it. She also writes the songs as well as singing them. The Cosmic Cowboy loves this album.

Lawrence Reynolds This is a tad complicated...Mike Headrick, who owns the rights to the fabulous recordings of Lawrence Reynolds (may Lawrence RIP) has brought out a new album of outtakes and at the same time adjusted the tracks on "He Comes From Alabama" so that the 2 albums are roughly even as far as tracks go. So for those who already have the "He Comes from Alabama" (as per first listing below) we will work out some deal if you want to get both 2&3 listed below. Whatever I will say that Lawrence, an all time Top 5 indie (As per the first listing) is a honky tonk delight. The outtakes are varying in quality but the best are as good as anything on the original album. Yes, he is the same guy who had a pop hit with "Jesus Is a Soul Man" the song about a Mexican waiter who was a big fan of James Brown...NO!!!) but these country recordings are just a delight. Sensational in fact.

HonkyTonkitis

- 1. Alcohol & Heartbreak \$28**
- 2. You Drink & Drive me Crazy \$28**
- 3. Deep End of the Bottle \$28**

3 albums by what may be the definitive honky tonk group in the very big sub-category of "drinking songs". And they are great at what they do. They remind a little of the Cornell Hurd Group and in Yesterday & Today speak that means about as good as you can get. All feature classic album covers, which will leave no one guessing as far as content is concerned. Like the Cornell Hurd Band there is plenty of humour. Not the dopey Nashville embarrassing "you think my tractor's sexy" cringe thing but the good natured banter that we all love. They may not be Australian but their humour will appeal. They are no shy in including country royalty in their songs, for example "What Would George Jones Do", "Praying in the House of Hank" and Johnny Cash Would Kick Your Ass" are from "Alcohol & Heartbreak. They are also able to use the witty play on words to great effect, eg "Shotgun Divorce" & "Alimony Is a Four Letter Word"...And for Quakers Hill Red Pete be known they are great value with heaps of tracks...17/15 & 16 respectively. They have some great instrumental subtlety too & kudos must go to accordion player Don Turner.

Eric Strickland "Honky Tonk Till I Die" \$28 Nothing we like better than a fair dinkum full on honky tonk album and when it is as good as this it is hard to beat. All the tracks are original and extremely well written. The classic "Haggard & Hell" is almost an outlaw song that Waylon would have been completely home in covering. There is a lot of instrumental variety, with "Shine Down On Me" (in particular) and several other songs featuring some great bluesy harmonica from Garry Braddy, There isa great full sound with David Evans on lead & baritone guitar having some fine duels with steel guitarist Ray Walker . A couple of truckin' songs add to the joy. Only criticism is the dreaded

hidden track. Ten tracks are listed on the cover but the 11th is actually a beauty...
assumably called "Drinking Whiskey" it is about a guy trying to forget a love but finding
out there is not enough whiskey for him to do so. Terrific album..

Ken Mellons "Just What I'm Wantin' to Do" \$28 This is actually a reissue of Ken's
album "Sweet" which wasn't around for long, and was Ken's best album and I might say
a great addition for anyone's collection. This adds the song "One's a Couple". Both he
and Tracy Lawrence cut the song "Paint Me a Birmingham", but Ken's version was
superior for mine. He has a wonderful voice which we have said in the past is
reminiscent of that of Vern Gosdin...you can't get a much better recommendation. The
"Institute of Honky Tonks" is a duet with George Jones. Ken is one of the all time great
ballad singers, "Can't Make my Heart Believe" sounds like it could have been on Vern's
"Alone" album...it is that good. If you don't have "Sweet" get this. Still trying to work out
what a "Birmingham" is...a city?an artist? A style of painting??What matters though is
this is tops!!

Charley Pride " Did You Think to Pray" Music City Records \$28 If there is one
artist who has been poorly treated in the reissue market it is Charley Pride. This 1971
album actually won 2 Grammy Awards for Charley. Produced by Jack Clement it is
generally acknowledged as one of his best. It is augmented by "Wings of a Dove" which
was recorded in 1967. Let's hope that someone jumps on the bandwagon and gets a few
more Charley's out.

Jesse Dayton "Sings Kinky" \$28 Jesse Dayton is a great singer from Texas, who has
occasionally been let down by choice of material. But when he gets it right he is hard to
beat. This breathes life into the songs of Kinky Friedman, the Kinkster. It is a logical
progression as Jesse featured in a stage play about Kinky and played the man in his
heyday...was going to say when Kinky was a big star but that was wrong as Kinky was
never a real star even though revered and loved. This is like having a "Pearls in the
Snow" # 2.

Dottie Jack "Lighter Shade of Blue" \$28 This is a **last minute** Christmas present.
Just out and in the year's final shipment. Dottie is sensational. Her last album was our
album of the year and deservedly so. Maybe this will sneak in. Anyway it will be here
when you get this. It is all new and here are the tracks. I assume "Baby That's Cold" is
the track that was done by Vern Gosdin. Wow, that should be good.

1. Kissing My Pillow
2. Because It's You
3. My Ears Should Burn(When Fools Are Talked About)
4. Our House Is Not A Home
(For It's Never Been Loved In)
5. I'll Run Right Back To You
6. Baby, That's Cold
7. I Heard You Asked About Me
8. A Lighter Shade Of Blue
9. Nobody Wins (Duet with Justin Trevino)
10. I Sure Learned A Lot From You
11. When The Tingle Becomes A Chill
12. One For You -- One For Me

19. **VARIOUS Rockabilly Cowboys 10 cds \$35 200 songs** Same as Eddy Arnold (above) This is a great set and even if you have the entire "That'll Flat Git It" series on Bear Family there are many on here that aren't on there. As the title would indicate it focusses on the country side of things.
20. **VARIOUS Train songs 10 cds 200 tracks \$35** Infinite variety and fabulous spread of styles. Favourites are Doris Day "Choo Choo Train"/ the Four Lovers

"Night Train" (what a beauty) and Laurie London "Gospel Train"...it starts with 30s country.

3. **Jack Bradshaw "Saturday Night special" \$32** He is featured on that cd of Marvel Masters we have listed later in this newsletter and is a rockabilly come hillbilly singer well respected by collectors.
4. **Billy Brown "Did We Have a Party" \$32** Famed as a rockabilly singer on Columbia with classics such as "Dis We Have a Party", "Flip Out" etc but also as the guy who first recorded Joe Allison's "He'll Have to Go", of course the biggest hit for Jim Reeves. NOW, if Billy had only put his sweet lips a little closer to the phone.
5. **Hank Davis "One Way Track" \$32** 38 tracks from a New York based singer who had some excellent rockabilly/ country sounds but never really stayed around on one label long enough to be famous. 38 tracks including the title song, the closest thing he had to a hit,
6. **Bonnie Guitar "Only the Moon Man Knows: Rare Recordings 1951-1957 \$32** 34 tracks from the labels Morrison/ Rainier/ Fabor & Dot.
7. **Merle Haggard "Troubadour" 4cds + 68 page hardcover book \$180 This is Merle's MCA years. ...111 tracks and over 6 hours.** I really love Merle's MCA period. He recorded more moody autobiographical songs and some classic albums: Back to the Barrooms/ The Way I Am/ I'm Always on a Mountain When I Fall etc and of course the gospel "Songs for the Mama Who Tried"
8. **Johnny Horton "I'm a Fishing Man" DVD \$35** A long time coming but the 28 track dvd was in so much demand it is not funny. Now back in stock. Includes Ozark Jubilee performances.
9. **Eddie Noack "Gentleman prefer Blondes" 3cds \$80 + 104 page book with a whopping 104 tracks!!.** Contains original Four Star, Starday, D & Mercury Recordings. There is going to be a single cd of his later recordings (coming 2013) which has his version of the Leon Payne Classic "Psycho" on it. His hard country style was favoured by rockabilly fans even though he considered himself to be pure country.
10. **Louis Prima "Louis Rocks" 30 tracks \$32** which also feature his then wife, Keely Smith and Sam Butera. His signature tune "Just a Gigolo/ I Ain't got Nobody" is of course a highlight.
11. **Marty Robbins "Marty Rocks" \$32 30 tracks.** Marty was a great rockabilly singer and to be honest his version of "That's All Right Mama" ranks right up there with that of Elvis. I guess it is a stretch to have the ballad "She Was Only Seventeen" but it was a great period song.

12. **Red Sovine – Juke Joint Johnny: Gonna Shake This Shack Tonight” \$32**
Was once a hard country singer! And this proves how good he was. 31 tracks including 2 duets with Goldie Hill (which was his first charting hit) plus “Why Baby Why” with Webb Pierce(which was his first number 1).
13. **Ernest Tubb Shows Walking the Floor Over You Part One DVD \$35**
14. **Ernest Tubb Shows Walking the Floor Over You Part Two DVD \$35** Two volumes shot in the early to mid 60s. Both are in colour and in great clarity. The first volume has quite a few performances by Willie Nelson. Gee he looked respectable. Volume 2 also has some Willie so. The Troubadours had Jack Greene and Cal Smith in their numbers at this time and both get solo spots. Tubb is at his charismatic best. The Ernest Tubb Midnight Jamboree continues to this day. Current owner David McCormick licensed these performances.
15. **I Like It Like That \$32** 32 track compilation God compilation wit ha lot of rarities but too bad if you want to ead the notes...they are in German. All the other cd’s notes are in English...Why Dunno??

Other Bear Family cds

1. **Big Bopper “Hello Baby You KnowWhat I Like” \$32** complete recordings and more, including several tribute songs plus some where the artist sing his song...ie Jayne Mansfield soing “That Makes It” 31 tracks..23 by the Bopper himself. Doug Parkinson played him in the Australian “”Buddy Holly” stage show. NO, I didn’t think it was a great choice either. Endless humour and great music.
2. **Kinky Friedman “They Ain’t Making Jews Like Jesus Anymore” \$32** 2 of Kinky’s otherwise unavailable 70s albums on 1 cd. Ringo Starr makes a guest appearance as God on the track “Men’s Room LA” in which he plays the part of God when he answers Kinky’s prayer when he finds the men’s room doesn’t have any toilet paper. Nope..you won’t hear Taylor Swift doing a cover of that one.
3. **George Hamilton “To You & Yours: the Drugstores Rockin’”** Great compilation of early ABC and RCA tracks. He had quite a few ABC hits including “A Rose & Baby Ruth”& “gee”. 32 trcaks in all. Also made several great rockabilly tracks, especially “Everybody’s Body”
4. **Jerry Lee Lewis “Old Time Religion” \$32.** If there is such a thing as a funny gospel album this is it!! Never released until Bear Family put this cd out. He is in wonderful form. Perhaps Smash records people thought it a bit irreverent but so what..it is ...and it is Jerry Lee.
5. **Porter Wagoner “Cold Hard Facts of Life” 3cds + 60 page book.** It contains 6 of Porter’s classic themed RCA albums within a quad-fold digipak cover. It contains
 - a) Confessions of a Broken Man
 - b) Soul of a Convict
 - c) Cold Hard Facts of Life
 - d) Down in the Alley: Skid Row Joe
 - e) Bottom of the Bottle
 - f) Carroll County Accident
 All are none less than brilliant. Porter’s peak period and then some.

6. **Various: A Girl Called Johnny Cash: An Album of Tribute Songs \$32**
The concept is pretty simple. A collection of songs by artists singing about other artists. It starts with Gordon Terry's great "Ballad of Johnny Cash". Highlight though are the 10 tracks recorded by the wonderful Stoney Edwards of which only "Han & Lefty Raised My Country Soul" was ever released. The other 9 are just as good. Fabulous.
7. **Juke Box Pearls \$32 25** tracks of uptempo honky tonk style music by women, gals, females. Some you know, some you don't. Great concept.
8. **Shit! Happens \$32** Daring title...who said the Germans=s don't have any humour. This is a wonderful album...if it could be summarised in two words it is "bad luck" being in the wrong place at the wrong time...being the victim of bad luck. The yare songs of tragedy but all us country music fans know the artist is winking at us. Still Kleenex is recommended. Brilliantly illustrated by German artist Reinhard Kleist.

Part 1. These are truly some of the finest country cds ever. All are long out of print. We don't ever knock back the opportunity of getting these as we know one day . v the opportunity will not be there, so occasionally we get a few more of some things. This time round I am culling a few and guess what..you are the winner. This is the deal...on all in Part 1 Buy 1 \$20/ Buy 2 \$18 ea/ Buy 3 or more \$15 each. Don't miss out. These are classics.

1=\$20 2=\$18ea 3+=\$15ea...Part 1 only

Atkins/Reed "Sneakin' Around" Chet's 3rd album with Jerry Reed is full of great picking & the wonderful interplay of the first two. "Gibson Girl" is a great song about a guitar though it takes a while before you can cotton on to that.

