Well it has been a long time between drinks. Last newsletter and the one before were both well over 100 pages. Let me tell you the work involved in getting one of them ready is mammoth. So much so that I must admit to being more than a tad discouraged at the response. Yes, I was contemplating closing but I had an epiphany of sorts when I realised what is required and that is more of a boutique operation. That doesn't mean I am going to start selling frangipani scented candles but rather just downsize things. It will entail having less of the \$5 and \$10 cds which required a lot of work just to maintain. There will be some. The newsletter will be more compact. But the great lot of indie country cds will not diminish. Naturally I won't be able to continue sending newsletters to everyone but long term customers & friends have nothing to worry about.

As always I do buy collections and pay very good prices. If you have some things you don't need or know of anyone who has a collection for sale please let me know. Consider it as musical recycling at its best. There is always someone who will be happy and grateful, believe me. If you have no further use for something than go ahead..make someone else's day.

Sadly there have been a few long time customers who I would classify as friends who have passed on.

*Lola Smith of Burwood was a wonderful lady with great taste. She was lucky to be able to fulfil a dream when her daughter and family took her to the US a couple of years ago. What greater highlight could there be than seeing your favourite artist, Gene Watson, live at the Ryman Auditorium! I don't think I

could think of anything to top that. She was absolutely beaming when she told me. She was a real trouper.

*Brian Gibson of Tamworth was a true character who with his wife Lynn acted as my host on a couple of times I went to Tamworth. He certainly helped keep me sane during those days and we shared similar views.

*Chris Sonter of Gol Gol. Very sorry that I never met Chris in person but spoke to him many times and would often get an extremely neat handwritten note from him, sometimes on a 1950s vintage Anthony Horderns note pad. Yep, not many of them around. He called me a while before his passing to say he was not well and would I like my old newsletters back. Now, being rather tardy in that area and not having kept copies of many I had done I was truly honoured to receive a heavy parcel with every single newsletter I had ever put out in folders as well. I will forever be indebted...at least until I hang them in the outhouse.

*John Dessaix of Hornsby and later Empire Bay was always a personal shopper and had good taste. Particularly liked Rodeo songs and was a great guy who was a true gentleman.

*Ken Smith of Wagga Wagga. Ken & I unfortunately never met in the flesh but he was wonderful Aussie characters who suffered poor health but never complained about it. Some people always turn a cold into "the flu" but Ken was the opposite....like the knight in the Monty Python sketch. Had great taste as well with a fondness for Emmylou.

POSTAGE

Guess what ...Australia Post has put their prices up again. At this point in time I would like to say the management of Australia Post are a bunch of overpaid deadbeats. Firstly they bleat and tell us how much money their postal service is losing. BUT at the same time they do not mention how much their parcel service is making. To summariselost on post a lot....made on parcels a real lot and then some. So for first time in a while there will be a slight increase in postage: 1/2CD \$3 3/4/5 CDS \$8...still the same. Doubles are a bit different as they do not pass through Australia Post's magic slot. As far as I know we are the only country to charge on weight and thickness.

Here are all the latest and greatest. Some old favourites and some new artists who will become old favourites.

**Max T Barnes "Me & Max D Barnes" \$28 Wow! What a pleasant surprise. Max T is the son of the late Max D Barnes, one of the greatest of the Nashville based songwriters who was also a superb, but tragically under-recorded singer. More on that in a little while. This consists of 17 tracks 6 by Max T (the son) and 11 previously unreleased songs by Max D. They are supposedly demos but sound great. New backings round them off beautifully. Max T sings some of the best he has written..artist who hit with it in brackets: "Love Me" (Collin Raye)/ "Honky Tonk Myself to Death" (George Jones) / "Wild Irish Rose" (also George) "Way Down Deep" (Vern Gosdin). It is simple and great. Like a Bluebird Cafe performance on cd. But you will be breathless with the Max D. I flicked to his version of "Alone" the song that was the title of Vern Gosdin's post "Chiselled in Stone" album and as much as I love that I would almost say Max D's was better but in the end have settled for a tie with the photo finish camera being unable to find even a short half head. "Let Go of the Stone" was a

hit for the great John Anderson and whilst a better singer you can't find Max D again confuses in the most delightful way. Some you will have heard by others, some you won't. Again I will say it. Max is the best vocalist of any of the songwriters who are principally remembered as songwriters. We have a few only of his previous and only other cd "Day After Forever" special price \$20 but less than 3 so once gone gone for all time.

****Mandy Barnett "I Can't Stop Loving You: Songs of Don Gibson" Crackerbarrel exclusive Only sold in Crackerbarrel stores. \$28 Crackerbarrel are experiencing the most success with any of their exclusives, and to be honest why wouldn't they. Mandy played Patsy in the stage show .Patsy had a huge hit with "Sweet Dreams". Don Gibson wrote "Sweet Dreams". Musicians include Harold Bradley, Lloyd Green, Charlie McCoy and Hargus "Pig" Robbins. How could you not love it. The Cosmic Cowboy may be thinking his hero, the Big O has been outdone by Mandy on "It's Too Soon to Know". If you haven't heard Mandy, you are missing one of the greatest singers going round who deserves to be a huge recording star. I had the pleasure of seeing the Patsy show at the Ryman and she is just amazing.**

****Tony Booth "Happy Hour & Workin' at the Car Wash Blues" \$28 2 on 1 Tony Booth is a great singer and was a great singer when he was on Capitol Records in the 70s. This is a two on one cd of those final two Capitol albums. Influenced by both Buck Owens and Ray Price this is great value. Released by his current label Heart of Texas.**

****Garth Brooks "Blame it all on My Roots: Five Decades of Influences" box set
CDs, 2 DVDs + 68 page book. \$80
Only sold in Walmart stores in USA. Nowhere else.
4 CDs, 44 newly recorded covers (11 tracks each disc) Classic Country /
Classic Rock/ Blue Eyed Soul / Potpourri .
Previously-released ULTIMATE HITS 2 CDs {33 tks}
DVD {33 video clips}
DVD of his Las Vegas Solo Show (DVD)**

****Porter Wagoner & Dolly Parton "Just Between The Two Of Us: Complete Duet Recordings" Bear Family 6 CDS + 80+ page hard cover book. \$240. Hard to believe that a lot of fans didn't take to Dolly when she replaced Norma Jean in Porter's show. But that soon changed. I loved the epic tear jerkers such as "The Party" and "Jeannie's Afraid of the Dark" but there is also a lot of levity in the mix. 160 tracks and around 7 hours playing time. Great notes with a forward by none other than Emmylou Harris. As one learned scribe said "The music is fabulous and the book is sensational." I would add the box set is extremely attractive. Includes some great rarities.**

****Carlene Carter "the Carter Girl" \$28 Latest cd from Rebecca Smith, daughter of Carl Smith & June Carter...the bad girl of the Carter Family....and more widely known as Carlene Carter. On Rounder so you'd expect quite traditional...produced by Don Was so you would perhaps expect otherwise but the former wins out. Includes 4 duets of which "Blackie's Gunman" with Elizabeth Cook works best. "I Ain't Gonna Work Tomorrow" features the original Carter Sisters...June, Helen & Anita, all of whom are sadly gone.**

****Rodney Crowell "Tarpaper Sky" \$28 Way back when his early albums on Warner Brothers came out I never really considered Rodney a country artist perhaps a country rocker maybe. So when he achieved his greatest commercial success with albums such as "Diamonds & Dirt" I really didn't embrace them as much as earlier works such as "Ain't Livin' Long Like This" but when his great**

"Houston Kid" came out (in my opinion his best) the natural talent of the earlier albums re-emerged. There is a lot of variety from the almost rockabilly like "Frankie Please" to the cajunish "Fever on the Bayou" to the ballad "The Flyboy and the Kid" which is dedicated to Guy Clark and features Jerry Douglas. Most traditional perhaps is a duet with Shannon McNally on "Famous Last Words of a Fool in Love". Yep, Rod is still great.

****Chuck Cusimano "Wind Blow My Blues Away" \$28**

Chuck Cusimano "I Wrote This" \$28

Chuck Cusimano "Swing Me a Song" \$28

Chuck Cusimano "The Tyler Sessions" \$28 The greatest unknown. Well we know him and everyone who has purchased some of Chuck's albums know him with a universal acclaim. Tyler sessions is his latest and the songs remind of Merle Haggard and are of the same quality. His next album will be eagerly waited. Don't dally. Everyone loves Chuck.

