It was pointed out to me that Australian singer Noel Watson passed away this month. I find that it is sad there was no coverage of this as I consider him a singer of great talent who I unfortunately only listened to in recent times. I had been blinded by the success of his version of "Waltzing Matilda", a song I really don't like at all. Maybe I can see it is a folk tale and nothing more and resent the fact some have tried to promote it as a national anthem. Let's face it as such it is just inappropriate. I prefer what I think is termed the Queensland version (where the words "my darlin' " are added). But back to Noel Watson. He was a wonderful song interpreter and if I could make a comparison it would be with Tom Waits...if Tom Waits could sing. Noel Watson certainly could. Sadly most are only going to know him for "Waltzing Matilda" but he had much more to offer. He was previously part of the group "Saltbush". If someone can possibly tape a Saltbush album for me I would be truly grateful. So, to a great singer...Vale Noel Watson.

Postage rates remain unchanged even though Australia post do not help commerce in this country with their expanding price schedules. So for now it is still \$2 for 1cd \$3 for 2cd and \$8 for 3/4/5cds. Box sets will be a little higher Satchels will be used to maximise quantity sent for minimum cost. Any questions, please don't hesitate to ask.

This is a long newsletter and there is a lot in it. PLEASE go through it carefully. It is also a continuing thing so please treat it that way. If you know someone else who appreciates the music PLEASE pass it on. These take a lot of preparation and maximum exposure is certainly appreciated. I have aimed to

maximise the setting out process to make it easy to read. I think that is the case and I am very pleased with the way it looks. Thank you.

Chuck Cusimano – The Tyler Sessions \$28 Remember a few years ago now I was reviewing a cd by Claude Diamond and I made an analogy to the music of the great John Prine. I said that Claude was so good if it had of been a case of there but for the grace of God go I he could have been the revered folk country stlist and John Prine the unknown artist we were just discovering. Well skip a few years forward and we have Chuck Cusimano. Every single thing about him is quality and he is so good that you may make comparisons with Merle Haggard and wonder how Merle could be the household name he is and Chuck be the unknown. Maybe that is a bit much but let me tell you Chuck is *that* good from both a singing and songwriting perspective. I guess appropriately Chuck does a great “Silver Wings on the Jukebox” so a nod to the great man is his cordial way of saying thanks. At the same time “Nashville Runaround” is a pretty self-explanatory tale of Nashville being pretty much a closed shop when it comes to getting great songs covered, relying on their formula style for virtually every single album that is recorded there. Chuck, who may have been doubling for actor Wilfred Brimble, nails the wonderful ballad “Home is Where the Hurt Is” perfectly. Couldn’t be improved upon. One of last year’s most popular albums was Gina Roberts’ “Shuffle Back to Me” on which Chuck wrote every song. He does his own version of “Shuffle Back to Me” and indeed a treat it is. His medium to up tempo soings are as good as his ballads. The opening “A Better Mind to Stay” sounds like something I’ve heard before, but then again that is a trait of great songs...and that is what we have here. Chuck lives in little place called Springtown, Texas, just north of Forth worth, well 60 miles north. Maybe he should move to Austin for 3 months. They probably wouldn’t let him leave.

Max D Barnes – Day After Forever \$28 The late MaxD Barnes is for mine the best of the songwriters who sing but are essentially just considered songwriters. This was his only cd and we have the last copies available in the world. Max’s success as a writer is widespread but it is his co-writes with the likes of Vern Gosdin that have placed him at the forefront of that trade, none bigger than “Chiselled in Stone”, which won the coveted CMA Song of the Year. It is therefore no real surprise I guess that vocally he is more than reminiscent of Vern. His masterful handling of the ballad really has us wondering why he only ever made two lps and this cd...all long unavailable. Don’t miss it, we only have a few. BTW, if you don’t belive me...try and find one!

Kimmie Rhodes “Covers” \$28 One of the greatest female folkcountry albums of all time is Kimmie’s “West Texas Heaven”, a long favourite of Yesterday & Today Records customers (or clients as seems to be the au fait word nowadays). So it was with interest that this 15 tracker was first played. and I must admit going to track 5, “Georgia Lee” a song by Tom Waits from his album “Mule Variations”. As is Tom’s schtick he does these generally unlistenable freeform things that the critics seem to go nuts over (yep...emperor’s new clthes’ syndrome again) but permeates them with some of the most delightfully melodic and sad songs you could ever hear such as “Georgia Lee”....(incidentally “Picture in a Frame’ was on the same Waits’ album) . Now when someone such as Kimmie touches one they get even better. Cast your mind back to her duet album with Willie Nelson, “Picture in a Frame” and the glorious version of that Tom Waits song. Well “Georgia Lee” is just as good, maybe better. The refrain “why wasn’t God watching etc” gives me goosebumps. She is joined on a couple of tracks by Rodney Cowell who contributes vocals on his “Adam’s Song”. You may query a cover of “Yesterday” but she breathes new life into it with an entrancing extended acoustic guitar intro courtesy of son Gabe Rhodes and a mournful steel guitar line from Tommy Spurlock. Compared to this the Beatles’ version is a romp. It works superbly. On the opposite side Towne’s “White Freight Liner’ is given a bluesy rendition with superb harmonica, which unfortunately is uncredited in the notes. Dylan’s “Don’t Think Twice” is given a very “happy” reading with a breezy dobro intro. Jimmy Reed’s “Shame Shame

Shame" sounds like it was arranged for Waylon. The last track "With a Little Help from My Friends" is for mine the only one that doesn't work. But then again 14 others are fine, and this is definitely one of her albums to have.

Peter Cooper "Opening Day" (Red Beat) \$28 Peter is the chief music writer for Nashville's Daily newspaper, "The Tennessean" as well as being an excellent singer songwriter with great taste who performs solo and with label head Eric Brace. (they have been opening for John Prine a lot in recent times so that will give you an idea of to whom they would appeal). He is also a great friend & fan of legendary steel guitarist Lloyd Green, who appears on this entire album to great effect. Apart from Tom T Hall's "A Million miles to the City" and Bill Morrissey's "Birches" all songs are by Peter and many have a nostalgic "happy to be alive" theme to them. It is a bit like the anti-political speech..., where the politician is telling us how bad things are, and you find yourself saying "I really didn't know that...thanks for telling me". Only Peter takes a more positive tact. There are some humorous notes as Peter tells us "Lloyd Green plays the same green Sho-Bud pedal steel that's on all those famous records. Holy Cow!". Add great artist to his q.v.

"The Big E A Salute to Steel Guitarist Buddy Emmons" \$28 Make no mistake about it, many consider Buddy the greatest pedal steel guitar player of them all. I know that is the case with Australia's most high profile player Michel Rose. I can recall his excitement at going to an Everly Brothers concert (at I think the Hilton Hotel) and honestly it was almost a case of "Don & Phil who??". Buddy toured with the Everly Brothers throughout the 80s and 90s. He made that spectacularly successful series of albums with Ray Pennington on Step One. (PLEASE do yourself a favour and check through this newsletter). Buddy retired in 2007 but is still apparently well; proceeds go to the Country Music Hall of Fame in memory of Buddy's wife.. This was produced by Steve Fishell, who was for many years part of Emmylou's Hot Band. On this he gathers some of the best steel guitarists going and on some has vocals guests...great vocals guests ...on some tracks. The 16 page booklet has very comprehensive notes by Steve Fishell followed by a detailed track by track summary. It opens with "Country Boy", not the Albert Lee track but the 1953 Jimmy Dickens track (it was Jimmy who gave Buddy his first Nashville gig). Vince Gill takes lead vocal and plays lead guitar with Doug Jernigan on steel. "That's All it took" features Emmylou and Rodney Crowell, with Steve Fishell on steel. It was a song covered by Gram Parson on "GP" which featured Buddy Emmons. "Are You sure" is a bit different featuring just Willei Nelson and Mickey Raphael (on harmonica). I guess Mickey must replicate steel lines on harmonica, but in any case the song was credited to Willei & Buddy Emmons, as a result of an overly friendly drunk who cornered them both. Willei though Buddy knew him and vice versa. The song appeared on Ray Price's "Night Life" album where Buddy Emmons provided perhaps the greatest pedal steel into to any song...ever. Other tracks feature vocals by John Anderson, Albert Lee (who also played with the Everly Brothers) and Raul Malo on that very song. Little Jimmy Dickens is featured with Dan Dugmore on steel and Duane Eddy on guitar on "When Your House Is Not a Home". 9 vocal tracks and 7 instrumental tracks fill out the album. Instrumentalists include Doug Jernigan, JayDee Maness, and Merle Haggard's long time steel man, Norm Hamlet. Just a superbly produced project.

Eddie Noack "Psycho- the K-Ark and Allstar Recordings 1962-1969" Bear Family \$32 This is the later recordings of Eddie Noack and features the song for which he is best remembered, the rather sick (in the best possible way) "Psycho", written by the blind balladeer, Leon Payne, but never recorded by him. Eddie was the first to do the song in 1968 and it has since been done by Jack Kittel, Elvis Costello and Australia's Beasts of Bourbon. Obviously inspired by Hitchcock's movie of the same name ("mama, why won't you let them lock me up" he appeals) it is a murder ballad as is the follow up "Dolores". Arguments could be made that it is the same axe wielding vocalist in both songs. Seems to make sense with the singer appealing to Dolores not to go out then asking at the end why she *did* go out. A lot like he asks "Mama why don't you get up" at the end of

"Psycho". The 60 plus page book is beautifully illustrated by Reinhard Kleist. (We also have a limited edition 7" single with illustration by Kleist...this is \$15 if interested only 500 made worldwide). Noack is also an excellent honky tonk singer. He never quite made it in his own right..but he should have.

Lorrie Morgan & Pam Tillis: Dos Divas – "Grits & Glamour" \$28 similar backgrounds and similar careers. Lorrie was daughter of George Morgan and Pam is the daughter of Mel Tillis. They both had highly successful careers in the late 80s to the mid 90s. There is a lot of self deprecating humour on this album particularly on the songs on which they do true duets such as the very witty "what Were We thinking" in which Lorrie (the **much** married Lorrie) confesses "I almost married Sammy twice" (Kershaw was her last husband or was it last but one). The solo tracks (4 each) tend to be more traditional than the duets. Lorrie's "Another Chance To" is of a similar ilk to her "Something in Red" and she shows she still more than has it...in Lorrie's case better make it "IT". Pam's bluesy "Ain't Enough Roses" has a torchy jazzy feel which works well. She shines on the excellent ballad "Even the Stars". So in effect it is an album in two parts. The banter of the duets works well but so do their solo workouts.

Curtis Potter "Songs of the Cherokee Cowboy" \$28 There have not been a lot of Ray Price tributes. 4 songs are from a Hillside label recording session which is not given a year. But those 4 "Soft Rain"/ "Healing Hands of Time/ Night Life & "It Should Be Easier Now" features the backing of the absolute A team. Buddy Emmons, Hargus "Pig" Robbins, Pete Wade, Johnny Gimble, and the Buddy's Spicher & Harmon". They are the last 4 tracks on the album. Curtis' voice has changed very little since then. He is joined on the title song by Willie Nelson, who of course recorded a whole cd with Curtis on Step One Records. You'd wish for another after hearing this gem. Willie's part of the song almost comes as a surprise but will bring goosebumps..."he still sings like no other". In the main Curtis avoids the overly common tracks (not that any Ray Price track could get overplayed) but kudos for doing this that way. "I Won't Mention It Again" is another duet this time with Ken Garrett, who also co-wrote the title song and is a fine Price influenced vocalist.

Miss Leslie "Lucky" \$28 The notes from Miss Leslie bear repeating "I'm a broke single mum that scrapes for everything she has". She went to the lengths of appealing for people to contribute to the "Kickstarter Campaign" in order to finance this project. There is no hint of penny pinching as this sounds great. Former Hank Jnr members "Wayne "the Animal" Turner and "Cowboy" Eddie Long are fine on lead guitar & steel guitar respectively. The sound is rounded out by Leslie's own fiddle playing and the piano of Floyd Domino. No mention of Ricky Davis, Leslie's former steel man who also was her partner. Despite the desperate nature of that opening message this is a great album. Miss Leslie is the consummate female honky tonker and still the only female singer who can take on the vocal nuances of the greatest male vocalist of them all, George Jones, without ever seeming to try to do so. Highlight for mine is (probably appropriately) the song of a break up, "I Get the Bar" which also has a terrific tempo change and a great Floyd Domino piano passage. Some real venom in a couple of lines. I wouldn't like to cross Miss Leslie...she looks...well mean! "Fifty Year Ago Today" has a happier more enduring relationship. The remarkably politically incorrect title "You Were Drunker Than I Was" sees Leslie doing a duet with herself so to speak. Classic honky tonk. "This Old Guitar" is not the excellent John Denver song of the same name but has a similar message at least at the start and is a genuine tearjerker. Miss Leslie is full of surprises and this wonderful conclusion to her fabulous album is one of them.

Augie Meyers "Loves Lost and Found" (El Sendero) \$28 Augie is, along with Flaco Jimenez, one of the two surviving members of the Texas Tornados. His career has been tied to that of the great Doug Sahm, not only with the Texas Tornado connection but also in that wonderful group, the Sir Douglas Quintet in which Augie played keyboards and sang. I am not sure how many solo albums he has made but I would say this was

the most country one he has ever made and arguably his best. Hell, I am right on both counts. Mind you that is no surprise as he is joined by Tommy Detramore on steel and Bobby Flores on fiddle and those two are in turn joined by the great Amber Digby on backing vocals. Augie is credited with vocals and accordion. He used to also play accordion with teh Texas Tornados but many times people would assume it was Flaco, though they did play a different style with Flaco playing the traditional burrtton style and Augie the accordion with keys. His "Where Were You When I Needed You" is not the Searchers' song, though I do think that would make a good country song too. It is one of 7 original songs on the album along with a Lefty, a Harlan & a Doug (Sahm) song. If you loved Doug Sahm, and who didn't, you would love Augie Meyers.

Jason Cassidy "Keep it Country" (JC) \$25 This marks what I could term a recurrence of the outlaw movement. Like the original Waylon & Willie movement it was to give a harder edge to whta had become somewhat of a pop style...in the 70s that is. Same thing has happened today. "Blame It On Waylon" is somewhat of a n anthem style about it and that is a good thing. Most of the songs on here are by Jason who has a fine voice and is keeping it on the traditional side. "Nothing Holds a Memory (Liek a Song" is something we can all relate to. Good modern stuff and there is very little of it out there.

Darrell McCall "Country From the Heart" (Heart of Texas) \$28 Darrell has been back writing and the results are great "Jug" (this album is dedicated to the late Jug Brown) has a very Tom T Hall feel about it. "Cold Long Neck Beer" is a co-write with his daughter and is pure honky tonk. He duets with his daughter, Guyanne, on "Just Ask Me" and in addition his son Cody McCall also appear on the album. He does some fine covers of which the best is his version of the Boudleaux Bryant classic "Take Me As I Am", a song so well suited to Darrell's deep voice. "The Marionette" is a wonderfully sad ballad with some nice steel guitar. One of the best.

Johnny Bush 'Reflections" (Heart of Texas) \$28 The appropriate "Toubadour" is a n excellent song to cover Johnny's 60 years in the business. He overcame a debilitating throat injury and is now back singing as well as ever. 14 tracks produced and engineered by Justin Trevino. Two tracks feature duets with young Texas singer Randy Rogers, " All te hRage in Paris" and the aforementioned "Troubadour".