Bogguss, Suzy/Chet Atkins "Simpatico" One of Chet's last albums and one of Suzy's best, if not the best. A must have. Highlight's are many But personally can't go past the fabulous Johnny Cash song "I Still Miss Someone" and Elton John's "Sorry Seems to Be the Hardest Word". Wonderful song with Chet showing why he is so revered, great guitar "Two Shades of Blue" may be better with a hint of accordion.

Browne, Jann Tell Me Why -1990 gem long OOP As well as being a cracker singer she is a great writer with the highlight being "Louisville". Emmylou guests. Something that is just not in existence anymore, a great major label female vocalist.

Cartwright, Lionel "Lionel Cartwright" He debuted same time as Garth & Clint Black & his first was a stunner. "Like Father Like Son", a Paul Overstreet song is a classic, whilst the rest are Lionel originals and stand up very well. Particularly good is "Little Lesser Blue". Sounds as fine today as when first released.

Cash, Tommy "Let An Old Racehorse Run" 12 track indie on Playback inc 2 duets with Jeannie C Riley, who we are told turned Tommy's life around (along with the lord). Don't you just love liner notes!!

Cryner, Bobbie Bobbie (signed copy \$25) always say this gem is the best album by a female we have ever had & (until Miss Leslie came along) the only time I have heard a female sing like George Jones. Very much like Melba Montgomery to these ears. Wonderfully produced by Carl Jackson, it also includes a great duet with Dwight Yoakam on the classic "I Don't Care", a classic for Webb Pierce. Still as good as it gets.

Davies, Gail – Pretty Words MCA one of our favourites and certainly in the very top echelon of Nashville female writers and singers. From 1989 and was produced by Jimmy Bowen. Gail wrote or co-wrote all 10 songs.

Davies, Gail "The Other Side of Love" Nice Capitol label album from 1990 with al Ibar two songs by Gail, who also produced.

Delray, Martin "What Kind of Man" Second of only 2 albums. Great deep voice and also a great guitar player. Stunning version of Steve Earle's "Sometimes She Forgets". This should be in every collection.

Dunn, Holly Across the Rio Grande final MTM album ("Across the Rio Grande" had her delightful version of the title song, also done by Reba, but Holly wins!!

Ethel & the Shameless Hussies Born to Burn 1988 Another Jimmy Bowen production from 1988 featuring the fabulous Kasey Jones who came steamin' & a rollin'down under in 2008. Sassy female honky tonk with lots of wit esp. on tracks such as "One Night Stan".

Gosdin, Vern The Voice Original blood red case version of his wonderful 1998 album. Also includes his then protégé (wink wink) Lacy Lynne who joins the great man on a couple of duets. It was a fitting reminder that here was the guy who would run George Jones to a photo finish in the best vocalist stakes.

Grand, Gil Famous Last Words Never actually released. Has partial graphics. Excellent Canadian artist.

Haggard, Merle Capitol Collectors Series 20 tracks. The best single cd of Merle at his best. As a guide the Capitol Collectors series of releases were simply the best sounding and compiled of any label,

Haggard, Merle His Greatest And Best MCA collection which is very well compiled and features his great tribute to Tommy Collins, "Leonard", one of his best ever songs IMO!

Hardwick, Billy Jnr Too Country A great singer and writer's only album. He walked into the record company office and talked himself into a contract. Like Dean Dillon somewhat vocally and does a stunning version of Dillon's "You Sure Got This Ol' Redneck Feelin' Blue". For those of us hoping for a follow up album I think we can now stop holding out breath. A+ This is one of the most loved albums we have ever sold.

Hobbs, Becky All Keyed Up Best ever female honky tonk album, with the best track being "Jones on the Jukebox". Becky is the consummate show gal. Whilst known for her rompers the ballad "She Broke Her Promise" is superb as well. Originally on the MTM label. "Jones on the Jukebox" was a co-write with Mack Vickery.

House, James James House Debut album was well received in all quarters but didn't do much chart wise...hence he only had a 2 album run on MCA plus an album later on Epic...believe me the MCA were better. Still sounds good especially the first single "Don't Quit Me Now" and the upbeat "Lucinda".

Jones, George Friends in High Places All duets including Emmylou Harris, Randy Travis, Vern Gosdin (wow!!), Buck Owens, Ricky Van Shelton and more, but hard to beat "If I Could Bottle This Up" with Shelby Lynne.

Jones, George "Sings Bob Wills" Out of print United Artists cd with Bob's great tribute cd.

Jones, George One Woman Man Personal favourite. "Place in the Country" is one of his best unknown songs. Right up there with "He Stopped Lovin' Her Today" & with the delicious irony he only gets his wish when he is buried! Also includes his hit "Yabba Dabba Do" which is an amazing song about a guy getting tanked (something on which George had done a lot of research) drinking out of an Elvis decanter of Jim Beam and from a Fred Flintstone glass, which previously held jelly beans. Now if you think that sounds bizarre you are right but George pulls it off.

Jones, George Wine Colored Roses 1986 album is very very hard to find on cd and includes classic Jones on "The Right Left Hand" a surprise duet with Patti Page.. "You Never Looked That Good When You Were Mine" and "Ol' Frank". Now on a two for cd, so reduced for those purists.

Jones, George Bartender's Blues Has the great "Ain't Your Memory Got No Pride at All" plus a couple of songs with great wordplay "When Your Phone Don't Ring, It'll Be Me" and "I Ain't Got No Business Doing Business Today"

Jones, George You Oughta Be Here With Me This was the last album he did for Epic & it may be his best. Superb songs & he is in absolutely wonderful voice. "Hell Stays Open All Night Long" is about a guy driven away from a relationship. "I Sleep Just Like a Baby" is wickedly witty with the refrain..."I wake Up every Hour & I Cry". I thought George perhaps in the overall scheme of things has done too many novelty songs. Not so here...these are the wittiest of the lot.

Kane, Keiran Find My Way Home rare post O'Kanes pre Kane-Welch album, on the Atlantic label from 1993.

Kelley, Noah Red Roses After the Rain (Asylum) Never out, which is a pity as it was very good Produced by Kyle Lehning too. 10 tracks. Advance cd with no graphics.

Lyda, Jacob My Dreams Just Came True 1995 Bob Grady label

He emerged as one of the best indie singers anywhere. He was only in his teens when he recorded the first, All songs produced by Mike Headrick. The highlight of the first in the stunning honky tonker "It Must Have Been Something I Drank" as well as the great play on words "Hall Of Shame". Please do yourself a favour and grab it He is that good.

Lyda, Jacob Here We Go Again 1997 Bob Grady label

Lyda, Jacob Three Times the Charm Country Discovery Records The thing is Jacob is largely an unknown who should be spoken of in the highest terms and is in the

process of releasing a new album but is getting short shafted by the record label. These out of print gems are for those who love the likes of Ricky Van Shelton and Randy Travis. YES, he is that good.

McCarters The Gift Wonderful debut inc.great Carl Jackson & Jennifer McCarter track "Letter from Home". Superb harmony singing especially on the Hugh Moffatt gem, "Loving You". .

McCarter, Jennifer & McCarters Better Be Home Soon equally as good but the first is very very hard to get. JenniferMcCarter was given top billing on thesecond but the harmonies are the same & slight bluegrass tinged songs are ace! Also includes a Hugh Moffatt gem in "Mama Rita"...or the "femaed" version "Papa Sita".

McDaniel, Mel Rockabilly Boy As a precursor to the review, Mel passed away recently from cancer. There is no better song than "You Can't Play the Blues in An Air conditioned Room"!!!! Great story songs such as "Reverend Luther and the Madam" and "The Tractor".

McDaniel, Mel Country Pride Great album on the defunct DPI label from 1991, and I believe the last album of new material for Mel. Great album including Mae Axton's "If I Live to Be A Hundred I'll Die Young" and the fabulous "Annual Blount County Snuff Dipper's Ball" Not a Tom T Hall song but sounds like it could be, doesn't it.

McEntire, Reba "Heart to Heart"

McEntire, Reba "Unlimited"

When Reba recorded for Mercury she was fabulous. When she started on MCA she was fabulous. I'd better stop there in case I mention her current excruciating pop offerings. These 2 early albums from 1982 and 1983 and 1981 respectively show what a shame the transition has been. Some of these are on the "Oklahoma Girl" set but honestly all are good, and you know I am hardly what you would call a fan of the current variety.

McQuaig, Scott Scott McQuaig Haven't given up hope of a second but won't hold my breath. And whilst Scott wrote 5 songs on this album, all of which are great his version of Dave Loggins "My Friend the Bottle" is as good as that other ode to the inanimate object, Johnny Bush's version of "Bottle Bottle". Certainly vintage George Strait fans will (pardon the pun), lap this up.Classic Jimmy Bowen produced album.

Mensy, Tim "Stone By Stone" 1990 release by a stunning vocalist, guitarist and songwriter, responsible for all tracks on this Epic label gem. 1990 may have been the best year ever for country music.

Miller, Roger Best Of Volume Two: King of the Road Best single cd of his hits. Long OOP. Great companion to the previous cd.

Moffatt, Katy The Greatest Show on Earth This was the original issue but was withdrawn when Ringling Brothers claimed ownership of the title. It is the best folk country album we have ever had; Katy & Tom Russell have never done a true duet album but this is a worthy substitute!! When you think in terms of great female folk country artists you think of Emmylou, Iris and Nanci....well so do I BUT I put this album by Katy ahead of them all.

Mowrey, Dude "Honky Tonk" Capitol Another early 90s album. Produced by Jimmy Bowen this albums is marked by the great songs. Highlight are two great songs by Curtis Wright, "Cowboys Don't Cry" and "If I Ever Love Again". Made one more album which is best left alone as much as this one should be grabbed.

Nelson, Willie Horse Called Music

Nelson, Willie Born For Trouble

Nelson, Willie The Promiseland

Nelson, Willie Who'll Buy My Memories: The IRS Tapes 2cDs Some of Willie's very best CBS albums. The former is one I remember selling to a customer who swore he never liked Willie, would never buy a Willie cd. Well guess what he bought this and changed his mind on the spot. "Nothing I Can Do About It now", the jaunty opener from Beth Nielsen Chapman and "If I Were a Painting" co written by Skip Ewing could not be more different style wise but are equally stunning. The following "Born for Trouble" also starts out with a jaunty Beth Nielsen Chapman song "Ain't necessarily So" and actually

has none of Willie's own songs on it. But they are a great bunch and there are two more by Neilsen-Chapman plus the super "I Don't Have a Reason to Go to California Anymore" by Hank Cochran & Billy Don Burns'. "The Promiseland" is headed by David Lynn Jones great "Living in the Promiseland" and also sees Willie steer away from his own songs, although he does a brilliant full country version of his "I'm Not Trying to Forget You". Finally, his acoustic guitar and voice on the IRS tapes, an album everyone should have.

Pennington, R/Buddy Emmons Swinging by Request

Going Out Swingin'

Ray Pennington was honcho of Step One Records, a Nashville independent label which had a wonderful roster. He was also a fine Ray price inspired vocalist & as many steel players would say Buddy Emmons is the best ever. The Step One House band, so to speak, was none too shabby with Rob Hajacos on fiddle, Bobby All on acoustic guitar and Bunky Keels on piano. This has 21 tracks & Clinton Gregory is an excellent vocalist on 2 tracks. They are a mix of vocal & instrumentals, with "Little Brown Jug" featuring some extraordinary steel from Mr Emmons. The second cd is equally great and includes Curtis Potter as a guest on 2 tracks.

Reeves, Del Silver Anniversary Album. This is a fun album in which Del puts his well known skills as an impersonator to use on "Achy Breaky Heart" as sung by Roy Acuff, Walter Brennan & Johnny Cash among others. It works!! He is also an excellent singer with Charlie Sizemore's "I'm Really Gone" being a true highlight.

Rich, Charlie Pictures & Paintings His wonderful last album on Warner Brothers is just as much jazz and blues as country. Shown with a lighted cigarette we wonder if it was perhaps lit with the same lighter he set fire to the envelope with when he announced John Denver as Male Vocalist of the year in the early 70s! I wonder what Charlie would do nowadays; probably burn the whole place down and who could blame him. Back to the album, this is just stunning and a fitting farewell album.

Seekers- "Capitol Collectors Series" This is here for 2 reasons. The first is the sound. Despite being a US pressing the quality of this vastly exceeds anything that has ever been put out in Australia. Secondly the selection is beyond reproach, 25 tracks including several with added studio talk included. Also has Bruce Woodley's co-write with Paul Simon..."Red Rubber Ball", not to be confused with "Rubber Ball" hit for Bobby Vee among others; this was a hit for The Cyrkle.