****Lacy J Dalton "Takin' It Easy/ 16 th Avenue./" 2 on 1 Morello UK** what can you say about Lacy J Dalton (always remember someone once asked me for "Lazy" J Dalton, which I thought was rather cool). These are her third & four albums. "16th Avenue" is one of if not *the* best ever songs about the art of songwriting itself. The title track of "Takin' it Easy" was her biggest single hit. All we say is she has one of the most unique voices. Only a tiny thing but with a voice that you really can't get enough of.

Note: due soon is another 2 fer "Highway Diner/Blue Eyed Blues". \$30 at last!!

****Moot Davis "Goin' in Hot" \$28** Looking like he borrowed one of Gram Parsons' stage Moot continues the twangy country that he has performed excellently on his previous albums with Pete Anderson as producer. This time he is aided by Marty Stuart's lead guitarist Kenny Vaughan. Gives it a good honky tonk edge.

****W C Edgar "Non Conformist Deluxe" \$28** His latest has a really weird cover but all is forgiven with the content. As is my usual practice I go straight to songs that put down the crap that is supposedly country as far as the major labels go and "The Opry Really Sucks Anymore" is one of those gems I gotta hear. And he repeats the dose on "What Would Hank Do" (the answer is sit & cry!!). Dale Watson would approve as these gems sit well with Dale's "Country My Ass" and "Nashville Rash". But it really is like shooting fish in a barrel isn't it. Great outlaw album with a dreadful cover.

****W C Edgar "Alcohol of Fame" \$25** ..very limited release of his first. This was my original review which W C had the good sense to include on his web site. Every now and again an independent cd comes along which is so good you wonder how the artist isn't a star of the highest proportion. Vocally W C has a voice which reminds of Merle Haggard's son, Marty and that is very good. He is also a steel guitarist who toured with the likes of Alan Jackson, surprisingly the aforementioned Marty Haggard....could this be a ruse and it is in fact Marty doing the vocals????? Well that is my conspiracy theory of the month, even if I would be wrong. He is an exceptional writer and has written all 12 songs without a collaborator. "You Never Had Forever In Mind" is a great a-grade lyric about the one sided end of a relationship. "Alcohol of Fame", is different to the song of a few years ago but every bit as good. "Mirrors Don't Lie" (not the Gene Watson song) features the equally fine voiced Darryl Singletary. Just to prove he could write 3 songs with the same title as a well known song he does an excellent "Close Up the Honky Tonks", a full bore honky tonk number. Several tracks have a rodeo theme and "Vegas" couples the rodeo theme with the break up of a relationship. "Barrels and Bottles" is an upbeat number about a

guy who goes to watch his girl in the barrel races whilst he himself prefers the bottles. "Texas Rain" is another breakup song with a great conversational style and a few nice organ runs. You could never accuse W C of having great romantic success. One or two tracks have a Charlie Daniels style "If it Ain't American..it ain't" style lyric but the vocals are so good you will overlook this.

****Everly Brothers "Songs Our Daddy Taught Us" Deluxe Edition (Bear Family) 2cd \$40** The Everly Brothers were sons of a coalminer, Ike Everly who also was a morning dj on a country radio show in Shenandoah and later Knoxville. The show developed into the Everly Family Show which saw a daily spot from Little Don & Baby Boy Phil (sadly passed away recently from the effects of smoking too much...egad) in which they covered important traditional songs they had learned from Ike, also a great guitarist in the Merle Travis style. Appropriately the second cd is titled "Songs Our Daddy Learned", or the originals of the songs contained on the "Songs Our Daddy Taught Us" album (always thought "Songs our Daddy Tortoise" would have been a great title for the pop group the Turtles). The sound is great especially on the original Cadence recordings. Truly a remarkable album and one which the Everly Brothers always paid due homage to in their performances.

****Kevin Fowler "How Country Are ya" \$28** Long favourite and will leave it to the Swedish Cowboy to comment... This is my type of red-neck music. Only originals, plenty of steel and fiddle and a bit of mandolin! Excellent backing and superb vocals! He also does his Johnny Rodriguez English Spanish bit on "Borracho Grande (Big Drunk)"

****David Frizzell "The Family's Fine But this One's All mine!/ On my Own Again"**
****David Frizzell & Shelly West "Carryin' on the Family Names/ The David Frizzell & Shelley West Album" \$30 each two on ones Morello UK.** The solo Frizzell is highlighted by one of the cleverest songs ever written "I'm Gonna Hire a Wino to Decorate Our Home" (his biggest solo hit) & for the uninitiated he runs through all the steps his wife takes to match the decor of his home , so he won't have to leave to get the things he loves the most. There are numerous Lefty style ballads and some classic honky tonk. The duets albums with Shelley West feature the huge hit "Your the Reason God Made Oklahoma" and a superb version of the Roger Miller classic "Husband & Wives". It was actually a case of husbands & wives that broke up the duo. Shelly was married to David's younger brother, Alan Frizzell (himself a great singer) and their divorce was not at all harmonious. Good two-fers...both of them

****Vern Gosdin :40 Years of the Voice" box 4 CD...we have been selling this for a while and it has been universally acclaimed but the ones we have ..2 copies are the last we can get as the distributors contract has run out. 101 tracks \$55 Don't miss it.**

****Haden Triplets "Haden Triplets" \$28** They are not exactly kids but there is an air of unbounding freshness on this Ry Cooder produced "solo" debut. They are daughters of jazz bassist Charlie Haden but Charlie was born into country music and his 2008 album featured his daughters. This collects stripped-down, old-time country songs from the Carter Family, Bill Monroe, the Stanley Brothers, Webb Pierce, Kitty Wells and the Louvin Brothers. They are fabulous. Reminds a bit of the Trio albums and would fit very comfortably on the "O Brother Where Art Thou" soundtrack.

****Russ Hamilton "We Will Make Love Under a Rainbow" \$28** was an English singer who had a huge hit in the USA with "Rainbow", an infectious great single from anyone's perspective. More than you can say about his taste in jumpers.

25 tracks...everybody sing "I've saving my money to buy you a rainbow". Love it.

****Merle Haggard "Okie From Muskogee" 2CD Anniversary Edition \$28 Includes the album "Fightin' Side of Me" also recorded live. These two albums from 1969 and 1970 are Hag's live gems and there is essentially no duplication with the exception being the title track. Always remember the second album was my introduction to Haggard with the medley of imitations (Marty Robbins/ Hank Snow etc) sticking out. In fact I think I bought it for my mum for Christmas... but it was mainly 'cause I wanted to hear it. 38 songs in all. Hag has probably never performed better than on these two cds.**

****Merle Haggard The Hag DVD Classic Country \$28 The label that gave the complete Porter Wagoner Shows gives nearly 2 hours of vintage Haggard. BTW the infinitely horrible Church Street Station series has been reissued again. Avoid that at all costs. This is grand. Includes time when he was at Capitol and then at MCA where he had a couple of old Bob Wills' members in his band and features a Bob Wills' Tribute.**

****Jesse Jones "One More Memory for the Road" \$28 Had a five star review in Country Music People magazine. Classic vocal sound evokes the feel of Jones & Haggard but probably more Vern Gosdin with a certain rawness that is probably going to see him ranked alongside all time Y & T favourites such as Arnold Sanford, Norman Wade and co. The production reminds of Mike Headrick, and that is a compliment. More of the crying in your beer style than bar room rompers but that is just fine. He wrote all bar one song and you would really think you had heard something like "Standing on Top of the Mountain" before. He is the real deal. Where has he been?? James Hand and Claude Diamond stand aside...you have an ally.**

****Irene Kelley "Pennsylvania Coal" \$28 Superb singer songwriter Excellent collaborators such as Peter Cooper, David Olney & Billy Yates. The new collection features Carl Jackson, Rhonda Vincent, Claire Lynch, Trisha Yearwood, Jerry Salley, Dale Ann Bradley, Darren Vincent, Bryan Sutton, Stuart Duncan, Adam Steffey, Steve Gulley and other friends. Her debut album featured the oft covered "Little Bluer Than That" which was a big hit for Alan Jackson, though many preferred the original version. More plaintive but a candidate for folk country royalty alongside Iris, Nanci and Emmylou.**