Eric Strickland & the B-Sides "I'm Bad for You" (Broadslab) \$28 This is right up there with his previous "Honky Tonk Till I Die" and may be better given the experience of making that album. This has some terrific songs about life on the road which was the classic them of the first outlaw movement. "Heartbreak Hall of Fame" is an instant classic, a tale of regret about leaving his love for a life on the road and at the end seemingly concluding he wouldn't change a thing. All the tracks are by Eric, bar the excellent "Brandy on My Mind" which was written by band mate Gary Braddy and is a bout a girl called Brandy...I mean if it had been about teh drink they would have called it "Cognac"...I guess. Wonder whether he was a a fan of Scott English. He would probably say who?? But it doesn't matter. Great stuff ! Classic album well in line for end of year honours.

Steve Wariner "It Ain't All Bad" (Selectone) \$28 The first new non instrumental album in almost 10 years. Cleveland.com "For the first time in his long career – he's 58 now – he's got a collection of songs that perfectly mesh his poignant baritone and that guitar prowess. And he's got himself to thank for it; Wariner wrote or co-wrote all 12 tracks on "It Ain't All Bad," his first non-instrumental album in more than eight years. The truth is it AIN'T all bad; as a matter of fact, it's all good"

DVD Tompall & the Glaser Brothers DVD "From Nebraska Ranchers to Nashville Rebels" 90 min \$30 This is not a musical dvd even though history footage is included. It is a very appropriate release given Tompall's recent passing aged 79 years. Includes contributions by the legendary Jack Clement, the Galsers, Gordon Stoker (of Jordanaires

fame), Kinky Friedman, Bobby Bare etc. You may have to have a multi region player to play this.

Jerry Lee Lewis "Southern Roots" 2cds \$55 Jerry Lee's legendary sessions in Memphis originally appeared on Mercury Records. Perhaps the most famous song to emerge from these was "Meat Man", a wild Mack Vickery song Jerry would perform in virtually all his live shows. This has one complete cd of previously unissued tracks including an alternate "Meat Man" with some interesting tirades and snippets to add to the interest. Huey Meaux, famed producer was often at conflict with Jerry Lee and as a bonus there is a 6 minute, complete with studio chatter, VERSION OF Tony Joe White's "Polk Salad Annie".

Merle Haggard "The Epic Collection Recorded Live/ Chill Factor: 5:01 Blues" BGO UK \$30 3 albums on 2 cds "5:01 Blues" was his last for the label and has been very hard to get used so get new and get some change! The live album featured songs he had previously recorded. "Chill Factor" contained one of his last hits and one I personally never liked "Twinkle Twinkle Lucky Star" but that is offset with a great Hank Cochran song "We Never Touch at All"

Moe Bandy "It's a Cheating Situation/ She's Not Really Cheating She's Just Getting Even" \$30

Lacy J Dalton "Lacy J Dalton/ Hard Times" \$30

Two excellent new UK 2 on 1 releases which have never been on cd before. These will be in stock at the end of the month, just after you receive this, so please book 'em Danno. The Bandy's were lp releases in 1979 and 1982 and the Lacy J's were from 1979-1980. Hopefully there will be more to come.

BEAR FAMILY NEW RELEASES

There has been a lot of movement at the mighty reissue label with a couple of box sets that will be sought by some.

****Hank Thompson The Pathways of My Life 8cds + 126 page hardcover book featuring 240 tracks. \$300** The previous Bear Family box focussed on his Capitol recordings and this has his post Capitol recordings for Warner Brothers, Dot, ABC, Churchill & MCA. Most havenever been on cd before. Included is his highly regarded tribute albums to Nat King Cole and the Mills Brothers .I must admit that I like the latter MCA recordings which saw Hank record some great honky tonk material such as the great "One Hell of A Weekend" & "King Of Western swing" to name just 2. His last MCA Album was in 1986 and had a rare duet appearance by George Strait.

****Johnson City Sessions: Can You Sing or play Old Time Music 4 cd + 136 page hard cover book \$180** They have previously done a Bristol Session box which was RCA Victor label. Well, record companies have a habit of copying other record companies so Columbia did the same in October 1928 and 1929 This is the first issue of these sessions. Man yof the artists will not be well known but there ar estringband tunes, sacred songs, hillbilly blues and blue yodels. 100 tracks in all. Artists include Shell Creek Quartet, Rich & Carl Bradshaw, Bill & Belle Reed, Roane County Ramblers, Weaver Brothers, Bowman Sisters etc.

****Big D Jamboree 8cds + 168 page hardcover book 285 tracks \$300** Big D is of course Dallas and this features stars such as Johnny Cash, Carl Perkins, Genbe Vincent,

Wanda Vincent etc performing at the start of their careers and often singing songs that they would never get around to recording. The quality of the live recording is said to be state of the art and you can only guess the rarity of the pictures. Covers the period 1950-1958

****Leona Williams "Yes Ma'am He Found Me in a Honky Tonk 3cds \$80** 48 page booklet and 82 songs . Over 3 ½ hours of one of the best and most underrated female vocalists ever. Again the term underrated is probably wrong, just unknown to most. The set includes early Hickory label recordings and even has an unreleased album she recorded in 1986 with Tompall Glaser producing. Her career continues on the wonderful Heart of Texas label and I would dare say anyone who had one of her Heart of Texas albums would want this.

****Margie Singleton "Pledging My Love- Jukebox Pearls series" \$32** Includes her version of "Walking Back to Happiness" as well as "Magic Star" a **vocal** version of "Telstar" Includes recordings on Mercury, Starday & United Artists and a couple of duets with Faron Young. 30 tracks in all.

****Eddie Cochran – Ballads of \$32** 35 tracks 80 minutes Now I always loved his "Three Stars", a tribute to Holly/Bopper and Valens and a tad eerie in view of his own early demise. "Three Steps to Heaven" was even more scary as it was a UK number one after he died.

****Doctor Ross and His Jump & Jive Boys "Juke Box Boogie: The Sun Years Plus" \$32** The Memphis recordings and the Michigan singles 32 tracks

****Dim Lights Thick Smoke And...Hillbilly Music Series. More in the Great Country & Western Hit Parade. Year by Year run down in superb sound & packaging. 5 separate volumes each \$32 each with 72 page booklets and each with amazing running time over 80 minutes**

Rarities...Rarest of the Rare

Some that were in the rarities section last time have been relocated throughout the newsletter eg Bobby Lee Springfield and some George Jones

titles. In addition some titles have been reduced, and there are plenty of additions.

As in the bargain cds you will see a * against some titles. I recently bought a collection, an excellent collection in fact but the previous owner had this peculiar shtick whereby he wrote the purchase date on the booklet. Now whilst I wouldn't recommend doing it he did it extremely neatly and I would almost say unobtrusively. Doesn't worry me but it may worry some. The cds were as pristine as you could get too!

Anderson, Bill Greatest Hits (Varese) \$35 & (\$28 *) This is out of print and stands as the best cd by Bill with the classics "Mama Sang a Song" & "Golden Guitar" hard to get. Of course all original versions.

Berry, Benny Some Things Never Change \$40 *

Berry, Benny Mama's Rockin' Chair \$30 *

Down to one copy only of each and only two titles. People have taste.

Hawk Records from Northern Ireland was the company that released Oklahoman Benny's first 4 albums. Everyone who was a Merle Haggard fan loved Benny. He had a similar timbre in his voice and was ably backed by a team led by Mike Headrick, a picture of whom is hung on the Swedish Cowboy's wall and to whom the (highly religious) Swedish Cowboy says a prayer of thanks every night. Benny also is the recipient of our greatest **EVER** independent artist award. Others may disagree but they are entitled to be wrong. Every one of these is nothing less than brilliant, especially for fans of Merle Haggard. Had a few of each but solitary copies now. Have not had "Some Things Never Change" in a while. Benny does a superb version of the Stoney Edwards' classic "Pickin' Wildflowers"

Bond, Johnny Best of Johnny Bond \$35 17 tracks on Varese & the only place you will get the original "Hot Rod Lincoln". Also the hilarious "Ten Little Bottles".

Boxcar Willie Just Train Songs \$35 * Great singer but if you try & buy his albums you will find they all have the same songs on them This has 25 songs recorded specifically for this album. Great stuff. Appropriately on Gem Records. All songs have a railway theme if you hadn't already guessed!!

Bruce, Ed The Best Of \$35 * This 18 tracker is long out of print & collects all his wonderful MCA recordings which prove he was not only one of the bestwriters but singers as well. Hard to pick favourites as all so good. Maybe "The Last Cowboy Song" with almost a cameo appearance by Willie and of course his own "Mammas Don't Let Your Babies Grow up to be Cowboys" and the delightfully melodic "When You Fall in Love Everything's a Waltz". BUT as implied by the title they are all good.

Cargill, Henson "All American Cowboy" \$40 * Amethyst 20 tracker from the late 80s may have been Henson's final hurrah as a recording artist but it equals the best he ever did. His voice has matured and in places sound a little like Ray Price especially on "Bridges I Have Burned". He includes a new version of his biggest hit "Skip a Rope" and it is everything you would hope it would be. This is impossible to get. Several songs employ rodeo imagery.

Curless, Dick – The Drag 'em off the Interstate Sock It To Em Hits of Dick Curless \$35 * Razor & Tie's great 21 track best of highlighting the deep deep voice of the king of the truckers. Of course it includes his them song "Tombstone Every Mile" but I love the track from one of the all time great albums "Live at Wheeling Truck Driver's Jamboree" and that is "Chick Inspector". It also has the song "Outskirts of Town" from the same live album in which Dick cracks up at Curly Chalker's wonderful steel guitar playing.

Dalton, Lacy J "16th Avenue" \$40 Columbia... Check out what this goes for!! Her 1982 album produced by Billy Sherrill and with one of the best ever tracks about the plight of the country music songwriter. Lacy wrote half the songs herein including the other hit "Blue Eyed Blues". Again very very very (maybe one more) very hard to get.

Dalton, Lacy J Crazy Love \$25 Capitol, followup to "Survivor" and right up there with it. Highlight is "Little Boy Blue" a song Lacy wrote about her own song and a wonderful ballad that suits her husky voice. Great title track, a cover of an excellent Van Morrison song.

Davis, Joey "Love Songs, Waltz's True Stories & Lies" \$30 The spelling may be a bit out but 17 superb honky tonk tracks are as good as it can go. "Barroom Hall of Fame" may be the best. Everybody loves this album. This has been voted as one of the Top 10 indie albums of all time. Like all true honky tonkers Joey is an all rounder..drinking, lying and cheating. Just superb.

Davis, Skeeter "Pop Hits Collection" Taragon \$25 25 tracks. Her interpretations and sound quality are top class. Includes her huge hit "End of the World" plus some rather unusual selections.

Delray, Martin Get Rhythm \$30 This is absolutely one of the best albums we have ever had and whilst the title track features Johnny Cash joining Martin in a sensational duet, I have no reservations in saying Martin's version of the Wood Newton song "Lily's White Lies" is one of my favourites of all time. A delicious play on words brilliantly performed by Martin who got fed up with the music industry. Only 2 albums but as talented an artist as I have ever heard.

Edwards, Stoney "Old Folks Stick Together" \$40 Razor & Tie. A stunning compilation of his Capitol tracks including "A Two Dollar Tou" - the closest he ever got to a hit "Hank & Lefty Raised My Country Soul", his stunning take on "Mississippi You've Been on My Mind" etc. What a voice! Lefty, Hag and Stoney!! Don't miss it.

Edwards, Stoney Just For Old Times Sake \$40 * Stoney was part African American and part native American and sang with a Lefty Frizzell influenced voice that was the equal of that other Lefty influenced character - Merle Haggard. This was his last album, sadly. But it was as good as his wonderful Capitol albums. Stunning and not a track undeserving of the highest accolades. Many of the songs were by the producer Billy Joe Kirk.

Ford, Tennessee Ernie & Glen Campbell "Ernie Sings & Glen Picks" \$35 This is the original issue with full liner notes by country music authority Rich Kienzle.. A 1975 album which has Ernie singing over Glen's acoustic guitar. The simple arrangements highlight Ernie's wonderful baritone and his interpretation of 2 Kristofferson songs, "Nobody Wins" & "Loving Her Was Easier" showed he could sing anything. In the overall scheme of things this is a classic. **One without full notes \$25**

Ford, Tennessee Ernie "Capitol Collectors Series" \$30 Wonderful 29 tracker with great liner notes and sound quality. I have said it before, this series (ie Capitol Collectors) is all out of print but always represented the best sampling of an artist's work. They have the ones you want to hear and also include stunning obscure tracks such as Ernie's take on an R & B number "I Don't Know". Ernie was one of the most versatile country vocalists who is revered for his gospel and religious recordings. There is only one such example here, but what a beauty... "His Hands".

Frizzell, Lefty "That's the Way Loves Goes: The Final Recordings of Lefty Frizzell" \$45 * We used to say you can also get these tracks on the Bear Family box

set but that is also out of print. Lefty's voice was in amazing shape here. The richness on his own but much covered "I Neve rGo Around Mirrors" is incredible.

Gaddis, Ron Chip Off the Old Block \$35 Ron was for many years the bandleader for George Jones and he was the guy who duetted with George on live versions of "No Show Jones". He was also the first husband of Lorrie Morgan; now that is a lot of water under the bridge story. Obviously there was no lasting acrimony as Lorrie joins him on "All Day All Night Thing", a great song. The all out honky tonker "I Fell Off the Wagon" features his former boss, The Possum himself and Porter Wagoner joins on "When the Shiny Silver Eagle meets the Great Speckled Bird". As you might expect there is more than a little George Jones influence. Hard to believe this is Ron's lone album, A superb one too. Latest info is that alas Ron has followed the path of his mentor

Harris, Emmylou "Last Date" Eminent \$30 Expanded version of Emmylou's WB live gem which sees Barry Tashian taking the Gram Parsons' part on the wonderful "We'll Sweep Out the Ashes (In the Morning)". Beautifully presented with new notes and slip case (goes over the jewel case). The label went bust...hard to believe. **One without slip sleeve \$25**

Harris, Emmylou "Cimarron" Eminent \$35 A great album highlighted by her soaring version of Poco's "Rose of Cimarron" from where the album gets its title. Many highlights but I love her version of Sonny Throckmorton's "Last Cheater's Waltz" as well as a lovely version of Townes' "If I Needed You".. A gem from a gem. Slipsleeve included. Bonus tracks.

Husky, Ferlin "Capitol Collectors Series" \$35 This series is simply the best quality as far as sound and notes go.. This gem contains Ferlin's wonderful "The Waltz You Saved for Me", plus some hits and non hits. Well annotated and attractively presented. It has his biggest hits "Gone" & "Wings of a Dove" as well as some rarities.

Jackson, Larry Blue Highway \$35 (Loree label) I don't think I have ever had a song like Larry's "The Blue Highway" to attract a question as to who is it?? Larry's voice I would suggest has been weathered to perfection. He is a superb singer and writer but alas these are his only two albums. You feel he has lived the songs. The sad "When Love Dies" has a real ache to it. He has real angst in his voice when he sings "Damn Those Memories". Up there with the greatest indie cds ever

Jansen, Frank You're a Phone Call I Need to Make \$35 (Bob Grady)

Jansen, Frank My Way or the Highway \$30 (Pink Records)

Staggeringly great albums, the first on the wonderful Bob Grady label with production from Mike Headrick (the Swedish Cowboy will NOT go to bed at night unless he has said a prayer of thanks under the mounted 8 x 10 signed Mike Headrick photograph that hangs proudly in his living room) . I know there are several who rate the title song of the first as one of the greatest album tracks ever, and I am not going to argue. Most of the tracks on the first are by Bob Grady whilst Frank proves himself a writer of the highest standard on the second. He is also a brilliant interpreter. On the first he does a wonderful version of Dwight Yoakam's "The Heart That You Own". Am I going to suggest Frank does it better than Dwight...yep, I am.