Shafer, Sanger D "Whitey" So Good So Long The opener "All My Ex's Live in Texas", written by Whitey is of course a classic but to me the jewel is "Heaven Was a Drink of Wine", which was done superbly by Hank Cochran on an lp called "With a Little Help From My Friends". Well friends, Whitey does even better. An absolute drinking song classic "...tonight I went to hell ...and heaven was a drink of wine". Can't get better honky tonk singing than this.

Shaver, Billy Joe Salt of the Earth Cd issue of great 1987 album inc "The Devil Made Me Do It" plus the wonderful "Hill Country Love Song", as tender as it gets. Also done by Benny Berry.

Tubb, Ernest Live 1965 OOP on Rhino this like George Jones' Dancetown showed 1965 as a vintage year for live recording even though both were not issued at the time. His band included both Jack Greene & Cal Smith. The sound is stunning and highlights ET's great personality and style.

Whitley, Keith Kentucky Bluebird 15 tracks not on his other albums. Augmented with some historical and rare clips.

Whitley, Keith Tribute A gem put out by his label 5 or so years after he so tragically died. BUT for the Whitley fans it is not just other artists interpreting Whitley (all quite superbly I may add, especially Alan Jackson, Joe Diffie and Mark Chesnutt) but also includes 4 great previously unissued Whitley songs including a superb duet with Lorrie Morgan on "I Just Want You".....a must.

Wild Rose Listen to your Heart

Wild Rose Straight & narrow

Wild Rose Breaking New Ground Fantastic upbeat all gal group with Pam Gadd on lead vocals & Wanda Vick on guitar & just about everything else. Kind of a bluegrass supergroup playing hard core country....superbly. All these are truly essential.

Young, Faron & Ray Price Memories That Last Great cd which was on the great Step One label. Excellently produced by Ray Pennington, who actually duets with Faron on one of the tracks, seems Ray Price's master vocal had a tape glitch. Fine stuff

Various

Rig Rock Deluxe A Musical Salute to the American Truck Driver 16 tracks which feature new singers & old. Possible highlight is Junior Brown teaming with Red Simpson on "Nitro Express". Also includes one of Buck Owens last recordings, Steve Earle etc.

RARITIES

Part II

There are some so rare in here that I honestly believe we will not have them again. Please bear in mind that many of these are items where I only have 1 copy. These are genuine long out of print albums which are just wonderful. If you have any questions please ask. If you want the best country there is this is it. Look out for some price reductions along the way. Most of these are one copy items so do not expect them to last.

DISCOUNTS: If you have ordered 3 from part I you can take \$5 off each one here. Or order 3 from here and there and get \$5 off each

John Anderson "Wild & Blue" \$40 (WB/S&P) This was John Anderson's third album and unquestionably his finest. He was without doubt the best traditional style vocalist to emerge in the early 80s. "Wild & Blue" sounds like it could have been one of Lefty's but was from John Scott Sherrill. A classic country start BUT the second track, "The Waltz You Saved For Me", a **duet with Emmylou Harris** may be the best single song either artist has done. Written in the 30s by Wayne King (I kid you not), who was known as somewhat of a waltz king, it features sublime vocals from both with a wonderful interaction. "Long Black Veil" is a duet with Merle Haggard. How good can it get?? Well, we are not finished. "Disappearing Farmer" is a great track from Sandy Pinkard (of & Bowden fame) and of course has a strong message. As a balladeer Anderson is superb on "She Never Looked That Good When She Was Mine", a case of lingering love. BUT it is on the uptempo "Swingin'" that he really does change the face of country music, and it acts as a pre-cursor to what others were doing in the 90s. This is as good as it gets. It is out of print and I only have one copy so there will be one winner and a lot of rueing. Sorry...

Anderson, John – "Blue Skies Again" (MCA 1987) ~~\$30~~ \$25 Sealed copy of post WB album. It was a return to the more traditionalist style and is the *only* place you will get JA's wonderful duet with Waylon Jennings, "Somewhere Between Ragged & Right"..

Bandy, Moe Many Mansions \$30 Very hard to get Curb label cd produced by Jerry Kennedy. Moe even contributes 2 songs, "Yuppie Love" and "Charlie", which kind of make you wonder why he hasn't written more over the years.

Berry, Benny Standing Here Alone \$45

Berry, Benny Mama's Rockin' Chair \$40

Down to one copy only of each and only two titles. People have taste.

Hawk Records from Northern Ireland was the company that released Oklahoman Benny's first 4 albums. Everyone who was a Merle Haggard fan loved Benny. He had a similar timbre in his voice and was ably backed by a team led by Mike Headrick, a picture of whom is hung on the Swedish Cowboy's wall and to whom the (highly religious) Swedish Cowboy says a prayer of thanks every night. Benny also is the recipient of our greatest **EVER** independent artist award. Others may disagree but they are entitled to be wrong. Every one of these is nothing less than brilliant, especially for fans of Merle Haggard. Had a few of each but solitary copies now. I can still remember palying "Standing Here Alone" for the first time.

Bond, Johnny Best of Johnny Bond \$35 17 tracks on Varese & the only place you will get the original "Hot Rod Lincoln". Also the hilarious "Ten Little Bottles".

Boone, Larry Swingin' Doors & Sawdust Floors ~~\$35~~ \$30 As good as it gets. A great songwriter & singer he reminds of George Strait in the late 80s! This was his second cd and includes two songs written by Larry that are synonymous with other artists. "Beyond the Blue Neon" is of course the title song of George Strait's best ever album whilst "Old Coyote Town" is a Don Williams' specialty. Two great Texas songs (both originals)...the honky tonker "Ten Times Texas" and "Under a Lone Star Moon" (the great ballad) complete this gem.

Boone, Larry "One Way to Go" ~~\$25~~ \$22 He had two albums on Columbia. This, his first is stunning. Great ballad oriented album with the highlight being the superb "It Wouldn't Kill Me", a Larry Boone original. But he shows himself as a great interpreter as well with a stunning version of "All I Have to Offer You Is Me". Pure unadulterated country. A word of advice, avoid his following album on Columbia, "Get in Line". This one however grab gleefully!!

Brack, John & Friends "Face to Face: 14 Country Duets" (RCA) ~~\$35~~ \$25 John Brack is a German singer who sings country music in English with very little accent at all. This as the title indicates is duets with some of America's finest. As an added advantage the songs are a mix of originals and extremely hard to find covers. The duet partners combine extremely well and include Bobby Bare, Dean Dillon, Mel McDaniel, Becky Hobbs, Mel McDaniel, Stella Parton, Moe Bandy and Paul Overstreet. Good one.

Brown, Roger Rodeo Boogie \$35 Great indie album from one of Texas's best writers. He came to prominence on a five track album on Decca with his group Swing City. Some songs are cowrites with the equally fine Clay Blaker and several have a rodeo theme. One to treasure.

Browne, Jann It Only Hurts When I Laugh \$22 Her 2 Curb albums (this and the one previous) were both crackers but she was and is a west coast artist with an affinity for the music of Buck Owens and I guess she was hard to promote out of Nashville. Emphatically great and Heather Myles fans would adore Jann.

Clark, Guy "Craftsman" ~~\$40~~ \$30 2cds Philo re-issue of Guy's 3 out of print Warner Brothers' albums on 2CDs: Guy Clark/ South Coast of Texas/ Better Days. Includes 28 page booklet with sessionography, notes by Robert Oermann and lyrics.

Conlee, John Blue Highway \$28 This compilation of MCA tracks has some hits including the wonderfully quirky "I Don't Remember Loving You" (written by Harlan Howard) and the title song but also has some great album tracks such as "Arthur & Alice" that are simply not available elsewhere, making it a must have item.

Crickets T-Shirt ~~\$30~~ \$22 Great late 80s album featuring Gordon Payne (a close compatriot of Waylon Jennings) on vocals & guitar with original Crickets alumni Jerry Allison and Joe Maudlin. Great commercial sound...in the sense it is catchy as well as being excellent. Don't confuse that with the "commercial" as used to describe today's country music...which in reality is best described as brain dead. Highly sought due to the presence of Paul McCartney. Nice semi rockabilly meets country feel.

Curtis, Sonny No Stranger to the Rain ~~\$30~~ \$25 As a writer he wrote the title track, of course a massive hit (biggest in fact) for Keith Whitley, part of the 5 in a row #1 singles Keith had and also CMA Song of the Year, when such an accolade really meant something. He also wrote "I Fought the Law" plus several hits for Buddy Holly. Also a fine singer. This was a UK only release from 1990.

Dalton, Lacy J – Survivor ~~\$40~~ \$20 This rates as her very best album which is really saying something given the overall quality. Her version of Guy Clark's "Old Friends" ranks as one of the best recordings ever!!! "Hard Luck Ace" makes reference to both Waylon & Janis Joplin. A magical album. As good as it gets. Now on reissue hence price drop for the purists who want the original

Dalton, Lacy J – Crazy Love \$35 Capitol, followup to "Survivor" and right up there with it. Highlight is "Little Boy Blue" a song Lacy wrote about her own song and a wonderful ballad that suits her husky voice. Great title track, a cover of an excellent Van Morrison song

Dave & Deke Combo Hollywood Barn Dance \$35 \$25 1996 gem with Deke Diuckerson & Dave Stuckey along with Lance Ray Soliday & Brian "Shorty" Poole. One of the very best west coast albums and very nicely presented. Great value with 18 tracks which range from pure honky tonk to explorations of just about every style of 50s country.

Davis, Joey "Love Songs, Waltz's True Stories & Lies" \$35 The spelling may be a bit out but 17 superb honky tonk tracks are as good as it can go. "Barroom Hall of Fame" may be the best. Everybody loves this album. This has been voted as one of the Top 10 indie albums of all time. Like all true honky tonkers Joey is an all rounder...drinking, lying and cheating. Just superb.

Delray, Martin Get Rhythm \$35 This is absolutely one of the best albums we have ever had and whilst the title track features Johnny Cash joining Martin in a sensational duet, I have no reservations in saying Martin's version of the Wood Newton song **"Lillie's White Lies" is the best album track on any album we have ever had.** The fact the rest of the album is nothing less than great makes this a must have. Trivia: Martin's real name is Mike Martin and he is a professional tennis coach. We still await his third album.

Dickens, Little Jimmy I'm Little But I'm Loud \$35 22 track gem on Razor & Tie is now out of print. Whilst it covers all his styles from honky tonk to novelty it includes one of the best ever tearjerkers, maybe the best, in "Raggedy Ann"...you sure have been quite a doll Raggedy Ann, yes quite a doll. Love the angst filled ballads. Great artist still performing.

Dixie Chicks "Shouldn't a Told You That" \$35 \$25 Last of 3 albums prior to Natalie Maines joining the group. Interesting that they are credited as "Dixie Chicks Cowgirl Band". Laura Lynch is the lead vocalist though Martie Erwin does the lead on "I Wasn't Looking for You". Nice album but they do "Planet of Love" by Jim Lauderdale one of the most turgidly awful songs I have ever heard YET it has been done by George Strait, Mandy Barnett, and even Felicity. It is just a hideous song that starts out slow and then goes backward from there. I don't get it!! Don't be put off as this is a nice album

Dunn, Holly Holly Dunn \$30

Dunn, Holly Cornerstone \$30 Holly Dunn's first 3 albums on the MTM label were definitely her best with the self titled one containing her biggest hit in "Daddy's Hands", the second "Cornerstone" maybe her best with 2 stunning tracks in "Strangers again" & a delightful version of Jim Croce's "Lovers' Cross" whilst the All 3 albums are delightful.

Dunn, Holly "Milestones: Limited Edition" 2CD \$30 WB This was a promo only item which has the WB hit album "Milestones" BUT as a bonus this has "MTM Hits" cd which has 6 gems from this period interspersed with Holly's comments on them.

Edwards, Stoney Just For Old Times Sake \$55 \$45 Stoney was part African American and part native American and sang with a Lefty Frizzell influenced voice that was the equal of that other Lefty influenced character...one Merle Haggard. This was his last album, sadly. But it was as good as his wonderful Capitol albums. Stunning and not a track undeserving of the highest accolades. Many of the songs were by the producer Billy Joe Kirk..

Edwards, Stoney "Old Folks Stick Together" \$35 Razor & Tie. A stunning compilation of his Capitol tracks including "A Two Dollar Tou"...the closest he ever got to a hit "Hank & Lefty Raised My Country Sou, his stunning take on "Mississippi You've Been on My Mind" etc. What a voice! Lefty, Hag and Stoney!!

Ford, Tennessee Ernie & Glen Campbell "Ernie Sings & Glen Picks \$35 This is the original issue with full liner notes. A 1975 album which has Ern singing over Glen's acoustic guitar. The simple arrangements highlight Ern's wonderful baritone and his interpretation of 2 Kristofferson songs, "Nobody Wins" & "Loving Her Was Easier" showed he could sing anything. **\$25**...same content but with only track details on the album slick not full notes.