****Carolyn Martin "A Platter of Brownies: A Tribute to Milton Brown & His Music Brownies" \$28 When the second Time Jumpers album came out with the likes of Vince Gill, Dawn Sears, Ranger Doug etc I commented that as good as it was I still missed Carolyn Martin from the earlier "Live at the Station Inn" album. Well fear not Carolyn has not been idle. Her 16 track Milton Brown tribute is a ripper. It includes bluesy numbers ("Sittin' on Top of the World") and a wonderful interpretation of the wild side of Milton "Down by the Ohio" which enables the band to show their musical prowess. Muchos beaucoups too in that she inacts the fabulous eccentric Brown call of "piano piano piano piano" when the piano break comes in. All soloists are exceptional. A must for lovers of western swing and the Time Jumpers. Fear not Carolyn is still their friend. She is an exceptional singer.**

****Carolyn Martin "Tribute to Patsy Cline" \$28 Harder to do a Patsy Tribute but she pulls it off with a complete career look from early uptempo numbers such as "Honky Tonk Merrygoround" through to favourites such as "Crazy". 14 in all. She doesn't do an imitation but rather interpretation. I personally prefer the Milton Brown tribute but Carolyn seems such a nice lady.**

****Stan Martin "Whiskey Morning" \$28** Long time between drinks (no pun intended) heavily influenced by the west coast sound there are passages that will remind of Dwight Yoakam so what is there not to like. The Pete Anderson guitar flourishes are courtesy of Stand himself. Mixes uptempo and ballads with equal aplomb.

****Hugh Moffatt "Only Along for the Ride" \$28** I would have to say that Hugh Moffatt's "Loving You" and "Troubadour" albums are in my all time favourite box and without question Hugh and his sister Katy Moffatt are my favourite ever musical siblings. So I always look forward to his albums as infrequent as they may be. Essentially he is a folkie at heart with a look to match. He has collaborated with John Peppard on a couple of songs. John wrote "In Another's Eyes", a big hit for Garth Brooks. There is not a lot of commercialism here although Hugh can be surprisingly funny. The title track may be the best. "Rock Bottom" may be the most humorous...about the meeting between St Peter & the Devil. Some need a few plays. So you know they won't go for it on Nashville radio..all the better. Quality indeed.

****Levi Mullen "The Biggest One in Town" \$25**

****Levi Mullen "Songwriter"\$25** we had a couple of Levi Mullen albums several years ago and they were both fabulous. Apparently he has not been well in the interim but is back now. And the good news is that he seemingly does everything in twos. Levi is an excellent multi instrumentalist and singer. He would be very much at home on the Heart of Texas label. One of his previous albums was called "Hardcore Honky tonk" and "The Biggest One in Town" could easily have been "Hard Core Honky Tonk Mark II". The thing is that these all seem like classics. The "Biggest One in Town" almost seems like a follow up to Mark Chesnutt's "Too Cold at Home". That is indeed a compliment. The former got a 5star review in Country Music People. The latter 4 stars. Like Chuck Cusimano he doesn't have a bad track.

****Kimberly Murray A World Away \$28** Now on Heart of Texas label so what can you say! You know it is going to be grand. She has been married for 3 years now to Bob Manning and equally impressive artist who moved from the north west of USA down to Texas. Their union has enhanced both of their careers. The backing is superb with steel guitar of Doug Jones & fiddle of Jade Jack (a gorgeous young blonde lady who is gaining a reputation in her own right) combining brilliantly. One of the best Texas instrumentalists piano pounder T Jarrod Bonta is a superb addition. Bob Manning joins here on the medium paced "Keep the Fires Burning", which like most is an original. It also has a classic quality. "Audrey" one of several slow songs on the album is a classic "protagonist" cheating song where Kim tells her to "leave my man alone". High on Texas shuffles and I am reliably informed has the Swedish Cowboy in ecstasy. Her previous albums were great...stunning...superb. This is even better.

****Willie Nelson "It Will Come to Pass: The Metaphysical Worlds and Poetic Interpretations of Willie Nelson" Omni \$25** HOT OFF THE PRESSES!! Now I make it widely known that I am somewhat of a Willie expert (Nelson!! that is) and whenever asks me what I think is Willie's best album I will say without hesitation "Phases & Stages", his second Atlantic album BUT depending to whom I am speaking I may add if any album was as good as the first side of his "Good Times" album that would be the winner. That was the trouble with Willie's tenure at RCA. They didn't know what to do with him. Yes, they knew they had a genius on their hands but how did they convince everyone else. "Good Times" (the original lp) had a remarkably cheesy cover with Willie showing a young lady how to play golf....to putt may be more like it. But the

title song was so low key and brilliant that it almost defied description. "Little Things" may have even been better. So what Omni have done is go through the RCA catalogue and pick the best of a similar ilk. As such this is IMO the best ever Willie cd. His voice is sometimes miked to be extremely prominent in the mix and honestly I reckon would have great appeal to a non country fan. I could imagine Leonard Cohen fans enjoying this ...seriously. Please take my advice. This is superb.

****Eddie Noack "Psycho" Bear Family. Back in stock. This is the later recordings of Eddie Noack and features the song for which he is best remembered, the rather sick (in the best possible way) "Psycho", written by the blind balladeer, Leon Payne, but never recorded by him. Eddie was the first to do the song in 1968 and it has since been done by Jack Kittel, Elvis Costello and Australia's Beasts of Bourbon. Obviously inspired by Hitchcock's movie of the same name ("mama, why won't you let them lock me up" he appeals) it is a murder ballad as is the follow up "Dolores". Arguments could be made that it is the same axe wielding vocalist in both songs. Seems to make sense with the singer appealing to Dolores not to go out then asking at the end why she *did* go out. A lot like he asks "Mama why don't you get up" at the end of "Psycho". The 60 plus page book is beautifully illustrated by Reinhard Kleist.**

****Dolly Parton "Blue Smoke" \$30 Walmart edition Yep, this cd is everywhere BUT not this special edition with 4 extra tracks. The four bonus tracks available exclusively on this are 'Get Up Get On Get Out,' 'Olive Branch,' 'Early Morning Breeze' and 'Angels In the Midst.'**

****Dolly Parton "Dolly, A Collection of Hits and Duets" DVD. \$28 This special DVD contains 26 solo performances by Dolly and a bonus addition of 15 Duets with Porter Wagoner. These songs span from 1967 to 1977. Dolly was just 21 years old when she first appeared on the Porter Wagoner Show. Here is a list of all the songs contained on this very special collection: Classic Country DVDs 2013 are the official licensees of the Porter Wagoner Show and the quality is excellent**

****Ray Price/ Porter Wagoner "Master of the Art" (Ray Price) / Viva (Porter Wagoner) Morello UK \$30 Snuff Garrett's Viva label was active in the early part to mid 80s and has now only just started to allow reissues of their releases. As far as Ray Price fans go this album ("Master of the Art") was just before he began his wonderful tenure at Step One Records. To compare, he is in similar voice. There is a great track "Willie Write Me a Song" in which he beseeches the great man to help him get back his lady by writing a song that he can sing to her. The semi standard "Scotch & Soda" is given a less jazzy than normal rendition. The Porter Wagoner album (just to avoid confusion there is no interaction of the two...one is a straight Ray Price album and the other a straight Porter Wagoner album). Porter begins with a rendition of "This Cowboy's Hat", which many will know from Chris Ledoux's version. Both artists are in great form. Both albums are excellent.**

****Ray Price "Beauty Is" \$28. What more can you say..... all the greatest vocalists Jones, Gosdin and Price have now left us. Of the three Ray is the only one who was still at the top of his game (at 87 years old!). Hard to believe. Age has a strange way of manifesting itself in every singer's vocals. All except one..Ray Price. The richness of his voice and the ease with which he sings is amazing. Ray knew his fate and some of the songs reflect that.."I Wish I was 18 again" but nothing tops "No More Songs to Sing". Vince Gill guests on two tracks and the album also features Martina McBride. Vince is great on the more uptempo song "Until Then", though it is a long way from being a belter. Yes, it**

is generally laid back but a Ray Price ballad is as grand as it gets. Ray leaves us with a little message on the cover "I'm going to be just fine. Don't Worry About me. I'll see you again one day". Hallelujah. Hopefully his long promised biography will see the light of day...sooner rather than later.