Kanehira, J T "J T Blues" Americana label \$45 * The ultimate cult classic. Alan Jackson's "New Traditional" was on the Japanese based Americana label. Well J T (which incidentally stands for "Japanese Texan") was a stablemate of Alan Jackson. This 14 track cd is a must have for its great humour and also for its wonderful music. The session was produced by the greatest steel guitar player of them all, Buddy Emmons, and he is joined by Hargus Robbins on piano, Rob Hajacos on fiddle and Greg Galbraith on guitar. J T's spirit is in the right place with the opening track being a ripper, "They Call Me Japanese Willie". Best for me is the track done by the Oak Ridge Boys, "If You're

Gonna Play in Texas (you Gotta Have a Fiddle in the Band)"....that is of course after "Japanese Willie" and the title track. A small elite sub section of country music... Japanese country and hell no one is better than J T Kanehira.

McClain, Charly Anthology 2cds Renaissance \$35 Again a case of blink and you'll miss, 34 tracks including duets with Mickey Gilley and Johnny Rodriguez. All the hits are here including "Who's Cheatin' Who".

Monroe Brothers "Legendary Monroe Brothers Collection 1936-1938" BMG Japan 3cd \$45 The Bear Family box set has more but the 60 tracks on this are superb and sound great. Lyric booklet enclosed too. Have never seen this before...such is teh nature of Japan. Many cds are released in very limited quantities.

Morgan, George "Room Full of Roses: the George Morgan" Collection Razor & Tie OOP \$30* Has a rare duet with Lorrie. The only other alternative to this now out of print offering is the large Bear Family box. This has all the hits.

Morse, Ella Mae Capitol Collectors Series \$25 21 tracks with a big band R & B flavour but also country. Best ever "Cow Cow Boogie!!

Nelson, Leo Under Neon Lights \$30 Want to know my all time favourite independent, yeah not one of but *the* top spot?? This is it. Great album produced by Bob Grady with assist from the great Mike Headrick. 12 great tracks with a duet with Bill Arwood on the title track. I think on reflection a 3 way tie with Ron Sweet and Arnold Sanford is in order. Alas both Ron & Arnold have gone and heaven knows where Leo is?? To me the jewel is how easy Leo sings. Marsha Britton contributes harmony vocals. Favourite tracks? Start at the beginning and stop at the end. BUT, if pushed "Mama Did Raise One Fool After All" and "Under Neon Light", the duet with Bill Arwood are superb.

Nelson, Willie "The Hungry Years" \$55. When people rang up to order the original issue of "IRS Tapes" they were offered another cd of all new material....that was this gem. But with a mindset that they were ringing up for the IRS Tapes and that is what they wanted not many were sold. It has 15 tracks. "The Hungry Years" and "Solitaire" are both Neil Sedaka songs and Willie does a superb job on them, with an arrangement reminiscent of "Always on My Mind". A lot of the rest are covers; quite a few country standards such as "Detour", "Ragged But Right" etc BUT the highlight is the stunning "When I Stop Dreaming", a great Louvin Brothers song performed as a duet with Emmylou Harris. If you had to rank both these duet champions "duets" it would rank in the top 3 they have collectively appeared on. It is that good. IT HAS NOT BEEN REISSUED. IT IS ONLY ON THIS CD. Two Willie songs are just great, "Your Memory Won't Die" and "She is Gone".

Nelson, Willie " Peace in the Valley: The Gospel Truth Collection with Willie Nelson Jnr." \$50 They used a little poetic licence with the artists as Willie Nelson Jnr was known only as Billy Nelson all his life, up until it tragically ended on Christmas day 1991. So this album had special meaning for Willie as it seems this was the only time Willie Jnr/Billy had recorded. The results are stunning. Billy/Willie Jnr generally trades parts of the songs with Willie and has a distinctive voice that is instantly memorable. He does the sole vocal on "My Body's Just a Suitcase for Your Soul" and it indeed may be the best track on an album where nothing is less than grand. Willie solos on "Troublemaker" and it is a different and far better version than on his album of the same name. Being a big Willie fan I must rate this as his best gospel album an indeed one of the best in general. It was only ever an independent and was released in 1994...despite the Volume 1 added to the title there has never been another.

Nelson, Willie "Old Friends (with Roger Miller)/ Funny How Time Slips Away (with Faron Young)" Koch 2 on 1 \$45 From 1982 and 1985 and on cd for a short

time. The title track on the former also features Ray Price. Great version of Roger's "Sorry Willie", an apology to Willie for getting more than cozy with Willie's wife. Good song also by Roger, "Aladambama". Both albums are nothing less than superb.

Newbury, Mickey Nights When I Am Sane (Winter Harvest) 1994 \$35

Newbury, Mickey Stories from the Silver Moon Cafe \$30 200 Hard to get as are all of his cds. Someone of an acquired taste for some but to many he is one of the best singer songwriters ever

Owens, Buck The Warner Brothers Recordings 2cds sealed Rhino Handmade out of print. **\$35.** After a long career on Capitol Buck made several albums for Warners including "Buck 'Em". Nice hard cover book style packaging.

Oxford, David David Oxford \$48 There has only been one and there appears to be little chance of another, but despite hope being minimal there is still some hope. This is superb with a mix of honky tonk, cryin' in beer ballads and just plain great songs "1-800 Wine" is pure honky tonk whilst the Cosmic Cowboy, a sentimental old fluff if ever there was one, closes his annual community radio father's day show with Oxford's "Don't Tell the Babies". As far as production goes this is stunning. The great Bobby Flores is present throughout. And Michael Morales who apparently performed strictly in a Spanish market is great on acoustic guitar. David had talks with major labels apparently but was disillusioned when he was told he didn't have the right image. Damn, why didn't he get angry and produce a box set. Even that would not be enough. A gem gem gem!!

Pinkard & Bowden "Gettin' Stupid" \$48 This is a superb 22 tracker on Warner Special Products which collects their best singles and album cuts. Some of these were co-written with Tim Wilson and also appear on his album "Songs for the musically Disturbed"...his versions of course. Best track is the hilarious "Arab, Alabama" (a real place) which came out at the height of the Middle East Gaddafi fears. What would be a better accompaniment than "Libyan on a Jet Plane" a wonderful parody of John Denver's great "Leavin' on a Jet Plane". George Jones gets worked over on "She Thinks I Steal Cars". Then there is "Delta Dawg", a somewhat ironic inclusion as it was Sandy Pinkard who co-wrote the original "Delta Dawn", along with all people, Larry Collins of the Collins Kids. They are both excellent singers and for anyone who loves Tim Wilson's "Songs for the Musically Disturbed" (and who doesn't) this is better.

Price, Ray "Portrait of a Singer" Step One \$45 20 tracks from what was originally a double lp. Ray does standards both pop and country with superb backing from the Step One boys. Now, who could do this better than Ray? I doubt anyone. What a voice!!

Ritter, Tex - Capitol Collectors Series \$30* Out of print series, of which I would recommend with every title as being essential. This has all the hard to get ones, "Deck of Cards", "Blood on the Saddle" & "Just Beyond the Moon" etc 25 in all. .

Sanford, Arnold That's Why I Sing This Way \$50 Many rate this the *best* indie ever and they are certainly on the right track. The first 10 songs are from the great Max D Barnes, including the title cut which was also recorded by Daryle Singletary and as good as it was it was no match for Arnold's original version. 12 tks in all. Simply stunning crying in your beer album. Hell...it is probably the best ever. "Not Enough Jack Daniels in This World" has you believing Arnold truly lived the life he sings about and sadly he has passed on so this stand alone cd is it, unless a miracle happens.

Simpson, Red "The Man Behind the Badge/ Roll Truck Roll" \$30 EMI UK 2 on 1 with 2 albums from 1966. "Motivatin' Man" was actually picked up and recorded by John Laws but don't hold that against Red.

Sinatra, Nancy/ Lee Hazelwood "Nancy & Lee 3" \$35 2004 album that wasn't around long and is great. Some nice songs such as "After the Lovin' " and some very funny ones such as "Is Making Love a Little Out of the Question?" and "Pack Saddle Salon". 14 tracks in all

Sweet, Ron Ten in Tennessee \$45 Another wonderful indie with the highlight the wonderful ode to the great man "I Play Haggard" in which he uses snippets of Haggard songs to tell the story. He outdoes even Vern Gosdin on his version "Baby That's Cold" and then shows himself a man for all seasons with the rollicking "Ten in Tennessee".

Wagoner, Porter Greatest Hits \$28 20 tracker with great and unusual selection including of course "Rubber Room" but also "What Would You Do, If Jesus Came to Your House")

Wall, Chris "Honky Tonk Heart" Ryko \$30 * His debut album originally released as a cassette only job on Tried & True Records in 1989 and issued on cd on Rykodisc in 1990. Not to be missed. It includes his version of "Trashy Women" but the modern day play of words on "I Wish John Stetson Had a Heart" gives the album its true character. Great. Don't miss his new album!

Wall, Chris No Sweat Ryko (1991) * \$30 Out of print. Superb Texas artist which features the classic "I'm Not Drinking Anymore". All of Chris Wall's albums are great but the first two are absolutely essential

Whitley, Keith I Wonder Do You Think of Me \$30 The album he had just finished when he died. One of the greatest ever country vocalists. Deep rich voice with his own nuances. Pity the wonderful honky tonk songs were lived out so tragically with his alcohol overdose. He was seemingly taking over from Randy Travis as country's premier vocalist and had the unheard of 5 number one country singles in a row. I truly believe he would have been recognised as one of the greatest country vocalists ever and I could even be persuaded to drop the "one of" from that assessment

Various

Are You From Dixie Great Country Brother Teams of the 1930s \$35

Ragged But Right Great Country String Bands of the 1930s \$35

Something Got a Hold on Me: Treasury of Sacred Music \$35

These were part of the short-lived RCA Heritage Series and they were all superb. I have both myself and if you want 1930s country in its best sound these are they. The first features the Blue Sky Boys version of the oft covered title song as well as their wonderfully sad original of "I'm Here to Get My Baby Out of Jail". Also includes likes of the Dixon Brothers, Allen Brothers, Monroe Brothers, Delmore Brothers etc.

The second features Riley Puckett on the title song, and gems from the Prairie Ramblers, JE Mainers etc, but possible star is Gid Tanner with original version, as we know it, of "Ida Red" and "Soldier's Joy". The third features what in many instances are the original versions of what are now gospel standards including such gems as "Tramp on teh Street" by Grady & Hazel Cole and teh Dixon Brothers superb "I Didn't Hear Nobody Pray"...what's a country song without a double negative every now & then Again, the sound on all three is stunning.

Bristol Sessions Historic Recordings from Bristol Tennessee (CMF) 2cds \$25

Johnny Cash "These recordings in Bristol in 1927 are the single most important event in the history of country music". 16 page booklet with notes by Charles Wolfe. The sound, although recorded nearly ninety years ago is unbelievably good.

Starlite, Tammy Faye	And the Angels of Mercy: On My Knees. This is crude, rude and vulgar and funny if you get it that is. Tammy is the world's only x-rated gospel artist. I will strictly monitor who this is sold to.
Stills, Stephen	and Manassas (Atlantic). Thsi was his best solo work, sharing the spotlight with Chris Hillman. Originally a double lp with each of the 4 sides having a theme. Side two was "The Wilderness" and every song was a gem...the best the real hoe-down "Fallen Eagle" as well as the great ballad "So Begins the Task" 21 tracks and it stands up well.

Wills, Bob	Tiffany Transcriptions (Edsel UK) Vol 8 Any true Wills fan will tell you these are his best. They were issued on Rhino in Us and then Edsel in Uk. There was a rare joy and spontaneity to everything as well as a looseness that was at the same time musically tight. It included Eldon Shamblin

and Tiny Moore on guitar and electric mandolin (which pretty much sounded like a guitar), both of whom became members of Merle Haggard's strangers. Also had a variety of great steel players BUT the star was Junior Barnard who played a unique bluesy style of guitar that wills himself loved and sadly was killed in a car accident and so these are the only Wills recordings on which you get to hear him. These are all out of print and are superb.

Golden Throats

Sweethearts of Rodeo Drive (Rhino) Only Rhino could come up with such a concept....artists singing country songs they shouldn't. Now this falls into 2 maybe three categories. Firstly, what are essentially excellent performances "Almost Persuaded" by Louis Armstrong and "Desperados Waiting for a Train" by Slim Pickens are simply wonderful. Not far behind is Jack Palance doing "Green Green Grass of Home" and of course everyone loves Lorne Greene doing "Ringo" so how about Lorne Greene doing a French version of the same (well Lorne was Canadian). Next are the truly hideous starting with Carol Channing & Webb Pierce doing "Back Street Affair" and Jim Nabors oversinging "Games People Play". Mind you Goldie Hawn simply can't sing. Fun album and the notes (20 pg) are hilarious.

Happy Trails

Erich Kunzel & Cincinatti Pops Orchestra (Telarc) 22 tracks western themes with guest vocalists Sherrill Milnes, Gene Autry & Roy Rogers. Highest audiophile sound

Includes Hank Thompson, Merle Travis, Jean Shepard etc. Most of the stuff has found its way onto other cds but still gels remarkably well on this with great notes too by Marshall Crenshaw.

COUNTRY BOX SETS

BEAR FAMILY

The Browns

The Three Bells 8 cd + 40 page book \$170 I love this set. Glorious Nashville Sound recorded in the famous RCA studio, 249 tracks which sound simply fabulous. I honestly can't believe how good they sound. The hits are all there but tracks such as "Teen-Ex" are phenomenal. You'd swear they were in the room...matter of fact I check round just to make sure. The quality of the songs is also of the highest level. Even their pre RCA tracks (including a great version of "Looking Back to See") sound great. 100% as new.

Cash, Johnny

The Man in Black Volume One 5cd + 36 pg book ~~\$90~~ \$80 Includes his Sun and early Columbia recordings in best sound. As a bonus a complete session is included on disc five complete with false starts and studio talk as he tries to get "Don't Take Your Guns to Town", "I Still Miss Someone" etc up to speed.

Cash, Johnny

Unseen Cash LP/Book version ~~\$35~~ \$28 12x12 hard cover book which features for the first time a rare Cash Studio Photo shoot. The one sided lp...second side is etching of Cash...consists of Country Music Time and Country Style USA show

Collins, Tommy

Leonard 5cdis + 36 page book ~~\$110~~ \$80 "Leonard" (Sipes) was of course his real name as in the Haggard song. These are his Capitol recordings which trace his development as a singer and songwriter. 146 tracks.

Gibson, Don

The Singer- The Songwriter 1949-1960 4cdis + 96 page book ~~\$90~~ \$80 This is the earlier edition with the smaller size book which is actually better than the large size book the set subsequently came with. Includes his rare MGM and RCA recordings. He wrote "Oh Lonesome Me" and "I Can't stop Loving You" on the one day and also was

responsible for one of the most recorded country songs ever in "Sweet Dreams". The late Laurie Allen used to collect versions of "Sweet Dreams" and had over 100.

Horton, Johnny

1956-1960 4cds + 124 pg book. Apart from a thin 1" scratch on the box cover this is 100% as new. This great box has been out of print for 5-6 years and will not be rereleased in the near future. Has all of Johnny's Columbia recordings, which range from some superb rockabilly tracks to his inspired saga songs. Sound quality is first rate. This should be in our rarities section as it is truly hard to get now. **\$180...A STEAL.** Don't miss it. Amazon has from \$360 to believe it or not \$698 and that is US\$.

Johnnie&Jack

And the Tennessee Mountain boys 6cd + 68 pg. book \$130 Rare set now featuring Johnnie Wright & Jack Anglin. Includes Apollo, King, RCA & Decca. They only broke up when Jack was tragically killed in a car crash on his way to Patsy Cline's funeral. One of the best Bear sets 174 tracks.