Ford, Tennessee Ernie "Capitol Collectors Series" \$35 Wonderful 29 tracker with great liner notes and sound quality. I have said it before, this series (ie Capitol Collectors) is all out of print but always represented the best sampling of an artists work. They have the ones you want to hear and also include stunning obscure tracks such as

Ernie's take on an R & B number "I Don't Know". Ernie was one of the most versatile country vocalists who is revered for his gospel and religious recordings. There is only one such example here, but what a beauty... "His Hands".

Gaddis, Ron Chip Off the Old Block \$40 Ron was for many years the bandleader for George Jones and he was the guy who duetted with George on live versions of "No Show Jones". He was also the first husband of Lorrie Morgan; now that is a lot of water under the bridge story. Obviously there was no lasting acrimony as Lorrie joins him on "All Day All Night Thing", a great song. The all out honky tonker "I Fell Off the Wagon" features his former boss, The Possum himself and Porter Wagoner joins on "When the Shiny Silver Eagle meets the Great Speckled Bird". As you might expect there is more than a little George Jones influence. Hard to believe this is Ron's lone album, A superb one too.

Gosdin, Vern Alone Columbia \$30 when it comes to sad crying in your beer style this may be the best ever album. Documents his broken marriage. It followed "Chiselled in Stone" and there is not a struck match between the two. His vocal angst on "Alone" makes it one of the saddest songs ever. Whilst many rate George Jones as a lay down in the best country voice stakes I am not so sure.

Haggard, Merle The Way I Am \$55 \$35 His MCA gem is literally like trying to find gold. Features some of his best and most personal songs like "No One to Sing For But the Band" & "Life's Just not the Way it Used to Be" Also has a mini tribute to Ernest Tubb with 4 tracks either written by or associated with the Texas Troubadour. Great album.

Haggard, Merle My Farewell to Elvis \$22 Another out of print title. He covers Elvis & includes his own "From Graceland to the Promised Land".

Haggard, Merle "Friend in California" \$35 Original copy of this great album on the Epic label which includes his answer song "The Okie From Muskogee's Coming Home". He does a superb cover of Floyd Tillman's classic "This Cold War With You".

Harris, Emmylou "Songbird" 4CD/ DVD + 200 page hard cover bound book with a stack of unissued tracks. 78 tracks plus 10 track DVD. There are actually 2 bound books which slide in a jacket. The book containing the cds slips together in this outer jacket. Both the copies I have are in pristine condition as far as the internals go. The cds and dvd in both are as new. This is not always the case as the action of taking them out and putting them back can scratch the discs but these are fine. I have two copies. Remember this is out of print all over the world.

a) European version has cardboard sleeve, designed to resemble the US cloth edition. **\$100**

b) US edition Cloth box. **\$120**

Homer & Jethro America's Song Butchers: The Weird World of Homer & Jethro.

\$35 \$28 Great humour and equally fine musicianship. Apparently they were originally billed by their real names till some guy forgot who they were & on the spur of a moment said..."Here are Homer & Jethro" and it stuck. They created a niche with their parodying of hit songs which featured equally fine musicianship, especially Jethro Burns on mandolin 20 track on Razor & Tie. OOP

Horton, Steven Wayne Steven Wayne Horton \$25 Capitol album from 1989 was sadly his one & only. What you get is a great upbeat album a la Marty Stuart "Hillbilly Rock" but better. He could be related to Johnny Horton if the spirit and style is anything to go by. Great version of the Jody Reynolds' classic "Endless Sleep"

Husky, Ferlin Vintage Collection \$30 20 tracker out of print with both his original version of "Gone" (as Terry Preston...an alias) & the hit version (as Ferlin Husky...his real name). Has a great selection including "A Fallen Star", the classic (and biggest one for him in Australia) "Wings of a Dove", "A Dear John Letter" (with Jean Shepard).

Husky, Ferlin "Capitol Collectors Series" \$40 Even better, as this series is simply the best quality as far as sound and notes go. Obviously there is some crossover from the previous but to be honest still enough difference to get both. This gem contains Ferlin's wonderful "The Waltz You Saved for Me". See review of John Anderson's "Wild & Blue" above.

Jackson, Larry Blue Highway \$-40 \$35 (Loree label) I don't think I have ever had a song like Larry's "The Blue Highway" to attract a question as to who is it?? Larry's

voice I would suggest has been weathered to perfection. He is a superb singer and writer but alas these are his only two albums. You feel he has lived the songs. The sad "When Love Dies" has a real ache to it. He has real angst in his voice when he sings "Damn Those Memories". Up there with the greatest indie cds ever

Jackson, Stonewall & Friends A Tribute \$35 \$30 23 track tribute with a virtual who's who guests list...just to rattle off some: Grandpa Jones, Little Jimmy Dickens, The Whites, Riders in the Sky, Hal Ketchum, John Conlee, Joe Diffie, Porter Wagoner, Paulette Carlson, Alison Krauss, Connie Smith...come to think of it may be easier to mention who is not there!!! Includes an all star performance of "Waterloo".

Jansen, Frank You're a Phone Call I Need to Make \$40 (Bob Grady)

Jansen, Frank My Way or the Highway \$35 (Pink Records)

Staggeringly great albums, the first on the wonderful Bob Grady label with production from Mike Headrick (the Swedish Cowboy will NOT go to bed at night unless he has said a prayer of thanks under the mounted 8 x 10 signed Mike Headrick photograph that hangs proudly in his living room) . I know there are several who rate the title song of the first as one of the greatest album tracks ever, and I am not going to argue. Most of the tracks on the first are by Bob Grady whilst Frank proves himself a writer of the highest standard on the second. He is also a brilliant interpreter. On the first he does a wonderful version of Dwight Yoakam's "The Heart That You Own". Am I going to suggest Frank does it better than Dwight...yep, I am.

Jenkins The Jenkins \$25 Record companies are in general a brainless bunch as proved by the fact this album didn't get a release. It is a gem and featured a mother & two daughters. Sound is superb with a reminder of the Judds & McCarters.

Jones, David Bridges \$30 Was his only album and again hard to believe. Hard core honky tonk which features the fabulous Manuel Brothers, Abe & Joe, who of course toured with that Merle Haggard bloke. Unrelenting superb honky tonk highlighted by the upbeat "I Found a Honky tonk Angel" and the pseudo tearjerker "The Tears Outweigh the Whiskey". As a guide this is how things happen in the independent world of country music. They bring out an album but it doesn't get the exposure, I tried to tell somebody once that he was privileged to own a David Jones album because there simply weren't many of them. Try as I might I could not convince him that Jones was not as well known as Merle Haggard or George Jones..."but he is as good I was told"...no argument there...a classic case of "there but for the grace of God go I".

Jones, George Too Wild Too Long \$70 If you were a country music lp collector in the 80s you may have bought from an American, L. Stanley Baumruk who had the rarest albums. When one was so incredibly rare he would always use 2 words in his listing and I use the same 2 here." Find one!"Next to impossible. Includes some great songs but the best has to be "The Old Man No One Loves".

Jones, George Alone Again/Grand Tour \$40 2 on 1. "Alone Again" is only available here & is rated one of his very best albums.

Jones, George My Favorites of Hank Williams / Trouble in Mind \$35 Long out of print EMI UK issue of two of George's classic United Artists albums.

Jones, George The Battle/Memories of Us \$30 Two gems from 1975 and 1976. His Epic recordings

Jones, George Cup of Loneliness: The Classic Mercury Years 2cds \$30 Includes 20 page booklet. Includes original versions of George's self penned classic "Window Up Above", in fact it is surprising how many George has written on this set...28 out 48 songs, many with Derrell Edwards but also with the likes of Lawton Williams & Roger Miller ("Tall Tall Trees")

Jones, George Don't Stop the Music \$30 Two out of print albums both out of print with very little duplication. The second actually is chronologically the first with Starday recordings leading on to Mercury. There was a close link between the labels with both featuring George's rawest hard core honky tonk. 22 tracks on "Don't Stop the Music" and 48 on the double cd.

Jones, George Live at Dancetown USA \$40 Amazing album superbly recorded which was on Ace UK label but has been deleted 10 years or so, 26 tracks and over an an hour running time and in great stereo sound. Like the Ernest Tubb below (also from 1965!)

this is amazing and George runs through things he has written ("Window Up Above"/ "Ragged But Right"/ "Accidentally on Purpose") as well as songs by Dickey Lee ("She Thinks I Still Care") Harlan Howard, Melba Montgomery etc. Although not a regular "Jones boy" Buddy Emmons joins the band for this set. Also Don Adams (not Max Smart!) acts as the leader of the Jones' Boys & duets with George on Melba Montgomery's "We Must Have Been Out Of Our Mind" as well as a couple of his own leads. Just remembered the classic Jones' line "We're gonna take a short liquor-mission I mean intermission"!!

Jones, George "A Picture of Me (Without You)/ Nothing Ever Hurt Me (Half as Bad as Loving You) \$40 This is the first reissue on Koch. Out of print and as good as George gets..

Kendalls "20 Favorites" \$35 The Kendalls made one album for Epic where they went and re-recorded their hits. The result was even better than the originals with the highlight being Royce's lead on "Pittsburgh Stealers". They do great versions of classics such as "Pick Me Up on Your Way DMwn" and "Heartaches by the Number" as well as their great cheating songs "You'd Make an Angel want to Cheat" and their smash "Heaven's Just a Sin Away".

Louvin Brothers "When I Stop Dreaming: The Best' razor & Tie \$28 You would think this would be around for ever but it is not, Great sound on this Razor & tie gem and extremely well put together. The complete recordings on the Bear Family box is possibly the only better way to go. 24 tracks which give a terrific overview.

McEntire, Reba Oklahoma Girl 2cds 40 Mercury tracks. Double cd case with attractive slip sleeve & book **\$35** Her best & most country.. Both the full 40 tracks. A far cry from today's diva...this is real! So good in fact that I would defy anyone to readily pick the artist. This is how we like it. She started out a member of a rodeo family who performed at fairs and shows. Kind of an American institution. Hell she was a great country singer.

Mack, Bill Sings His Songs ~~\$45~~ \$35 Bill Mack has had a long career in radio and as "Radio's Midnight Cowboy" is a true Texas legend. His best known song overall is "Drinking Champagne" recorded by Cal Smith and George Strait to name a few but he gained infamy as writer of the song "Blue" as recorded by LeeAnn Rimes. Bill includes his original 19058 version here & it is a knockout. The other 15 songs were a recent recording. A really top cd. Bill has contributed notes about each song. "Me and My Buddy"....I wrote this after seeing an old wino leaning against a building.

Martin, Mario Keep it on the Country Side ~~\$40~~ \$30 Produced by James Stroud the amazing thing is that Mario was only 17 at the time. I still think about how this could be his only album. A 17 year old is so darn convincing when he sings honky tonk songs. How could that be.. I don't know. Still as stunning and as perplexing (in the sense of where is he now??) Favourite track is probably "Another Nail in the Wall"...very reminiscent of Ricky Van Shelton. A stunning album.

Martin, Tony I'll Meet You in Texas \$25 1996 gem on the Bob Grady label produced by Mike Headrick. A very Haggard/Bakersfield influenced cd. What makes this so great is that it features 9 new Whitey Shafer songs, many co-written with Lonnie Williams who also writes one with Roger Springer.

Mata. Billy Made in Texas \$30 a real favourite. San Antonio's top country artist which contains one of the Cosmic Cowboy's and my favourite tracks the impossibly catchy "If This Was Texas". This is on the Bill Green label or should I say was as it is impossible to find. He covers a number of styles with great versions of Ian Tyson's "Navajo Rug" plus one of the last songs that hit for Lefty, "Honky Tonk Stardust Cowboy". A wonderful album.

Miller, Roger Best of Volume One: Country Tunesmith \$45 This gem focusses on Roger's own versions of songs that were hits for others. As such the 20 tracks are ultra rare & essential. They include "Tall Tall Trees", "Don't We All Have the Right", "Husbands & Wives", "Half a Mind" etc. Not hits for Roger which makes it even better & rarer

Montgomery, Melba "Do You Know Where Your Man Is" Playback \$30 One of the finest ever female songwriters who is an equally fine vocalist but for some reason was under-recorded. This excellent indie cd includes a duet with Charlie Louvin on "We Must Be Crazy".

Morse, Ella Mae Capitol Collectors Series ~~\$30~~ \$25 21 tracks with a big band R & B flavour but also country. Best ever "Cow Cow Boogie!!