**** Curly Putman "Curly Putman's World of country Music" \$25 Omni...back in stock. Curly Putman's two original lps on cd for the first time. The writer of "Green Green Grass of Home", sings this and other gems he has made famous such as "My Elusive Dreams" and "D-I-V-O-R-C-E" but the best maybe "Jailbirds Can't Fly" as delightfully quirky as it sounds. He was to record his own version of "He Stopped Loving Her Today" on an indie album later in his career. Worth seeking out.**

**** Artie Rodriguez "I'll Give You Something to Drink About" \$28 Review courtesy of Swedish Cowboy "As I understand it this is his second CD, and it contains really good traditional country music. Some of the trax are originals and some are obscure songs recorded on indies labels. A few of them are written by the singer and a few by Billy Yates. The last track is a sentimental Kris Kristofferson songs and it is the only weak track. With 14 trax you can afford one weak song. Excellent."**

**** Roy Rogers "Happy Trails to You (Roy Rogers)/ The Sound of a Pioneer (Bob Nolan " \$30 Morelo label 2 on 1. Two more Snuff Garrett produced albums, the first being on cd for the first time whilst the second was on cd for a very short while only. It is of extreme historical significance in that Bob had retired for years and seemingly didn't do any public singing. To talk him into recording again and to produce such a wonderful album was indeed an achievement. Predictably he does reprises of "Tumbling Tumbleweeds" and "Cool Water" but best is a superb rendition of Marty Robbin's "Man Walks Among Us" closely followed by a semi narration "That Old Outlaw Time" and the nostalgic "Can You Hear Those Pioneers". Sadly there were no more Bob Nolan recordings and this his only ever solo album is just great reminder of his unique voice. Sorry Roy, I haven't forgotten you. It was one of Roy's last albums (perhaps his last prior to "Tribute", his early 90s duet album). Highlight is the wonderful "Hoppy Gene & Me", which is pretty self explanatory. It opens with "Cowboy Heaven", a clever re-write of "Hillbilly Heaven"...and itself updated a few years after by "Riders in the Sky" as "Sidekick Heaven". Two gems...two old cowboys who had a lot to offer.**

**** Sturgill Simpson "Metamodern Sounds in Country Music" CD Now if I had to nominate the greatest expert on the subject of country music it is unquestionably the bloke who lives down the street. Over the years I have been rung up and had emails from scores of folks who have been told by the bloke down the street how great such & such is. Now, as free as he is to give advice the bloke down the street has virtually no taste and very little ability to discern. Over the years I think the bloke down the street cracked it once when he told me about Benny Berry but pretty much marked time till he told me about this. A real throw back to the classic outlaw sound and then the songs themselves are excellent. He is almost like a reincarnation of Waylon. If I had to compare him to anyone else it would be perhaps Jamey Johnson someone who seems out of place in the Nashville scene today BUT for all the right reasons.**

**** Jackson Taylor & the Sinners Live at Billy Bobs CD + DVD \$28 Now, Jackson Taylor really rocks (the Swedish Cowboy has reminded me that that is not a turn of derision..in fact it is a compliment). He may be a little too rockin' for some (also a Swedish cowboyism...). As an idea think of Travis Tritt's great "Bible Belt" and that would be like one of the ballads herein. Not for**

traditionalists but always interesting especially if you like a little more rock in your country, woops make that a little more "rockin'" in your country..

****Hank Thompson "Songs for Rounders/ At the Golden Nugget" HOT OFF THE PRESSES!! \$28** This is a great two-fer. Firstly both albums have a very important historical context. "Songs for Rounders" was country music's first stereo album and this version sounds as fine as any I have ever heard, even that on Bear Family. I must admit (even though I know this album backwards, forwards and every other way) that I hadn't noticed the great piano parts as much. The album is also often referred to as one of the first themed albums. It avoided the usual singles plus filler. To the contrary producer Ken Nelson warned Hank no one would ever play it. It was none the less a success and the highlight of Hank Thompson's outstanding career. Greatest country album of the 50s? Pretty much if I am the judge. I don't know if I would rate it the greatest country album ever but it is well inside the top ten, maybe even top5. Yep..it is *that* good. The second album "At the Golden Nugget" was arguably country music's first true live album. Decca had been putting out "LIVE" albums for years but in effect these were studio creations with dubbed applause. This was the real deal replete with the whirl of roulette wheels and the sound of the casino. Seemingly never backward in having a good time Hank and the boys were "fuelled" and the performance swings like no other. The album is rounded off with a handful of bonus tracks.

****Sue Thompson "Sad Movies & Other Tales of Woe" \$28** She was the teenage idol who "wasn't".... teenage that is. She was in her late 30s and even early 40s when she had her great success with songs such as "James (Hold the Ladder Steady)", "Norman" and the biggest "Sad Movies (Make Me Cry)". Great value with 30 tracks. Whilst the hits were pop they had a country edge and her other tracks are decidedly more country. Apart from "Sad Movies" she did several other John D Loudermilk songs.

****Rhonda Vincent "Only Me" \$28** Rhonda is a good sort but not exactly a teenager so some of the Rounder releases she had which featured a sexy cover looked a tad inappropriate to me especially compared to her ultra demure covers on her early Rebel label recordings. She is thankfully more tastily dressed on the cover. Her voice has always been extraordinary. This is presented as a two cd set mainly to showcase bluegrass and country side of things. But essentially both would fit comfortably on one disc. For me the highlight is her version of "Once a Day", a song so closely associated with Connie Smith that is almost heresy to say that Rhonda's version may even have improved some that many would say was not improvable. Interesting that two duets are on the bluegrass cd. "We Must Have Been Out of Our Minds" was originally recorded by Melba Montgomery & George Jones (written by Miss Melba) and was revived by Melba & John Prine on his "In Spite of Ourselves" album. It really shines here with the wonderful Daryle Singletary helping out. Hardly bluegrass but a I guess some dobro qualifies it as being branded as such. She also is joined by Willie on the title track. She contributes a song or two of her own. Her delightful duet album with Gene Watson shows her to be simply unable to be put in a category. Country or bluegrass? Who cares! Great is all that matters!

****Gene Watson "My Heroes Have Always Been Country" \$28** You look at who is no longer with us and you have George Jones, Vern Gosdin, Johnny Paycheck, Ray Price & a host of others. That would seemingly make Gene the King of the classic vocalists and I would give that a double thumbs up. He has the ability to make things sound easy when the yare not. Just listen to his stunning version of Willie's "Turn Out the Lights (the Party's Over)". You really will be in awe of

him. Interesting that John Wesley Ryles is featured on backing vocals. Like all tribute albums there are elements that won't please everyone and personally I could have done without another version of "Long Black Veil" but then again "Don't You Believe Her", a Ray Price cover would have to make up for it. If there were a Gosdin cover he would have covered all the stars mentioned above. Similarly "Count Me Out" is a less well known Marty Robbins cover. A must!!