Jones, George

She Thinks I Still Care: The Complete United Artists Recordings 1962-1964 5cd + 52 page book. \$120 Absolute pristine condition with 150 tracks and some nice duets with the wonderful Melba Montgomery. Also has some nice gospel plus tribute albums to Little Jimmy Dickens, Hank Williams & Bob Wills.

King, Claude

More Than Climbing That Mountain 5cds + 36 page book \$120 The title of course is a reference to his biggest hit "Wolverton Mountain", a crossover world wide. He was often seen as the "new" Johnny Horton with his ability at story songs. This set is now out of print. And it is a great one so don't miss it. 133 tracks. You just can't get any Claude King!

Lewis, Jerry Lee

The Locust Years 8cds + 48 page book by Colin Escott. The box has a little wear on the cover and the content is as new. This was the period when Jerry Lee went from being a rock & roller to being a country vocalist...which he actually was all the time, anyway. Includes quite a few duets with his sister Linda Gail Lewis.

Louvin Brothers

Close Harmony 8 cd + 52 pg book ~~\$160~~ \$150 One of best ever Bear Family boxes from their rare MGM album through their wonderful Capitol recordings. Great musicians with Paul Yandell featuring on electric guitar and of course Ira on mandolin. The sound quality is stunning. The Rolls Royce!! Gospel and secular music at its best. 220 tracks. I have said this before, had "Kentucky" been recorded yesterday in the world's finest studio with the world's finest engineer it would not have sounded better than it does on this box set. Testimony to both Capitol & Bear Family.

Martin, Jimmy

And the Sunny Mountain Boys 5cds + 44 pagebook. \$110 146 tracks Although primarily a bluegrass artist he

had a wonderful honky tonk edge to a lot of his recordings. Just great.

Orion

who Was That Masked Man 4cd + 32 page book.

Jimmy Ellis, yep some thought he was Elvis, tragically murdered in a botched robbery. 108 tracks including duets, the most famous being with Jerry Lee Lewis and actually issued as Jerry Lee Lewis & Friends...even though we know it was Jerry Lee & Orion.

Rainwater, Marvin

Classic Recordings 4cds + book ~~\$80~~ \$70

Book and cds are mint but there are a few marks on the box. It appears that the box was used to support a sheet of paper on which someone has written leaving indent marks. If you look straight on you can't see them. Marvin's biggest hit "Gonna Find Me a Bluebird" was a US smash but his rockabilly-esque "Whole Lotta Woman" was a UK #1. Great on the uptempo. songs and the ballads. Wonderful voice even if his Native American roots are a tad questionable. Sadly, recently deceased/

Reeves, Jim

Welcome to My World 16 cds + 124 page book. \$300

This represents Jim's complete studio recordings for both Abbott & Four Star as well as RCA. 447 tracks. The RCA ones in particular sound stunning, argument that the Nashville RCA studio was perhaps the best ever. Rarely available except as brand new and then that is over \$500. This is 100% as new. The depth of Reeves' recorded legacy is enormous yet only a handful of songs seem to get to most people. All his albums are there including the highly sought "Talking to My Heart". The RCA recordings could not sound better if they were recorded this year.

Robbins, Marty

Under Western Skies \$100 4cds + book.

Includes all his western recordings, which are as good as it gets. The best? Why, "Mr Shorty" of course, a classic tale of bullying where the bully gets his come uppance. Good as "El Paso" etc are, this is best. Marty is the consummate storyteller. He literally holds us in the palm of his hand. The lp size 60 page book includes all the lyrics. Fans of the best ever tv series, "Breaking Bad" will recognise Marty's "El Paso" as providing the theme for the very last episode. This has the date of purchase written on the box cover in small neat writing. It is unobtrusive.

Rodgers, Jimmie

The Singing Brakeman 6cds + 60 page book \$140

sealed 143 tracks from the Father of Country Music. When this first came out some had been available on a series of Rounder cds/lps. This sounded about 3 times better than they did. The sound was clean & dynamic. The book had hitherto unpublished pictures. An amazing set. The complete recordings of the blue yodeller.

Smith, Carl

Satisfaction Guaranteed 5 cd + book ~~\$110~~ \$100

Starts with his 1950 recordings through the end of 1958. Another versatile performer. Some of his uptempo songs are on cusp

of rockabilly but ballads and gospel were handled superbly as well. Includes duet with then wife June Carter, with whom they had a daughter aka as Carlene Carter.

Snow, Hank

Singing Ranger Vol 1 4cd + 16 pg book ~~\$80~~ \$ 70 Hank's first US recordings and what a start with his signature "I'm Movin' On". Has his first duets with Anita Carter including the wonderful "Bluebird Island" and of course it wouldn't be a Hank album without a tearjerker such as the original version of "Nobody's Child

Snow, Hank

Singing Ranger Vol 4 9cds + book. ~~\$180~~ \$160 Concludes with his duet album with Willie Nelson and includes the classic "#104 Still Movin' On" in which Hank paid tribute to the Waylon & Willie style outlaw movement to good effect too. Well over 200 tracks.

Snow, Hank

Thesaurus Transcriptions 5 cd + 40 pg book ~~\$100~~ \$90 couple small marks on box. These tracks were recorded for radio broadcast and are not on any other Hank Snow album. Sound is excellent. Around 6 hours worth!!

Travis, Merle

Guitar Rags & a Too Fast Past 5cd + 80 pg book 145 tracks. Troubled genius. One of the best of the books

Wagoner, Porter

Thin Man from the Plains \$45 4cds in pristine condition covering the years 1952 – 1962 only thing no box or book.

Wagoner, Porter

Thin Man from the West Plains 4cds + book \$80 his formative RCA years shows he hit the ground running. The perfect start for any Porter Wagoner collection. This is now out of print.

Young, Faron

The Classic Years 1952-1962 5cds + 48 page book. Small mark on front of booklet but otherwise great. 157 Capitol tracks which sound great. Turquoise emblazoned Faron on the box is a stunner. CD#5 has some rare gospel recordings.

- Campbell, Glen** **The Legacy 1961-2002 \$55** Haven't had one for a while and I would suggest no dallying as this is out of print and hard to get. A very underrated artist as shown by the 80 tracks on here. Includes the hits as well as one cd of live performances where he often displayed his great guitar work to the fullest. Quite a few duets with Anne Murray, Bobbie Gentry & even Rita Coolidge.
- Cash, Johnny** **"Unearthed" \$80** This is now deleted and is very hard to get. It consists of 5 cds from John's later career tenure with American label. 4 cds are tracks that are additional to his American Recordings cds and the fifth is a summation of the best of the American Recordings. These are housed in a very attractive cloth bound hard cover book. BUT THERE IS MORE. There is a second hard cover book with 108 pages, also cloth bound. These two cloth bound books are then housed in a cloth bound case....black of course (heck it is Johnny Cash after all!). These are very hard to get. This is 100% as new. Don't miss out. This is a very reasonable price. Don't miss out.
- Cash, Johnny** **Legend \$25 4cds + 76 page book** in nifty hard book style package. Simply put the best single Cash hits package you can get 104 tracks. The 24 tracks on the 4th cd are all duets or recordings with other artists.A perfect gift for the Cash-less person.
- Cash, Johnny** **"At Folsom Prison"** This is the US edition complete in long flip style hard cardboard box, presented as it should be. 2cds + dvd. 40 page large booklet, The Dvd runs for 2 hr and 10 minutes and features actual performances and

interviews with likes of Merle Haggard, Marty Stuart & Rosanne Cash. Has the usual Show One plus previously unissued Show 2. **\$25**

Cash, Johnny

"At San Quentin" \$25 This is the US edition in a glossy long box with 40 page book. It had the 2cd presentation plus dvd. Vastly superior to the jewel case set available in Australia. This is the one that true Cash fans would demand. These are new and would make great gifts. You get to see the full impact of the famed cover photos in these 27x15cm size boxes.

Cline, Patsy

"Patsy Cline Collection" 4cds + 64 page book. All in the 12 inch long style box. An absolutely essential box brought out by MCA and the Country Music Foundation. Someone once said if you lined up ever female singer Patsy would be singing lead and the rest could consider themselves lucky to be singing in the chorus...yep...could be right. **\$40** One of the best box sets ever. The sound is superb. 104 tracks, essentially all she recorded. This is out of print.

Daniels, Charlie

The Roots Remain \$35 Sony 3cd with 24 page book. Very attractive black leather look box with embossed silver lettering. Started off as a session musician, playing on some of Bob Dylan's most famous albums and gravitated to a former of southern country rock with an emphasis on country. Of course his most famous song is an adaptation of a traditional piece ie "The Devil Went Down to Georgia". His countrified version of "Layla" is just one of the many treats on this 45 track disc. Many songs have a theme of the plight of the working man, particularly well done on "Disappearing Farmer".

Ford, Tennessee Ernie

"Masters 1949-1976" 3 cds + book 50 tracks spanning all the many styles in which he recorded. Nice book. 50 tracks including a lot of duets. Sealed \$45

Gill, Vince

"These Days" Ultra Special \$30 4cds plus book. This is his 2006 box with 4 cds each with a separate theme on each. This is a self contained box..not on any other Gill cd.
a) Workin' On a Big Chill: The Rockin' Record
b) The Reason Why: The Groovy Record
c) Some Things Never Get Old: The C & W Record w. Emmylou, J. Anderson
d) Little Brother: The Acoustic Record
43 songs which are only on this and nothing else.

Haggard, Merle

Down Every Road 4cds + 76 page book. \$55
If you had no Merle Haggard and wanted just one thing then this is it. What a great set. 104 tracks and it spans all the labels he recorded for. If you don't have any Merle this would be the one to get. Large mainly full colour booklet is spectacular. One of the best major label boxes which covers his tenure on all labels and still manages to include 5 previously unreleased tracks.

- Harris, Emmylou** **"Portraits" \$40** Seemingly every one of Y & T customers favourite female country singer and with good cause. 3 cds + 24 page booklet & 61 tracks many rarities. Attractive long style box. Highlight of course is her wonderful rendition of John Hiatt's "Icy Blue Heart".
- Hoosier Hot Shots** **Everybody Stomp** Proper \$15 last copy with 36 page book. Crazy but musically superb. 100 tracks. Spike Jones like only country.
- Judds** **The Judds Collection \$28 RCA** 3cds with 28 page book. Nice cloth bound box. All the hits & more. Includes some unreleased recordings. Ever hear the theory that Wynona was the progeny of a meeting between Naomi and Elvis?? Well there is a resemblance I must say
- Jennings, Waylon** **"Nashville Rebel" (Legacy) \$60** Wonderful presentation with embossed leather look cover (resembles Waylon's guitar). Has massive 140 page book which is simply grand. 92 tracks which give a fabulous representation of his career. Now out of print. This is still sealed. Can always remember how impressed I was when the Highwaymen were first here how great Waylon sounded on "Amanda". Includes duets with Anita Carter, Jessi Colter, Johnny Cash & Willie. Woops, also Hank Jnr on "The Conversation".
- Ledoux, Chris** **American Cowboy \$40** 3 cds + 40 page book which covers his early career as an independent artist through his later Capitol label superstar success. Rodeo God!! Unfortunately to many his latter career overshadows his earlier recordings which is a shame since they were so darn good. He does a terrific version of Marty Robbins' witty yarn "Cowboy in a Continental Suit" and the spoken narrative "Cowboy & the Hippie" is a joy. But the personal songs such as "It Ain't the Years, It's the Miles" are just so meaningful. Honestly all his early label work is worth getting.
- Louvin Brothers** **"The Christian Life: The Definitive Louvin Brothers Story"** Proper 4cd 112 tracks and 24 page booklet. From gospel to secular there has been none better. Superb value. \$30
- Miller, Roger** **"King of the Road: The Genius of Roger Miller" 3cd + 40 page book.** If ever an artist was deserving of a Bear Family box set it was Roger. There is a dearth of his material, even in Greatest Hits packages. This is much more with 70 tracks that include most of his "Trip in the Country" album where he went back & recorded some songs that he wrote early in his career for other people such as "Tall Tall Trees", "Invitation to the Blues", "don't We All Have the Right" etc. All the hits are there and it includes some great later things such as "Old Friends with Willie & Ray Price.

This is now deleted . **\$48** Don't miss it.

Monroe, Bill

The Music of Bill Monroe from 1936 to 1994 \$50 4cds 98 tracks and 100 page book. The man who created bluegrass. Nice cloth bound book style box in pristine shape. The best single overview produced in conjunction with the Country Music Hall of Fame.

Nelson, Willie

"The Complete Atlantic Sessions" Rhino. \$45 Willie only actually released 2 albums on Atlantic but those 2 are credited with elevating him in status throughout the music industry. He certainly has never done better than these albums. I personally rate "Phases & Stages" his best. It is the second of the two albums for Atlantic and tells of the breakup of a relationship from a woman's perspective (side one of the lp) and from a man's perspective (side 2). I wouldn't say "Red Headed Stranger" was an overrated album but it is not as good as "Phases or Stages" nor the other album he did for Atlantic, "Shotgun Willie". "Shotgun Willie" had some wonderful tracks. His "Sad Songs & Waltzes" is as good as it gets and Willie's own version contrasts wonderfully with the version we know by Keith Whitley. Those two gems of albums both have a stack of bonus cuts whilst a third cd features "Live at the Texas Opry House". That one has one of the most manic tracks you will ever hear...a medley of "Bloody Mary Morning/ Take Me Back to Tulsa". Willie plays the wildest guitar solo you would ever hear and off the cuff the brilliant fiddler Johnny Gimble segues into "Take Me Back to Tulsa". Superb. The box features nice sturdy mini lp style covers and a 48 page book. They are housed in a wonderful leather look box with a silver embossed Willie in the middle.. To add that extra bit of class the box has a magnetic seal, which if you are like me gets a regular workout. Brilliant set.

Nelson, Willie

The Classic & Unreleased Willie Nelson (Rhino) 3cds plus 36 page book. \$45 This starts with Willie's first recordings 'No Place for me' & "Lumberjack" and has a selection from his Pamper demos in best sound, as well as a "Live at the Texas Opry House" and what is the gem of gems "Willie Sings Hank Williams"...available *only* here in this box set and nowhere else. A must?? About on par with breathing.

Nelson, Willie

Revolutions of Time: The Journey 1975-1993 \$20 Sony 3cd set with 32 page book in a long hardcover book style box. His CBS years where he went from "Willie who"? to one of the biggest names in the entire world of show business. The second cd focuses on his many duets from Lacy J Dalton to the great "Old Friends" with Roger Miller & Ray price. **new**

Owens, Buck

"The Collection" Rhino. \$40 Ultra special. Out of print gem with wonderful 80 page book with mostly colour photographs and includes a track by track rundown with Buck's own comments. 62 songs are licensed from Buck himself and include all the hits including both the original

version and the Dwight duet version of "Streets of Bakersfield" as well as some delightful non hits such as Buck's latter duet with Emmylou Harris "Play Together Again, Again". Great sound and a steal.

Parsons, Gram

And Fallen Angels Live 1973 \$25 long box style recorded for a radio programme. Apart from GP & Emmylou he is backed by N D Smart, Kyle Tullis & Jock Bartley. May be the best ever version of "Streets of Baltimore".

Parsons, Gram

The Early Years Box \$60 12x12 size box sealed. Includes additional bonus disc. Disc One is the first ever released on compact disc of the now classic and ground breaking, "Gram Parsons-The Early Years-Volume 1", 1963-65 folk recordings of "Gram Parsons and the Shilos" with all original tracks from this 1979 LP vinyl disc. Disc 2 is a full cd conversation with Gram. In addition there is a rare DVD performance of Gram Parsons & the Fallen Angels as well as a tv track featuring the Flying Burrito Brothers. There is also a picture disc lp There are 2 posters included including one of Gram Parons family tree as done by the expert in that field Peter Frame. On Sierra

Parton, Dolly

Dolly \$45 4cds + 64 page book. Some wonderfully rare photos are featured in the book. 99 tracks. Great presentation in silver box.