Nelson, Leo Under Neon Lights ~~\$50~~ \$40 Want to know my all time favourite independent, yeah not one of but *the* top spot?? This is it. Great album produced by Bob Grady with assist from the great Mike Headrick. 12 great tracks with a duet with Bill Arwood on the title track. I think on reflection a 3 way tie with Ron Sweet and Arnold Sanford is in order. Alas both Ron & Arnold have gone and heaven knows where Leo is?? To me the jewel is how easy Leo sings. Marsha Britton contributes harmony vocals. Favourite tracks? Start at the beginning and stop at the end. BUT, if pushed "Mama Did Raise One Fool After All" and "Under Neon Light", the duet with Bill Arwood are superb.

O'Kanes O'Kanes \$30 Their stunning debut with classics "Oh Darlin'" and the bluegrass like romp "Oh Lonesome You". Long long deleted.

O'Kanes Tired of the Running \$25 Second album from Keiran Kane & Jamie O'Hara is also hardest to get. Blind accordionist Jay Spell is superb.

O'Kanes Imagine That \$20 Third and final cd from 1990.

Owens, Buck Hot Dog \$30 His first of three Capitol label comeback albums. Includes the title song which he originally recorded under the alias "Corky Jones" and what's more this sounds even better. He duets with Dwight on "Under Your Spell Again". A shortish album but a true gem.

Owens, Buck Kickin' In \$30 Second of his comeback albums which one connoisseur told me were as good as anything that Buck had ever recorded. Includes A team members Reggie Young on guitar and ex Rick & Elvis piano pounder Glen D Hardin...not to mention Gram Parsons.

Owens, Buck Act Naturally \$35 Third and final comeback album and a very impressive one. As many may know the Beatles did "Act Naturally" on their "Help" album and featured Ringo (a fine country singer) on lead. Well Buck joins Ringo for a duet version. Even better is "Crying Time", done as a duet with Emmylou. It also showed Buck could still write a mean song.

Oxford, David David Oxford ~~\$70~~ \$50 There has only been one and there appears to be little chance of another, but despite hope being minimal there is still some hope. This is superb with a mix of honky tonk, cryin' in beer ballads and just plain great songs "'1-800 Wine" is pure honky tonk whilst the Cosmic Cowboy, a sentimental old fluff if ever there was one, closes his annual community radio father's day show with Oxford's "Don't Tell the Babies". As far as production goes this is stunning. The great Bobby Flores is present throughout. And Michael Morales who apparently performed strictly in a Spanish market is great on acoustic guitar. David had talks with major labels apparently but was disillusioned when he was told he didn't have the right image. Damn, why didn't he get angry and produce a box set. Even that would not be enough. A gem gem gem!!

Oxford, Vernon Let Me Sing You a Song: The 1960s RCA Recordings ~~\$50~~ \$45 Westside UK out of print gem with a whopping 28 tracks. These are on Bear Family box but that may be a bit too much for some. This is just about perfect.

Parker, Billy & Friends \$35 Two albums on the one cd as issued by Bear Family, but it is now out of print. Originally recorded in 1982, the line up is great with the likes of Cal Smith, Darrell McCall, Ernest Tubb and Webb Pierce being just some of those who serve as his duet partners. 21 tracks in all.

Parton, Dolly & Porter Wagoner Two of a Kind \$28 Pair label 20 RCA tracks, sticking mainly to the lesser known material, which is of course pretty grand. It does however have "Jeannie's Afraid of the Dark" which is getting harder to find.

Paycheck, Johnny "The Real Mr Heartache: The Little Darlin' Years" CMF \$55 The fact is that Johnny Paycheck not only preceded George Jones as the best hard country singer he also provided the main influence for George. He was promoted as an outlaw singer in the seventies but those recordings do not compare with this 24 tracker which is simply perfection. "Apartment Number Nine" was written by Johnny as was the amazing "Pardon Me I've Got Something to Kill" and the ultra dramatic "It's a Mighty Thin Line Between Love & Hate". A stunning cd. Every track a slightly warped winner.

Paycheck, Johnny Survivor \$30 His last hurrah, out of print . the highlight "I Can't Quit Drinking".

Paycheck, Johnny The Difference in Me \$30 Playback This 1993 indie is a real gem with Paycheck reprising his "The Old Violin" and covering some classic country. Highlights are "The Waltz of the Angels" and "My Name's Not on the Sidewalk". This is a return to the hard country singing at which he had few if any peers.

Pennington,R/Buddy Emmons Swing & Other Things: We're Steel Swingin' \$38

Swinging from the 40s Thru the 80s \$40

"Swing & Other Things" is a great 21 tracker which sources the songs from country, jazz & pop sources. This & the next were originally double lps, which featured some classic country and some jazz along with a handful of new Pennington songs. 21 in all. Spectacular version of "Take the A Train". The final cd has 22 tracks with a lot of Bob Wills oriented material plus a few new songs to boot.

Price, Ray Heart of Country Music \$50 Now Ray's albums on Step One were all special. Some were double records. I have it on good authority this is Ray's personal favourite of all the albums he made and why wouldn't it be as he interprets 20 country classics Ray Price style, which means as good as you are ever gonna hear them Even then it is impossible not to go past his version of "Is Anybody Going to San Antone" as one of the greatest songs you have ever heard. The backings by the excellent Step One team are uniformly excellent and largely unplugged.

Price, Ray Sometimes a Rose \$28 1992 album which has some wonderful songs none better than "Not a Dry Eye in the House". Stunning singer.

Price, Ray " Happens to the Best" \$25 Nice collection of Columbia tracks featuring 70s versions of his hits, preferred by many to the originals.

Price, Ray "A Revival of Old Time Singing" Step One \$35 This period of Ray's career was a wonderfully productive one with Ray Pennington being the perfect producer. This gospel album features some standards but also some great originals such as Mel Holt's "What Did the Carpenter Build".

Reynolds, Lawrence "He Comes from Alabama" \$35 Fabulous 16 tracker, produced by Mike Headrick and one of the all time favourites among Yesterday and Today Records regulars. "Haggard & Jones", "Them Old Hank Williams Songs" and "There Ain't Enough Whiskey are just as good as it gets. Lawrence is in the George Jones/ Norman Wade vein and has tragically passed on. How long this will be available again is not known, but do yourself a favour.

Ritter, Tex - Capitol Collectors Series \$38 Out of print series, of which I would recommend with every title as being essential. This has all the hard to get ones, "Deck of Cards", "Blood on the Saddle" & "Just Beyond the Moon" etc 25 in all. .

Robertson, Kathy At the Cantina ~~\$38~~ \$25 guests including Bonnie Owens and Leona Williams who feature on "Leona". Also has Chris Gaffney & Katy Moffatt & Rosie Flores & Big Sandy. Kathy first appeared on the Town South of Bakersfield cd. Her albums are next to impossible to find now. Always great.

Rogers, Roy Tribute \$25 Roy's final hurrah was indeed a fitting one with great duets and Roy was in fine voice. He yodelled surprisingly well especially on the opening "That's How the West was Swung" in which he was joined by the Kentucky Headhunters. Equally fine is "Little Joe the Wrangler" with Emmylou and another yodelling gem, "When Payday Rolls Around" with Ricky Van Shelton. This is the original deluxe package.

Ryle, Curt Life Time Guarantee \$35 What can you saybut Curt is a true indie artist, amazing talent, superb writer and singer but with the dress sense God gave a goat. But it is not that latter thing which matters & on the former he delivers. He wrote the superb "Mirrors Don't Lie" & his own version loses nothing in comparison to that Gene Watson. Curt wrote 9 of the 11 on this gem. And he has a superb style...that is vocal not dress, which he can certainly not lay claim to!!

Sanford, Arnold That's Why I Sing This Way \$60 Many rate this the *best* indie ever and they are certainly on the right track. The first 10 songs are from the great Max D Barnes, including the title cut which was also recorded by Daryle Singletary and as good as it was it was no match for Arnold's original version. 12 tks in all. Simply stunning

crying in your beer album. Hell...it is probably the best ever. "Not Enough Jack Daniels in This World" has you believing Arnold truly lived the life he sings about and sadly he has passed on so this stand alone cd is it, unless a miracle happens.

Schneider, John "Take the Long Way Home" MCA \$35 \$30

Schneider, John "You Ain't Seen the Last of Me" MCA \$25-\$22

Schneider, John "Too Good to Stop Now" ~~\$30~~-\$25

Schneider, John "Tryin' to Outrun the Wind" ~~\$30~~-\$25

Despite a some what goofy persona due his role in Dukes of Hazard, Schneider had a wonderful deep voice which was a natural for country music. All are superbly produced by Jimmy Bowen. The first has a wonderful highlight, "Better Class of Losers", not to be confused with the Alan Jackson track of the name. This is the Harlan Howard track which features none other than Waylon Jennings and Johnny Cash. BUT believe it or not, even better is "The Auction"...they're auctioning daddy's farm today. Hell it is hard to believe how good, and in view of the diabolical financial system in the US today it is still extremely relevant.

The other 2 are equally essential. Great songwriting and great singing. "Low Class Reunion" from the third album shows what a great vocalist Schneider is.

The 4th has one of his best ballads in "Leavin's Been Comin' for a Long Long time, as well as the fun track with a rather ambiguous title "I Don't Feel Much Like a Cowboy Tonight".

Scott, Jack Capitol Collectors Series \$30 Fabulous 23 tracker with a mix of upbeat and ballads. Even has 4 unreleased tracks. As far as the ballads go none is better than "What in the World's Come Over You" and "Burning Bridges". A very much underappreciated artist. Everyone should have this cd in their collection,.

Shafer, Sanger D "Whitey" I Never Go Around Mirrors \$30 10 tracker by the writer of many of Lefty Frizzell hits who also sounds a lot like Lefty. He of course was responsible for the title song and does a top version of "Does Fort Worth Ever Cross Your Mind". The rest are great honkytonkers that should be as well known as these two.

Shearer, Charlie "Breakin' Out" \$30 A gem again with production by the very talented Curt Ryle and also wrote quite a few of the songs. So good in fact that Mike Headrick would be proud of this one!! He begins with a great shuffle version of Willie's "I Just Destroyed the World" and then follows with a big Curt Ryle ballad "History Repeats Itself". Originally from Texas...this is just how it should be.

Simpson, Red "Best of Red Simpson:Country Western Truck Drivin' Singer"

Razor & Tie \$30 20 tracks with great wit and style...as all truckin' albums should be. A major influence for Junior Brown. Includes all his big hits such as "Highway Patrol" (one of Junior's best as well) , "Nitro Express" and "I'm a Truck", the very clever song which has the truck telling the story.

Simpson, Red "The Man Behind the Badge/ Roll Truck Roll" \$35 EMI UK 2 on 1 with 2 albums from 1966. "Motivatin' Man" was actually picked up and recorded by John Laws but don't hold that against Red.

Smith, Russell This Little Town \$30 Great solo album Amazing Rhythm Aces vocalist. All great and what a voice. Russell had a brief period as a country singer on Epic and this was the result, a gem produced by Steve Buckingham and Russell. Very much in the Amazing Rhythm Aces style. Highlight is the working man song "Blue Collar Blues" and the title song, but they're all top notch.

Springfield, Bobby Lee All Fired Up \$35 An absolute ripsnorter. Crazy man who apparently got arrested for climbing over the White House fence in order to visit the President, presumably Ronny Regan. But his honky tonk style which includes the original "Hank Drank" is grand. Also includes a brilliant version of Eddy Arnold's "What's He Doing in My World" with intro by Eddy himself!! .

Sweet, Ron Ten in Tennessee \$50 Another wonderful indie with the highlight the wonderful odeto the great man "I Play Haggard" in which he uses snippets of Haggard songs to tell the story. He outdoes even Vern Gosdin onhis version "Baby That's Cold" and then shows himself a man for all seasons with the rollicking "Ten in Tennessee".

Taylor, Chip Chip Taylor's Last Chance \$45 Long out of print cd version of his classic album which features "I Read it in the Rolling Stone" plus the great "101 in Cashbox"

which combines the story of his own version of "Angel of the Morning" along with the tale of a racehorse. Mind you "wasn't Born in Tennessee" is darn catchy too...

Thompson, Hank "The Best of Hank Thompson" Varese \$25 Despite the generic title this is actually the best of Hank's Dot & MCA as well as a couple of his ultra rare Warner Brothers recordings which are pretty darn good. Mind you they are all pretty much honky tonk..that's why we love them.

Thompson, J W Songs for Real People \$45 We speak of the truly great independents. This is decidedly one of them. "Jesus Loves Cowboys" is just 1 of 16 gems. Darn witty too and J W's great deep drawl is seemingly the product of a few honkytonks....where you could imagine the crowd were kept back by wire.

Thompson, Jeff Jeff Thompson \$30 No, not that Thommo, but a fine singer who was going to have the first album release on the Arista country label but the album never came out. Has a style reminiscent of Ricky Van Shelton with a great deep voice. Does a superb version of "The Greatest Man I Never Knew", a hit for Reba, but Jeff wins hands down!! Equally grand is the wonderful "It's a Good Thing I Don't Love You Anymore", with a superb lyric and the upbeat "Today is Elvis' Birthday".