****Shelly West "West By West/ Red Hot" \$30 2 on 1 Daughter of the great Dottie West. Did not do a lot of solo recording but hit the big time with "Jose Cuervo" & "Flight 309 to Tennessee". But the second album, which was not as successful saw her branch out with a "Now I Lay Me Down to Cheat", same title but not the David Allan Coe song and "Another Motel Memory". Darn good. Don't know why she seemingly quit.**

****Don Williams "Reflections" \$28 With one of the most distinctive styles Don has experienced a return of sorts with his recent Sugar Hill albums after seemingly being retired for a few years. As always there are classic songs that usually are not that obvious. A Townes Van Zandt, a Guy Clark, Haggard's "Sing Me Back Home", probably the only well known song here, plus some newer compositions fit him to a t. His voice shows no deterioration at all and the production by Garth Fundis is first class.**

****Hank Williams The Garden Spot Programs 1950" \$28 Not more Hank!! Hank was passing through Iowa when he recorded a number of shows for radio play. Only 4 of these are known to exist and it is from these that this cd is culled. As with his live recordings the snippets of dialogue show how charismatic Hank was. There are 24 tracks including some that are not available elsewhere. Notes are by Williams' biographer Colin Escott(both book and the Hank Williams Complete box set).**

****Bob Wills "Lost Transcriptions for Tiffany Music 1946-47" 2CD deluxe \$48 The Tiffany Transcriptions were the high point of Bob Wills' career. They were recorded shortly after World War II with some musicians that wouldn't be with him for that long. To cut to the chase these were discovered in the vaults of Kaleidoscope Records who had originally put the Tiffany series out on lp. What you get are 50 tracks that were not on the original 10 lps or the subsequent box on Collectors Choice. As always Wills is not for everyone and if you want to get my goat just say you like Wills but don't like his interjections!!**

****Jeff Woolsey "Dancing to Nite" \$28 Can't beat the Swedish Cowboy when it comes to these style albums. You see Scandinavia has a huge fan base for traditional styled modern country recordings and some even market their product there before trying to sell elsewhere. Such was the case here. The Swedish one excitably told me that this was the album of the year and when I enquired as to what year he simply said it doesn't matter what year you choose....this would be the album "of it". Actually it is confusing as it has a 2013 date on the cover but didn't appear until well into 2014. This is more likely a reflection of the true indie nature of the album..as the artist struggles to get the funds to get the albums on the street. No big record company promotional budgets here.**

From the Swedish Cowboy" If this had arrived a few weeks earlier it would have been the album of the year 2013, but as it is it will probably be the album of the year 2014. This is the way country albums should be; practically only 4/4 shuffles and produced by Justin Trevino. We get a good singer with perfect backing. Well, Bobby Flores is a better fiddler than Hank Singer, but otherwise the backing couldn't be any better. The song material is very good. I don't think

there are any originals, but the covers are very well chosen, and there are very few I recognize. Buck's *My Heart Skips A Beat* may be bit over familiar, but otherwise the choice of songs is excellent. 14 songs and at least 12 of them perfect shuffles! Unbelievably good!"

****Heart of Texas Records 25th Anniversary Collection 3CD \$35** Heart of Texas is our favourite label. It is also the favourite label of most of our customers. This represents amazing value with 60 tracks. Most but not all have been on cd but by the same token this is a perfect sampler. The list of artists reads like a list of Yesterday & Today Records favourites.... Johnny Bush, Tony Booth, Curtis Potter & Willie Nelson, Justin Trevino, Ferlin Husky, Floyd Tillman & Ray Price, Amber Digby, Landon Dodd, Darrell McCall, Rance Norton, Mona McCall, Bobby Lewis, Dotsy, Joe Paul Nichols & Moe Bandy, Frankie Miller, Diane McCall, Johnny Bush & Johnny Rodriguez, Tommy Hooker, Darrell McCall, Frank Torres & Big Bill Lister, Georgette Jones, George Hamilton IV, Curtis Potter, Floyd Tillman & Merle Haggard, Damian O'Grady, Bobby G. Rice, Kaye Tolson, Floyd Tillman & Mel Tillis, Joe Paul Nichols & Barbara Fairchild, Kimberley Murray, Don Wallace & Fiddlin Frenchie Burke, Norma Jean & Daniel O'Donnell (as duet guest). What can I say?? Superb...stunning...Amber...Justin...amazing.

****Other Side of Bakersfield 1 Bear Family \$32**

****Other Side of Bakersfield Volume 2 Bear Family \$32** Two new Bear releases each with 31 tracks and 52 page booklet that highlight the lesser lights of Bakersfield (along with the well knowns). Interesting that Bill Woods is one such artist. "Bill Woods from Bakersfield" was one of the tracks on Hag's superb "Let Me Tell you About a Song". Well herein is the real Bill! Even Haggard alumni such as Fuzzy Owen & Billy Mize are featured. A lot has a rockabilly feel, which is okay for mine. Other artists include Herb Henson, Al Brumley, Farmer Boys, Wally Lewis (not the KING), Ronnie Sessions etc.

****Working Man's Poet A Tribute to Merle Haggard \$28** This is the Walmart edition which includes Garth Brooks "Tonight the Bottle Let Me Down" plus 19 other songs which generally feature the major label artists doing Haggard songs in a manner that is extremely respectful to the originals but with enough appeal in their difference. It also enforces what I have constantly said in that given great material we could probably like some of these guys. Well we do like a lot of Joe Nichols already but "Footlights" (one of Haggard's very best songs) and "My Favourite Memory" lift that just a bit higher. In addition we get two songs sung by Merle's 20 year old son, Ben, a chip off the block for sure. (BTW where is Marty!!) Very good. Other favourites include Randy Houser's "Misery & Gin". It is good to see some MCA tracks in the mix. Heck, even the artists that have been pinned on my dart board such as Toby Keith & Jason Aldean, shine. Again good material is the thing. This is a superb tribute, well up there with the two previous Hag tributes, "Mama's Hungry Eyes" and "Tulare Dust". Believe me if you have those you need this.

- V.A. Bluegrass Tribute to Studio B \$18 sealed. (Farm County Jubilee)**
 Nashville's RCA Studio B may be the most famed studio in Country music history and Tim Graves, Stacy Scruggs & Daryl Moseley feature interpretations of 11 songs that were originally recorded there. Good news is they have not opted for the most obvious tracks.
- V.A. Daughters of Bluegrass The Box Set promo \$30 3cd plus large foldout**
 This is a very special set. There is no male participation at all...well there is some...all songs are by Dixie and/or Tom T Hall. There is seemingly an infinite variety of styles and some are quite folky. There are 69 tracks. Packaging is a tad quirky...they are in 4 dvd cases with a slip sleeve to hold them together. A very comprehensive set of session details are included plus an alphabetical photo montage of the participants. You'd have to say Alison Krauss and Rhonda Vincent are the only notable omission; it seems everyone else who has anything to do with bluegrass music and is female is a participant. Notable is the inclusion of Aussie Karen Lynne who is featured lead on "No Matter How Hard I Cry". Other notables include an "almost" reunion of Wild Rose (Pam Gadd, Wanda Vick and Nancy Cardwell (Erdos) on "Song maker". Other notables include Pam Tillis, Dale Ann Bradley, Donna Ulisse, Laurie Lewis, Sonya Isaacs, Sierra Hull, Pam Perry (also ex Wild Rose), Fayssoux Starling (Mclean), Stella Parton etc Laurie Lewis etc. It must have been recorded over a period as Janette Carter, last surviving child of AP & Sarah Carter is included on the rustic but wonderful "Poor Little Sadie"...just her and autoharp. That brings us to the songs. Tom T and Dixie have certainly not been idle. Most are not familiar. Many feature a trademark story. Disc 3 is gospel oriented. There were over 100 participants. A very special project.

Ernest Tubb Shows Part 1 \$20 Bear Family DVD
Ernest Tubb Shows Part 2 DVD Bear Family \$20 each has 4 complete half hour shows in superb colour. Guests include a young Willie Nelson, Jack Greene, Cal Smith, Wade Ray etc and of course ET himself, Ernest Tubb.

BOXES all pristine shape unless noted.

I have excellent sources for these boxes so if you would like to receive a list when I do get some in please let me know.

**Browns "The Three Bells" 8 Cds + 40 page book in pristine shape. I have many times said this maybe be the best Bear Family box of the lot. I cannot believe the recording quality of these songs, the RCA years in particular. The first cd contains their Fabor recordings whilst CD #2 onwards is RCA recordings. Even the 1956 recordings are as good as anything you would ever hear today. I am never anything but amazed when I hear the track "Teen Ex" let alone the stereo brilliance of "Three Bells", "Scarlet Ribbons" etc. The harmonies from Jim Ed, Bonnie (did I tell you I have a cat called Bonnie...she's

Barney's sister...but you probably knew that already) and Maxine are superb.
\$180

**Johnny Cash The Man in Black Volume One 5cd + 36 pg book \$70 / 90 One has a few marks on box and other is pristine. Includes his Sun and early Columbia recordings in best sound. As a bonus a complete session is included on disc five complete with false starts and studio talk as he tries to get "Don't Take Your Guns to Town", "I Still Miss Someone" etc up to speed.

**Johnny Cash The Man in Black Volume 2 1959-1962 5CD + 40 page book \$90 Focuses on his early Columbia Years. As per previous CD #5 is dedicated to a complete session with some rather unusual tracks featured.