Rogers, Kenny

Retrospective Through the Years \$45 4cds + 32 page book which covers his hits through the First Edition (who can ever forget "Ruby Don't Take Your Love to Town" an Aussie top ten in 1969), through his many solo hits & duets. 80 tracks in all. Great presentation. Cover shows the pre going under the knife Kenny where the word distinguished could not have been put to better use. Now?? Don't ask. Great set covering all his career. Like new.

Stanley Brothers

"The Early Starday & King Years 1958-1961" \$50 4cds + 20 page booklet in long style box. 109 tracks. This is now out of print. As may be expected there is a mix of gospel and secular tracks. Not just classic bluegrass but some of the best country music ever.

Stanley Brothers

"The King Years 1961- 1965" 4cds 111 tracks plus 28 page colour book. **\$55** Two great sets that are a must for Carter & Ralph fans.Both like new

Statler Brothers

Complete Original Albums Collection sealed (Readers Digest) \$50 This is quite a rarity as these are not available elsewhere and as I have said previously, the Readers Digest cds sound great. Has these 8 albums in their entirety:

1. Bed of Roses
2. Pictures of Moments to Remember
3. Innerview
4. Country Music Then & Now
5. Sing Country Symphonies in E Major
6. Carry Me Back
7. Thank You World

8. Sons of the Motherland

Statler Brothers

30th Anniversary Celebration Mercury 3cd \$55 sealed
Great book style set with a 36 page book featuring the writings of Colin Escott. As far as boxes go it is excellent but largely avoids their gospel recordings. 62 tracks. Very nice. Includes their CBS as well as Mercury hits, though in all fairness the only one on the former label was "Flowers on the Wall" but it was also their biggest...even made the pop charts in Australia.

Strait, George

Strait Out of the Box MCA 4cds sealed \$40 unsealed \$30 Easily his best years from 1981 to 1995. Includes pre MCA singles plus rare tracks such as his duet with Hank Thompson "Six Pack to Go" & "Fly Me to the Moon" an unreleased duet with Frank Sinatra. 72 tracks plus large book. Over 3 ½ hours.

Tucker, Tanya

Tanya Tucker 4cd Capitol \$48 Great 58 tracker with excellent colour book. The time on Capitol/Liberty produced some of her best ever recordings from the ballad "Three Sparrows in a Hurricane" to upbeat "It's a Little Too Late". Includes a bunch of previously unreleased recording. Artistically she was at her peak when these were recorded. The re-recordings of her biggest hits such as "Delta Dawn", "Texas When I Die" etc are actually better than the originals..

Twitty, Conway

"The Conway Twitty Collection" 4cd + 72 page book and 89 tracks \$55. Nicely presented book style box as new. Includes quite a few previously unreleased tracks.

Williams, Hank

Complete Mothers Best Flour Shows \$160
Stunning 15 cd + dvd set housed in a model of a vintage radio which has a dial that when turned gives you a snippet of vintage radio, also includes a large hard cover book. These shows were not available legally until brought out by the estate of Hank Williams. Sound is superb, oorobablyu even better than the official MGM Recordings.

Williams, Hank

"The Unreleased Recordings" Time Life 3cdbox \$45 sealed.

This was the first of 3 sets. All are licensed from the estate of Hank Williams which specifically means Jett & Hank jnr Williams. These are the Mother's Best Flour shows which were recorded to 16" acetates and they actually sound better than the original MGM recordings. Further more there are tracks he never commercially recorded such as "Cool Water" and "Cherokee Boogie" plus excellent versions of his classics.. Don't miss it. Sealed. Large hard cover book style.

Williams, Hank

Hank Williams Revealed: the Unreleased Recordings Time Life 3cd box sealed Rare versions of the hits, gospel & Luke the Drifter favourites in the second of the Time Life issues plus 3 1951 radio shows. Nice book style package.

- Williams, Hank Jnr** **Living Proof: The MGM Recordings 1963-1975 3cds b. \$55** includes 24 page book Great set with massive 82 tracks. Starts with his early ultra traditional material and concludes with tracks from his pivotal "Hank Williams Jnr & Friends" album, which hinted at the outlaw style he would develop when he moved to Warner Brothers. The songs on this set are great. Love the Darrell McCall song "Eleven Roses" which was a huge hit and the songs about his father such as "Hank", "Living Proof" and of course "Standing in the Shadows" are chilling. A must have set, very hard to get.
- Williams, Hank Jnr** **Bocephus Box 3cd \$38** 65 tracks Long style book style box
- Wills, Bob** **"Encores" 3cds \$40** + 40 page book by Wills' biographer Charles Townsend. Bob's Liberty Recordings saw him reunited with Tommy Duncan and for the first time they recorded together in true hi fidelity sound which suited the group to the ground. The final cd in this set is from 1973 & saw a reunion with former Playboys' members & greats Leon McAuliffe, Eldon Shamblin (they recreate the classic "Twin Guitar Special"). Performance and soundwise these are superb.
- Wynette, Tammy** **Tears of Fire"25th Anniversary Collection" \$48 3cds + 24 page book.** Great 67 tracks including duets. Quite a few duets, the one with Emmylou, "Beneath a a Painted Sky" is a gem, as are the ones with a bloke called Jones.
- Yoakam, Dwight** **Reprise Please Baby: Years The Warner Brothers \$60 Out of print WB. 4 cds in new condition.** Has a swag of of previously unreleased tracks including the entire 21 on disc 4. In my mind there is no question Dwight's original Reprise recordings with Pete Anderson are his best. 87 tracks all up. Don't be disappointed..the only one.
- VARIOUS**
- 200 Years** **Of American Heritage in Song (CMH) 4cd** Arthur "Guitar Boogie" Smith; Benny Martin; Tommy Faile; Dick and Jacquie Schuyle etc. Originally released on lp to coincide with the American bi-centenary. 100 tracks
- American Roadsongs** **From Coast to Coast 10 cds \$25 each cd has a theme. Mainly country so that is where I'll stick it** Just for example we have T for Texas...20 songs about Texas and Blue Hawaii 20 songs about Hawaii. Are you from Dixie?> Ridin' Down the Route 66 etc
- American Roots Music** **Sony Legacy 4cd \$40** Excellent set inspired by the US cable tv show of the same name. Covers one cd of country, one of blues plus 2 cds of gospel, folk, Cajun/zydeco, Tejano and native American. Very comprehensive notes. Includes 16 songs especially recorded for this, most interestingly perhaps a new version of Floyd Westerman's "Wounded Knee" in Native American section. Originally on the lp

"Custer Died for your Sins". Also, the printing quality is superb.

- Best of King & Starday** **Bluegrass 4cds sealed \$58** 100 tracks and roughly 4 hours 10 minutes. The long style box is nicely presented with 28 page book and excellent cross-section of artists. 40 different artists are featured on this.
- Decca Country** **Classics 1934-1973 MC 3cds + 36 page book \$35** 60 tracks with many rarities in fact there are not many what you would call really obvious tracks anywhere, except perhaps Ernest Tubb's "Walking the floor Over You" and "Cool Water" by Sons of the Pioneers on cd#1 but that is countered by likes of "Gospel Cannonball" by the Delmore Brothers, "Ruby" by the fabulous Cousin Emmy and "On This Mountain Top" by Donny Young (prior to him assuming the name Johnny Paycheck)
- Forerunner Music Group** **Catalog Sampler 4cds \$18** Nashville publishing company formed by Allen Reynolds and Jim Rooney. First 2Cds are songs from the publishers. Third cd has songs from 4 of the main writers Tony Arata/ Pete Wasner/ Shawn Camp/ George Marinelli. Interesting that the songs by Camp are different to those on his albums, and some haven't been on his albums. The fourth disc is by the Memphis Boys headlined by Reggie Young. It is an instrumental album of originals.
- People Take Warning!** **Murder Ballads & Disaster Songs 1913-1938 3cds + 52 page hardbound book. Tompkins Square \$50** This is a great collection highlighted by the book. Lots of wrecks, lots of Titanics and natural disasters. CD#1 is crash type disasters CD#2 is natural disasters and cd #3 is murder ballads. Even includes a photo of Railroad Bill as sung about in Will Bennett's 1929 song. This is what the traditions of country music are all about. No longer available.
- Rebel Records** **35 Years 1969-1995 4cd + 36 page book 12x12" box** has very attractive gold lettering on front and is as new. 105 tracks, all given a detailed run down. Includes 1971 "Don't Cheat in Our Hometown" by Whitley & Skaggs, plus Ralph Stanley, Del McCoury, Rhonda Vincent, Larry Sparks etc.
- Rhythms of The Mountains CMH 4cds \$50 81 tracks each with them** .1) Wild Wild Young Men 2) Fair & Tender Ladies 3) Pictures from Life's Other Side 4) Farm & Home Hour Each cd has individual notes. Includes Grandpa Jones, Joe Maphis, Rile yPuckett, Cousin Emmy etc
- Rock& Skiffle** **Brit Beat begins 4cds (Proper) \$18** 40 page book And 100 tracks from Donegan (natch!!)/ Tommy Steele/ Vipers/ Ken Colyer/ even a track of the Goons and some Winifred Atwell. Last copy sealed.
- Roots n Blues** **The Retrospective 1925-1950 4 cds** 107 tracks which give a coverage of blues& country blues & hillbilly with many rare recordings from the Okeh and Columbia vaults on cd for

the only time. Super 68 page book. **\$55 sealed** Excellent coverage on the interrelationships of the genres. As much country as acoustic blues and without doubt the best of the boxes aiming at covering this period. Nothing common on this set at all, in fact I'd say all bar a few tracks would *only* be available here. Of all the sets seeking to cover the early country/blues this is by far the best. Brilliantly presented and one of the best American sets.

Songs of the West

Deluxe Leather Edition (Rhino 4 cd + 60 page box \$80. This is exceedingly rare. The regular cardboard box edition is hard to get now but you never see this and it is stunning. Genuine cowhide...not naga hide. Remember the old Three Stooges line...Moe to Curly "Check his wallet and tell me his name" Curly "Genuine Cowhide". This is an absolutely superb set with each cd having a separate theme 1. Cowboy Classics 2. Silver Screen Cowboys (where you will find perhaps the 2 ultimate highlights...Slim Pickens doing a wonderful version of Guy Clark's "Desperados Waiting for a Train" and Rex Allen Jnr "Last of the Silver Screen Cowboys" (with Rex Snr and Roy Rogers) 3. Gene Autry & Roy Rogers 4. Movie& television Themes. So get your whips out and your spurs on. Last newsletter's one sold in a thrice so don't miss it. This includes the original sash that went around the leather package. We have a standard edition (ie cardboard box) but box is a liitle ratty **\$35**, content is great.

Sounds of the South A Musical Journey from the Georgia Sea Islands to the Mississippi Delta Recorded in the Field by Alan Lomax \$70 12x12" box Consists of 4 themed cds .**1. Sounds of the South/Blue Ridge Mountain Music/2. Roots of the Blues/The Blues Roll On/ 3. Negro Church Music/White Spirituals / 4. American Folk Songs for Children** This is on Atlantic and the excellent 44 page book has detailed notes by Lomax himself. As can be seen this covers more than one genre. It was a fairly late project for Lomax (1959-1961) and Atlantic wanted to be at the forefront by having him record in the latest stereo technology. So as such this is one of the most important documents in American roots music. It was originally an 8lp set and this was issued in 1993. As you would expect this is out of print. Double my price and add a bit more for cheapest Amazon one.

Sugar Hill Records

A Retrospective \$40 4 cds + dvd Has 81 tracks and gives a great cross section of the label and I might say that since its inception Sugar Hill has been noted for the great sound. It is great to get such tracks as Rodney Crowell's "I Walk the Line Revisited" with Johnny Cash aiding and abetting. Cash also gets a run in a Marty Stuart track...yep, pays to have great (ex) sons in law. Also has booklet about the artists.

Train songs

10 cds 200 tracks \$28 Infinite variety and fabulous spread of styles. Favourites are Doris Day "Choo Choo

Train"/ the Four Lovers "Night Train" (what a beauty) and Laurie London "Gospel Train"...it starts with 30s country. Clicketty clack...clicketty clack...gotta get in the groove!!

Work Hard, Play Hard, Pray Hard Hard Time Good Time & End Music 1923-1936 (Tompkins Square) 3cds sealed \$45 Most are first issue on cd and came from the collection of a collector, I guess of the Joe Busssard ilk and we are told were hours away from the dump. Yes, there are going to be a few skips for many of us. Nice box.

Only Visiting This Planet and So Long ago the Garden were recorded in George Martin's studio in England and I honestly believe stand up to the best Neil Young has ever done in the soft rock style. Larry is vocally a bit like Neil. He toured Australia but alas never got to see him and has gone to meet his maker. Sometimes treated as though a tad nutty and perhaps he was. Ain't No Grave The Life & Legacy of Brother Claude Ely \$35 BOOK +CD

This is a large book which has a bonus cd. Interesting read including Sleepy Labeef citing him as a major influence and also suggesting the rhythms used by Claude were "borrowed" by both Johnny Cash and Elvis. It has been suggested that the good Brother was at one time contemplating taking E\Elvis to court for using stolen rhythms. Large style 344 page book + cd is brought out by Dust to Digital label.

Golden Throats	Great Celebrity Sing Off (Rhino) Again some so bad they are good eg Jack Webb "Try a Little Tenderness" BUT also some so good such as Sebastian Cabot's wonderful Dylan double "It Ain't Me Babe" and "Like a Rolling Stone". And for Trekkies we get both William Shatner & Leonard Nimoy.
Golden Throats 2	More Celebrity Rock Oddities (Rhino) This even has a 3D cover. Even if for another Sebastian Cabot Dylan piece, "All I really Want to Do" this is sensational. Always though Phyllis Diller had little talent....this proves it ("Satisfaction")
Hazy Memories	Vol 1 (Canetoad) Very hard to get songs...31 of the blighters in fact. Teresa Brewer "Ballad of Lover's Hill" is often sought but only found here. James Gilreath "Little Band of Gold" was a fleeting classic. Well compiled and As I said somewhere else Canetoad owner David Mclean is closing the label so be quick.
Hazy Memories	Vol 4 (Canetoad) This has some rockier things and hence should be in the rock section BUT then again has some great pop. Best Detroit Wheels "Linda Sue Dixon", John Wesley Ryles fabulous one hit wonder "Kay" and Barry Ryan's wonderful "Eloise" and don't forget the only other Hedgehoppers Anonymous track I know "Don't Push me".

Think it got to number 20 in the Top 20 predictions!!

Vol 1 includes James Darern "GoodBye Cruel World" and "her Royal Majesty" and Dick & Dee Dee's "Turn Around". One record fair in US I went to had guest appearance by Dick and dee Dee. Apparently the original Dick but a different Dee Dee. Darn!! Volume 2 has "Blue Moon" by Marcells in stereo for first time. Ditto Lou Christie's wonderful falseeto turn on "Two Faces Have I" (Yi-I-Yi..or words to that effect). Great!

BEAR FAMILY

Haley, Bill & His Comets **The Decca Years 5 cds + 32 page book \$100** The sound quality on this could not be bettered if the recordings were made yesterday. Great singles as well as albums including the "Around the World" album in which Bill sings songs about varying countries. Of course the Aussie one is "Rockin' Matilda". CD#5 is inside the studio during a recording session so alternate versions and some juicy studio talk. Rudy Pompilli on sax was just one of the musical stars especially on his showpiece "Rudy's Rock"

OTHER

ABBA **Thank You For the Music 4cd + 68 pg book \$40** Nice book style box with stunning book. 66 tracks including quite a few rarities.