Thornton, Marsha Maybe the Moon Will Shine. Second of only 2 Gets away from Patsy influence. She even wrote a couple on this one. **\$25** Hard to believe these date from 1990 and 1991.

Travis, Randy "He Opened the Door" promo \$40 This is very nifty. It is two cds which come housed in a long style box which has an opening door in the centre, complete with rustic lock. Open the door and you get an autographed numbered picture of Randy This #1118 of 1525). Go a little further and you get a mini stand up Randy. You then get 6 pages of tributes, a discography and a list of his awards & achievements. Finally you get the 2 cds Greatest Hits Volume One and Two. Now, before you say what is so great about that, you have Randy introducing each song (As a separate track...so you can programme the cds just to play the song if you are so desirous.)

Turner, Zeb Tennessee Boogie & Jersey Rock \$35 King label anthology 1949-1953. On the now defunct Westside label. 24 tracks.

Wagoner, Porter Greatest Hits \$30 20 tracker with great and unusual selection including of course "Rubber Room" but also "What Would You Do, If Jesus Came to Your House")

Walker, Cindy "Words & Music" \$50 Unquestionably the greatest female writer in country music history. This is her only album and it was originally released on lp on the Monument label . The cd came out on Columbia Special products for an exceedingly brief period. Must have literally been 5 minutes as I never saw one anywhere. Her best known song is "You Don't Know me", which carried a co-write in its credits (with Eddy Arnold). Was Eddy a friend of Webb Pierce??? The album was originally released in 1964. Like her male equivalent, Harlan Howard, Cindy was not the greatest vocalist but has a style which makes this pretty riveting. As far as rarity goes this is beyond rare.

Watson, Gene Back in the Fire \$48 Great singer as he is & no correspondence will be entered into on that fact, this is his best album, a Warners album from 1989 with the best version ever of "Dreams of a Dreamer", which was also done by Darrell McCall so there is plenty competition plus arguably Gene's best ever ballad "The Great Divide", BUT I will say this emphatically there is not one Gene Watson album which should not be in every collection and furthermore on the top shelf of that collection.

Watson, Gene The Good Old days \$30- \$20 Step One with a superb selection excellently produced by Ray Pennington who also contributed 4 Songs. Like all Step One releases this is out of print.

Watson, Gene "A Way to Survive" \$30 Step One Records The brilliant stylist..may have been the last for Step One, one of the great indie labels. Brilliant play of words on "All Hat No Cattle". Has a different version of "Old Porch Swing" to that of the following album".

Watson, Gene "Little By Little" MCA \$25 Straight reissue of a great 1984 MCA album. Highlight is probably the Dave Kirby/sonny Throckmorton gem "Leavin's Been Comin' (For a Long Long Time".

Watson, Gene Uncharted \$30 Step One gem, which includes Gene's version of the Curt Ryle gem "Mirrors Don't Lie" and if you don't think Gene is one of the greatest ever country vocalists you will change your mind when you hear his version of "You Gave Me a Mountain". Wow!!

Watson, Gene At Last \$25 His second and last Warner Brothers album from 1991. The title track is a classic and anyone who has heard Etta James version may say "Etta who?" after hearing Gene's. Great selection with highlights many, but the witty "You Can't Get Arrested in Nashville" and "This Country's Bigger Than Texas" stand out for mine.

Whitley, Keith I Wonder Do You Think of Me \$30 The album he had just finished when he died. One of the greatest ever country vocalists. Deep rich voice with his own nuances. Pity the wonderful honky tonk songs were lived out so tragically with his alcohol overdose. He was seemingly taking over from Randy Travis as country's premier vocalist and had the unheard of 5 number one country singles in a row.

Williams, Hank Rare Demos First to Last \$25 CMF Also known as "Just Me and My Guitar". tracks

 Chapters". But with a hard bound book of 116 or so
 pages it is an impressive package.

VARIOUS

1. **1861 Project Volume 1 \$10 (Marty Stuart/ Richard Dobson / Irene Kelley etc) American Murder Ballads \$18** 2 cds with 50 tracks, mostly country with some blues and folk. Some people don't realise how violent songs can be...imagine how it would have been had they had wood chippers in those days.
2. **Beverly Hillbillies: Original Motion Picture Soundtrack \$10 New sing old.** Hard to go past Lorrie Morgan's version of "Crying Time" ...all good.
3. **Beverly Hillbillies TV Cast Album \$15 Jedd, Jethro etc all sing...Great.**
4. **Califia: The Songs of Lee Hazelwood (Ace UK) 25 tracks \$18**
5. **Caught in the Webb A Tribute to Webb Pierce \$15** One of the best if not the best ever country tribute albums. Great line up and they stick faithfully to the traditions of the songs. Emmylou is superb as always on "Wondering" and it makes you wish she hadn't strayed when you hear Alison Moorer doing "Back Street Affair". Dwight, Willie, Jones, Dale Watson, Charley Pride...all hear.
6. **Come Together: American Salutes the Beatles \$8**
7. **Common Thread: Songs of the Eagles \$8**

8. **Get With the Beat: The Marvel Masters \$12 (Ryko)** Great 27 tracker on a major distributed label of a very obscure label which drew the line between hillbilly & rockabilly and combined the two. Originally on the Cowboy Carl label on I Mar-vel Records began just south of Chicago in the 40s. As it stands the best known artist on this label was Bobby Sisco so you could certainly expect some true unknowns. Sisco is great on "Honky Tonkin' Rhythm", which has slappin' bass in the rockabilly style but takeoff steel guitar in the hillbilly style. Includes great tracks from Jack Bradshaw, Bobby Burton, Shorty Ashford, Ginny Carter, Ronnie Durbin etc. A great label of authentic hillbilly.
9. **Great Yodelling Album of All Time 2cds 50 tracks \$18**
10. **Greetings from the District of Columbia \$15 Ruthie & Wranglers, Honky Tonk Confidential Etc...all good. 24 tracks**
11. **Happy Birthday Buck A Texas Salute \$18** 22 tracks including a couple of Buck's final recordings . Includes David Ball, Rodney Crowell, Derailers, Rick Trevino etc 22 tracks **Note: IN A RECENT HIGHLY SECRET MEETING THE COSMIC COWBOY & MYSELF JOINTLY DETERMINED THE 3 BEST COUNTRY TRIBUTES AS Caught in the Webb/ Happy Birthday Buck and Pearls in the Snow....all here...all bargains.**
12. **Horse Whisperer Soundtrack \$8 a classic ..Strait, Dwight etc**
13. **Hillbilly Fever! The Preston Story Volume 3 (Canetoad) \$8** 30 tracks recorded at Melbourne's Preston Studio featuring independent Melbourne artists many with a rockabilly bent.
14. **Lawless Soundtrack \$18** with Nick Cave and includes 5 new songs by Emmylou Harris
15. **Legend of Hank Williams: Read by Sammy Kershaw 2cds \$20 (Mercury)** Sammy reading Colin Escott's book with rare musical interludes. Good to get.
16. **Lighter Side of Blue \$20 Columbia Legacy 2cd** 48 tracks of early country artists 1926-1938...best of white artists singing country blues. Rare.Darby & Tarlton, Frank Hutchison etc
17. **Lowe Country: The Songs of Nick Lowe \$15** Inc. known artists such as Hayes Carll, Ron Sexsmith, Lori McKenna & Colin Gilmore.
18. **Pearls in the Snow: The Songs of Kinky Friedman \$20** One of the best tributes, with a fabulous lineup Dwight Yoakam ("Rapid City South Dakota"), Tompall Glaser ("Get Your Biscuits in the Oven"), Kinky himself doing a wonderful song about Marilyn Monroe and her actual but hard to understand love of Joe Dimaggio ("Marilyn & Joe"...brilliant), Lee Roy Parnell sounding uncannily like Merle Haggard ("Nashville Casualty & Life"). That's for starters as it also includes Delbert McClinton, Asleep at the Wheel, Guy Clark, Marty Stuart, Lyle Lovett ("Sold American") Billy Swan and even Tom Waits!!! A must.
19. **Radiogram: 24 Songs That Inspired Gram Parsons \$8 (Righteous)**
20. **RCA Country Golden Era Volume 1 \$20** 20 tracker on RCA Japan. Nice selection.
21. **Red Hot & Country (Mercury) Classic!! \$10** 17 tracks and if only "Matchbox" by Carl Perkins, Duane Eddy & The Mavericks was the only track it would be worth double this but Johnny Cash's version of Dylan's "Forever Young" and Mark Chesnutt's "Goodbye Comes Hard to Me" put it beyond that.
22. **Rig Rock Truck Stop: Diesel Only Records \$8**
23. **Rockin' in the Farmhouse: Original Rockabilly & Chicken Bop Vol 2 \$20** 20 great tracks from the Roulette & Rama label with some very early Johnny Rivers, Jimmy Bowen and some great tracks by the Rock-a-teens. Highlight though is a previously unreleased gem by Roc la Rue called "Rockabilly Yodel", which combines two things that seemingly don't mix,superbly.
24. **Silver Meteor: A Progressive Country Anthology \$15** One of the best ever compilations of country rock based around the album that guitar legend Clarence White was working on when he was killed by a drunken driver in a car park whilst loading his car for a gig. His 4 tracks from that unreleased album open the set

and include likes of Everly Brothers... "I'm on My Way Back Home Again" and "The Cuckoo", both only on this, Barbara Keith, with the much covered "Bramble & the Rose", Paul Siebel, Rusty Young (with Clarence White), Ian Matthews, Red Rhodes, Country Gazette etc.

25. **Straight Out of Boone County: Cowboy Songs/Home Songs/ Western Songs/ Mountain Songs \$10 (Bloodshot)** Bloodshot Records is a hit and miss label. This is a hit with new artists doing older songs even though the legendary Hardrock Gunter with the Dalhart Imperials doing the Hank Penny classic "Won't You Ride in My Little Red Wagon". 20 tracks in all.
26. **Texas: A Musical Celebration 150 Years \$5**
27. **Touch My Heart: A Tribute to Johnny Paycheck \$10** The good is great and the bad...not really...although I never warm to the wacky and seemingly ordinary Neko Case. But with George Jones "She's All I Got", Hank III's "I'm the Only Hell My Mama Ever Raised", Johnny Bush's sublime "Apartment Number 9", Dave Alvin's "11 Months & 29 Days" a duet between Gail Davies and Robbie Fulks on "Shakin' the Blues" and maybe the best of them all, Dallas Wayne "I Did the Right Thing" you know you are on a winner. Also includes the great Larry Cordle, a songwriter who is a great recording artist as well.
28. **Town South of Bakersfield III** Essentially it is all Los Angeles based artists (hence witty title), many of whom performed at the legendary Palomino Club, now I believe a restaurant, but in its day the place where everyone went when in California. Many of the artists have gone on to have successful recording careers but these selections are only available on here. All are good and this includes Dale Watson!!, Wylie & Wild West Show, Patty Booker, Rick Shea, Ronnie Mack plus a bunch of "who the hell are theys" who are pretty darn good such as Steve Kolander, Calvin Davidson, Ruby Trees etc. 16 tks \$ **\$18**
29. **Tribute to Tradition \$10** Dixie Chicks "Stand By Your Man"...Collin Ra ye "Cold Cold Heart" Randy Travis "Mama Tried", Alison Krauss "Three Bells"...all good.
30. **Winning Hand (Monument) \$15** Brenda Lee/ Kris Kristofferson/ Willie Nelson & Dolly Parton A one off project with duets and solo songs . Excellent.
31. **When I Was a Cowboy: Early American Songs of the West Vol 2 (Yazoo) \$20** 23 songs from the 20s and 30s including the Cartwright Brothers (Hoss & Little Joe???), Powder River Jack & Kitty Lee, Ken Maynard, Rowdy Wright etc.
32. **Zydeco Champs: 50 Years of Louisiana's Black French-Creole Dance Music (Arhoolie)** with 22 tracks including Clifton Chenier, Lawrence Ardoin, John Delafosse, Ambrose Sam & the Sam Brothers. Etc \$10

COUNTRY BOX SETS

Arnold, Eddy

Then & Now \$10 2cds Long style box Cd # 2 features later sessions produced by Harold Bradley.

Atkins, Chet

The RCA Years 2cds 48 page book. Nice buff coloured Box with 48 page book. Great price \$18

Autry, Gene

"Sing Cowboy Sing" Rhino 3cd + 64 page booklet \$45 This features Melody Ranch Radio Show recordings. Track by track rundown and wonderful reproductions in the booklet. 84 tracks covering the years 1937 to 1955. Very attractive package as always by Rhino.