**Johnny Cash Man in Black Volume 3 6 Cds + 48 page book sealed \$140 Covers the period 1963-1969. Late 60s was probably Cash's most creative and productive period.

**Johnny Cash "Come Along And Ride This Train" 4cds + book. Classic saga albums \$80

**Lonnie Donegan "More Than Pye in the Sky" 8 cds + 60 page book has one small scratch on cover. Whilst he achieved massive success with his novelty recordings he was unquestionably the king of skiffle and significant in the revival movement. \$160

**Johnny Horton 1956-1960 This is out of print and much sought. It is exactly like the day it was unwrapped for the first time. \$150 4cd + 124 pg book. Very hard to get. His wonderful rockabilly "Honky Tonk Man" contrasts nicely with the saga songs, "Battle of New Orleans", "North to Alaska" etc.

**Johnnie & Jack And the Tennessee Mountain boys 6cd + 68pg. book \$140 Rare set now featuring Johnnie Wright & Jack Anglin. Includes Apollo, King, RCA & Decca. They only broke up when Jack was tragically killed in a car crash on his way to Patsy Cline's funeral. One of the best Bear sets 174 tracks, and to be honest none of them dud.

**Eartha Kitt – Earthquake 5 cd + 40 page book \$110 Includes her RCA and Decca Recordings. Lots of hits and some excellent songs in French. Many thought she was actually of European stock but she had a black mother, white father and Cherokee grandmother. "Sweet Old Fashioned Girl" (which she was decidedly not) is a gem.

**Louvin Brothers Close Harmony 8 cd + 52 pg book \$170 One of best ever Bear Family boxes from their rare MGM album through their wonderful Capitol recordings. Great musicians with Paul Yandell featuring on electric guitar and of course Ira on mandolin. The sound quality is stunning. The Rolls Royce!! Gospel and secular music at its best. 220 tracks. I have said this before, had "Kentucky" been recorded yesterday in the world's finest studio with the world's finest engineer it would not have sounded better than it does on this box set. Testimony to both Capitol & Bear Family.

**Nellie Lutcher and Her Rhythm 4cds + 36 page book. Bluesy pop or pop influenced blues and R&B ..take your pick. As with all great artists of a similar ilk some tracks are a tad on the ribald side but infinitely fun. Great pinao as well. Capitol, Decca & Liberty recordings. \$100

**Maddox Brothers & Rose – The Most Colourful Hillbilly Band \$90 4cds + 28 page book. One of personal favourites, with some wild hillbilly from the brothers including some great rockabilly. Rose is a wonderful singer.

****Dean Martin Return to Me 8 cds + 84 page hard cover book. Has all Dean's Capitol Recordings from 1956-1961. Some minor marks on box with contents just wonderful. Rarely get these \$180**

****Dean Martin "Everybody Loves Somebody: The Reprise Years 1962-1966" 6cds + dvd + 96page book. Would say the content had never been touched. All of this material was country music oriented, of course given Dean's unique treatment. \$170**

****Dean Martin "Lay Some Happiness on Me: The Reprise Years and More 1966-1985" 6CDs + DVD and 108 page book and again doesn't look like its been touched. \$170**

****Buck Owens "Act Naturally: The Buck Owens Recordings 1953-1964" 5 Cds + 88page hard cover book. Starts out with his earliest recordings which was as a backing musician for MGM recording artist Budd Hobbs BUT check out the band. Buck Owens (guitar) Tommy Collins (guitar) Ferlin Husky (bass) and Bill Woods ...yes Bill Woods of Bakersfield (steel Guitar).**

****Marvin Rainwater "Classic Recordings" 4CD + 36 page book. \$100 Excellent set with Marv...nothing like a bit of informality... being a master of both ballads and uptempo songs. The former is best illustrated by his US #1 "Gonna Find me a Bluebird", which features a tasty piece of whistling as well, whilst the latter is best shown by his UK #1 "Whole Lotta Woman". In fact he was one of the best hillbilly come rockabilly singers around with great voice and backing musicians including Grady Martin and Roy Clark. Love this set.**

****Jimmie Rodgers The Singing Brakeman SEALED!! 6cds + 60 page book that is literally packed with previously unpublished photos. Sound is beyond that of anything else. His complete recordings \$150**

****Jack Scott "The Way I Walk" 5 cd + 40 page book. Very versatile artist inc. Capitol, Carlton and RCA The box has a few insignificant marks on it. \$100**

****Sons of the Pioneers – Wagons West 4CD + 24 pg book \$100 1945-1954**

****Sons of the Pioneers – Songs of the Prairie 5CD + 28 pg book This is all the original group with Len Slye aka Roy Rogers \$150 This set is out of print. It is their earliest recordings. The great Karl Farr doesn't join then till disc 4**

****Sons of the Pioneers – Memories of the Range 4 cd + 28 page book. More of the same as previous \$100**

****Tubb, Ernest - Waltz Across Texas 6CD + 44 page book \$140 Includes duets with Loretta Lynn**

****Tubb, Ernest – Another Story 6CD + 40 page book \$140 lots of duets with Loretta Lynn and my all time favourite tear jerker "Tommy's Doll"**

**** Billy Walker Cross the Brazos at Waco 6 cds + book \$120 One of the most versatile country singers...a little like stable mate, Marty Robbins. Indeed the "Cross the Brazos at Waco" album could be compared with Marty's fabulous western albums. Grady Martin is the main guitar man on both so you could expect some similarity. His biggest hit was "Charlie's Shoes" and it is one of the great country songs of all time. There is a small crinkling on a few pages in the book but cds all as new.**

****D Singles Volume 2 \$100 4cds + 44 page book featuring the complete releases of the classic indie Texas label owned by the legendary Pappy Daily. Includes Some artists you ay have heard of including Merl Lindsay, Rufus Thibideaux, Glenn Barber, Claude Gray, some bloke called Willie Nelson, Eddie Noack (Including the ultimate honky tonk song "Relief Is Just a Swallow Away"). Just great.**

****D Singles Volume 3 \$100 4cds + 52 page book Every one of these are great Love Hardrock Gunter and also likes of Lawton Williams. Leon Payne and more of the terrific Merl Lindsay for starters.**

****1975-1995 - 20 Years Bear Family Records 4cd + great 96 page book. All the songs on the first 3 cds are all about Bears from a rare Dale Watson (I Can't Bear It) & Marvin Rainwater (The Bear Family) through classics (Leon McAuliffe The Three Bears) The book is great with expert picks as to best Bear Family release and colour picks of teh catalogue. Very hard to get \$130**

Extra

Martin Delray Get Rhythm \$30 one of the best ever albums of early 90s with a duet with Johnny Cash on title song but "Lillies' White Lies" is the unqualified highlight.

Janie Frickie Labor of Love \$25 She changed the spelling of her surname to a more phonetic pronunciation and the albums she made under that spelling were her best and this I believe is her best. This is her best al believe. Superb version of Stev Earle's great "my Old Friend the Blues" and an equally grand version of Katy Moffatt's "Walking on the Moon" Understated excellence/

Johnny Paycheck The Real Mr Heartache: Little Darlin'Years Country Music Foundation \$40 Honky tonk at its best. Quirky songs such as "Pardon Me I've Got Something to Kill" and the Ode to the Jukebox.."A11". Many only know Johnny for his latter outlaw recordings which is a real pity Highly influential on George Jones vocal style

Ray Price By Request: Greatest Hits Volume 4" Step One \$35 sealed. The Greatest Hits 1/2/3 were on a double cd whilst this is subtitled "By Request", in other words NOT re-recordings of his hits.

Jon Randall Cold Coffee Morning Asylum CD NEVER RELEASED \$50 inc. "Reno & me' w. Willie & Emmylou. Easily his best and includes a det with his blink and you'll miss it wife, Lorrie Morgan.