Bennett, Tony **Forty Years: The Artistry Of Tony Bennett \$35 Sony** Like new long box version still sealed. 60 page book & 87 tracks. Hard to believe "I Left My Heart in San Francisco" was not a huge hit. BUT it won 2 Grammys and he has won another 14 since. He was also the first to do a pop

cover of Hank Williams with a huge hit of "Cold Cold Heart" which saw him get a Billboard # 1 hit.

- Carmichael, Hoagy** **In Person 1925 -1955 10 cds \$70** This is a long out of print box and this is a sealed copy. Wonderfully presented box from the Hoagy Carmichael Appreciation Society. Total running time is 12 hours and 21 mins. Each cd has its own colour cover with comprehensive details about the tracks therein. There is also a separate book. It covers any number of styles by one of the greatest ever songwriters and a very influential singer!! Willie was a big fan. Includes studio outtakes as well as between song chatter by Hoagy and the musicians. "That stank" said Hoagy. "No" they assure him! Nicely presented in flip style box.
- Carpenters** **From the Top (A&M) \$35** 4 cds plus 32 page book (with centre fold out). Classic and classy. All the hits in best sound. Long style hardcover book style.
- Cole, Nat King** **The Classic Singles (Capitol) Capitol New sealed. \$48** I do consider it one of the ironies of the music world that Nat's unique and wonderfully rich voice was a product of his cigarette habit and that ended up killing him. Very sad. No one else like him and he had many hits overseas and in Australia. "Nature Boy", "Too Young", "Mona Lisa" etc. It would take a nano second to realise to whom you were listening. This very nice cloth bound book style package features 2003 remastered 24-bit sound and 101 tracks. 60 page booklet.
- Crosby, Bing** **"Swingin' With Bing: Bing Crosby's Lost Radio Performances" \$30** 3 cds on the excellent Shout label in hardcover book style cover. Bing joins with a virtual superstar gallery. Firstly there is a generous 75 tracks. He is joined by regular duet partners The Andrews Sisters but also the likes of Ella Fitzgerald and Louis Armstrong. The third cd is dedicated to those recordings. Also likes of Nat King Cole and Dinah Shore join with Bing. This box is a joy from start to finish. Excellent sound.
- Diamond, Neil** **In My Lifetime 3cds + 72 page book \$20** Career spanning recordings including rare demos from 1958-1964. Lots of rarities all round.
- Diamond, Neil** **Stages: Performances 1970-2002 5cds + DVD \$25** 52 page book. The 5th cd is a live Christmas cd. Fact: "Hot August Night" spent 29 weeks at number one on the Australian album charts and none of these are from that show. The DVD captures a 2002 show in Dublin and the second part of the dvd is a documentary about life on the road.
- Everly Brothers** **"Heartaches & Harmonies" 4cds \$60** This is a wonderful Rhino box set which encompasses all their Cadence, Warner, RCA etc recordings. 103 tracks. 60 page book mainly in colour but I just can't decide...who has the best hair...Don or Phil. This is excellent in all respects, \$60 Don't miss it. It

starts with a couple of their rare pre-Cadence and ends with their Ikast recording together in 1990. Both are still alive. Don is 76 & "Baby Boy" Phil is 74. Classic. Includes a small sampling of their solo stuff. Unfortunately their success as pop's greatest duo overshadowed any success they had as solo artists.

Fitzgerald, Ella

Complete Ella Fitzgerald Songbook \$200 The great Ella Fitzgerald recorded, from 1956 to 1964, the songs of Cole Porter, Rodgers and Hart, Duke Ellington, Irving Berlin, George and Ira Gershwin, Harold Arlen, Jerome Kern and Johnny Mercer in what is now known as the Song Book series. This 16-CD boxed set reproduces to the letter all eight of these classic albums and gathers them inside a clothbound box with a 48-page hardcover book. 245 tracks, with unreleased material. The presentation is stunning. The box is cloth covered. Inside is a similarly covered hard cover 120 page book. Each of the cd sets inside the box takes the form of the original lp cover miniaturised to cd size. Ella Sings Jerome Kern/Johnny Mercer are single cds, Cole Porter, Harold Arlen, Irving Berlin and Rodgers & Hart are all doubles whilst the George & Ira Gershwin box (complete with another reproduced hard cover book) and the Duke Ellington box are both triples...2 x singles, 4 x doubles and 2 x triples all individual inside the box. Suffice to say it takes "special" two steps further. Just as an example on Amazon (where there is only one for less than \$300) 45 out of 46 people who have bought it have given it 5 out of 5 star rating...and the other a 4 star. It is out of print. This is just like new. Sure, she is classed as a jazz singer but to be honest on the pop side and without doubt this is as fine a box as I have ever seen.

Fitzgerald, Ella

Legendary Decca Recordings \$55 4 cds plus 44 page book in 12x12 box. The cds are 24K gold for optimum sound. There are a few small marks on the outer box but the book and cds are pristine. Each cd has a theme 1) Very best of Ella 2) Ella & Friends 3) sings Gershwin & Others 4) Ella & the Arrangers,

Francis, Connie "Souvenirs" 4 cds + 72 page book in pristine shape.. Totally out of print, 118 tracks. A great set, She had more hits than any other artist of her era. She was given almost a free rein to record what she liked and had so many singles that even b-sides such as "Everybody's Somebody's Fool" hit number one. **\$55**

Garland, Judy

Complete Decca Masters 4cds + 52 page book \$30 Frances Gumm, aka Judy Garland had been recording for a couple of years before "Over the Rainbow Came Along" and had made her reputation on a special version of "You Made Me Love You" as though sung to Clark Gable. No one knew she was just 15 when she recorded it. She was a veteran of 17 when she recorded "Over the Rainbow" and it won an Academy Award for best song. She in turn received a special award. The record company began collecting several 78s and packaging them in colourful outer packages. The first

albums included "The Wizard of Oz" soundtrack and "The Judy Garland Souvenir Album" all of course herein. 90 tracks that establish her reputation as one of the greatest ever female vocalists even when her tempestuous private life took over.

Garland, Judy

The One & Only Capitol 3cds \$28 3 cds, 56 page book and 65 tracks both studio and live...her Carnegie Hall Concert is considered one of the best ever live albums. Her tenure with Capitol was her last and many say her best. Absolute giveaway price. Her body and maybe mind gave way but her voice, even when she was at her lowest, was strong as ever.

Hallyday, Johnny

Anthologie Volume 1 \$25 Johnny is France's most enduring rock and roll star. This has 44 tracks (chansons indispensables!) mainly in French plus two booklets. The box is designed to include pt II & III and it tells us these are available down the track!! Actually played soem and it is very good. Sound is outstanding. Some consider him teh French Elvis Presley but really doesn't sound a lot like him IMO. "Souvenirs Souvenirs" is great!!

Holiday, Billie

"Lady Day" Sony Perhaps the best ever American box set...certainly the best not to bear the Rhino name. 10cds and a large 120 page book is only for starters. The sound is superb and content impossible to beat. The superb package is housed in a large faux snakeskin leather box with a haunting image of Billie on the cover. Stunning. NOW...that is what I wrote last newsletter. That sold. Now, I have a sealed copy. Brand new. I have to ask myself which is the best it or Ella. I don't know. **Sealed copy \$140** This won a Grammy and you could only be surprised if it didn't!!

Holiday. Billie

The Legacy 1933-1958 (Columbia) \$35 * Nice set with 70 tracks that are on this previous box. This is long style box.

Lee, Peggy

The Singles Collection 4cds \$60 This was only issued in Europe on Capitol, and was around for a short time only. It includes a 72 page book and has 110 tracks. It covers her tenure with Capitol and Decca. The 4th cd sees her covering some contemporary (at the time they were contemporary 70s...technically speaking). Her best known hit was "Fever" with one of the most identifiable intros of any song ever. Did Lou Reed borrow the bass line for "Walk on the Wild Side"? Hard to believe this was not a number one. It was based on the Little Willie John song but Miss Lee wrote lyrics for two verses as she thought the original too risqué. 110 tracks which show her as the supreme stylist. Hard to get, in fact next to impossible. It was never issued in the USA. Many are on cd for the first time.

Mancini, Henry

"Days of Wine & Roses" 3cds 81 tracks 76 page book 3½ hours plus. Fabulous sound **\$48** All the hits and more including "Moon River" which won him both an Academy Award and Grammy. Personally I prefer "Pink Panther'!!

Mathis, Johnny

The Music of Johnny: A Personal Collection

(Columbia) sealed \$45 4 cds with 86 tracks and 68 page book. The long style box. His biggest hit in Australia was "Twelfth of Never" but I have a soft spot for "What Will My Mary Say". Like new. Not strictly a hits package (hence the name) but these two gems are on it. His versatility is shown in such songs as Boz Scaggs "We're All Alone".

Nelson, Rick(y)

Legacy Box 4cds + 52 page book. Capitol USA \$60.

Hard to believe he never started out to be a singer but he had the most popular tv show in the USA and was as good looking as anyone so it was a natural progression and unlike many he had talent. 100 tracks from the Ricky to the Rick, though near the end of his career he reverted to Ricky as Carl Perkins had referred to him as Ricky and he figured if that is what Carl wanted to call him it was just fine. All the hits and much much more. Quite a few unissued tracks. Very attractive leather look box. Includes his very early cover of "I'm Walkin'", through his many early hits "stood Up", "Never Be Anyone Else But You", "Lonesome Town", "Travellin' Man", "Hello Marylou" etc etc through to his last mega-hit "Garden Party". Sounds great.

Orbison, Roy

Legendary 4cds 36 pg book sealed \$38 75 tracks including rarities. Covers all parts of his career.

Osmonds

All Time Greatest Hits of the Osmonds \$35 Don't laugh, I love the Osmonds. What's more I reckon the group recording of "Crazy Horses" is one of the all time great singles. 53 tracks. The first cd is the Osmond Brothers. The second is mainly Donny with Little Jimmy's solo "Long Haired Lover" tacked on the end, whilst cd # 3 is half Marie and half Donny & Marie...yep a Little Bit Country & A Little Bit Rock & Roll. Still sealed. Crazy Horses wahhhhhhhh! Brilliant.

Page, Patti

A Golden Celebration. 4cds + 48 page book \$70 Patti was THE biggest selling female artist of the 50s yet most of her stuff is out of print, including this superb set with 80 tracks on 4cds with a 48 page book. This is **very rare** now. This is a different one to that which I had last newsletter. I was simply lucky to get another. Her biggest selling single was of course "Tennessee Waltz", one of the biggest singles of all times, spending 13 weeks at number one. But not far behind was "Mockingbird Hill" and one of the biggest novelty hits of all time in "How Much Is That Dog in the Window". She covered a whole gamut of styles and her versatility was amazing. She even does a duet with Tom T Hall "Hello We're Lonely". Notes by Colin Escott

Presley, Elvis

Prince From Another Planet Deluxe edition 2cds + DVD. 40th Anniversary of his classic "Elvis as Recorded Live at Madison Square Garden" with 48 page book plus 60 minutes dvd with documentary including recently unearthed

fan footage. Includes interviews with his surviving band members. **\$35**

Presley, Elvis

At Stax Deluxe edition sealed \$35 Includes lots of remixed outtakes. New 2013 release 55tks

Presley, Elvis

Don't Be Cruel/Hound Dog picture sleeve single plus large size t-shirt \$25 High quality t shirt

Shaw, Sandie

Nothing Comes Easy 4cd + 48 page book 101 tracks \$50 from EMI (UK) and now out of print. There is one mark on the cover of an inconsequential nature. Very hard set to get. CD#4 is 25 previously unreleased or ultra rare tracks. Sandie of course was famous for going bare foot on stage and if you have a look at the cover you will see why. Her trotters are enormous. She'd never get shoes to fit them. All the hits including "Always Something There to Remind Me", "Girl Don't Come" "Puppet on a String" etc

Sinatra, Frank

Vegas (Reprise) 4cdfs + DVD 60 page booklet + 2 showbills. Nice glossy box \$40 Includes the full version of the classic "At the Sands" with Count Basie and the DVD is from May 1978 Caesar's Palace show. Each of his shows featured a monologue which literally had the audience eating out of the palm of his hand. Interesting piece "Sinatra Speaks on Segregation in Nevada" is included as a bonus track to the Sands concert.

Sinatra, Frank

Columbia Years 1943-1952 Complete Recordings 12cdfs + 144 page hardcover cloth bound book. 285 tracks. The 12 cdfs come in a double deck box with Perspex front. The content is as new. There is a small issue with front of box but still great. This is an exceptional and very well priced box. \$110

Sinatra, Frank

Frank Sinatra "FAS: The Complete Reprise Collection" (ie Francis Albert Sinatra") All his studio recordings. 20 cdfs in probably the most elaborate packaging ever. Has engraved limited edition metal tag. This is designed as a leather trunk, and is simply magnificent. It looks exactly like the leather trunk some ocean traveller would take with them. It has an oval FAS plaque on the front and flick the latch and open the box to reveal a compartment at the top holding a hard cover book. It clips in place...the compartment that is. Unclip another leather divide and you see the 20 cdfs This is in absolutely spotless pristine condition. You get a lot of bang for your buck **\$280**at least \$150 less than what you will find a copy for on Amazon and as it would weight at least 4kgs you are much better off paying local postage. Just under 500 tracks.

Sinatra, Frank

In Hollywood 1940-1964 (Reprise) 6cdfs with 160 \$80 songs most of which have not been commercially available. Comes in classy black fabric bound box which in turn holds 2 (also black cotton bound) books. One is 120 page hardcover story of Sinatra's time in Hollywood and the second houses

the 6 cds in a tri-fold cover. The last movie here. 'Robin & the 7 Hoods' features a track called "Mr Booze". Just to make it even a little more special the plaque on the front, "Frank Sinatra in Hollywood" is 3D.

Sinatra, Frank

Complete Capitol Singles Collection (Capitol) 4cds in book style package with 72 page book 96 tracks. **\$45**

Stafford, Jo

The Portrait Edition" \$40 3cds + 36 page book. 76 tracks with just under 4 hours playing time. Includes duets with Gordon McRae & Frankie Laine.

Torme, Mel

The Collection 1944-1985 Rhino 4cd + 64 page book. \$30 His version of "Cast Your Fate to the Wind" is available one place and one place only and that is on this set. One of the only single successes he ever had in Australia. He wrote one of the most enduring Christmas songs appropriately called the "Christmas Song" (aka "Chestnuts Roasting on an Open Fire") 89 tracks. Had the easy going style that was suitable to jazz a& pop. As new. Real bargain

Broadway

The American Musical (Columbia Legacy) 5 cds + 56 page book. Starts with Joel Gray's rousing "Give My Regards to Broadway" and then gives an historic rundown from Jolson's 1920 recording of "Swanee", Fanny Brice (Funny Girl) "My Man", Eddie Cantor's "If You Knew Susie", Crosby's Depression ode "Brother Can You Spare a Dime" and so on. 106 songs in all through to more modern successes such as "Cats", "Phantom of the Opera" (with Michael Crawford & even "Boy from Oz" (with Hugh Jackman doing 'I Go to Rio'. Excellent notes.

Cameo Parkway

1957-1967 4cds + 44 page Book \$45 114 tracks all taken from the original master tapes. In addition the cds look like records. Very nice. Includes "? & the Mysterians", Orlons, Bobby Rydell, early Bob Seger, even Clint Eastwood ("Rowdy").

Club Verboten

4cds and 100 page book. \$45 Club Verboten is the first and foremost musical entertainment through music composed or embraced by the gay and lesbian culture. So many gay icons such as Judy Garland, Mae West, Marlene Dietrich etc. Very good notes.