Brooks, Garth

The Limited Series #1 \$30 First 6 albums. Also known as the half decent years...well to be honest the first album 'Garth Brooks' was a gem. Big book
The Limited Series # 2 \$30 sealed. The sometimes decent years, but others may disagree and I will never use the two words sometimes & decent talking about Taylor Swift. 5cds + DVD. Big book.

Brown, Milton

And His musical Brownies: Daddy of Western swing 4cds (Proper box) sealed incl 32 page book. Over 10 tracks. Motor accident cut short his life. Who knows who would have been king..he or Bob Wills.

Cash, Johnny

Legend \$40 4cds + 76 page book in nifty hard book style package. Simply put the best single Cash hits package you can get 104 tracks. The 24 tracks on the 4th cd are all duets or recordings with other artists. A perfect gift for the Cash-less person.

Cash, Johnny

"Unearthed" \$90 This is now deleted and is very hard to get. It consists of 5 cds from John's later career tenure with American label. 4 cds are tracks that are additional to his American Recordings cds and the fifth is a summation of the best of the American Recordings. These are housed in a very attractive cloth bound hard cover book. BUT THERE IS MORE. There is a second hard cover book with 108 pages, also cloth bound. These two cloth bound books are then housed in a cloth bound case....black of course (heck it is Johnny Cash!!). These are very hard to get. This is 100% as

new. Don't miss out. This is a very reasonable price. 100 like new. Don't miss out.

Cash, Johnny

"At Folsom Prison" This is the US edition complete in long flip style hard cardboard box, presented as it should be. 2cds + dvd. 40 page large booklet, The Dvd runs for 2 hr and 10 minutes and features actual performances and interviews with likes of Merle Haggard, Marty Stuart & Rosanne Cash. Has the usual Show One plus previously unissued Show 2. **\$45**

Charles, Ray

"Complete Modern Sounds in Country & Western Music" (Rhino) ~~\$80~~ \$60 long out of print gem. 4 cds + hard cover bound book in solid cardboard outer box. 93 tracks starting with his legendary albums which presented vastly different arrangements of classic country songs such as "Bye Bye Love" and "I Can't stop Loving You". Best for mine is the superb string laden version of "You Don't Know Me", a classic Eddy Arnold track revamped superbly. This is extremely hard to get now and to be honest is just fabulous.

Cline, Patsy

Collection \$35 One of the greatest boxes ever with 4cds and 68 page book. The sound is exceptional. This is the one true MCA box and whilst there are other Patsy cds out there this does it all. Also have one with jus ta few marks on box \$25.

Fogelberg, Dan

"Portrait: the Music of Dan Fogelberg 1972-1997" 4 cds with 72 page booklet. \$45 Housed in quad fold sleeve which with the booklet is housed inside a nice box resembling an old style bound book. Some may query the inclusion of Fogelberg in the folk section but that is what I believe he ostensibly was... a folky who also had a strong following in the country rock area die his association with the Eagles and the excellent country album he made "High Country Snows" on which Ricky Skaggs is a guest.

Gill, Vince

"These Days" Ultra Special \$25 4cds plus book. This is his 2006 box with 4 cds each with a separate theme on each.

- Jones, George** **The Hits Then Till Now Time Life 3cds \$20.** Career spanning 60 track cd in ultra nice hard cover book style package. Sealed as well.
- Lynn, Loretta** **Honky Tonk Girl: Loretta Lynn Collection 3cds \$48** Wonderful leather look hard book style box. Has 70 tracks and running time is 3 hours. Includes all the hits including the controversial "The Pill" and the fabulous "Your the Reason Our Kids are Ugly" ...with Conway. Naturally her signature tune "Coal Miner's Daughter" is there too. 48 pg book.
- Miller, Roger** **"King of the Road: The Genius of Roger Miller" 3cd + 40 page book. \$55** If ever an artist was deserving of a Bear Family box set it was Roger. There is a dearth of his material, even in Greatest Hits packages. This is much more with 70 tracks that include most of his "Trip in the Country" album where he went back & recorded some songs that he wrote early in his career for other people such as "Tall Tall Trees", "Invitation to the Blues", "don't We All Have the Right" etc. All the hits are there and it includes some great later things such as "Old Friends with Willie & Ray Price. This is now deleted as well.
- Monroe, Bill** **The Music of Bill Monroe from 1936 to 1994 \$55** 4cds 98 tracks and 100 page book. The man who created bluegrass. Nice cloth bound book style box in pristine shape.

- Murray, Anne** **“Now & Forever” 3cd + 36 page book \$55** This is a very rare box as it only came out in Canada, at least in this attractive long style maroon box. Has 64 tracks including 10 or so previously unissued or alternate tracks. You won't find one & probably neither will I !!
- Nelson, Willie** **Revolutions of Time: The Journey 1975-1993 \$20**
This is akin to a holdup...Sony 3cd set with 32 page book in a long hardcover book style box. His CBS years where he went from “Willie who”? to one of the biggest names in the entire world of show business. The second cd focusses on his many duets from Lacy J Dalton to the great “Old Friends’ with Roger Miller & Ray price.
- Nelson, Willie** **The Early Years: Liberty Years Plus More. \$18** I don't have to tell anyone that I am a huge Willie fan. Almost met him once when the Highwaymen were here but he & Kristofferson were not impressed by the Sydney rainy weather so flew to Melbourne for a game of golf on the very day. Darn. That famed un-autographed poster now hangs in a famed apothecary's lounge room. BUT I remember this set was also going that day as even though it was early it is some of the great man's best work and is in stunning full stereo sound. 61 tracks...little change in style from later. Willie was always Willie. BTW I still have my copy!!
- Nelson, Willie** **One Hell of a Ride \$40.** This 4cd 100 track career spanning collection covers all the labels he has recorded on. It starts and ends with “When I Sing My Last Hillbilly Song”. The first version was from 1954 and the second was recorded in 2007 specifically for this box. I might say that although this was Willie's first song there are artists I could name who haven't written one half as good in their entire career. Comes with a 100 page book and is the “first” (supposedly) green cd in that no plastics were used at all on the package.
- Nelson, Willie** **“The Complete Atlantic Sessions” Rhino. \$35** Willie only actually released 2 albums on Atlantic but those 2 are credited with elevating him in status throughout the music industry. He certainly has never done better than these albums. I personally rate “Phases & Stages” his best. It is the second of the two albums for Atlantic and tells of the breakup of a relationship from a woman's perspective (side 1 of the lp) and from a man's perspective (side 2). I wouldn't say “Red Headed Stranger” was an overrated album but it is not as good as “Phases or Stages” nor the other album he did for Atlantic, “Shotgun Willie”. “Shotgun Willie” had some wonderful tracks. His “Sad Songs & Waltzes” is as good as it gets and Willie's own version contrasts wonderfully with the version we know by Keith Whitley. Those two gems of albums both have a stack of bonus cuts whilst a third cd features “Live at the Texas Opry House’. That one has one of the most manic tracks you will ever hear...a medley of “Bloody Mary Morning/ Take Me Back to Tulsa”. Willie plays the wildest guitar solo you would

ever hear and off the cuff the brilliant fiddler Johnny Gimble segues into "Take Me Back to Tulsa". Superb. The box features nice mini lp style covers and a 48 page book. They are housed in a wonderful leather look box with a silver embossed Willie in the middle.. To add that extra bit of class the box has a magnetic seal. One with few small marks on cover **\$20**A must.

Owens, Buck

"The Collection" Rhino. ~~\$50~~ \$45 Ultra special. Out of print gem with wonderful 80 page book with mostly colour photographs and includes a track by track rundown with Buck's own comments. 62 songs are licensed from Buck himself and include all the hits including both the original version and the Dwight duet version of "Streets of Bakersfield" as well as some delightful non hits such as Buck's latter duet with Emmylou Harris "Play Together Again, Again".

Parton, Dolly

The RCA Years 1967-1986 2cds + 32 pg book .Long style box \$10

Parton, Dolly

Dolly Parton "Dolly" Sony legacy 4cds 99 songs including 7 previously unreleased songs. Includes he earliest "Puppy Love". Includes her other very early classics "Dumb Blonde" and "False Eyelashes" Nice silvery box. **\$50 new & sealed.** Nice hard cover book style package.

Poole, Charlie

The Essential 4cds (Proper label) \$15 inc 24 pg bk

Reno & Smiley

& the Tennessee Cut-Ups King Years 1951-1959 \$55
4 cds + 24 page booklet from banjo man, Don Reno and guitarist Red Smiley . 115 tracks.

Rogers, Roy

"Happy Trails: The Roy Rogers Collection 1937-1990" Rhino 3cds \$50 Out of print. Rhinos status as the best exponent of the box set in the USA is enhanced with this gem 68 page book with rare photos and great track by track commentary. 94 tracks include a lot of rare tracks which promote the "Roy Rogers" image. Roy was a larger than life character but even if he never acted was a superb singer so good in fact that he is the only person who is in the Country Music Hall of Fame...twice. Solo and as original Sons of Pioneer.

Stanley Brothers

"The Early Starday & King Years 1958-1961" \$50 4cds + 20 page booklet in long style box. 109 tracks. This is now out of print. As may be expected there is a mix of gospel and secular tracks. Not just classic bluegrass but some of the best country music ever.

Stanley Brothers

"Definitive Collection" Time Life 3cds + book \$20
Not as grand as the previous but for the punter looking for an intro it is super. Long style book box.

Statler Brothers

30th Anniversary Celebration Mercury 3cd \$40 Great book style set with a 36 page book featuring the writings of Colin Escott. As far as boxes go it is excellent but largely

avoids their gospel recordings. 62 tracks. Very nice. Includes their CBS as well as Mercury hits, though in all fairness the only one on the former label was "Flowers on the Wall" but it was also their biggest...even made the pop charts in Australia.

- Strait, George** **"Strait Out of The Box" 4cds + 72 pg book \$30** His early years were his best. Includes rare tracks such as "Six Pack to Go" his duet with Hank Thompson. Just great. IMO, apart from that great album "Twang" George has largely been coasting since the 90s. This is why this box is so good.
- Tubb, Ernest** **The Texas Troubadour (Proper) 4cd + 48 pg book**
100 tracks . Sealed copy **\$15** last copy¹
- Williams, Hank Jnr** **"The Bocephus Box" 3 cds + 20 pg book \$40 sealed \$35 unsealed but like new.** The Warner Brothers Years, well at least for the period 1979-1992 are represented here. 62 tracks including some unreleased. Key tracks from albums such as Family Tradition, Whiskey Bent & Hell Bound, Rowdy, Habits Old & New etc.
- Williams, Hank** **Original Singles Collection 3 cd \$25** 84 songs including 20 page booklet. Includes undubbed "Tear in My Beer"
- Williams, Hank** **"The Complete Hank Williams" 10 cds+ 2 books plus**
post cards etc. Beautifully cloth bound. Brand new and still sealed. Won multiple Grammys. 53 previously unissued recordings. Arguably the best major label set ever issued. When this first came out there was a limited edition of 10,000 each individually numbered. The first of these is one of those.
Limited edition # 403 of 10,000 \$200 very collectible.
Non Numbered edition \$150
- Williams, Hank** **The Unreleased Recordings: Mother's Best 3cs \$45** 54 tracks in hard cover book style box with 40 page book. On Time Life with intro notes by Jett Williams who along with Hank Williams Jnr own the rights to issue these recordings. Incidentally they sound great, maybe even better than his MGM.
- Wills, Bob** **"Encores" 3cds \$40 + 40 page book** by Wills' biographer Charles Townsend. Bob's Liberty Recordings saw him reunited with Tommy Duncan and for the first time they recorded together in true hi fidelity sound which suited the group to the ground. The final cd in this set is from 1973 & saw a reunion with former Playboys' members & greats Leon McAuliffe, Eldon Shamblin (they recreate the classic "Twin Guitar Special"). Merle Haggard also guests.
- Wills, Bob** **And His Texas Playboys "Legends of country Music" Sony Legacy \$45 New & sealed** 105 tracks on 4 cds. Foremost Wills authority Rich Kienzle, one of the better country music writers contributes the notes as well as compiling the sets. It is the best single Wills set as it includes post CBS hits such as "Faded Love" and concludes

with some of the final session from 1973. As always any Wills cd which Kienzle has his name on will include "Drop Us Off at Bob's Place" one of the most ebullient tracks you will ever hear.

Yoakam, Dwight

Reprise Please Baby: Years The Warner Brothers \$70 Out of print WB. 4 cds in new condition. Has a swag of of previously unreleased tracks including the entire 21 on disc 4. In my mind there is no question Dwight's original Reprise recordings with Pete Anderson are his best. 87 tracks all up.