- Johnny Rodriguez "Super Hits" Epic Only place you can get any of his Epic label recordings \$25
- Arnold Sanford *That's Why I Sing This Way* \$50 Many rate this the *best* indie ever and they are certainly on the right track. The first 10 songs are from the great Max D Barnes, including the title cut which was also recorded by Daryle Singletary and as good as it was it was no match for Arnold's original version. 12 tks in all. Simply stunning crying in your beer album. Hell...it is probably the best ever. "Not Enough Jack Daniels in This World" has you believing Arnold truly lived the life he sings about and sadly he has passed on so this stand alone cd is it, unless a miracle happens.
- Earl Scruggs Review "Artist's Choice: Best Tracks 1970-19... (Demon Edsel) This is the country rock side of Earl with his songs. \$25
- Sanger D "Whitey" Shafer *So Good for So Long* \$28 One of the best ever country songwriters who is particularly associated with Lefty Frizzell. Vocally he is not far removed from lefty either. He gives his version of the Lefty co-write "That's the Way Love Goes" and also includes a couple he wrote for those blokes...George Strait and Keith Whitley. "All My Exs Live in Texas" and "Birmingham Turnaround" respectively. Highlight though is the ultimate honky tonk song of despair "Heaven Was a Drink of Wine"....tonight I went to hell (voice breaking...) and heaven was a drink of wine. Love it!
- Jean Shepard "Honky Tonk Heroine" Country Music Foundation \$28 24 tracks including "Dear John Letter" with Ferlin Husky
- Red Simpson "Best of Red Simpson" Varese. Excellent \$28
- T Texas Tyler "Best of T Texas Tyler" Collectors Choice \$30
- Gene Watson "Back in the Fire" WB Only had 2 Warner Bros albums and this, the first was the best album he ever did and that is a big call. "Across the Great Divide" is the superb ballad, "Dreams of a Dreamer" is the superb uptempo number. \$45
- Keith Whitley "I Wonder Do You Think Of Me" RCA...best new vocalist of the 80s who sadly didn't make it to the 90s. You think the likes of Randy Travis, Ricky Van Shelton & Mark Chesnutt and great...and they are but I reckon Keith just shades them...he was that good. \$28

- Cash, Johnny** The Legend Deluxe Edition limited edition 20,000 sealed. This is a mammoth ultra large 40 x 30 cm (16x12") coffee table style book that weighs over 4 kgs and has 128 heavy stock pages. The art work is spectacular. It includes the 104 tracks and 4 cds that were on the standard edition but has much more, an additional cd and a dvd and a superb lithograph which truly would be great in a frame. \$150 Try and find a sealed one..you won't.
- Charles, Ray** "Complete Modern Sounds in Country & Western Music" (Rhino) \$70 long out of print gem. 4 cds + hard cover bound book in solid cardboard outer box. 93 tracks starting with his legendary albums which presented vastly different arrangements of classic country songs such as "Bye Bye Love" and "I Can't stop Loving You". Best for mine is the superb string laden version of "You Don't Know Me", a classic Eddy Arnold track revamped superbly. This is extremely hard to get now and to be honest is just fabulous.
- Charles, Ray** "Pure Genius: The Complete Atlantic Recordings 1952-1959" \$110 sealed. Definitely one of the best boxes ever. I can't believe the trouble Rhino goes to for some of their box sets. This is out of print and is stunning. It features the case designed in the shape of a vintage record player, complete with what looks like a turntable and arm...housed in a leather like latched case. It consists of 7 cds (the 7th is all outtakes and recording session run throughs...35 tracks of unreleased material) plus a dvd and a large size book. 155 music tracks plus 9 track dvd of Ray's performance at the 1960 Newport Jazz Festival & an interview with Atlantic Records founder Ahmet Ertegun.
- Cline, Patsy** "Patsy Cline Collection" 4cds + 64 page book. All in the 12 inch long style box. An absolutely essential box brought out by MCA and the Country Music Foundation. Someone once said if you lined up ever female singer Patsy would be

Cd#1 is the Rock & Roll Years. Cds #2 & #3 are the Pop Years whilst cd #4 is the Folk and Country Years (don't forget he had a hit with "If I Were a Carpenter"). Tragically he died young. AND he was married to Sandra Dee...a top sort.

- Dylan, Bob** Bootleg Series Volumes 1-3 1961-1991 3cds + 72 page book \$45 Columbia This is the original LONG BOX with full size book. Has been issued in jewel case but this out of print one is the most desirable with its iconic shaded Dylan photo on the cover. Includes a lot of his best protest work such as "Who Killed Davey Moore", the tragic true story of a boxer who died in the ring and no one was willing to accept any responsibility. It also includes Bob versions of much covered songs such as "Percy's Song" , "Only a Hobo" (done so delightfully by Rod Stewart on "Gasoline Alley") and "Talking John Birch Society Blues" which was too controversial for his record company at the time.
- Freberg, Stan** Tip of the Freberg Rhino 4cd +64 page book + VHS video \$80 This is a must if you have a lot of Stan Freberg, as there is so much previously unissued material herein and the presentation is superb. CD#1 has his wonderful song parodies CD#2 has some of his famed sketches with many rare single only tracks as does Cd#3 with some from his faux history albums "Presents United States of America" Vol 1 from 1961 and Vol 2 from 1996. The 1996 version saw some new actors assisting Stan such as David Ogden-Stiers of MASH fame and the delightfully named Lorenzo Music. CD#4 is all completely unrelased material with over 50 tracks, obviously some being very short. Daws Butler (Huckelberry Hound/ Yogi Bear/ Quick Draw McGraw, Augie Doggie etc) is superb as Stan's right hand man on the most famous sketches. Hard to get.
- Haggard, Merle** Down Every Road 4cds + 76 page book. \$60 like new. What a great set. 104 tracks and it spans all the labels he recorded for. The book containing the cds slips together in this outer jacket. The cds and dvd in both are as new. External sleeve is also as new and is the original cloth bound...heck you can't even get the cardboard one!! \$140 Very rare..don't take my word though do a check. Remember this is absolutely pristine.
- Hazelwood, Lee** Lee Hazelwood Industries: There's a Dream I've Been saving 1966-1971 LHI was his label and he recorded along with other artists. This is presented in a large cloth bound maroon colour box with gold lettering. There is also a 172

page hard cover cloth bound book. 2 Cds have all of Lee's own recordings for the label in wonderful sound. Highlight is a great version of the Troublemaker, done so brilliantly by Willie, but which I didn't realise wasn't one of his own compositions. Also some great duets with Suzi Jane Hokom who sounds a lot like Nancy Sinatra. The second cd has his duets album with AnnMargret, "Cowboy & the lady". 52 Lee tracks and cds 3 & 4 contain 55 tracks from other artists on the label. There are also 3 DVDs with everything recorded on the label, a business cards, promo photos for the other artists and much more. There is also a dvd of the "Cowboy in Sweden" movie, which I am reliably informed has a cameo from the Swedish Cowboy. The postie will know he is carrying something here with a weight around 5 kgs. \$260

- Heart** Strange Euphoria \$45 new & sealed 3CD + DVD Nice package with 51 tracks including many previously unissued and alternate versions plus 56 page book. The Candian Wilson Sisters, Ann & Nancy, could rock like crazy ("Barracuda" is a classic) or be as tender as it gets ("Dreamboat Annie"). Attractive set.
- James, Etta** The Chess Box 3cd + 40 page book 72 tracks \$40. One of the great vocalists best known for the consummate version of the big ballad "At Last" but able to handle the harder stuff with equal aplomb. Includes 10 previously unreleased songs including "Light My Fire" and "You've Lost That Lovin' Feelin'".
- Jefferson Airplane** Loves You 3cd \$40 + 64 page book. One of the stand out and most influential San Francisco groups. New & sealed. 51 tracks. Surprisingly folky in places and equally rocky in others. How good is "White Rabbit"!!!!!! \$48
- Jennings, Waylon** Nashville Rebel (Legacy) \$60 Wonderful presentation with embossed leather look cover (resembles Waylon's guitar). Has massive 140 page book which is simply grand. 92 tracks which give a fabulous representation of his career. As new and long out of print. Just superb.
- Janis Joplin** Janis 3cds + 48 page book. \$40 Book style tri fold cover 49 tracks by rock's premier blues vocalist...of the female variety. Be warned, the book is adorned by a nekkid Janis. Like a lot it is out of print & superb and despite stuffing up some of the lyrics, hers is the definitive "Me & Bobby McGee".
- Joel, Billy** The Stranger 30th Anniversary Edition sealed 2cds + DVD + 48 page book sealed. \$35 Billy Joel made it in Australia before he made it in USA. Hard to believe but his "Piano Man" album caused nary a ripple. This was the big one and deserved success came his way. Cd #1 is the original album, cd#2 is Billy live at Carnegie Hall in 1977 and the DVD has his Old Grey Whistle Test appearance from 1978, plus videos for "The Stranger" & "Just the Way You Are" plus a 30 minute documentary on the making of The Stranger. DVD goes for 90 minutes. His early days including this are super.