EMI Legends of Rock & Roll promo pack \$25 There were 24 releases in this series and they covered all number of labels that were owned by EMI. Bobby Vee was on Liberty, Ricky Nelson on Imperial etc. This consists of a sample cd of 24 tracks PLUS 24 postcard, (actually 13 x 18 cm is bigger than postcards but for sake of expediency we will just call them postcards) which are in full colour and extremely nice.

Front Row Centre

The Broadway Gold Box 1935-1988 4cds 68 page book \$30 This is MCA variant of the above Broadway box. Different label, different songs and artists but still great coverage with gems from Carmen Miranda, Ray Bolger, Pearl Bailey, Sammy Davis Jnr etc. 93 tracks. Boxhassome marks, could be from water but content new so great cheapie.

One Kiss Can Lead to Another Girl Group Sounds Lost & Found Rhino. This is the thing that makes Rhino the best as far as issuing box sets in the USA goes. It is the sheer quality of the packaging coupled with the content. This is in the form of a hat box! Yep, a round hat box. The box includes a 200 pages book plus of course 4 cds with 120 tracks from 107 different artists, many of which are very rare and not found on any other cds. The sticker on the front of the still **sealed box** shows well known artists such as The Supremes, Chiffons, Shangri-las, Shirelles plus "criminally ignores artists" such as Evie Sands, Reparata and the Delrons, the Whyte Boots, the Cinderellas and many more. There are not only girl groups with early Jackie DeShannon, Lesley Gore etc enjoying some space on this "have to be seen to be believed" set. When you say it is one of their best you know it is good. **\$100** is a bargain for this out of print gem. Don't hesitate.

Hot Rods

& Custom Classics Rhino \$80 This is an out of print box in absolutely as new condition and includes all the extras. 4cds + 68 page book, plus additional book...fluffy dice to hang from the rear view mirror, transfers etc. Every imaginable song about drag racing and hot rods is included. And the presentation will have you smiling from ear to ear. One of Rhino's more elaborate box set offerings. It comes housed in a Revel Authentic Kit-sized box that also holds a bound booklet designed to look like the cover of Hot Rod magazine, an accompanying Mooneyes mini-catalog, window adhesive hot rod stickers, a set of fuzzy dice, and a Mooneyes bottle opener/key ring, with each of the four discs housed in a custom hot rod color package of its own.

Produced by George Martin 50 Years in Recording This is a rare box, now out of print and going for substantially more than **\$60**. It features 6ds and 35 page book and gives a great summary of the man who has been called the 5th Beatle. 149 tracks in all. Includes some jazz, the big hits of the big artists (only a couple of Beatles songs it does include one of the best ever in "In my Life" on which George, or Sir George as he is now known plays a wonderful piano solo). Great. Most of the classic contemporaries of the fab four are included such as Billy J Kramer, Cilla Black, Gerry & Pacemakers, Fourmost etc

Warner Brothers

75 Years Entertaining the Word Rhino. 4cds + 84 page book. \$45 The box is a work of art. Velvet with a spectacular gold Warner Brothers emblem in the middle. Has 84 tracks. Can't get much earlier than "My Mammy" by Al Jolson from the first ever talkie "The Jazz Singer". Also

includes many actors you wouldn't normally think of as singers showing their vocal prowess. Nice package.

When Rock & Roll Was Young 10cdis Collectables label. Wide ranging (in other words common plus hard to get tracks) on 10 cds, new & sealed. The good thing for purists is they are all originals!! \$30 Great ones "Sandy" by Larry Hall, "Californian Sun" by Rivas, "Pink Shoelaces" by Dodie Stevens

Berry, Chuck

The Chess Box ~~\$35~~ \$30 3cds + 32 page book in 12 x 12 box. Great retrospective with 71 tracks. So many Chuck Berry cds have poor sound. This is an exception with none of the tinniness that often pervades other recordings. Includes previously unreleased tracks. All the hits plus some of his bluesy sides.

Brown, James

"Star Time" 4cd \$50 64 pg book. Long box style 71 tracks sealed. Book and cds as new. The Godfather of Soul. Includes unissued tracks. His "Please Please Please" may be the most hypnotic song ever.

Charles, Bobby

Bobby Charles (Rhino Handmade) 3cd sealed \$45 remastered and expanded three CD deluxe edition of this 1972 album housed in a cardboard replica of a wooden box. Includes a remastered version of the original album with a wealth of unreleased material recorded during those sessions and others recorded at Bearsville Studios throughout 1974. The set closes with a newly unearthed, 30-minute interview Charles did that was recorded shortly before the Bobby Charles album was released in August 1972

Charles, Ray

"Complete Modern Sounds in Country & Western Music" (Rhino) \$60 long out of print gem. 4 cds + hard cover bound book in solid cardboard outer box. 93 tracks starting with his legendary albums which presented vastly different arrangements of classic country songs such as "Bye Bye Love" and "I Can't stop Loving You". Best for mine is the superb string laden version of "You Don't Know Me", a classic Eddy Arnold track revamped superbly. This is extremely hard to get now and to be honest is just fabulous.

Charles, Ray

Genius& Soul: The 50th Anniversary Collection \$50 5 cd + 76 page book (including Braille!) This is a wonderful large Rhino box which gives a terrific coverage of the late great man's career. It follows his early recordings through his classic Atlantic and ABC recordings and to his Columbia recordings and beyond. 102 classic tracks.

Coasters

There's a Riot Goin' On: The Coasters on Atco 4cds new Rhino Handmade \$70 This is a great set put out by Rhino Handmade, the division of Rhino which puts out very

limited editions. 113 tracks including one whole cds (28 tks) of unreleased, alternate and rare tracks. Brought out in strictly limited edition as part of Atlantic's 60th birthday.

Charles, Ray

" Pure Genius: The Complete Atlantic Recordings 1952-1959 \$120 sealed. Definitely one of the best boxes ever. I can't believe the trouble Rhino goes to for some of their box sets. This is out of print and is stunning. It features the case designed in the shape of a vintage record player, complete with what looks like a turntable and arm...housed in a leather like latched case. It consists of 7 cds (the 7th is all outtakes and recording session run throughs...35 tracks of unreleased material) plus a dvd and a large size book. 155 music tracks plus 9 track dvd of Ray's performance at the 1960 Newport Jazz Festival & an interview with Atlantic Records founder Ahmet Ertegun.

Davis, Rev Gary

Demons& Angels \$45 Shanachie 3 cd long box style set with 36 page book. Compiled by Stefan Grossman. 58 tracks by "One of the finest gospel, blues, ragtime guitarist and singers of the century". For years he lived in New York and was listed in the phone book. Roy Book Binder tells a great story on his "Live Book" cd available just above.

Dixon, Willie

The Chess Box 12x12" 2cds + 12 page book \$28 36 tracks by the man who is perhaps the greatest blues writer of them all. As well as his own recordings we get such gems as Muddy Waters "Hoochie Koochie Man", Howlin' Wolf's "Little Red Rooster" plus a heap more.

Domino, Fats

"They Call Me the Fat Man: Legendary Imperial Sessions" \$50 EMI/Imperial USA. 4 cds The great survivor and a wonderful set, second to the Bear Family box.. 4cds + 84 page book with some nice foldouts. His biggest hit was "Blueberry Hill" but in Australia is was "I'm Gonna Be a Wheel Someday". I call him a survivor as he was rumoured to have been killed by Cyclone Katrina. It was false but everything he had was destroyed. Kudos to the US Government for replacing his "National Medal of the Arts" & to Capitol for replacing all his Gold Record awards. 100 tracks. Although this box came out in 1991 it remains one of the best.

Drifters

Rockin' & Driftin' : The Drifters Box (Rhino) 3cd +56 page book \$48 Few groups could stand losing one lead vocalist let alone 2 and still survive and thrive even. The Drifters saw both Clyde McPhatter and Ben E King go solo even hitting big with latter hits such as "Under the Boardwalk" and "Saturday Night at the Movies". 79 tracks all up. Attractive book style box.

Franklin, Aretha

"Queen of Soul" Nice black cloth bound box 4 cds 86 tracks 80 page book \$48 Includes complete session details for all tracks and interview snippets. Interesting she was signed to Atlantic on a hand shake. Rolling Stone

Magazine picked the greatest vocalists of all time and put Aretha at number 1 (Ray Charles #2, Elvis #3).

Green, Peter

Anthology \$50 sealed \$40 not sealed UK 4cds+ 72 page book. Still sealed. Spanning his career from 1966 and includes John Mayall's Bluesbreakers, Fleetwood Mac, Splinter Group, solo & more. Goes for over 4½ hours, including 2 versions of "Albatross", his charting instrumental.

John Lee Hooker

"Hooker" ~~\$60~~ \$50 sealed \$45 (as new) 4 cd with 75 tracks include one of duets plus a 60 page book. He recorded for upwards of 30 labels so this box is a gem to bring so many (not all) to one place, including some ultra rare songs. His "Boogie Chillen' " riff is one of the most famous in the entire music world. One of the top 5 ever for sure.

Howlin' Wolf

The Chess Box 12x12" \$45 3 cds with 71 tracks + 32 page book. Who is the greatest bluesman of them all?? You know my answer!! Born Chester Burnett and raised in Mississippi (the poorest of the US States) and progressed through Memphis before becoming one of the lynchpins of Chicago Blues. Had a fierce rivalry with Muddy Waters but Muddy could come no where near his intensity. Would crawl around on all fours if he felt like it (on stage of course) even though he would insist on being beautifully dressed in a stylish suit. The way Wolf sang "Little Red Rooster" was scary..."Back Door Man" downright incendiary. Naturally was one of the first elected to teh Rock & Roll Hall of Fame.

James, Elmore

One of the great vocalists best known for the consummate version of the big ballad "At Last" but able to handle the harder stuff with equal aplomb. Includes 10 previously unreleased songs including "Light My Fire" and "You've Lost That Lovin' Feelin'".

Mayfield, Curtis

Curtis Mayfield Story (Rhino) 3cd box sealed \$48 52 tracks, includes some stuff with the Impressions but mainly solo where he made his name with a lot of the so called blaxploitation movies of the seventies. Tragically paralysed when stage equipment fell on him.

Prima, Louis

The Capitol Recordings (also includes Keely Smith & Sam Butera) 8cd + 40pg book \$160 - \$130 One of the best bands ever with Sam Butera on sax and Louis and then wife Keely Smith on vocals. How would you define Prima?? Not quite jazz, not quite pop, not quite R&B but pretty close if you ask me. Was one of the first Las Vegas superstars even though he started in New Orleans. 199 tracks. **BEAR FAMILY!** What other recommendation do you need!

Vaughan, Stevie Ray

"S R V" Stevie Ray Vaughan 3cds + dvd with 72 page book. DVD has his Austin City Limits set which was recorded but never aired. Lots of rare tracks on the cds **\$45.** All in great shape. Tragically killed in a helicopter crash when he was at his virtual peak. Includes performances with Albert King, Jeff Beck (how versatile is this guy...recently backing Brian Wilson!) and Lonnie Mack. Enough to please even a long time SRV collector.

White, Barry

Just for You 3cds \$20 \$14 + 32 page . Includes work with Love Unlimited Orch. Quincy Jones, Isaac Hayes & solo. Nice long box style package. Like giving it away.

Atlantic Blues

1949-1970 (Rhino Handmade) 4cds sealed out of print. \$48 80 tracks in 12x12 box with probably 24 page book. Starts with Sticks McGhee's "Drinkin' Wine Spo-Dee-O-Dee" (see Time Capsule box below) and progresses to some Freddie King & Otis Rush. Choker Campbell (what a great name) offers "Last Call for Whiskey". Many of these will only ever be on this box.

Atlantic Records

Time Capsule (Atlantic) 9 CDs (168 tracks) plus a 7 inch 45 rpm record of Atlantic Records first major hit, Stick McGee's 'Drinkin' Wine Spo-Dee-Oh-Dee' and its b-side. Also includes 1 DVD: The PBS Documentary 'The House That Ahmet Built.' (DVD Run-Time: 115 Minutes). Ahmet Ertegun was a Turkish immigrant who effectively controlled Atlantic right up to his death in the past few years. From the onset, the idea was to present Atlantic Records 'from the inside.' The collection was compiled by a small group of passionate Atlantic staffers, who drew on rarely seen material from the

company's archives, Ahmet's personal papers, and the work of staff photographers through the years.

This unique package design contains a full color 140 page book filled with unseen 'from the inside' images as well as a collection of reproduced memorabilia including: a backstage pass, handbills, posters, ticket stubs and other vintage swag. Each set is completed by an individually numbered certificate of authenticity....this 1457 (of 1750). A very impressive set. \$140 Draws from all periods of the label but starts with the R&B. Check it out.

These are field recordings of blues (some gospel) - mostly acoustic and solo, some electric, some with percussion - primarily from the 1960s. Some of the artists would be known eg Furry Lewis, Robert Nighthawk but most would not. This would be the cousin of Arhoolie records. New & sealed. Say it Loud

A Celebration of Black Music in America Rhino \$60

Real steal. 6 cds + 76 page book, includes blues, soul, a bit of jazz, a bit of country, rock etc all interspersed with short speeches which define the rise to equality and the horrible notion of racism. So it is also an historical document. Some tracks are *really* hardline such as James Brown "Say it Loud: I'm Black & I'm Proud" and Sly Stone "Don't Call Mr Nigger Whitey". The book portrays the plight of the black performer on the so called Chitling Circuit.

Soul Train

Hall of Fame: 20th Anniversary (Rhino) 3cds + 28 pg book 54 tracks \$25

Specialty Story

Box set. \$60 5 cds with 5 hrs 34 minutes 36 page book. Obviously includes the big names such as Little Richard, Larry Williams, Lloyd Price, Sam Cooke etc but lesser knowns such as H Bomb Ferguson, Floyd Dixon, Guitar Slim etc. The book makes extensive use of quotes from founder Art Rupes, a white guy, who of little Richard says "he was the most talented but undisciplined artist I ever met".

- Paxton, Tom I Can't Help Wonder Where I'm Bound (Rhino) 26 tracks + 20 page notes. Includes original version of his much covered "Last Thing on My Mind" as well as "Bottle of Wine". - Freedom Is a Hammer Conservative Folk Revolutionaries of the Sixties (Omni) sealed 29 tks This is fabulous. Not altogether serious and a complete about face to the left wing angle which pervades most protest singers eg Pete Seeger and a host of others who were more than a mere subject of interest to Joseph McCarthy and the Communist witchhunt. These make fun of those so crass to follow such doctrines. Janet Greene, Tony Dolan, and Vera Vanderlaan each put through their points of view. Greene may be the rightie Baez. Interesting, witty notes...something Pete the Red should hear.

OTHER FOLK BOX SETS

Baez, Joan

Complete A&M Recordings 4 cds 77 tracks \$50 Whilst
her Vanguard recordings are her best know this set contains
what many regard as her best studio and live album. The
studio album is "Diamonds & Rust" and the live is "From
Every Stage", a highlight for mine is her version of the very
wordy Dylan track "Lily, Rosemary & the Jack of Hearts, you
may say when Bob did it you may have missed one or two
of the words. Her interpretations are as fine as ever and her
voice is probably at its peak. Superb sound.

Baez, Joan

**Rare Live & Classic 3cd + 32 page book. Vanguard

is a healthy amount of Dylan covers and "Forever Young" is
a classic. She also does two of the ones that were in

Billy Bragg

Billy Bragg Volume II The box contains expanded 2-disc
versions of Bragg's 4 studio albums from 1988-1994:

And don't forget rarities such as the sequel to "Taxi" ...called...."Sequel".