**VARIOUS
Arhoolie**

40th Anniversary Collection \$70

5 cds + 68 page book featuring the wonderfully eclectic Arhoolie label's best. Chris Strachwitz was a German immigrant who in the early 1960s started to revive the careers of some legendary bluesmen and then proceeded to record folk, country, Cajun, bluegrass etc artists. In many ways he was a modern Alan Lomax. Wonderfully detailed notes.

Boots Buckles & Spurs

50 songs Celebrate 50 Years of Cowboy Tradition \$28

Put out to commemorate the famed National Rodeos Finals 50th Anniversary in 2008. All songs have a horsey/cowboy/Rodeo theme. There are some excellent rarities such as David Allan Coe's version of "Ride 'em Cowboy" which was only ever on a compilation lp. I really like the Johnny Cash selections in "Bull Rider" and "Rodeo Hand" 3cd + 24 page book in hard cover book style box.

Fonotone Records

5 cds + 164 page book + package of postcards. \$90

Has 141 tracks in a very attractive hard box which is in the shape of a cigar box. This is very hard to get. It is of course the baby of the delightfully eccentric Joe Bussard (everyone should see the documentary "Desperate Man Blues"). Great names such as "Jolly Joe's Jug Band" (with Joe himself), Mississippi swampers, Bald Knob Chicken Snatchers etc.

Forerunner Music Group 4cds + 12 page book in nice leather look box \$18

Put out by the publishing house and featuring all number of artists. The first 2 cds have 20 tracks each and the third features 4 of Forerunners writers singing their own songs: Tony Arata/ Shawn Camp/ Peter Wasner & George Marinelli Jnr/ and as a bonus we have John Wesley Ryles doing "I Want to Be a Baseball Star". It is a shame he wasn't a bigger star. 4th Disc features 10 songs from the Memphis Boys.

Friends of Old Time Music The Folk revival 1961-1965 \$50

Smithsonian Folkways in a nice long box. Sealed too!! 55 tracks, 53 never before released and a 60 page book. The term folk was widely used but the majority of the artists are country or bluegrass with a few acoustic blues pickers thrown in such as Mississippi John Hurt & Fred McDowell. Otherwise we have Stanley Bros, Bill Monroe, Doc Watson, Maybelle Carter, New Lost City Ramblers, Bill Monroe, Dock Boggs, Roscoe Holcomb etc.

Gilleys **Live at Gilleys 4cds \$28** Recorded 1980-1988 when Gilleys ruled all of Texas. 56 tracks in book style package with a veritable who's who plus some artists you don't often see such as Dave & Sugar & Kendalls.

Harry Smith Project Revisited \$55 2cds + 2 DVDs + 40 page book. Harry Smith's original set is generally accepted as the definitive collection of American folk music and this features modern performers doing 30th and 40s songs eg Steve Earle does "Prison Cell Blues" originally performed by Blind Lemon Jefferson in 1928 & on the Blind Lemon track...Lou Reed does "See My Grave Is Kept Clean"

Rebel Records **30 Years 1960-1995 35 Years of the Best in Bluegrass 4cds \$58** + 36 page book. inc. some early Skaggs & Whitley.

Stompin' Singers & Western Swingers:
More from the golden Years of Western Swing (Proper) \$15 Last copy 4cds (100 tks) + 52 page book

Bennett, Tony **Forty Years: The Artistry Of Tony Bennett \$40 Sony**
 Brand new long box version still sealed. 60 page book & 87
 tracks. Hard to believe "I Left My Heart in San Francisco"
 was not a huge hit. BUT it won 2 Grammys.

Carmichael, Hoagy **In Person 1925 -1955 10 cds \$65** Wonderfully presented
 box from the Hoagy Carmichael Appreciation Society. Total
 running time is 12 hours and 21 mins. Each cd has its own
 colour cover with comprehensive details about the tracks
 therein. There is also a separate book. It covers any number
 of styles by one of the greatest ever songwriters and at
 worst interpretive singer...though I think he is great!!

- Charles, Ray** **Pure Genius: The Complete Atlantic Recordings 1952-1959 \$120** You have never seen a set like this!! It is by Rhino and is in the form of a classic portable record player, with hinged lid, clasps, leather look case etc All as new. In it you get 7 cds + DVD. The dvd features Ray at the 1960 Newport Jazz Festival plus an interview with Atlantic honcho, Ahmet Ertegun. It comes complete with an 80 page cloth bound book. There can not be enough accolades. 155 tracks on the cds. Classic.
- Charles, Ray** **Genius & Soul: The 50th Anniversary Collection \$60**
5 cd + 76 page book (including Braille!) This is a wonderful large Rhino box which gives a terrific coverage of the late great man's career. It follows his early recordings through his classic Atlantic and ABC recordings and to his Columbia recordings and beyond. 102 classic tracks.
- Charles, Ray** **Singular Genius: the Complete ABC Singles \$65** Again check out the online price and see what a bargain this is. In absolute pristine shape. 106 tracks + 48 page book in a very attractive grey box. His "Georgia on My Mind" may be the best version ever and "Hit the Road Jack" with the Ray Charles singers at their best is great. Wonderful set.
- Darin, Bobby** **As Long as I'm Singing: The Bobby Darin Collection Rhino \$55** Like new and out of print. 4cd + 64 page book. There are 96 tracks including some unissued. Cd#1 is the Rock & Roll Years. Cds #2 & #3 are the Pop Years whilst cd #4 is the Folk and Country Years (don't forget he had a hit with "If I Were a Carpenter"). Tragically he died young. AND he was married to Sandra Dee...a top sort.
- Davis, Sammy Jnr** **Yes I Can!: The Sammy Davis Jnr Story \$48** Rhino box with 4cds, 91 tracks and 100 page book + set of 4 postcards. A great buy. Even includes his last hit "Candy Man" as well as his version of the Jerry Jeff classic "Mr Bojangles"
- Domino, Fats** **"They Call Me the Fat Man: Legendary Imperial Sessions" \$58** EMI/Imperial USA. 4 cds The great survivor and a wonderful set, second to the Bear Family box.. 4cds + 84 page book with some nice foldouts. His biggest hit was "Blueberry Hill" but in Australia is was "I'm Gonna Be a Wheel Someday". I call him a survivor as he was rumoured to have been killed by Cyclone Katrina. It was false but everything he had was destroyed. Kudos to the US Government for replacing his "National Medal of the Arts" & to Capitol for replacing all his Gold Record awards.
- Everly Brothers** **"Heartaches & Harmonies" 4cds \$60** This is a wonderful Rhino box set which encompasses all their Cadence, Warner, RCA etc recordings. 103 tracks. 60 page book mainly in colour but I just can't decide...who has the best hair...Don or Phil. This is excellent in all respects, \$60 Don't miss it. It starts with a couple of their rare pre-Cadence recordings and ends with their lkast recording together in 1990. Both are still alive. Don is 75 & "Baby Boy" Phil is 73. Classic.

- Lee, Peggy** **The Singles Collection 4cds \$60** This was only issued in Europe on Capitol, and was around for a short time only. It includes a 72 page book and has 110 tracks. It covers her tenure with Capitol and Decca. The 4th cd sees her covering some contemporary (at the time they were contemporary 70s...technically speaking). Her best known hit was "Fever" with one of the most identifiable intros of any song ever. Did Lou Reed borrow the bass line for "Walk on the Wild Side"? Hard to believe this was not a number one. It was based on the Little Willie John song but Miss Lee wrote lyrics for two verses as she thought the original too risqué. 110 tracks which show her as the supreme stylist. Hard to get.
- Mathis. Johnny** **The Music of Johnny: A Personal Collection Sony \$40** 4 cds with 86 tracks and 68 page book. The long style box. His biggest hit in Australia was "Twelfth of Never" but I have a soft spot for "What Will My Mary Say". Like new.
- Nelson, Rick(y)** **Legacy Box 4cds + 52 page book. Capitol USA \$60.** Hard to believe he never started out to be a singer but he had the most popular tv show in the USA and was as good looking as anyone so it was a natural progression and unlike many he had talent. 100 tracks from the Ricky to the Rick, though near the end of his career he reverted to Ricky as Carl Perkins had referred to him as Ricky and he figured if that is what Carl wanted to call him it was just fine. All the hits and much much more. Quite a few unissued tracks.
- Orbison, Roy** **The Legendary 4 cds \$40 + 36 page long style box** Still sealed .75 tracks.
- Page, Patti** **A Golden Celebration.4cds + 48 page book \$65** Patti was THE biggest selling female artist of the 50s yet most of her stuff is out of print, including this superb set with 80 tracks on 4cds with a 48 page book. Her biggest selling single was of course "Tennessee Waltz", one of the biggest singles of all times, spending 13 weeks at number one. But not far behind was "Mockingbird Hill" and one of the biggest novelty hits of all time in "How Much Is That Dog in the Window". She covered a whole gamut of styles and her versatility was amazing. She even does a duet with Tom T Hall "Hello We're Lonely". Notes by Colin Escott.
- Presley, Elvis** **Complete '68 Comeback Special \$30** 4cds + 32 page book. The in-the-round segment of this special (herein called The Sit Down Show) is a crowning achievement in Elvis' entire career. Nice hard cover book presentation.
- Spector Phil** **"The Philles Collection" \$70** 6 great mini lp style cds of classic Spector albums plus one cd of rarities. Nice thick cardboard in the individual sleeves and extra thick box. Very nicely presented with 36 page book. Includes Crystals, Ronettes, Bob E Soxx & Blue Jeans etc. One of the most identifiable sounds of all time. Leon Russell was one of the participants. Bruce Springsteen was certainly influenced.

Torme, Mel **The Collection 1944-1985 Rhino 4cd + 64 page book. \$45** I'd tend to classify Mel more in the jazz category but then again many are on the look out for his version of "Cast Your Fate to the Wind" which is available one place and one place only and that is on this set. 89 tracks. As new.

Classic Rockabilly **4cds + 68 pg book \$20 (Proper)** 120 tracks on both major and small labels. Last copy.

Hot Rods **& Custom Classics Rhino \$100** This is an out of print box in absolutely as new condition and includes all the extras. 4cds + 68 page book, plus additional book...fluffy dice to hang from the rear view mirror, transfers etc. Every imaginable song about drag racing and hot rods is included. And the presentation will have you smiling from ear to ear.

Loud fast & Out of Control The Wild Sounds of 50's Rock Rhino \$100 4cds + 88 page book which is as much about pop culture as the music. This is another classic out of print set. 104 tracks. It does feature a lot of the better known artists but no one presents them like Rhino.

Rock & Skiffle **Brit Beat begins 4cds (Proper) \$20** 40 page book And 100 tracks from Donegan (natch!!)/ Tommy Steele/ Vipers/ Ken Colyer/ even a track of the Goons and some Winifred Atwell. Last copy

Rockin' Bones **"1950s Punk & Rockabilly" Rhino 4 cds \$70** This is out of print and very hard to get. It is in a great box designed to look like a battered pulp fiction novel. 68 page booklet features a track by track commentary by Colin Escott. There are some extremely rare tracks amongst the 101 here. Some are extremely wild such as Hank Mizeell's "Jungle Rock" and Hasil Adkins "Chicken Rock"...don't you feel compelled to name your new born son "Hasil". Many rarities exist alongside some well known track. CD # 3 features Jeff Daniels "Daddy O Rock" and "Switchblade Sam" for example. Like all Rhino boxes just great.

Simply Rockabilly Revival 4cds of contemporary Rockabilly Songs \$30 72 tracks From artists such as Ronnie Hayward Trio, Miss Jean Vincent, Bop Shack Stompers, High Noon, Razorbacks etc. Great price.

That's Entertainment **The Ultimate Anthology of MGM Musicals 6cds + superb 112 page book \$55 Rhino** New & sealed. Comprises the cd version of the original That's Entertainment I/ II & III. 135 tracks. The 6th cd has 25 previously unissued tracks. Looks great...is great

Warner Brothers **75 Years Entertaining the Word Rhino. 4cds + 84 page book. \$45** The box is a work of art. Velvet with a spectacular gold Warner Brothers emblem in the middle. This is the companion to the previous. Also has 84 tracks.

Can't get much earlier than "My Mammy" by Al Jolson from the first ever talkie "The Jazz Singer".

Lehrer, Tom	The Remains of Tom Lehrer" Rhino. \$58 Same style as the Ray Charles with 80 pg hard bound book. This one has 3 cds which is virtually all he ever recorded. I love Tom Lehrer. Still kicking as this goes out. Hard to believe his first album was from 1953 with such tracks as "the Old Dope Peddler" & "Be Prepared". His cleverness & general high intelligence is shown on his second album "More of Tom Lehrer" where he sings the names of the elements (from the periodic table) to the tune of Gilbert & Sullivans' "Major General's song). Other hits include "Poisoning Pigeons in the Park", "The Vatican Rag" and the "Masochism Tango". 100% like new. Beautiful stuff!!