- Kerouac, Jack** **Collection Rhino 3cd 12x12 grey cloth bound box with large 32 page book. 3 Cds. Very hard to get. The daddy of the Beat movement. \$55**
- Kingston Trio** **The Capitol Years 4cd Capitol + 48 page booklet + 107 tracks including quite a few unreleased. \$48**
- Lehrer, Tom** **Remains of Tom Lehrer (Rhino)\$60 like new . 3 cds + 80 page hard cover book in solid cardboard outer. Famed for songs such as "Poisoning Pigeons in the Park", "Masochism Tango" "the Old Dope Peddler", etc whilst it may seem that his songs are topical they are remarkably applicable today. Basically all his recordings. Like Stan Freberg is still kicking, apparently a healthy 90 year old.**
- Lightfoot, Gordon** **"Songbook" Rhino 88 tracks over four cds with a hard bound book...same format as the Ray Charles box. Includes the best of his United Artists recordings such as the fabulous 'Did She Mention My Name" plus his original version of "Early Morning Rain" The other 3 cds mainly feature his Warner Brothers albums and include many rarities. Great story songs abound such as the true story of "The Wreck of the Edmund Fitzgerald" This is as new \$90 First one I've had in well over a year. Like many of the great Rhino label sets it is out of print. Lots of previously unissued tracks. 14 if my count is accurate.**
- Little Feat** **Hottcakes& Outtakes Rhino 4cds + 80 page book \$50 This is out of print. Rhino boxes are exceedingly collectable. First 3 cds are their album tracks and the 4th is labelled "Studio Artifacts". 82 tracks all up.**

- Mathis. Johnny** **The Music of Johnny: A Personal Collection (Columbia) \$35 4 cds with 86 tracks and 68 page book. The long style box. His biggest hit in Australia was "Twelfth of Never" but I have a soft spot for "What Will My Mary Say". Like new. Not strictly a hits package (hence the name) but these two gems are on it. His versatility is shown in such songs as Boz Scaggs "We're All Alone".**
- Miller, Roger** **"King of the Road: The Genius of Roger Miller" 3cd + 40 page book. If ever an artist was deserving of a Bear Family box set it was Roger. There is a dearth of his material, even in Greatest Hits packages. This is much more with 70 tracks that include most of his "Trip in the Country" album where he went back & recorded some songs that he wrote early in his career for other people such as "Tall Tall Trees", "Invitation to the Blues", "Don't We All Have the Right" etc.**

All the hits are there and it includes some great later things such as "Old Friends with Willie & Ray Price. This is now deleted . \$45 Don't miss it.

- Monty Python Flying Circus** Instant Monty Python Cd Collection 6 cds + 40 page book. All in as new condition. The complete works. Favourite track? The Cheese Shop of course!! \$55 Scarce.

A must?? For Sure. And I haven't even mentioned Willie jamming with Johnny Gimble on the Live set..."wild" doesn't begin to describe it.
- Pearls Before Swine** Jewels Were the Stars (Water) 4cds + 52 page book in hard outer box \$70 The psyche folk classics of Tom Rapp & Co. Has all 4 Warner cds including the classic "Use of Ashes" plus "These Things Too", "City of Gold" and "Beautiful Lies You Could Live In". Hard to get and out of print.
- Pink Floyd** Shine On Complete Box \$110 At this point I must note Tim Wilson "Songs of the Musically Disturbed" has passed on at a young age. Who can forget his gems "Trailerpark Woman" and "Acid country"...relevant here. This one album where he did no standup is superb. Oh, this is a very big set.
- Ramones** Weird Tales of the Ramones \$48 Rhino 3cds + dvd + 56 page book plus bonus postcard plus 3D glasses. 103 tracks. Great Rhino presentation.

- Steely Dan Citizen Steely Dan 4cds + 40 page book \$45 100% as new Donald Fagen & Walter Becker were the constants. The early years saw some wonderful pop songs such as the great "Reelin' in the Years" whilst the latter saw some longer work outs.
- Stewart, Rod The Rod Stewart Sessions 1971-1998 4Cds + 52 page book \$50 Recently read Rod's autobiography and it is one of the funniest I've ever read. Great set with CD1&2 being just fabulous. 63 tracks.

The DVD contains a 60 minute documentary "One Man Guy" plus a bunch of live performances bringing the dvd time to around 200 minutes. A clever and humorous artist who has been married to one of the McGarrigles and one of the Roches. Great box. - Williams, Hank The Unreleased Recordings SAMS CLUB edition (Time Life) \$40 Hard to get now. This has the same 3 cds & packaging as the standard edition but has a bonus dvd ONLY available here. Dvd goes approx. 41 minutes Standard edition a bargain at \$30..but no dvd.
- Williams, Hank Hank Williams Revealed: The Unreleased Recordings Time Life 3CD \$35 This is the second box which includes a cd of the Luke the Drifter.
- Wills, Bob "Encores" 3cds \$40 + 40 page book by Wills' biographer Charles Townsend. Bob's Liberty Recordings saw him reunited with Tommy Duncan and for the first time they recorded together in true hi fidelity sound which suited the group to the ground. The final cd in this set is from 1973 & saw a reunion with former Playboys' members & greats Leon McAuliffe, Eldon Shamblin (they recreate the classic "Twin Guitar Special"). Performance and soundwise these are superb.

50 Years of Music ~~\$130~~ \$90 Far and away the most comprehensive compilation of African music ever achieved, Africa - 50 Years of Music collects 185 classic recordings by 183 important artists from 39 countries in North, South, East and West Africa. The artists include universal stars such as Miriam Makeba, Fela Kuti, Youssou N'Dour, Franco, Cheb Khaled, Cesaria Evora, Mulatu Astatke, Salif Keita, Manu Dibango and Oum Kalsoum on 18 cds. The tracks, licensed from some of the world's most respected record companies, are all original studio recordings or, in a few cases, famous concert performances. Most of them were made in the 50 years from 1960 to 2010 - the era of African independence - but several date from the 1940s and '50s. Many of these songs are known and loved worldwide: Pata Pata, Soul Makossa, Yeke Yeke, Mario, Shakara, Jive Soweto. Others will be revelations to even the most dedicated record collectors. - ** Loud fast & Out of Control The Wild Sounds of 50's Rock Rhino \$100** 4cds + 88 page book which is as much about pop culture as the music. This is another classic out of print set. 104 tracks. It does feature a lot of the better known artists but no one presents them like Rhino. Very hard to get.

- ** New Rose Story** New Rose is a French label and over the years released a lot of material that didn't get released elsewhere. They had a bit of a punk edge but did release some fine country stuff even if artists such as Calvin Russell and Tex Edwards were a little left of centre. They were the only label to release a cd of the Texas Mavericks, the mysterious masked group featuring both Doug Sahm and Alvin Crow. Each track is separately annotated and there are 85 of them...tracks that is. Includes rare solo from likes of Henry Vestine (of Canned Heat), Alvin Lee. Elliott Murphy etc. Nice lolly pink box. \$48

It encompasses some genres that aren't jazz such as Leon McAuliffe and Eldon Shamblin (from Bob Wills Texas Playboys) and their "Twin Guitar Special" very nicely presented,. \$50

- **Rockin' Bones** 1950s Punk & Rockabilly Rhino 4 cds \$70 This is out of print and very hard to get. It is in a great box designed to look like a battered pulp fiction novel. 68 page booklet features a track by track commentary by Colin Escott. There are some extremely rare tracks amongst the 101 here. Some are extremely wild such as Hank Mizeell's "Jungle Rock" and Hasil Adkins "Chicken Rock"...don't you feel compelled to name your new born son "Hasil". Many rarities exist alongside some well known track. CD # 3 features Jeff Daniels "Daddy O Rock" and "Switchblade Sam" for example. Like all Rhino boxes just great.