Dylan, Bob

Biograph 3cd original 12"x12" version with large 28 page book + 5 additional sheets giving a track by track run down. This was the first Dylan anthology to have significant hitherto unreleased tracks. The unreleased version of "Forever Young" is great. One of Dylan's best ever tracks. **\$35 sealed \$45**

Dylan, Bob

Bootleg Series Volumes 1-3 1961-1991 3cds + 72 page book \$45 Columbia This is the original LONG BOX with full size book. Has been issued in jewel case but this out of print one is the most desirable with its iconic shaded Dylan photo on the cover. Includes a lot of his best protest work such as "Who Killed Davey Moore", the tragic true story of a boxer who died in the ring and no one was willing to accept any responsibility. It also includes Bob versions of much covered songs such as "Percy's Song" , "Only a Hobo" (done so delightfully by Rod Stewart on "Gasoline Alley" and "Talking John Birch Society Blues" which was too controversial for his record company at the time.

Dylan, Bob

"Dylan" Limited edition 3 CD box Cloth bound velvet lined hard box with 3 cds packaged in mini lp style 10 limited edition postcards. 40 page booklet. 51 tracks **\$35**

Guthrie, Woody

The Asch Recordings Vol 1-4 4cds \$40 \$28 a steal. 4 cds with 105 tracks in solid cardboard case. Each case has individual notes, 32-36 pgs each. These are the recordings Moses Asch did for his Folkways label, now put out by Smithsonian Institute. Each cd has unissued tracks. This is perhaps the best set of Guthrie's recordings you can get.

Guthrie, Woody

"My Dusty Road" \$60 Great 4 cd set which is packaged in Woody's battered suitcase...well a smaller version anyway with clip locks, 4cds in mini lp sleeves a 64 page book with track by track breakdown, a postcard from Woody, a booking slip from "People's Artists" and one of Woody's business cards.

Kingston Trio

"The Capitol Years" 4cds \$50 sealed copy in slip case with 48 page booklet. 107 tracks . Nice set (Capitol USA) Has both variations of the group with Dave Guard & John Stewart. Many previously unreleased tracks are featured.

- Martyn, John** **Ain't No Saint: 40 Years of John Martyn 4cd** Sealed box with 61 songs including over 30 previously unreleased. Includes 36 page book \$50. It contains selections from all his albums but has been praised for the live unreleased tracks.
- Pearls Before Swine** **Jewels Were the Stars (Water) 4cds + 52 page book in hard outer box \$80** The psyche folk classics of Tom Rapp & Co. - Simon & Garfunkel** **Old Friends Columbia 3 cds** with 32 page book in long hard book style packaging 59 tracks including 15 previously unreleased including "Red Rubber Ball" a co-write of Simon & Bruce Woodley of the Seekers and a hit for the Cyrkle and (thanks Les) not to be confused with the Bobby Vee hit "Rubber Ball". \$30
- Wainwright, Loudon III** **"40 Odd Years" ~~\$60~~ \$45** sealed 4 cds + DVD. 69 songs from 25 albums plus as additional 22 rare and unreleased tracks. The DVD contains a 60 minute documentary "One Man Guy" plus a bunch of live performances bringing the dvd time to around 200 minutes. A clever and humorous artist who has been married to one of the McGarrigles and one of the Roches. Great box. Fans will immediately know what the song titles "IDTTYWLM" and the very politically incorrect "IWIWAL" expand to.
- Weavers** **Wasn't That a Time \$55** Vanguard box which is out of print. 87 tracks. A couple of superficial marks on box but otherwise as new. The Bear Family box is their Decca recordings so this is a fitting companion to that one. Vary hard to get. 48 page book. "Goodnight Irene" spent 13 weeks at number one in the US charts. Later the radical Pete Seeger would introduce the protest song to the Weavers' repertoire. Also includes selections from their famed Carnegie Hall reunion. Have one with slight damage to box for \$35. Content is great.
- VARIOUS**
Anthology of American Folk Music" edited by Harry Smith (Smithsonian Folkways) **\$80.** Considered the best in the field even though would give a short half head to the Broadside box. Two books, large 12x12 plus slightly smaller book. Each give a song by song

run down from a different perspective. Attractive red cloth bound box. 6cds incl. 1 enhanced cd. 84 tracks

Mainer's Mountaineers; Packin' Trunk Leadbelly; Milk Cow Estes John Estes; Dans Le Grand Bois (In the Forest) Hackberry Ramblers, and more

"Broadside: **Best of Broadside 1962-1988" \$50** Smithsonian Folkways. Great package. The 5cds running a tad under 5 and a half hours are housed in a 160 page spiral bound book which fits inside a neat hard slip case. Each of the **89** songs has its own page. Great artists including known and unknowns... "Blind Boy Grunt" may be better known as Bob Dylan but did you know that Janis Ian was Blind Girl Grunt!! Also Phil Ochs, Pete Seeger, Peter Lafarge, Tom Paxton, Malvina Reynolds, Richard Farina etc. Broadsides are classified as "topical songs" but may be called "protest songs". Each entry includes song lyrics and discographical details. An essential set in my mind for anyone who likes any of the artists mentioned above or considers themselves a fan of folk music. Fabulous box. **Arguably the most essential folk box ever.**

Celtic Heartbeat **6 cds** housed in nifty wooden flip top solid wood box with the words Celtic Heartbeat stamped on top. Includes 1 cd from Clannard, one from Frances Black, One from Anuna one from Maire Breatnach, one from Alec Finn and a Celtic Heartbeat Collection cd. 6cds in all. This was a promo item from Atlantic which came out in 1995. \$35.

Forever Changing **The Golden Age of Elektra Records 1963-1973 \$60** Yeah, a lot more than folk but that is how it began and folk is the dominant genre. Excellent 5cd history of Elektra Records which includes a stunning 96 page book with a track by track rundown. For a label that started as a folk label with the likes of Judy Collins, Bob Gibson and co it quickly developed with rock legends The Doors, blues rock of Paul Butterfield and co co-existing with the protest singers Tom Paxton and Phil Ochs. Lots of rarities which make it even more appealing. Each song, all 117 of them has its own separate entry in the wonderful book New & sealed. Naturally a brilliant Rhino label offering

- Freedom** **Songs from the Herta of America (Companion to the PBS Series)** 3cd + 24 pg booklet Hard cover book style. \$28 67 tracks which are about the story of America from historic events, freedom, places, movements etc. Not all the usual artists either, eg "Shenandoah" by Jerry Garcia & David Grisman, "Erie Canal" by Suzanne Vega.
- Harry Smith Project** **Revisited \$40** 2cds + 2 DVDs + 40 page book. Harry Smith's original set is generally accepted as the definitive collection of American folk music and this features modern performers doing 30th and 40s songs eg Steve Earle does "Prison Cell Blues" originally performed by Blind Lemon Jefferson in 1928 & on the Blind Lemon track...Lou Reed does "See My Grave Is Kept Clean". Artists include Richard Thompson, Steve Earle, Nick Cave, Geoff Muldaur etc. First dvd is a concert dvd whilst the second is a documentary on Harry Smith, the original project and this. Extreme value.
- The Transports** **The Full Story of the First Fleet Transported to Australia 1787-88 and the classic Ballad Opera That it Inspired \$45** As much a historic document. This has the original 1977 album which Melody Maker voted "Folk Album of the Year". There is a 132 page book describing the history of the First Fleet and of the English Transported Convicts, a full discography and a full discography of the 1977 and 2004 versions. Both are the product of Peter Bellamy, a mainstay of the English Folk scene and feature mainstays of the British Folk scene....Peter Bellamy, Martin Carthy, Fairport Convention, Simon Nicol, June Tabor, Steve Tilston, Norma Waterson to name but a few.
- They All Played For Us** **Arhoolie Records 50th Anniversary Celebration \$70** Sealed. Huge book style. This heavy hard bound book style presentation focuses more on the folk side of Arhoolie with a little Cajun, conjunto & blues for good measure. Recorded in Berkeley so local resident Country Joe McDonald was a must. Also includes Ry Cooder, Peter Rowan, Laurie Lewis, Taj Mahal, Any Old Time String Band, Savoy-Doucet Band etc. Running time 5 hrs 20 minutes. Again, the large size 192 page book is magnificent.
- Vanguard** **Collector's Edition (Vanguard)** 4 cds sealed \$25 84 tks, In case with booklet housed in heavy cardboard outer sleeve. Folk, with blues and a little country & bluegrass. Great value.
- Washington Square** **Memoirs: The Great Urban Folk Boom 1950-1970 \$55** Great Rhino book style box with 72 page book which gives a track by track run down of the 72 songs, Includes rarities like Bonnie Dobson performing her oft-covered "Morning Dew" and Fred Neil's similarly covered "The Dolphins". Nice bookend work...starts with Woody and ends with Arlo...that's Guthrie's boy. Wonderful presentation.

- Beck, Jeff** **Beckology 3cds + 60 page book \$35** This is the long style box not the short style package...this long one is much preferable. Includes Yardbirds, Jeff Beck Group etc. Can't work out why he always employed a vocalist when he did the vocals on the hit "Hi Ho Silver Lining" and it wasn't too shabby at all! New sealed copy **\$50**
- Bee Gees** **The Studio Albums 1967-1968 Rhino 3 double cds in attractive box. Sealed \$50** The best and most original pop group outside the Beatles. Wonderful songs and superb sound. This has 2cd expanded versions of Bee Gees 1st/Horizontal & Idea and features gems such as Massachusetts, I Started a Joke, Words etc. 6cds and the sound is stunning. The Cosmic Cowboy & I share the angst when they went disco. Thankfully this is only the good stuff!! Sad that Barry is the only one living. If you have computer access look up Barry Gibb & Ricky Skaggs.

These are NOT on the Neil Young Archives box...only here. Ultra special **\$60** This is indiscernible from new..

Byrds

There Is a Season \$45 Sony Sealed 4cd + dvd set in long style box with full colour book. 99 tracks on the cd. Very attractive red leather look long box with gold lettering. Quite a few alternate versions. 100 page book is superb.

Clapton, Eric

"Crossroads 2" \$30 4cds with over 4 hours running time including 26 previously unissued live recordings and 4 previously unissued studio recordings. Full colour 44 page book. Great set on the Polydor Chronicles series. Looks totally untouched by human hands.

Clash

On Broadway 3cds + 64 page book. \$35 book style glossy box. Features Joe Strummer, highly influential.

Cocker, Joe

The Long Voyage Home: Silver Anniversary Edition 4cds 56 page book \$45 all in great shape. 63 tracks sandwiched between original & new version of "With a Little Help From My Friends" (or 'Me Friends' as Joe said in Woodstock).

Creedence Clearwater Revival "Creedence Clearwater Revival" Fantasy This is an excellent box as it is the only place the pre Creedence tracks (as the "Golliwogs") are available. It is a fully remastered set now totally unavailable and would set you back at least \$50 more than I am charging. 121 tracks + great 80 page book in a very attractive wood grain packaging. 6 cds. **\$90** These were remastered for this and sound great.

- Deep Purple** **Shades 1968-1998 Rhino 4 cds + 56 pg book \$55** Has their early more pop influenced tracks such as "Hush" and "Kentucky Woman" right through their years as hard rockers extraordinaire culminating in gems such as "Smoke on the Water," "Black Night" and the best of all "Child in Time".

- Faces** **Five Guys Walk Into a Bar 4cd + 64 page book \$45** Those 5 are Rod Stewart/ Ronnie Wood/ Ronnie Lane/ Kenny Jones & Ian McLagen . 67 tracks. Rod Stewart had a concurrent solo career as well as being the lead vocalist of the Faces. The Faces naturally tended to rock out more & it was only his phenomenal solo career that saw a break up
- Fogelberg, Dan** **"Portrait: the Music of Dan Fogelberg 1972-1997" 4 cds with 72 page booklet. \$58 sealed** Housed in quad fold sleeve which with the booklet is housed inside a nice box resembling an old style bound book. Some may query the inclusion of Fogelberg in the folk section but that is what I believe he ostensibly was... a folkie who also had a strong following in the country rock area via his association with the Eagles and the excellent country album he made "High Country Snows" on which Ricky Skaggs is a guest. Out of print and hard to get
- Gaye, Marvin** **Classics Collection 4cds Motown \$15** 4 cds in jewel cases and hard cardboard outer box. Has these 4 albums each on a separate cd. ***Love Starved Heart/ *I Want You/ *Let's Get It / *Trouble Man..almost free.**

- Joel, Billy** **Complete Hits Collection 1973-1997 4cds \$30** including 44 page book. Nice hardcover book style packaging. I don't care if he is not au fait anymore his Piano Man album and song is one of the greatest ever.
- Joel, Billy** **The Stranger 30th Anniversary Edition sealed 2cds + DVD + 48 page book sealed. \$38** Billy Joel made it in Australia before he made it in USA. Carlos Santana's brother Jorge....wonder if he ever said "I wish my Brother Jorge was here"...yeah...probably not. This is a numbered limited edition on the Rhino Handmade offshoot. - Moody Blues** **" Time Traveller" 5cds + 48 page book 80 tracks with superb sound. \$48** "Question" is one of my all time favourite tracks. Whilst Justin Hayward was their main vocalist, three others also sang leads so there was always a lot of variety.

Stan Freberg Radio Show was not a permanent thing but rather a 15 week replacement for the Jack Benny Show. Stan was helped by many of the folks who were with him on Capitol records most notably Daws Butler who was a voice magician who was also the Hanna-Barbera equivalent of Mel Blanc responsible for the voices of Yogi Bear, Huckleberry Hound, Quickdraw McGraw, etc etc. If sometimes the character sounds a little like one of these you know it is Daws. June Foray provides the female voices and she was responsible, among others, for Rocky of Rocky and Bullwinkle and Natasha of Boris & Natasha fame. Perhaps the most famous sketch to first air on these was "Elderly Man River". No one for mine was better than Freberg who is still kicking at 83 and June Foray is now 96 and still working.

Freberg, Stan

Tip of the Freberg Rhino 4cd +64 page book =
VHS video \$80 This is a must if you have a lot of Stan Freberg, as there is so much previously unissued material

herein and the presentation is superb. CD#1 has his wonderful song parodies CD#2 has some of his famed sketches with many rare single only tracks as does Cd#3 with some from his faux history albums "Presents United States of America" Vol 1 from 1961 and Vol 2 from 1996. The 1996 version saw some new actors assisting Stan such as David Ogden-Stiers of MASH fame and the delightfully named Lorenzo Music. CD#4 is all completely unreleased material with over 50 tracks, obviously some being very short. The above mentioned Daws Butler is superb as Stan's right hand man on the most famous sketches. Hard to get. Don't miss out or rather get in before I decide to keep it.

Lehrer, Tom

The Remains of Tom Lehrer (Rhino)\$55 sealed. 3 cds + 80 page hard cover book in solid cardboard outer. Famed for songs such as "Poisoning Pigeons in the Park", "Masochism Tango" "the Old Dope Peddler", etc whilst it may seem that his songs are topical they are remarkably applicable today. Basically all his recordings. Like Stan Freberg is still kicking, apparently a healthy 90 year old.

Yankovic, Weird Al

Permanent Record 4cds \$45 + 60 page book. This is long out of print. Al has been around for a long time and that is due fact he is genuinely funny and clever. Music's most successful singer of parodies, who when he first met Stan Freberg fell to his knees in hero worship.

Many of these songs are known and loved worldwide: Pata Pata, Soul Makossa, Yeke Yeke, Mario, Shakara, Jive Soweto. Others will be revelations to even the most dedicated record collectors.

The deluxe longbox set includes a 60-page book of photographs, record-cover reproductions, specially commissioned artwork and essays by experts on each of Africa's popular styles. Anyone with serious interest in African music will recognize this set's extraordinary value. It will be the essential collection of African popular music for the next 50 years.
